Dr. Humphreys.

It is a fact confirmed by the most ample experience that those who habitually resort to Humphreys' Specifics for aid and cure in their illness, have less sickness, better health, better growth, longer and more vigorous lives, than those treated by other methods. The fact is explained in the circumstance that these Specifies, because of the method of their composition, have a deeper and wider range of action than other medicines, and thus constantly tend to eradicate constitutional dis-

WIND WITHOUT AND CALE WITHIN

How Robertson in Cyclonic Mood Swayed "Oak" Canning,

CAUSED BY POOR SPRINKLING

Combative Councilmen Play Strong Roles at Last Night's Meeting of the Whole-Liberty Park Wells.

A howling wind swirled around the eaves and turrets of the city and county building last night, and playfully nipped off a branch here and there in wanton sportiveness among the trees and shrubs on the trimly laid out park. Out of pure sympathy a gentle zephyr arose in the council chamber, and this, too, quickly took on cyclonic force. Councilman Robertson was cast for the role of the tornado, and Cuncilman Canning gave a thoroughly adequate representation of a sturdy oak sway-ing in the tempest, but unbroken by

the violence of the storm.

The low barometer was occasioned by the report of Chairman Canning of the sprinkling committee. A resolution introduced by Robertson on Tuesday night and adopted by the Council called for a complete report on the city sprinkling-how many and what blocks were being sprinkled and how many

carts are in use.
When Recorder Nystrom finished the When Recorder Nystrom finished the reading of the sprinkling report Robertson remarked that it was vague and did not fill the bill as called for in his resolution. He, therefore, moved that a fuller report be tendered to the Council next Tuesday evening, and the motion was adopted. The Fifth precinct, he said, had fared better since the matter had been agitated, but he would like a little time to see whether or not this was simply a spurt thrown out as a as simply a spurt thrown out as a

Canning hedged a little. He said that if Mr. Kobertson had not been so precipitate, and had allowed the sprinkling compatition a little time. committee a little time for getting their committee a little time for getting their heads together, a fuller report might have been given. Then he shot a sly dart at Robertson by insinuating that the work would have been done better if some of Robertson's proteges had not been employed. The effect on Robert-son was considerably dynamic. "You can't pane a single man in the sprinkcan't name a single man in the sprink-ling department who was recommended by me," he shouted, coming towards Canning, and shaking a threatening

foredinger at him.

"Why, you have come to me with recommendations," retorted Canning, "and I can prove it by the records both this year and last."
"You don't know what you're talking

about," said Robertson, edging neaver to Canning with a Fitzsimmons-like look in his eye, but Chairman Edgar Howe, who was acting as referee, broke the clinch and ordered the disputants to their corners, which closed the incident. LIBERTY PARK WELLS.

City Engineer L. C. Kelsey was instructed to prepare estimates of the cost of utilizing the water from the flowing wells southeast of Liberty park, which it was stated would increase the daily city supply by something like 5,000,000 gallons if it could be pumped into the water system. It is thought this could be done for less than \$40,000.

PLEASANT VIEW DITCH.

The irrigation committee discussed the Pleasant View ditch question with a committee of farmers. These want \$2,500 damages, while the city thinks \$1,200 would be ample to restore the ditch to its old-time condition.

VARIOUS COURT CASES.

The executors under the will of the late Frederick H. Auerbach filed a petition in probate yesterday afternoon for authority to sell some personal property belonging to the estate. This includes twenty-five shares Utah Commercial and Savings Bank stock, sixeen and two-thirds shares of the Co mercial National bank, fifteen of the National Bank of the Republic, five of the Utah Savings and Trust Co., fifty of the Salt Lake board of trade, thir-ty Odd Fellows' Building association, 150 Syndicate Investment company, ten Salt Lake county bonds, a gold watch and a library of books. Hearing of the petition was set for June 7.

Yesterday afternoon Judge Hall heard the petition for admission to probate of the will of the late George Q. Cannon. The hearing was informal, and John G. and George M. Cannon and W. C. Spence were examined, and the executors, Angus J., Lewis T., Syivester Q., Hugh J., Tracy Y., and John M. Cannon were confirmed to act with-out bends under the provisions of the

FLAG DAY EXERCISES. Patriotic Songs and Addresses in the

Public Schools. In all of the public schools yesterday patriotic exercises were held in honor of "Flag day." The exercises consisted of addresses from veterans of the civil and Spanish wars. This was done in accordance with the expressed wish of the board of education, as a sort of forerunner to Memorial day. And while in almost every school addresses were made by an old and a young veteran the children themselves were given something to do in the way of sing-

ng patriotic songs. They entered into their portion of the program with en-The program at the High school was especially interesting. The students of that school are noted for their high strung nerves and yesterday they were more wrought up than usual. And hap-pily Judge Botkin, who gave the ad-

WOULDN'T SELL IT. Her Pure and Clear Complexion Not For Sale.

A Cornell girl was put on a Grape-Nuts diet and discovered some facts. She says: "While a student at Cornell I suffered from improper diet. The banquets and other social functions-with their rich refreshments-served to completely upset a stomach already weak from rich pastry, highly seasoned meats and confections furnished by lov-ing parents at home.

I became irritable, nervous, and my

appetite became more and more capricious. Only rich, highly seasoned food suited me, and this further wrecked my health. I was sailow, having lost my pink and white complexion. I became dull eyed and dull brained, the victim agonizing dyspepsia and intestinal

I was finally forced to leave school and came home an irritable, wretchedly slek girl. The plainest food disagreed with me, and I bade fair to starve to death, when a physician advised my physician to put me on Grape-Nuts Pood diet. To make a long story short, he transformation from wretched ill realth to good health was marvelous. I liked the new food so well, and it agreed with my tortured stomach per-fectly, regulated my bowels, my headaches left, and the color of the skin gradually grew better. In 8 months I found myself rosy, plump, and strong. I would not sell my clear complexion, bright eyes and general good feeling for the coxtliest, richest mess of Delmoni-

can pottage. I returned to Cornell, finished my to if the meeting would be adhered to cornell, inished my course, and can now study, think and live. The food that enabled me to regain my health I shall never forget."

There were two contests in oratory coln and Webster, were placed on the stand and were draped with the national colors. Principal George A. Eaton acted as master of ceremonies and introduced Judge Botkin in a very graceful manner. The latter was equal to the occasion and held the interest of the students to the end. He closed with an eloquent tribute to Washington and the Revolutionary patriots. He was tendered three cheers and a tiger by the enthusiastic students. The exercises vere closed by the singing of "America, by the entire assembly.

DOXEY EXAMINED.

Was Before the Committee on Teachers and School Work.

At last night's meeting of the Board of Education's committee on teachers and school work, Principal Samuel Doxey of the Hamilton school was under discussion. All the teachers in the Hamilton school were present with a request that he be transferred to some other school, as their service under Mr. Doxey had not been of an agreeable nature. Some of the patrons of the school were also present in favor of Mr. Doxey, but they were not asked to appear before the committee. The reason for Mr. Doxey being under dis cussion last night was the fact that the committee was considering the employment of teachrs for the coming school year and Superintendent Cooper had declined to recommend Mr. Doxey for position during 1901-2. It was said at the resetting that Mr. Dovey had been offered a position in the schools at Og-den and it was thought likely he would be allowed to accept it.
