

## J. S. CRITCHLOW IS PRESIDENT.

Important Meeting of Baseball  
Magnates Held Last Evening.

### ANOTHER MEETING TONIGHT

Committee on Railroads Will Report  
on Rates-Salary Limit Was Fixed  
At \$1,000-The Rules.

The election of permanent officers, the adoption of a constitution and by-laws and the fixing of a salary basis was the most important business attended to last night by the baseball magnates of the intermountain league. The most important matter is yet to come, namely the railroad rates. It will, in all probability, be settled tonight when the committee will make its report. If the rates are favorable then all will be serene and the heart of the fanomania will be gladdened.

The following officers were elected: John S. Critchlow, president; Sewall Davis of Butte, vice president; C. H. Kireher of Ogden, secretary. The bank of Commerce of Salt Lake was chosen custodian of the league's wealth. The directorate of the league will consist of the above named and the directors of the clubs.

The salary limit for each club was fixed at \$1,000 exclusive of the manager of the club. This is an important item and was discussed to some length before the amount was finally fixed. It is much smaller than the salary list of the local team last year. It was unanimously agreed that each and every contract with the players will be submitted to the president for his approval.

On or before the first of April the secretary of each club will have to send to the president of the league a list of their players. In the event a new club desires entrance to the league, or one of the clubs is to be expelled for violation of the rules, it can only be done by a majority of the board.

After each game, 10 per cent of the gross receipts will be turned over to the treasurer, and at the end of the season the total amount will be equally divided among the teams remaining in the league.

Any club or player who places a wager on the result of any game will be liable to expulsion from the league.

The decisions of the umpire shall be final, and for violation of a rule the umpire shall have power to impose a fine of \$5 on the player and for the second offense expel the disturber from the grounds.

Should one team leave the field and refuse to play out a scheduled game, that team is liable to a fine of \$200 by the umpire.

The rules of the National League shall apply to the intermountain league except wherein they conflict with special rules adopted.

The meeting continues this evening when the railroad fare will be disposed of. The schedule is yet to be formulated and it is likely to take some time to arrange it satisfactorily to all parties.

There is some other business to attend to and the session will not come to an end for probably two or three days.

There is a great deal of satisfaction felt over the selection of John S. Critchlow as president of the new organization, and the delegates will be congratulated for their wise course in selecting that gentleman.

**JULIUS HAS A FALL.**  
Collides with Three Men and Breaks His Collar Bone.

New York, Dec. 13.—The fifth day of the six-day bicycle race opened with the American teams fighting for first place. They were jaded and stiff, however, and apparently lacking the advantages over their foreign rivals. The latter held on with grim determination and hour after hour the tired men in around the great ring closely bunched.

Every man in the race was in bad shape physically, and it was admitted that it would be necessary to administer drugs to many of them to carry them through to the end of the race. Fully 3,000 persons remained in Madison Square Garden all night.

At 4 o'clock, after riding for 100 hours, the men were seventy-nine and a half miles behind the record. Two hours later this loss was increased to eighty-two miles and nine laps.

The score at noon was:  
McEachern and Walthour, Butler and McLean, Newkirk and Munro, May and Wilson, Babcock and Turville, 1,982 miles, 6 laps; King and Samuelson, 1,982 miles, 5 laps; Hall and McLaren, 1,982 miles, 4 laps; Fredericks and Jaak, 1,981 miles, 3 laps; Lawson and Julius, 1,981 miles, 2 laps.

During a sprint tonight McEachern, McLean, Julius and Fredericks collided. The men went down in a heap, with Julius underneath. He was carried from the track and examined by doctors who found that his collar bone had been fractured. Lawson will be allowed to finish the race for the team. He will ride twelve hours tomorrow without a partner. Tomorrow will see the racers changing and shifting in reliefs frequently. They will eat and sleep beside the track, in sight of the spectators, until the race is at an end.

The 2 o'clock score was:  
Miles, Laps.  
Butler and McLean ..... 2,221  
Newkirk and Munro ..... 2,221  
McEachern and Walthour ..... 2,221  
May and Wilson ..... 2,221  
Babcock and Turville ..... 2,221  
King and Samuelson ..... 2,220  
Hall and McLaren ..... 2,220  
Fredericks and Jaak ..... 2,220  
Lawson and Julius ..... 2,219

The leaders are 133 miles 3 laps behind the record.

**BASKET BALL.**  
Interesting Game Between Juniors and Sophomores of High School.

Yesterday afternoon the High school girls met again in a basket ball game at the Y. M. C. A. gymnasium. The contending teams were the Juniors and Sophomores. The game was unusually good, the team work of the Juniors being excellent, as shown by the score of 22 to 12 in favor of that team. They showed great skill in basket throwing. Chrystal Patten of the Juniors scoring eleven baskets and Ethel Rogers throwing two goals from the field. Louise Jennings of the Sophomores team scored two balls for her side on fouls.

As the game was attended only by friends of the girls, the gymnasium was not crowded as during the previous game, thus giving opportunity for better playing. The game was entirely devoid of rough play. The Junior line up was as follows: Center, Louise Basset; forwards, Chrystal Patten and Ethel Rogers; guards, Ethel Thompson and Hazel Stevens. The following Sophomores lined up: Center, Louise Jennings; forwards, Eleanor Engler and Dora Turton; guards, Winnie Rhodes and Peale Clark. Mr. Daniel acted as referee and Messrs. Stewart and Basset were the umpires. The following ladies were patronesses: Mes-

**Baseballists Surprised.**  
Local fans were pleasantly surprised yesterday afternoon when Dud Rieley, former captain of the White Wings, dropped in town. He is en route to California where he will play out the winter season. When Uncle Dudley left here he went to Spokane and since the season closed has been touring the eastern cities.

The popular little player will remain in Salt Lake for a few days and visit friends.

**JUNIORS VS. SOPHOMORES.**  
Former Defeat the Latter by Thirty-nine to Two.

The Junior and Sophomore basketball teams of the High school met in a five game in the Y. M. C. A. gymnasium last evening and the former won by a city block. Miss Patten created some excitement by throwing eleven goals from the field and Miss Rogers threw two, making 39 points. The Sophomores made but 2 points. The teams lined up as follows:

Juniors—39. Position. Sophomores—2.  
Patten ..... 11  
Rogers ..... 2  
Engler ..... 1  
Thurston ..... 1  
Jennings ..... 1  
Stevens ..... 1  
Clark ..... 1

**AFTER THE JOB.**  
Many Would Like to Empire for \$200 a Month.

That \$200 a month proposition for umpires for the new intermountain baseball league is a good bait. From now on until the season opens it will require two mail carriers and a small wagon to deliver President Critchlow's mail.

An application has already come from Pittsburg.

President Critchlow will have a two yard-ile on which the applications will be placed to be referred to in due season.

**BASEBALL SQUABBLE ENDS.**  
After Twenty-six Ballots, A. G. Spalding Is Elected President.

New York, Dec. 13.—A. G. Spalding was elected president of the National Baseball league at 1 o'clock this morning on the twenty-sixth ballot. On the former ballots the Brooklyn, Pittsburgh, Philadelphia and Chicago clubs voted for Spalding. The New York, Cincinnati, St. Louis and Boston for Young.

Just before 1 o'clock the Brush-Freedman faction walked out of the meeting. Brooklyn, Pittsburgh, Chicago and Philadelphia also voted for Spalding for president. The names of the other four magnates were called, but there was no response. The chair, J. I. Rogers of Philadelphia, decided that Spalding was elected on the basis of the decision of the vote. He raised a parliamentary question in Congress, that members leaving without being excused should be counted as present, and he decided that these men should be registered as not voting. He raised that Spalding had been elected unanimously.

Mr. Spalding said yesterday: "When my election shall be made unanimous and when they shall come to me and ask me to be their president, if I accept the honor my one condition will be that Andrew Freedman must get out of baseball, absolutely and entirely. He must be wiped out of the baseball map. On his record in baseball, and I speak only of his baseball record, I openly and publicly charge Andrew Freedman with being a traitor and a marplot. He has done more to ruin baseball than any four forces that ever existed in the history of the game."

Mr. Freedman said that he attacked Spalding because of his trade connections, and continued:

"I consider his canvass most undignified. He has in no way used the conservatism that the league would want in its president. He can employ his own methods and rest assured that the New York club is not worrying in any way, shape or form at the threats made."

Just how Freedman is to be dropped is not made clear. It is said that a new national league may be organized that the New York club may be dropped from the circuit, the Brooklyn club becoming the New York representative.

day Valley for American Fork parties. The owners of the sheep are reported to have sent them ahead telling him they would reach him in the evening. Thursday. They failed to do so and he had no shelter and was also compelled to walk about all night to keep the sheep together. The next morning he found the sheep in a serious condition from the effects of the cold and was taken to American Fork when Dr. Noyes dressed the injured members and notified the sheriff of the condition of the man, when he was brought to Provo.

**CLARK-BOWLEN WEDDING.**  
A marriage license has been issued to James Lavel Bowlden, 21 and Martha Clark, 19, both of Springville. Haverley's Mastodon Minstrels will appear in the Opera House Tuesday the 17th.

**STOLEN GOODS FOUND.**  
The goods stolen from Mr. Barney's store in Springville Wednesday night have been found in a strawstack west of Springville, where they had been cached. There were many more goods than had been missed by the clerk in charge of the store.

The G. S. Wood Mercantile company's store in Springville came near being burglarized the same night Barney's store was visited by burglars, and would have been had not Mr. Wood been sleeping there. The following story is told about the attempt. Mr. Wood failed to lock the door as he entered the building to go to bed. At about two o'clock he was awakened by two men entering the place. He raised up in bed and asked them what they wanted. One of them replied they wanted some coffee and came in to get it, thinking he would be awake.

Mr. Wood replied that he did not think they needed any coffee, and by that time the visitors who had backed towards the door left the building.

Charles H. Walker, of Farmington, aged 41 years, a patient at the asylum, died yesterday from paralysis. His remains were sent to Farmington for burial.

Special Correspondence.  
Monroe, Sevier Co., Dec. 12.—On the night of the 10th inst. the haystack of constant Thueson, caught fire and from all appearances it was the work of some incendiary. Soon a bucket brigade was formed which had it under control in short notice. About two tons of hay only was spoiled. Mr. Thueson is our justice of the peace and it is supposed that some depraved mind who did not believe in his method of administering justice took this vile way of satisfying spite. The county attorney has two young men in custody on suspicion of being the incendiaries.

The long looked for snow has arrived, giving the earth a heavy coating of the beautiful.
