# Evanston, the Metropolis of Beautiful Bear River Valley

VANSTON, Wyo., is the leading city of the great scenig Bear River valley and from a standpoint of health, climate, m and resources cannot be ex-

A. Evanston besides is a progresprosperous and thoroughly melitan city with a population rapidapproaching the 4,000 mark. Its tion above sea level is 6,759 feat consequently its death rate is very Il when compared to cities of lower ides.

Evansion derives its material ngth from the livestock industry, ensive coal deposits and oil fields ounding it, supplemented by the nd house and machine shops of the on Pacific Rallway company. Still better idea of progressive Evanscan be had when the statement is de that in 20 years' time but one dness failure has occurred in the

### SUBSTANTIAL BUSINESS.

The business men of Evanston have a substantial and steadily inaing business each year and the nkers of the city pronounce everyis in the best possible condition dally. Bank deposits are steadily the increase. Vacant dwelling are unknown quantities and tractors at all times are busy erectnew houses.

anston has six churches, four a, is lighted by electricity and its waterworks system. The city ris two weekly newspapers, one a house, two banking institutions, hotels and many restaurants, he-roome 40 business houses employs clerks with a yearly payroll of

worth \$18,000 to \$20,000 annually Evansion. The total number of wage carners in Evanston exceeds 500 and the Union Pacific Raliway company alone dis-tributes close onto \$26,000 annually to employes at Evanston. The general monthly payroll will run about \$46,000. The Evanston Coment works, a new and much needed enterprise, which was organized this fall is meeting with much encouragement. In the neighorganized this fall is meeting with much encouragement. In the neigh-borhood of L000 blocks have been turn-ed out recently by this concern and work will be continued all winter. The blocks now on hand will be used in the erection of a modern dwelling and will filustrate the practicability of this building material in Evanston. The promoters of this enterprise are M. W. and J. P. Isherwood, George Harvey and Jesse Hatten.

GOOD DOMESTIC COAL.

The Lezeart coal mine, situated 12 miles east of Evanston on the Fort Bridger and Evanston read and oper-ated on an extensive basis is doing a splendid business. The vein in this mine is over 70 feet deep and fur-nishes a large amount of excellent do-mentic coal. mestic coal. Extensive coal mines are also being operated at Almy, six miles distant from Evanston. Three mines are own-ed by the Rocky Mountain Coal commestic coal. pany, with principal offices in San

GREAT OIL FIELDS.

CEMENT CROSSINGS.

Evanston proper has recently added many substantial improvements, such as cement crossings, graded streets and the extension of its water and sewerage systems to all parts of the city. At the same time the Union Pacific Railway company has done its share. This com-puter has centralized a central any has established a gravity water ystem and put down many unles of ew sidetracks.

The general idea hold in Evanston a few years ago that the ranches in that locality were non-scale producing has been put to rest by the fact that grain, such as oats, rye and barty, of a very high quality is now produced. Oats yield from 40 to 60 bushels per acre. Wheat of a very fine quality is raised and yields 40 to 50 bushels per acre.

FINE POTATOES RAISED.

Several comparies composed of east-arn capitalists with the very strongest inductal backing are operating in the di folds surrounding Evanston. Very conservative of expects pradlet the folds will seen become known generally is the Penneylvaria oil district of the vest.

The oil of this dirivit is the very est, being of a parafflae bab and ap-lysis shows it to be of better than 46

ings. Evension has never experienced any fichticus boom, but grown steadily and substantially upon the uncrits of its important leastion, rich resources, bean-tiful surroundness and delightful, in-vigorating climate. It enjoys the dis-tinction of having more fine residences, school bulldings, business hand other other magnificent structures than other cities of its size.

There is a great deal of building mapped out for next year and its future is bright. The people of Evanston are of a progressive, genial disposition, and fuel a deep interest, as well as pride, in promoting the general welfare and building of the state.

### IDEAL PLACE TO LIVE.

Potatoes relied in the vicinity of Evanation are of an exceedingly flow quality and sugar beets contain from it to parts mechanics and no portion of the intermountain country can ex-cell the vicinity of Evansion in vego-table raising.

MANY GOOD DEALS.

francial institution, the Evanston Na-tional mark. This bank was opened for business May 1 last, with a capital of \$50,600. Its deposits today run very close to \$550,000. The institution creet-ed a handsome banking 1 uilding across the street from the efficient for the first National bank. The officers of the Evanton National bank are Dr. F. H. Harrison, president, J. L. Atkin-son, vice president, W. W. Riter, vice president, J. W. Carse, cashler. The board of directors includes several of the strongest men in finance in Wyo-ming. In connection with the bank is maintained a splendid savings depart-ment. In this department 4 per cent compound interest is paid. YEARS OF EXPERIENCE.

### YEARS OF EXPERIENCE.

YEARS OF EXPERIENCE, The First National bank of Evans-ton is the depository of government funds and the treasurer of the United States has made a deposit of \$50,000 with the institution. Glients of this bank are afforded the experience of 25 years' successful banking in Unita county. The capital of this institu-tion is \$50,000 and it is one of the safesi-and best known banks in Wyoming. Likowise this bank is one of the great chain controlled, by Mr. James E. Coss-griff of Salt Lake City. With the lat-ter as president fibre can be no ques-tion regarding the safest and sound business policy of the First National usiness policy of the First National

hank. As in the case of the Evanaton Na-tional bank the directors of the First Nutional are all men of wide experi-cure. Mr. George E. Pexton, one of the heaviest property owners in Evans-ton is vice president. Mr. Charles Stone, cashier, is also a heavy property holder and Otto Arnold, assistant cash-

Evanator's leading jeweiry company has for its motto, "Restless and sleep-less jewelers." This concern is the Edholm & Akin company. In the ess-tablishment is curried the largest line of jewelry in the city, and one of the most extensive lines in the intermoun-tain country. This company inspects watches for the Union Pacific Railroad company. company.

### LEADING ESTABLISHMENT.

LEADING ESTABLISHMENT. One of the largest mercantile estab-lishments in the state of Wyoming is maintained by the Beeman & Gashin Mercantile company, dealers in hard-ware, farm machinery, harness, furni-ture, etc. The active management of this mammoth business is in the hands of Mr. W. J. Cashin, vice president and general manager of the company. Mr. Cashin is one of the leading busi-ness men of Evanston and no more public splitted man dwells in the state of Wyoming than he.

of Wyoming than he. PROUD OF RECORD.

No Evanston resident is prouder of his record than Mr. I. Kastor, the lead-ing clothier of the city. For 22 years Mr. Kastor has been in business in the city and his trade is exclusively in men's goods. Nothing of a public na-ture is ever too small to engage the at-tention of Mr. Kastor and he is one of the leading members of every body that wishes to accomplish some im-provement for Evanston.

### STRONG LUMBER COMPANY.

One of the leading companies of Evanaton is headed by Mr. George C. L. Goodman, This is known as the Evanaton Lumber company. This com-pany supplies most of the lumber used in construction work in Evanston and Mr. Goodman is perhaps one of the bost known business men in the entire state.

SPLEXULUS THAT ACT. Evanston's leading pharmacy is con-ducted by the Evanston Drug com-pany. This place carries only the best of everything and a general wholesale and retail business is carried on. Its officers are all men of the highest standing in the community and it goes without saying that if pure drugs are desired that is the drug store to patestred, that is the drug store to pat-

### GENERAL MERCHANDISE.

The Burdett Mercantile company, wholesale and retail deniers in general merchandise, carry on one of the most extensive businesses in the entire Bear extensive businesses in the entire Bear River valley. So rapidly has the busi-ness of this concern forged ahead that it was necessary to seek larger and more improved quarters. The new home of the company is in the Phoenix block on the principal business street of the city. Another establishment in the same line is that maintained by Mr. I. Daw-son. What can be said of the Bur-dett Mercantile company can also be said with equal force regarding Mr. Dawson's establishment. Both con-cerns have been wonderfully successful

cerns have been wonderfully successful and each does an extensive business. COMMERCIAL CLUB.

No story of Evanston would be in any sense complete without reference being made to the splendid organization. known as the Commercial club. In-cluded in its membership are all lead-ing professional and hustness mar

ferior make and prohibitive price. "France, of course, is the country of dolls-dolls of every size and des-cription; way dolls, china dolls, rag hag dolls, and mechanical dolls, and, like the women of France whom they are supposed to represent, they are all beautifully clothed. In fact, a little girl who takes any pride in her doll's wardrobe can quite casily spend a city cleric's salary if she wishes to keep the poupee troussean up to date. Not only must she have dress-es and hats the exact replicas of models to be seen about the bouls-vards, but also the "ingerie" is a big item, and one in which no nicely brought up French girl would wish to shin her anything. GAME OF CUP AND BALL

GAME OF CUP AND BALL.

"Then there are games we hardly know of in England. We are con-tent to let our children learn at an tent to let our children bears at an oarly singe to play tennis and cricket and to ride bicycles. But the French child of the same age takes but small interest in these pursuits, wherefore the toymonger is obliged to cater for his jided appetite by inventing or reintroducing all kinds of weird games, both for indoors and out of doors. At the present moment, of course, diaboio has austed all other competitors out of the market in an even more marked degree than did plag-pong some seven years ago, and

ping-pong some seven years ago, and there is something approaching a "shamp" in the legitimate trade just at the moment. The pattledore and <text>

such as currants and gooseberries can be raised very successfully. In short, Evanston and vicinity is rapidly com-

"Parts is the home of the mechanical fog as opposed to the working model toy such as locomotives, staamhoats, and other types of engines. "There the toys on wheels worked by clockwork, such as trains, motors, om-nihums, etc. are beautifully apholsics-ed on the same lines as their real pro-totypes. But it is perhaps in the goo-logical department that the mechanical toy hole its most consemial areitheric.

glader arpariment that the mechanical glader along thewell-filled shelves an up-to-due tyshop will disclose the coverous eye of the little one association of of creatures which Noah meelf might will envy, they are all well behaved, the base with a rob-skin roat and a mechanical free
