

FLOATING FRAGMENTS.

Board of Trade meeting at the Council House this evening.
Pleasant meeting of Salt Lake Stake, at 11 a. m. to-morrow.

The Scientific American says there is no such thing as parting with a penny now let all this talk about it stop.

Changes of troops are rusticated on the haystacks on the borders of the city adjacent to the 5th ward.

Tomorrow will be All Fools' Day, that will be the day for the crowd to rejoice over the passage of the Edmunds bill.

If you should see a large stove-pipe out on the sidewalk to-morrow don't kick it too hard till you take the back out of it.

Many non-Mormon business men are worrying over the beginning of the business depression resulting from the passage of the Edmunds bill.

There is in Washington a young man who looks so much like Guiteau that the ladies who can no longer see the assassin are crazy after him.—Phil News.

Yesterday, Mr. Samuel Eggleston, of Ogden, completed the 15th year of his age, and is still hale and hearty. He has been connected with the Church forty years.

Last night Elder H. W. Nalabitt delivered an address before the Y. M. C. A. of Centerville, Davis Co., on the nature of such occasions, and how their usefulness could be enlarged and enhanced.

This is the season of the year when the gentle gardener puts 25 cents worth of seed into the ground and then stands guard over it for a couple of weeks to keep the birds off with a 75 double-barreled lever loading shot-gun.

Manly courage is a virtue of a higher and nobler origin than physical. It springs from a consciousness of virtue, and renders a man superior to the fear of reproach, opposition or contempt.

PEOPLE'S MASS CONVENTION.

A mass convention of the voters of the People's Party will be held at the City Hall, Salt Lake City, on Saturday, April 1st, 1892, at 12.30 p. m. to elect 15 delegates to represent Salt Lake County at the Constitutional Convention to be held at Salt Lake City on the 10th prox.

Important to Orchardists and Others.—At the 15th ward meeting, held in the Council House last evening, the subject of the codling moth and other devouring insects was freely spoken upon and the best known remedies introduced.

Seven pounds powdered lime, one pound black brimstone, 25 pound pulverized alum, will well together. This mixture will destroy the red spider, codling moth, black bug, bugs in peas, bugs in beds and other vermin.

Directions for use: Dust it on the trunks and branches of trees; the same on gooseberry shrubs to prevent mildew. But freely in sacks or bins of peas; let it remain through the winter, and in the spring the bugs will be all killed.

The following is a solution for destroying the weevil in wheat and cleaning it from smut: Pour one gallon of boiling water on one pound of the above mixture.

Ten pounds of the mixture, which is sufficient for a large orchard, may be had of Dr. E. L. Plant for 50c., with instructions, or parties can obtain their own ingredients and mix for themselves.

About Sweet Peas.—What is more beautiful or more fragrant than the old fashioned Sweet Pea? How rarely we see them of late! It is true that the same thing—the intense summer heat—which makes our season of "green peas" rather short, also interferes with the sweet pea. Those who would have sweet peas should plant them early and plant them deep.

The Ogden Chain Gang.—The chain gang, an institution organized for the special benefit of tramps, and vagrants in general, is in full blast in Ogden, and is fifteen strong.

Pinching Already.—Quite a large number of non-Mormon business men on the street are becoming alarmed and dependent already over the effects of the anti-Mormon legislation. One of them who expresses the views of a large proportion, remarked yesterday that business in Utah had not received so severe a blow since the great American and European financial crisis of 1873, as has been struck by the Edmunds bill.

Still Defiant.—We are requested to announce that owing to the detention of the Grand Opera Company in the C. P. blockade being more intolerable than was anticipated they will not appear at the Theatre to-night. The last intelligence received by Mr. Johnston is to the effect that the break is likely to be repaired in time to admit of the arrival of the company to-morrow. Should this be the case, Boccaccio will be presented in the evening.

Twelfth District School.—The Twelfth District school closed its third term to-day. It has been ably conducted by Mr. Waldemar Van Cott and wife, being the largest and best school ever maintained in the district. The trustees, Messrs. Thomas V. Williams, John Jacques and Henry McLaughlin, who showed a commendable degree of advancement, the new term will open on Monday.

SUCCESS.—The 14th Ward Assembly Hall was filled to repletion last evening, standing room being in demand, at the entertainment for the benefit of the Sunday school.

The programme was more than filled, by the addition of several members during an unavoidable delay. The quartets and duets were satisfactorily performed, while the dialogues, songs, and recitations combined to make part I, a very agreeable position of the entertainment.

The feature of the evening was the singing of "Burglar Alarm," in which Master John McDonald aroused numerous peals of laughter by his comic antics as the negro servant Dinah. The entertainment could doubtless be repeated with every assurance of being well patronized.

Mass County Constitutional Convention, at the City Hall, to-morrow.

A WONDERFUL DISCOVERY. For the speedy cure of Consumption and all diseases that lead to it, such as Asthma, Coughs, neglected Colds, Bronchitis, Hay Fever, Asthma, pain in the side and chest, dry hacking cough, tickling in the throat, Hoarseness, Sore Throat, and all chronic or lingering diseases of the throat and lungs, Dr. King's New Discovery has no equal and has established for itself a world-wide reputation. Many leading physicians recommend its use in their practice. The formula from which it is prepared is highly recommended by all medical journals. The clergy and the press have complimented it in the highest glowing terms. Go to your druggist and get a trial bottle free of cost, or a regular size for \$1. For Sale by Moore, Allen & Co., Salt Lake City, Agents.

Go to the Globe Bakery for your Confectionery and CAKES, where they are to be had pure and wholesome. H. AKHOLD.

School shoes for boys and girls. DUNFORD'S.

When a board of eminent physicians and chemists announced the discovery of a remedy for the most well known valuable medicine was produced, which would cure such a wide range of diseases that most all other remedies could be dispensed with, many were sceptical, but proof of its merits by actual trial has dispelled all doubt, and to-day the discoverers of that great medicine, Hop Bitters, are honored and blessed by all as benefactors.

WE still continue to sell Underwear at popular prices. At F. AUERBACH & BRO. d 89t.

ORGANS MEDALS AND TESTIMONIALS VERSUS Organs Without Them.

THE MASON & HAMLIN ORGAN COMPANY HAVE entered into Competition with American and European makers of Organs at all the World's Great Exhibitions with their various styles of Organs, from one stop to the most elaborate, and at each one of them they obtained the FIRST PRIZE and HIGHEST DISTINCTION OF DEMONSTRATED SUPERIORITY over all of the Most Celebrated Makers of Organs in Europe and in America. The most eminent Organists, Organists, Artists and Musical Critics in all countries have declared, in written communications, that these organs are unequalled by any others in the world.

THE MASON & HAMLIN ORGAN COMPANY, because a favorite of all the media and diplomas awarded to them, and the certificates of the directors of each of the World's Expositions, and sent throughout Europe and America, copies of which can be obtained at my office. It is not probable that European jurors would have permitted an American firm to carry away the evidence of so many victories over their own countrymen, if they could have honestly prevented it. If "management, intrigue and bribery" should have been used to influence the jurors in their decision, who will doubt that the awards would have been rendered on the other side of the Atlantic? If one firm has the opportunity to ever in its own case, the non-competition for awards is to be regarded as good evidence of greater honesty and a higher standard of uprightness in business, and superiority of instruments, than the vast majority of manufacturers are to be congratulated. But for the injury and success of the Mason & Hamlin Organ Company, resulting in the opening of an entrance for American made Organs to the Markets of Europe, these non-competitors and self-proclaimed makers of a superior class of Organs would not today have an agency in England. They called in under the colors of the Mason & Hamlin Organ Company.

DAVID O. CALDER, GENERAL AGENT. CATALOGUES AND PRICE LISTS MAILED ON APPLICATION.
