OGDEN, UTAH. - JUNE 23, 1903.

WEBER COUNTY AFFAIRS.

Special Police Service for Control and Care of Ogden Canyon.

Special Road Taxes Voted Down—Big Damage Suit Being Heard—Wedding Chimes.

Sheriff Bailey submitted a request to the board of county commissioners, asking that they appoint a deputy sheriff to patrol Ogden canyon on Sundays and holidays, and asked that former Deputy Robert Shaw be appointed. The appointment was confirmed by the board. The sheriff visited the canyon Sunday and saw for himself some very reckless driving and improper conduct from intoxicated persons and therefore before the appointment of Mr. Shaw, who is an excellent man for the position. Any person who drives fast or recklessly in the canyon or causes any disturbance will be arrested and vigorously prosecuted.

Commissioner Wilson reported that the canyon road is now in good condition for pleasurable driving.

Chairman Stanford, who so vigorously opposed the granting of a liquor license in Ogden canyon, submitted the following statement which he asked the privilege of placing on record, which permission was granted:

"On Monday, May 8, in my address before the board of county commissioners, I made the following statement: 'Salt Lake county, I am reliably informed, has already denied to me any application for such license to houses located on their lands in the suburban part of Salt Lake City where roads are most used as public highways, frequently called boulevards.' At a subsequent meeting of this board, about two weeks after, Mr. Wilson had read a letter from County Clerk James of Salt Lake county, which in effect denied the correctness of my statement. At Commissioner Wilson's request, this letter in substance was permitted to go of record. I merely replied that Chairman Anderson of the county board in Salt Lake county was my authority for the statement. I now wish in vindication of the facts, to say that on Tuesday last, June 16, the residence of Mr. C. B. Hollingsworth, I put the following question to James H. Anderson, chairman of the board of county commissioners of Salt Lake county: 'Mr. Anderson, did you not state to me a few days ago that the board of county commissioners had in at least two cases denied applications for the sale of spirituous liquors on your public highways in the suburban parts of Salt Lake City, to wit: to grant a license to parties for the sale of liquors in the house where a murder was committed last year?' Mr. Anderson replied: 'I certainly did and what you have stated to me is absolutely true. You can have my signature and that of the other commissioners to that effect if you so desire. We have absolutely refused to grant any license for the sale of liquors on these highways, or to any house in that locality within 40 rods of said highways.' I wish in justice to Mr. James, county clerk, to say that Mr. Anderson added, 'These applications were made to us as county commissioners verbally and not in writing, and when Mr. James was not present.' JOSEPH STANFORD.

The trustees of the North Ogden school district asked that a 2 1/2 mill special tax levied be made for the purpose of raising funds to purchase the free textbooks. The matter was filed for consideration at time special tax levies are made.

County Attorney Hulanicki recommended that the fire and game warden be instructed to place screens at the head of the irrigation ditches along Ogden river, to prevent the trout from getting into the ditches. Adopted.

Commissioner Stanford requested that 30 more citizens of Huntsville have signed the petition asking for the incorporation of their town. The election will soon be held.

A number of other matters of minor importance were disposed of and adjournment taken for one week.

CITY COUNCIL SESSION.

The city council last evening granted an increase in salary to Treasurer Moyes of \$20 per month. The resolution was passed over the mayor's veto.

The Oregon Short Line was given a 30-year franchise to construct a track to Becker's brewery. The bids for 3,000 feet of line rock were opened. W. G. Wilson bid \$34 cents per perch; Farr & Miller, \$3 cents per perch. The bids were referred to the committee on streets.

A number of bids were submitted for the construction of the sidewalks in the Jefferson avenue sidewalk district. The bids were not uniform. Some of the bidders bid by the yard and others by the square foot. The bids were referred to the street committee.

Bids for grading on the north side of Twenty-fifth street were received and the contract awarded to Corry Bros. & Co., at 44 cents per cubic yard. The usual bills and payrolls, and routine business were attended to.

SPECIAL ROAD TAX DEFEATED.

If Women Only Knew.

What a Heap of Happiness It Would Bring to Salt Lake City Homes.

Hard to do housework with an aching back. Hours of misery at leisure or at work. If women only knew the cause. Backache pains come from sick kidneys.

Doan's Kidney Pills will cure them. Salt Lake City people endorse this. Mrs. H. Haynes, H. Haynes, retired, residence 212 1/2 North State street, says: "For twelve or thirteen years I knew that my kidneys were not in the best of shape and after an attack of the grip in the winter of 1901 my nursing proved to be true for the sharp pain across my loins became so pronounced that I could neither stoop nor straighten after stooping without suffering. I noticed that my head aches very severely and that when in the violent stage of my illness I was unable to try Doan's Kidney Pills and went to the P. J. Hill Drug Co. store for a box. To say that the treatment surprised me is putting it mildly. Relief came in a few days and a short time afterwards the last attack stopped."

Sold for 50 cents per box by all dealers. Poster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

tax, voted on yesterday in eight different road districts in Weber county, resulted in a general defeat of the tax. With one precinct to hear from—that of Eden—who was defeated in all the others excepting Warrenton, where the opponents let it go by default. In Pleasant View the measure seemed to have but one friend, not even receiving the votes of the road supervisors' family. In the district of three votes were cast for a 2 1/2 mill tax, but as the proposition submitted was on a 5-mill tax, they counted against the proposition. In the following schedule the first five districts voted on the 2 1/2 mill tax, the other three on a 5 mill tax.

Special Correspondence. Santaquin, Utah Co., June 22.—Up to date the crops have failed to disappoint the culprits who partly succeeded in demolishing the town jail with dynamite about a month ago.

The crops in a line condition, including the beets, which look well. A few grasshoppers appear in patches, but their ravages are not feared.

GLENWOOD.

MRS. MARIA POWELL DEAD.

Veteran of 84 Lays Down Life's Burden.

Special Correspondence. Glenwood, Sevier Co., June 19.—This little cove looks very pretty at this season of the year. But the caterpillars are stripping the orchards of their leaves.

The water for this town comes from springs that rise about 300 feet above the town, forming a little lake and comes through a short steep canyon, forming an excellent waterpower. There are two mills located on the power and room to put in at least one more good power.

Death has taken another old veteran from Glenwood in the person of Maria Powell, wife of the late George Powell. She was born March 25, 1819, at Aldridge, Staffordshire, England. Joined the Church in 1849, and emigrated to Utah in 1864, crossing the plains in Capt. Rawlings' train, locating first in Heber City, but removing to Glenwood in 1865. Sister Powell has been an active member in the community in Sunday school and Relief society. She leaves five children, 55 grandchildren and 140 great grandchildren, and six great great grandchildren.

signation. Sister Nibley contemplates early removal to Salt Lake City, and for that reason was compelled to sever her connection with the Relief society, of which for seven years and since its inception, she has been the honored presiding officer. In sickness, in the death chamber, and in fact everywhere that the ministering hands of faithful women are needed, Sister Nibley has been ever present, and has performed a noble work in the ward.

The new officers are as follows: President, Sister Agnes Peterson; counselors, Sister Roundy and Sister Salisbury; secretary, Josephine Stoker; treasurer, B. J. Shurtliff; supervisor of Mother's department, Maggie Stoddard.

The members of the society participated in a farewell party given by Sister Nibley last Thursday afternoon, at which a delightful time was had. A beautiful vase, artistically decorated, was presented to Sister Nibley as a token of the esteem in which she is held by her associates.

Sister Lulu Perry Andrews, Stake president of Young Ladies, came up from La Grande and held two meetings with the Young Ladies of this ward, Saturday and Sunday, imparting instructions to them according to directions issued at the last quarterly conference of the stake. The meetings were well attended and all present were highly edified, as Sister Andrews is an earnest, forceful speaker.

Hot Weather Weakness.

If you feel fatigued out, listless and lacking in energy, you are perhaps suffering from the debilitating effects of summer weather. These symptoms are given by a tonic laxative, which will create a healthy appetite, make digestion perfect, regulate the bowels and impart natural activity to the liver. This, Herbine will do. It is a tonic, laxative and restorative. H. J. Freedard, Proprietor, Grand View Hotel, Cheney, Kan., writes: "I have used Herbine for the last 12 years, and nothing on earth can beat it. BLACKFOOT, IDAHO.

FOUL PLAY FEARED.

Mysterious Disappearance of Engineer J. A. Green.

Special Correspondence. Blackfoot, Idaho, June 22.—The friends of J. A. Green, a civil engineer, are greatly concerned over his sudden disappearance last night, and they fear that he has either met with an accident or is in some place of confinement. He was here yesterday, visiting friends. The team he was driving was found last night, by a rancher living on the west side of Snake river, wandering around without an owner. Mr. Green's home is in Denver, but he has been employed by the Short Line at Blackfoot for the past three years, but recently came to Blackfoot in the employ of the American Falls Canal company, who are constructing the immense ditch on the west side of the Snake river, near this place.

Sleeplessness.

You can't sleep in the calmest and stillest night. Why? Because of weak circulation poor, and digestion bad. Hood's Sarsaparilla strengthens the stomach, improves the circulation, perfects digestion, and brings about that condition in which sleep is regular and refreshing.

It does not do this in a day, but it does it—has done it in thousands of cases.

OBITUARY.

ELDER ROBERT M'KELL.

died at Spanish Fork, Utah, on the morning of the 8th of June, present year. He was born in Scotland on the 23rd day of February, 1823. At the age of 9 he was left an orphan. At an early age he apprenticed himself for six and a half years to a blacksmithing establishment, receiving at first 36 cents a week with board, and later 48 cents. He was a servant girl by the name of McFarlane who, by the way, was a Latter-day Saint of a strong proselyting disposition. She would not consent to marry him until he had been a member of the Church for a year. He was a member of the Church of Jesus Christ of Latter-day Saints.

On the 10th day of January, 1850, he sailed in the ship Argo from Liverpool in a company of 500 Saints bound for Zion. While crossing the Atlantic a storm of unusual severity drove the ship out of her course, and while thus drifting on a certain night—dark as pitch—a flash of light of great brilliancy revealed breakers ahead. A little while longer and the ship and all on board must have perished, but God in His great goodness saved them.

In 1851 he settled at Palmyra, just west of Spanish Fork. From then until shortly before his death he was engaged in farming and blacksmithing. He was always deeply interested in all progressive movements calculated to uphold this commonwealth, took an active part in the early Indian wars, materially aided co-operation in its struggling infancy, was a natural philanthropist and a solid pillar of truth and honesty.

He married his surviving wife at Palmyra in 1856. They are the parents of six sons, five of whom are living, one of them being Bishop Robert W. McKell of this place, and seven daughters, four of whom are now living; granddaughters to 61 and great-granddaughters to 1.

Brother McKell was buried on the 10th inst in his last year. His funeral was very largely attended and the remarks uttered by President Gardner and Elders King, Wilkins, Monk and Hanson eulogized the excellent character of the man as a Latter-day Saint of irreproachable character. Millennial Star please copy.
