Mixing Religion and Politics-Trouble Arose Over Reduction of Police Force.

MRS. NELSON HANGS HERSELF

Despondency Leads to Awful Deed-Invalid Robbed in a Saloon-Junction City News Briefs-

Ogden, March 31 .- For the first time in the history of the city of Ogden, politics and religion were injected into the meeting of the city council and were freely discussed. 'The trouble -which arose over the action of the council last Monday night came as a surprise last night. All the business of the session which had been an unusually session which had been transacted and a motion to adjourn made. Before the motion could be seconded Thomas of the Third ward arose and moved that the ouncil reconsider the action of last

the Third ward arose and moved that the council reconsider the action of last week. This started the ball a rolling and for 40 minutes, religion, politics and complimentary remarks between the solons was passed. In bringing the matter before the council Thomas said that he would like to go on record as being in favor of a reconsideration. Powers of the Second was on his fect in an instant and in one of his charac-teristic speeches, said that he as well as the clitzens wanted better police pro-tection, and that he was also in favor of policemen working eight hours in-stead of 10. He said that three of the best men on the force had been let out, and that it developed that they were all catholics and the council's action had placed the city in bad light. Flygare of the Fourth amended the motion to reconsider by having the men that were dismissed given preference when it was necessary to hire more men. Humphris, chairman of the police committee said that it was an inopportune time to bring religion into the council at this late hour, as it should have been considered at the committee meeting a week before when the action of reducing the police force was discussed. He said at that time there was no thought given as to what religion the men possessed. Mayor Brewer arose to address the council but before he could say any-thing. Thomas made a motion that the

Mayor Brewer arose to address the council but before he could say any-thing, Thomas made a motion that the mayor ask the council for permission to address them. The question was put and carried. The mayor said that he had been given the credit for mak-ing the change in the police depart-ment, but that he had not suggested the names of the men to be let out, but that he had only asked for the reducing of the force as it was too great an expense to the city. While President Browning was changing places with Austin whom he had requested to take the chair, Pow-ers arose, Austin recognized Browning

had requested to take the chair, Pow-ers arose. Austin recognized Browning and then Powers appealed to the de-cision of the house, but this was not necessary as Browning yielded the floor to him. At the conclusion of his re-marks Powers said: "I've gone into the committee of the whole for the last time and what I want to say in the future I will say it in public in here (the council chamber). Browning said that as a member of the police committee he had favored letting out a Morromo but that he had never

about her lack of money. about her lack of money. While she was talking about being in financial straits she wept bitterly but gave no indication of what she intended doing. As she looked at the situation, starya-tion was staring her in the face. It was about 10:15 o'clock when "Dutch" Nelson went to the room. He tried the door but found it locked. Noticing that there was a light in the room and when he received no response to his knocks upon the door he took OGDEN OFFICE: Room 316 Eccles Building. Circulator, - C. C. Brown, Jr. room and when he received no response to his knocks upon the door he took it for granted that the woman was in one of her spells of ill humor and left. About 2:30 o'clock yesterday morning an Italian, having a room next to the one occupied by Mrs. Nelson, heard the woman crying. This was the last sound heard emanating from the room. Shortly before 3 o'clock yesterday Mrs. Cuiver entered the room with the aid of a pass key. The dead body of the woman was discovered at the end of a rope, which had been thrown over a door. The woman had made a noose, which she placed about her neck. Then Patrons are requested to make immediate complaints regarding unsatisfactory delivery.

and Humphries. Austin said that he would refuse to go into the "whole" again and that whatever he had to say or do would be done in public. . Powor do would be done in public, -Pow-ers offered an amendment, which was to the effect that the three men let out last week, Morrisey, Kelliher and Ternes, be reinstated. A vote on this lost. The following is the vote: In favor-Austin, Dana, Powers, Thomas and Wilson. Against amendment-Browning. Dickson, Flygare's motion was then put and carried unanimously. MISCRE J. ANDOLE MATTERS a door. The woman had matter a hose, which she placed about her neck. Then after fastening the other over the door and closed it she allowed her body to sink to the floor, her weight being sustained by the hempen cord, while she

MISCELLANEOUS MATTERS. Bids for the proposed work in Curb and Gutter district No. 1, extension No. 4 and districts No. 21 and 22, extensions No. 1 and 5 were received as follows: P. S. Wilson, \$9,496 on the first and \$4.070 on the second. J. P. O'Neill com-pany, \$9,600 on the first and \$3,750 on the second. Wheelwright Construction commany. \$9,799 50 on the first and \$3,974

company, \$9,749.50 on the first and \$3.974on the second. The bids were referred to the street committee and the city

to the street committee and the city engineer. The sanitary inspector reported the following contagious diseases in the city; 18 scarlet fever, 12 smallpox, 2 diphtheria, 73 measles, 2 chickenpox. Total 108. The matter of making an appropriation to defray the expenses of the sanitary inspector attending the state health board's meeting in Salt Lake next month was referred to the

state health board's meeting in Salt Lake next month was referred to the sanitary committee. The matter of repairing the cayon road boulevard was referred to the street committee with power to act. To the same committee was referred the matter of having Contractor P. J. Moran repair Twenty-fifth street be-tween Washington and Wall avenues. This committee also recommends that the Western Union Telegraph company put its wires on Twenty-fourth street west of Washington avenue under ground.

ground. Forty-seven liquor licenses were Forty-seven inquor incenses were granted without any opposition, ex-cept to that to the Ogden Canyon San-itarium, to which Browning said he would vote "no" on. The reform or-dinance is sleeping in the hands of some committee yet and did not come before the council last night. Councilman Flygare introduced a resolution for the creation of a con-

councilmant Flygare introduced a resolution for the erection of a cen-tral heating plant on the city hall block for the heating of all the public buildings. The resolution was adopted and referred to the city engineer to complete the plans for such a plant and refer the same to the council at an early date. early date.

SHOCKING SUICIDE.

Mrs. Mary Nelson Hangs Herself in Fit of Despondency.

Ogden, March 31.—Despondency is thought to have been the cause of Mrs. Mary Nelson, said to have been the wife Mary Nelson, said to have been the wife of a man known about town as "Dutch" Nelson, taking her life by hanging some time Monday afternoon, in her room in the Culver rooming house at 137 Twen-ty-sixth street. The body of the woman which had been dead for hours was discovered hat yesterday afternoon by a hired man at the place.

A previous attempt to end her life was made by Mrs. Nelson in this city some months ago. She was caught in the act of drinking a poisonous liquid and placed under arrest. She was required and placed under arrest. She promised the police that she would leave the city and go to Pocatello and reside with her daughter. She was released and wheth-er she left town or not is not known, but for more than a month she has been living at, the Culver rooming house Mormon but that he had never ought of religion. He said that he build never let any official of his hurch dictate to him in the matter appointments. house

A cake of Ivory Soap weighs nearly as much as three cakes of "toilet" soap.

Ivory Soap costs less than a cent an ounce.

"Toilet" soaps cost 10, 25 or even 50 cents a cake-from 5 to 25 times as much as Ivory.

Ivory Soap is made of as good materials as the best toilet soaps; and of infinitely better materialsthan most toilet soaps.

Two Stores of the Clayton-Daynes Music Co., Crowded With Buyers.

MUST RAISE \$50.000.00

Preferred Stock to be Retired April 9, 1908. Pianos and Organs are Being Offered at Unheard of Prices.

Yesterday was a busy day at the ! Mayton-Daynes Music Company's consolidation sale, which is going on at their two stores. The preferred stock of the Clayton company is to be retired, and \$50,000 must be returned to the

The world's best planos are being slaughtered in a manner that has never before been equalled in this part of the country. Those contemplating the pur-chase of an instrument cannot afford to miss this opportunity. Frequently plano sales bear earmarks of a fake. Cheap, worthless planos are sold to un-suspecting patrons until the public has become afraid of these so-called bargain sales. This Clayton-Daynes consolida-tion sale is an entirely different propo-sition. In both stores of the company one cannot find one of these extremely

one cannot find one of these extremely cheap pianos commonly known as a

The company also announces unqualifiedly that the planos offered have been genuinely reduced and not marked according to the plan usually followed by those conducting so-called sales. Some lines of instruments that must be dis-continued are being offered at remark-able bargains. Planos of the highest grade which usually sell from \$660 to \$700, are being closed out at from \$387 to \$420. Planos that sell for \$450 and \$500 are being offered at \$315 and \$345. A grood well made instrument with down and \$50,000 must be returned to the stockholders by April 9, 1908. If yes-terday can be taken as a fair indica-tion of the number of planos that are to be sold during the consolidation sale, the company will have no trouble in realsing this large amount of money by the agreed time. The world's best planos are being slaughtered in a manner that has never

\$500 are being offered at \$315 and \$345. A good, well made instrument, with dou-ble veneered mahogany case, genuine ivory keys, full iron plate, fully guaran-teed for a term of 10 years and backed by the manufacturer as well as the dealer, can be bought for \$168 while they last. You are advised that if you want one of these instruments at this price do not leave it until they are all gone. They are going rapidly, and the first to come will be the first to be served. served.

Go to the great sale the first thing this morning and become the happy possessor of one of these instruments.

OLDEST AND BEST BLOOD PURIFIER

The best recommendation of S. S. S. as a blood purifier, is its long continued popularity with the people. For more than forty years it has been upon the market, and each succeeding year the demand for it has grown larger, until its merits as a medicine have been tested and proven throughout the length and breadth of the land. S.S.S. is not a "cure all" nor in any sense a "miraculous" remedy; it is simply a blood purifier of the highest order, and one whose long successful record fully warrants the confidence in which it is universally held.

Bad blood is responsible for most of the ailments of mankind. The circulation being the medium through which every portion of the body must receive the nourishment and strength necessary to preserve health, it can very readily be seen that when this vital fluid becomes contaminated or diseased, some physical disorder is sure to follow.

Humors in the circulation produce skin diseases and eruptions of different kinds, an excess of uric acid is responsible for Rheumatism, morbid impurities are the foundation of old sores, while various other physical derangements follow the polluting of the blood.

Spring is the season at which a blood purifier is usually most needed. Impurities and humors which corrupt the circulation have been left in the system because of the inactive

Winter life. The members whose duty it is to carry off the refuse and useless matter from the body, do not perform their work as well in cold weather, because they do not receive as much stimulation from bodily exercise. So this impure, fermenting matter 18 left to sour and form humors and acids, which are soon absorbed into the blood.

With the return of warmer weather the blood is aroused from its sluggish, congested condition, and begins to throw off these impurities, and its fiery, acrid nature irritates and diseases the pores and glands of the skin, and produces Eczema, Acne, Tetter, pimples, rashes, eruptions, boils, etc. These impurities also destroy the nutritive qualities

In my estimation there is no blood medicine equal to S. S. S. I have used quite a good deal of it recently and found it to be all you claim for it. The medicine thoroughly cleansed and renovated the blood, and restored it to its normal, healthy condition; at least that has been my experience with it. I notice also that it builds up the general health while purifying the blood. My appetite improved under its use, and I felt better in every way. Before taking your medicine I had an itching, burning eruption and other evidences of bad blood, but S. S. S. has done away with this, and I am in good health. R. T. KELLY.

609 Harris Street, Harrisburg, Penn.

of the blood, and it becomes a weak, watery stream, unable to nourish and strengthen the body, and the system grows debilitated and weak, the appetite and digestion are deranged, and a general run-down condition of health results.

Nothing equals S. S. S. when the blood needs help. It is nature's blood purifier, made from roots and herbs, and in addition is the finest of tonics. It goes down into the circulation, and removes all humors, acids and impurities, and makes the blood pure and rich. It tones up the stomach and digestion, strengthens and builds up the system, prepares it for the long, hot months of Summer, and in every way shows its beneficial effects as a blood purifier and tonic.

S.S.S. cures Rheumatism, Catarrh, Sores and Ulcers, Scrofula, Contagious Blood Poison, as well as Eczema, Acne, Tetter, and skin diseases and eruptions of every kind. It removes every taint from the blood, and promotes bodily vigor and health. Book on the blood and any medical advice desired will be sent free to all who write. S.S.S. is for sale at all drug stores. THE SWIFT SPECIFIC COMPANY, ATLANTA, GA.

where he staid two days. Then he went caught on fire, but were extinguished to Springville and disposed of the out-before any damage was done.

-Scarlet Fever Claims Victim.
