BREVITIES.

Sen. B. Anthony is styled the Bismark of the ladies' reform.

Gen. Lee has 346 students in his college.

Emile Olivier is 44 years old, and is the son of a merchant.

The oldest Senator in Congress is Simeon Cameron, who was born in 1799.

A Boston husband, for spite, cut off the beautiful blonde hair of his wife, as she slept.

An Indiana lawyer lately quoted, "Let the galled jade wince," and credited it to the Bible.

Carlotta Patti is said to possess an ungovernable temper, and recently "wallupped" her maid while in Cincinnati.

A Liverpool mock auctioneer has been sentenced to penal servitude for seven years for defrauding a woman of twenty-six shillings.

A jealous husband in Memphis broke his wife's nose, because he thought her beauty attracted too much attention.

Horace Greely resolved in 1824 that he would never drink another drop of liquor, and he has stuck to his pledge ever since.

Eugene gave away over two hundred rings as souvenirs during her Eastern tour.

Twenty-five years ago Charles Fechter threw up the art of sculpture to adopt acting. He never has had occasion to regret it.

An astronomer has discovered that the sun is 4,000,000 miles nearer the earth than it has been heretofore.

An Omaha husband revenged himself upon the man who stole his wife's affections by getting a divorce and then compelling the lover to marry the woman at the muzzle of a pistol.

One of the former mistresses of King George the Fourth of England, Miss Bellows, who in the year 1821 kept a millinery store in London, died lately, at an advanced age, in Calais, France.

M. Strauss having resigned his position as musical conductor at the French Court ball, over thirty other conductors are scrambling for the succession.

There's a difficulty in one of the Richmond churches, because the brethren with moustaches drink from the bowl at the love feast, and the ladies won't drink after them.

The New Orleans Picayune says of the appearance of Lydia Thompson's troupe in that city that it "is like an interval of rest on a long, hot day—a brilliant little oasis in the desert of the legitimate."

The late Earl of Derby left to each of the male and female servants at Knowlly Hall legacies in proportion of two months' wages for each year of service. In the case of the old servants, the legacies will amount to very handsome sums.

Thomas Haskell has returned to Paris, Me., after an absence of seventeen years, and has very greatly improved his hair by demanding a return of his property, which they divided among themselves long ago, supposing him dead.

At Singapore the planters have found that the killing of tigers has been attended by the greater pest of an increase of wild hogs, which destroy the crops. One English planter has therefore become a protector of tigers to restore the balance.

Mrs. Rachel Remer died very suddenly in New Haven, Dec. 25th, aged 84 years. She was married on Christmas, sixty-three years ago; her husband died on Christmas, twenty-three years ago, and she has often remarked, "I wonder if I shall die on a Christmas, too."

This advertisement lately appeared in a London paper: "Wanted, by a father, a school, where his son may receive an education to fit him for a manly and useful life, without any hindrance to nations dead and buried thousands of years ago."

A German has discovered a new kind of printing ink superior to any now in use. The essential part of the discovery is that by a peculiar process the ink can be entirely removed from the surface of the paper at a cost of half a dollar for every hundred pounds of printed paper, and the material is then ready for use again.

A curious phenomenon has lately occurred in Germany. Some time ago an opening was observed in the earth, upon a chain of hills near Mergentheim. It has gradually increased in extent, assuming the form of a long fissure, about five feet in breadth, with perpendicular sides, and of a great depth, estimated at 400 feet.

A traveler, who bought a bottle of "reguline" of Cologne, found that it burned holes in his handkerchief and scorched his skin like acid. He sued the vendor but lost his case, because there was shown, in microscopic German characters on the label, the words: "The contents are an imitation of which the purity is not guaranteed."

We have heard, says the *Pail Mail Gazette*, of a most mysterious and disagreeable occurrence at the Tower of London, which is enough to set the nerves of the whole nation on edge. For some days, or rather nights past, the shadow of an axe has appeared upon one of the walls of the building. This shadow made its appearance last, unless we are misinformed, in 1818, but what it has been doing since that time we cannot say. There is no shyness whatever about it now; it does not object to be stared at, nor to the curiosity of all who have the privilege, if not the pleasure, of inspecting it.

By Telegraph.

CONGRESSIONAL.

HOUSE.

Appropriation Bill—Confirmations.
Trumbull's bill, reported in the House to-day, appropriates \$19,208,097, being a decrease from the estimates of \$2,092,413.

Among the appointments confirmed were the following:
W. H. Terrill as third assistant Postmaster Gen.; Timothy G. Phelps, Collector of Customs at San Francisco; A. H. Irish, of Nebraska, Consul at Dresden; Edgar Stanton, of Ill., Consul at Bristol; Milton Kellogg, assistant Justice of Idaho; E. J. Curtis, Secretary of Idaho; Commodore John Rogers, Rear Admiral; Lieutenant Commander Selfridge to be Commander.

MISSOURI.

Branch Mint wanted at St. Louis.

St. Louis, 25.—A resolution has passed the lower House of the Missouri Legislature, instructing the Senators and requesting the Representatives in Congress to secure, if possible, the passage of a law for the removal of the branch mint from New Orleans to St. Louis.

CALIFORNIA.

Arrival of Escaped Fenians—Alaskan News—The Billiard Championship—Sudden Death.

SAN FRANCISCO, 25.—The British ship *Baringa* brings from Australia the first of the escaped prisoners, sentenced to transportation from Ireland in 1865 and 1867, for terms varying from five years to life, for political offenses: John Kennedy, Dennis B. Castman, Dennis Kennedy, Maurice Fitzgerald, Patrick Leahy, Thomas Fogarty, David Joyce, John Sheehan, Patrick Wall, Michael Moore, David Cummings, Eugene Geary, John Walsh, Patrick Doran, and Patrick Dunn. They say they were compelled to suffer indignities such as the Mother country only can offer for political offenders. As soon as the vessel reached the harbor, the Fenian headquarter, Smith, was notified of their arrival and a committee was immediately sent aboard to escort them to the Russ House, where rooms were prepared for their reception. During the evening they were visited by a large number of Irish citizens who warmly welcomed them to America.

Captain Leon Smith was murdered at Fort Wrangle, Alaska, Dec. 25th by a drunken Indian chief. The village refused to surrender the murderer, whereupon the commander of the fort shelled the village. Two Indians were killed, and after considerable shelling, the Indian surrendered, was tried by a court martial and hung. Captain Smith was formerly in the confederate navy and commanded the *Galveston* at the time of the capture of the *Harriet Lane*.

Rudolph telegraphed Deery that he will play for the championship of America in this city Feb. 15th. Deery replies asking him to postpone the game until the 27th, as it is impossible to obtain the Mechanics' Pavilion before.

John W. Ruggles, an old San Francisco merchant, died suddenly at Shanghai, Dec. 21st.

NEW YORK.

The Erie R. R. Report—Shipwreck and Loss of Life—Mail Car Destroyed by Fire—Libelling American Society—Murder and Mystery—A Clergyman Lecturing against the Bible in the Schools—More Strikers—Small Fox Withdrawal of Steamers—Railway Accident.

NEW YORK, 25.—The Erie Company have issued their annual report, showing the amount of stock subscribed to be 78,538,910; the funded debt is 23,398,800; the total cost of the road and equipments \$5,131,989; total earnings \$16,721,500.

Foreign mail advices say that the British ship *King Lear*, from Cardiff, for Hong Kong, had foundered off the British coast; thirty-five lives were lost.

At a fire at No. 9 Worth St. to-night, a small boy named Carnes was burned to death; his father and mother were severely injured.

The mail car of the morning train of the New York Central Railroad took fire at Communipaw and was entirely consumed; the mail was saved.

The London *Morning Post* publishes a letter from New York, filled with vile libels on American society and women.

The city was startled this morning with a report of a fresh mystery—the probable murder of a sea captain named Alexander who came to this city from New Orleans in September '68. He took lodgings in the boarding house of John C. Gardiner, and disappeared suddenly, and with him a large sum of money—nearly sixty thousand dollars in government bonds. Subsequently the body was discovered in Greenwood cemetery, buried under a false name.

The contents of the stomach were placed in the hands of Dr. Doremus, for examination. In consequence of this report Gardiner and his family, last night, were arrested, charged with the murder of Captain Alexander. Their condition in life has apparently improved very much lately, which adds to the suspicion of their guilt. They heretofore have moved in respectable society, and have been counted honest people till now.

BROOKLYN.—Rev. Dr. Heacock, a leading Presbyterian clergyman in this city, lectured last night on Romanism in public schools, and their grievances. He advocated the disuse of the Bible in public schools. The lecturer created much comment.

A telegram, yesterday, was received by the strikers at Long dock that the men at Susquehanna struck at about noon; the men at Port Jervis had not yet taken like action but that some information to that effect will reach them to-day; the men anxiously await the decision.

BUFFALO.—Fifteen cases of small pox were reported yesterday.

OGDENSBURG.—Two passenger cars and a smoking car, on the train of the Rome and Ogdenburg Railroad, were thrown from the track by a broken rail this morning. One passenger was killed and several others injured.

NEW YORK, 25.—The report is correct that all the steamers of the Pacific Mail Company are to be withdrawn except those on the China line; the effect has been a decline of the Pacific mail & Co. thirty-nines and three fourths. The advance of the Central Pacific R. R. bonds to 93, and the bids for the Union Pacific to eighty-three.

ILLINOIS.

Retrenchment Policy.

CHICAGO, 25.—A Washington special says, the introduction to the House of the Appropriation Committee's annual bill for legislative, judicial and executive expenses has brought to light the fact that the whole committee is with Daves in objecting to the department estimates and they insist on the most rigid economy in expenses. The committee intend a policy of reduction in the estimates to be acted on in other bills. Nearly two-fifths of the present reduction is in the expenses of Congress, showing that the committee is not actuated by any special hostility to the departments. Before making his speech Daves went to every department and tried, in vain, to get a reduction of the estimates, representing the need of economy in strong terms; but he wholly failed in obtaining satisfaction, and the committee determined to bring the matter before the House and country, and public opinion is so decided in the supporting of the position taken by Daves that every department is now overhauling the estimates. The figures given to the city newspapers were probably furnished Butler for use in the speech he is going to deliver on Wednesday. It is now seen that the Government can get along with at least thirty millions less than was at first stated.

VIRGINIA.

Rejoicing in Virginia over Admission.

RICHMOND.—News of the final passage of the bill admitting the State was received after dark. There appeared to be a general feeling of relief but there was no demonstration of joy. The city council passed a resolution, hailing with delight Virginia's return to Union and requesting Gen. Canby to fire one hundred guns to-morrow in honor of the event.

A salute of 100 guns was fired in the Park to-day, in honor of the admission of Virginia. About 5,000 persons were present, two-thirds of whom were colored. Governor Walker spoke a few minutes, congratulating the people on the admission of the State and predicting a glorious future for her. Several colored Representatives made political speeches.

WASHINGTON.

Treaties—Grand Dinner Party.

WASHINGTON.—The President to-day withdrew from the Senate the Osage and Nebraska treaties, communicated last session and recommended the confirmation of the Miami, Kickapoo, Shawnee, Sac and Fox treaties.

There was a dinner party last night at minister Thornton's in honor of Prince Arthur. The President, Vice President Colfax, and all the members of the Cabinet, Gen. Sherman and Senator Sumner were present.

FOREIGN NEWS.

CANADA.

News from Red River.

OTTAWA, ONTARIO.—A gentleman in this city, who is intimately acquainted with Reil, the leader of the Red River insurgents, has received a letter from him, written at Fort Garry, the first of the year, in which he disclaims any idea of annexation; he said, it was not too late to make amicable relations with the government of Canada and to settle the difficulty.

GREAT BRITAIN.

Assembling of Parliament—Proposed New Route—Shocking Accident in Liverpool—American Merchant Sail-cides.

LONDON.—Gladstone has issued the usual notice to the supporters of the Government in the House to be in their seats on the 5th of February.

A project has been introduced here, looking to the establishment of a steamer and railway route from Australia to New Zealand, and to London via San Francisco, Portland, Maine and Milford Haven, Wales. It is thought the route may be accomplished through these points in about forty days.

LIVERPOOL.—During the services at St. Joseph's Chapel in this city yesterday a false alarm of fire was raised; a panic and rush ensued in which fifteen people were trampled to death and a great many badly injured.

LONDON.—Charles Thornton, an American merchant, of Bradford, Yorkshire, committed suicide yesterday.

FRANCE.

The Strike Ended.

PARIS.—The strike among the operatives at Lacroix is ended and order has been restored.
