CUNNING COUP BY MAYOR THOMPSON

Unannounced, He Submits the Name of W. J. Lynch For Chief of Police

APPOINTMENT IS CONFIRMED.

Democrats Were Powerless to Stem The Tide in His Favor, Although They Tried Hard.

After wrangling for the past two years over the removal and appointment of several chiefs of police, resulting in the department being without a chief for a year, the city council last night confirmed the appointment of William J. Lynch as chief, his name being submitted by the mayor without notice or warning. Mayor Thompson's adherents made the best of the opportunity which presented itself last night, namely, the absence of Councilman Spencer, who voted against the mayor during the chief of police struggle during the entire administration. The result was that when it was seen that the appointment would be confirmed there was a general change of vote after the roll call, which resulted in four Democrats being left alone in their opposition to the appointment. So Mr. Lynch will be chief of police for two or three weeks, at least.

PERNSTROM TRIES HARD.

When the appointment was read, Pernstrom moved that it be referred to the police and prison committee. He said he thought the department could get along a few weeks longer without a chief, inasmuch as it had done so for a year past. He thought that the appointment of Mr. Lynch was unannounced and unknown to him and that it was merely a piece of spite work on the part of the mayor. Daveler moved an amendment that the appointment be confirmed.

VOTED BOTH WAYS.

Upon a roll call Black, Daveler, Robinson, Sharp, Thomas, Vigas and Cottrell voted in favor of confirmation and Arnold, A. J. Davis, E. H. Davis, Eardley, Fernstrom, Hewlett and Tuddenham voted against it. Before the vote was announced A. J. Davis changed his vote to yes and he was quickly followed by Eardley and Hewlett. The final vote was thus changed to 10 yeas and 4 nays, and the appointment was confirmed. Robinson was the first of the anti-Thompson men to change his views in the matter. In explaining his vote he said that long ago he had promised that if he were ever elected he would name some good man for chief, other than Sheets, he would vote for him.

WHO LYNCH IS.

Mr. Lynch is a well known insurance man of this city and at present is acting as jury commissioner for Salt Lake County. He has served several terms as county assessor of this county and is the general belief that Mayor Thompson acted in bad grace in sending in an appointment so near the end of his administration, as it is clearly his intention thereby to attempt to block the appointment of a chief of police by Mayor-elect Morris. Unless the new chief of police is the support of at least one of the Republican councilmen in the next council it will be impossible for him to appoint a new chief as the council stands eight Republicans to seven Democrats.

FRANCHISES EXTENDED.

After considerable argument the council passed the ordinance granting the Utah Light & Power company an extension of its franchises from 25 to 50 years. Several minor amendments were made to the ordinance before it was finally passed. Daveler objected to giving the company such a valuable franchise for nothing and attempted to amend the ordinance so that the company would be required to furnish the city 50 or lights free of charge. It was shown by Thomas and Pernstrom that the company is now giving the city one-sixteenth of its production in free incandescent lights, making a bonus to the city of about \$200,000 per annum, and that the city has 30 horse-power to its credit from the company, which can be sold at \$100 per horse-power. Daveler's amendment was lost, after which he offered another amendment, which was also lost. This was cut down to 20 by an amendment by Cottrell, which latter amendment was adopted. Upon the statement of Manager Campbell of the Power company, that the company would not accept such an amendment, but would file a new petition with the new city council, the amendment was reconsidered and was finally lost. The ordinance was then placed on its final passage and was adopted.

WILL NOT REFUND.

By a vote of 5 to 3 the council refused to adopt the report of the finance committee which recommended that the sum of \$200 be refunded to T. P. Steffey and others, who filed a petition some time ago asking for a franchise for an electric road and paid that amount as a deposit fee and then withdrew the petition. An opinion from City Atty. Nye held that such a refund would be illegal, so the council refused to adopt the report and make the appropriation.

INTEREST ON DELINQUENTS.

The street committee reported favorably upon the resolution of Pernstrom, which provided for the city treasurer to collect 1 per cent interest on all delinquent payments on special tax assessments for public improvements. The report was adopted unanimously as was also the resolution.

CONTRACTS REFERRED.

The board of public works submitted copies of the contract with the R. L. Blome company for sidewalk extensions for 1934, which were referred to the street committee. The contracts with James Kennedy & Co. for water-main and sewer extensions for next year were referred to the waterworks and sewer committees respectively. The board also submitted the contracts with P. J. Moran for the paving of First South street from State to Second east, which were referred to the street committee.

TO ADVERTISE UTAH.

A proposition was submitted by Messrs. Blair & Sloan, asking that the council purchase 5,000 copies of their book, entitled "The Mountain Empire—Utah" at 50 cents per copy. The book is an advertisement of the resources of Salt Lake City and the entire state, and will be distributed extensively at the St. Louis Fair. The matter was referred to the council as a committee of the whole, to be considered on Wednesday evening.

WANTS DAMAGES.

Miss Hattie Lee submitted a claim to the council for \$5,000 damages for personal injuries, alleged to have been received on Sept. 17, while riding a

bicycle on Fourth West street, between First and Second North streets. She claims that she ran into a culvert which was left uncovered and was thrown to the ground and one of her ankles was broken. The claim was referred to the committee on claims and finances.

COUNCILMEN PAY THEMSELVES.

The committee on elections approved the payment of the bills for services of all members of the city council who were present at the board of canvassers of the recent municipal election. Eleven of the councilmen received \$25 each, one received \$20, one received \$15 and one received \$5 and one who was not present at the canvass at all received nothing whatever. The report was adopted and the different amounts placed upon the appropriation list to credit of the council.

RECTOR OF ST. LUKE'S.

Ashburnham, Ontario, Testifies to the Good Qualities of Chamberlain's Cough Remedy.

Ashburnham, Ont., April 18, 1902.—I think it is only right that I should tell you what a wonderful effect Chamberlain's Cough Remedy has produced. The day before Easter I was so distressed with a cold and cough that I did not think to be able to take any duties the next day, as my voice had almost choked by the cough. The same day I received an order from you for a bottle of your Cough Remedy. I at once procured a sample bottle, and took about three doses of the medicine. To my great relief the cough and cold had completely disappeared and I was able to preach three times on Easter day. I know that this rapid and effective cure was due to your Cough Remedy. I make this testimonial without solicitation, being thankful to have found such a God-sent remedy. Respectfully yours,
E. A. LANGFELDT, M. A.,
Rector of St. Luke's Church,

TWO SMALL FIRES.

The fire department had two calls last night. There was quite a "nice little blaze" in the rear of the Elk's saloon across the street from the Zellerbach and the damage done will foot up to at least \$1,000. How the fire started is a mystery, but it was discovered before it could spread to the saloon proper. A barrel of kerosene and alcohol were removed before the flames reached them, and the fire ladders from No. 1 station made short work of the flames. At 10 o'clock a fire was discovered in a barn adjacent to the Lemp bottling works on Eighth South and Third West streets, and for a time the entire plant was threatened with destruction. The apparatus from station No. 2 made a rapid run to the scene and soon had the fire under control. The loss was about \$150. The cause of the blaze is unknown.

Coughing Spell Caused Death.

"Harry Duckwell, aged 25 years, choked to death early yesterday morning at his home, in the presence of his wife and child. He contracted a slight cold a few days ago and paid but little attention to it. Yesterday morning he was seized with a fit of coughing which continued for some time. His wife sent for a physician but before he could arrive, another coughing spell came on and Duckwell died from suffocation.—St. Louis Globe Democrat, Jan. 1, 1901.
