Lively Mill Between the Welterweights-Both Are Training.

Salt Lake fight fans are looking forward with considerable interest to the centest scheduled for Friday night at the Grand theater between Otto Sleloff, the white welterweight champion of the world, and Jerry McCarthy, the champion weiter and middleweight of Utah. They art signed to go twenty rounds to a de-ision, straight Marquis of Queensbury rules, and are to weigh in at 144 pounds at I o'clock on Friday afternoon. Manager Kelley of the Shamrock Athletic dub states that he has required both men to post a substantial guarantee to make the weight and to comply with the rules of the game, Charley Lange, the official referee of the Shamrock club,

At the Agricultural skating rink yes-terday afternoon there was a free-for-all skating race of five miles that brought out many competitors. The event was captured by Williams who carried off the honors by a good full lap. Weiser got second place. The face was witnessed by an interested crowd of spectators. Next Friday there will be a one-mile race for ladles, and it will be open to any who care to take a chance at the prize. will doubtless referee the contest. Many readers of the "News" sporting page has requested that the records of the two boxers be published. Sieloff furnished his record to this paper, but it is entirely too long to publish in full. He has engaged in 87 contests since 1895 and out of that number has lost 12 battles, those who have scored over him being George Kerwin, in 4 rounds; Martin Duffy, 6 rounds; Spike Sullivan, 13 rounds; Dal Hawkins, 6 round; Matty Matthews, 9 25 rounds: e Kid McPartland.

afternoon, Jesse Johnson established a new record for Utah marksmen by mak-ing a score of % out of a possible 100. The highest record made before this was ac-complished on May 10, last year, when Barnes made a run of %. This mark was tied by Breckon this year, but was never beaten until yesterday when Johnson got a shooting streak on. It is believed that he would have beaten the mark had it not been for a pretty strong wind, which was blowing during the competition. The world's record is only two points higher than Johnson's mark, so it can be seen that he did some excellent work. Twelve members of the club participated in the event, the indi-vidual score being as follows: Averg Averg

Last and west bowlers. New York, Jan. 2.—Steps taken a week ago to end the strained relations between the bowlers of the east and the west which have existed for two years have been ratified at a mass meeting of the bowlers' association. Five men were se-lected as committeemen to present the association's demands before the coming meeting of the American Bowling Con-gress in Cleveland, Ohio. After the meeting it was announced that a team representing New York will en-ter the Cleveland tournament and play against the strongest teams in the coun-try, including a challenge match with Chicago.

"Joe finished sixth in the Coast league as a pitcher, but don't take your 'dope' for that, Joe had not pitched for five years, when he was induced to re-enter the game last March. At the start, he had all his old wonderful speed and con-trol, but could not hold them for more than six innings. He was unused to the strain and gave out. "His earlier games were therefore los-ing ones, and it was months before he got back into shape. Toward the close he began to round to form, ad the way he closed up the gap on the pitchers who led him in the league race was a cau-tion. Quinian was graduated from Fordham college, Harvard law school, and Boston university, and had been admitted to the Boston bar.

Financial Aspect of Football Contests. San Francisco, Jan. 24.—The last big football game between the Berkeley and Standard university teams has been played in this city. The agitation to eliminate the financial aspect of these contests has been going on for some years, but it was not until tonight that teh decision was taken. A meeting of the athletic committees of the two uni-versities was held this evening, with C. M. Flekert as chairman. The man-agers of both teams made a strong stand for the continuance of the con-tests in San Francisco, but it was voted hereafter to have the teams meet on the grounds of the colleges. The next game will be played the second Satur-day of November, at the Berkeley cam-pus. The 1906 contest will take place at Stanford.

TOM SHARKEY CONFIDENT.

Thinks He Will Defeat Munroe Because He Found a Horseshoe.

Tom Sharkey is now almost ready to bet money that he will whip Jack Munroe when they cross arms. Sharkey the fates are with him thinks

thinks the fates are with him and he is not doping things on firearms, either. The sailor has something better to go on-something more substan-tial. It is a horseshoe which he picked up while on his daily run around Central park. Sharkey is satisfied that finding the horseshoe was half the battle. All he has to do now is to go into the ring, make a few passes and the fib will be over. The sailor adds that it won't be necessary to have the horseshoe in his glove when making the passes, either, but that he will have it near at hand. Sharkey is training like a beaver these days. He was skipping lightly up Fifth avenue on his jaunt around the park, ac-companied by Spike Suilivan, when he spied the horseshoe in the show, and he made a rush for it. "That's luck," he said, as he returned to the Waldorf-Astoria, with the shoe woinging in his hand. "That means Mun-roe's defeat," added Sharkey. "Not that I need any luck, but then I guess I am a triffe superstilous. I don't need the aid of a horseshoe or an ax, either, to defeat Munroe. I am going to place it in my training quarters and I will have it in my corner the night of the fight." **PACIFIC KENNEL LEAGUE.**
