

LOCAL AND OTHER MATTERS.

Removal.—Judge Emerson and family have removed from Provo to Ogden, with the intention of permanently residing in the Junction city.

Heavy Snow.—A correspondent at Tooele writes that a heavy snow fell there recently. Another at Morgan, informs us that 12 inches of snow fell there during last Friday night.

New Music.—"Starving Insects," "Where's the Polly, or Midsummer Song," and "The Mulligan Guard Chorus," instrumental pieces, are among the gems just received at the music store of Mr. George Careless.

Resigned.—Elected. At the meeting of the City Council of Provo, last Wednesday evening, Mr. Joseph B. Keeler, local editor of the *Register*, resigned his office of City Recorder of Provo. The vacancy was filled by the election of Mr. Verla L. Halliday to the position.

Earthquake Shock.—The following cable over the wires this morning, as a special to the NEWS: TOUQUVILLE, Utah, April 19th, 1880.

"This morning, at 2:53 o'clock, there was a heavy shaking of the earth, which seemed to pass from north-west to southeast."

Seventies Meeting.—The Seventies will please take notice that their regular general meeting takes place on Wednesday the 21st inst., at 7 o'clock p.m., at the Council House. Brief addresses will be delivered on the occasion.

JOSEPH YOUNG, Senr., JOHN VAN COTT, W. W. TAYLOR, ROBERT CAMPBELL, Clerk. Salt Lake City, April 19, 1880.

Off to Morrow.—The board of directors of the Territorial Insane Asylum now in contemplation, will start to-morrow on their tour of inspection through the counties of Davis, Weber, Salt Lake and Utah, for the purpose of locating a site for the Asylum. Their first destination is Farmington. Governor Murray, who, by the Legislative Act, is made an ex-officio member of the board of directors, will accompany the party.

The "Miner" Threatened.—The Silver Reef *Miner*, it appears from the latest issue of that paper that has reached us, has been threatened with a general "cleaning out," by anonymous "Avengers," if it publishes anything more about Captain Lubbuck and the Christy mine affair. The *Miner*, however, asserts its right to speak all it wishes upon that subject, and pointedly the "Avengers" determined resistance, with guns and ammunition and all such things, if they attempt to carry their threat into execution.

Distinguished Visitors.—Saturday night's express train from the north brought to this city a company of 130 tourists, ladies and gentlemen from Boston, and other eastern cities, on their way to California and the various localities of interest in the Great West. The party desired to see the capital of Utah, while in such close proximity to it, and consequently got off at Ogden, to run down to our city. The company consists of State governors, editors, legislators, lawyers and eminent citizens, besides quite a number of ladies, who are in intellect and appearance, equally distinguished with their male companions.

The tourists are under the guidance of Dr. Ordway, of Lawrence, Mass., who, it appears, has been here before, and it was at his instance that the party started from the east, with the design of including the "City of the Saints" among the objective points of their excursion. A large number of the travelers were at the Tabernacle yesterday, and to-day continued their observations of the main points of interest. They left, by this afternoon's train, for the West. We bid them "welcome" and "good bye," at once, trust their visit here was repaid in what they saw and heard, and extend our best wishes for the enjoyment of their tour of pleasure across the continent.

"Did Not Know."—The *Herald* came out yesterday morning with a booming article on the Drake Suicide, and a very good article it was. But in prefacing the communications of Mrs. Margaret Drake to the *Thompson* and *Sexton* Taylor, and reviewing the incidents connected with the late fatality, our contemporary says: "On this subject the *Herald*, from the first, took the ground that it was a suicide; the *News* did not know, etc. From this the reader is left to infer that the *Herald* did know. Now it seems that that paper seems to have known, we would have given the *Corner's* the benefit of our valuable knowledge and assisted in the bringing out of a more decisive verdict, thereby relieving the public mind of the stress of suspense and anxiety. We are hardly prepared to believe, though, that our worthy coten knew anything more about the matter, at the time, than anybody else. That it had a suspicion, and on that suspicion based a theory, is evident, but that is all. That the *News* "did not know" is cheerfully admitted. It makes no pretensions of knowing a thing until the thing has been proven. We stated the facts as we learned them, and awaited future developments. Last Saturday further particulars arrived, and were published by this paper the same evening. At the time of the suicide, we cautioned people against making assertions which could not be substantiated, and we still consider that this is the better way. We congratulate the *News* on its success in the late success in guessing and hope it may always be equally lucky in hitting the nail on the head. Shake!

Elders Meeting.—The regular monthly meeting of the Seventeenth Ward of Elders will be held in the 21st Ward Meeting-House, on Thursday evening next, at 7.30. A full attendance is requested.

A Household necessity, JAMES Extracts.

The Saints' Services.—The Assembly Hall was again filled to its utmost capacity yesterday afternoon, the congregation including a large number of visitors from Boston, who arrived here Saturday night. After the opening prayer by Elder H. W. Naisbitt, and the usual preliminary services, the assembly was addressed by Apostle Orson Pratt, whose discourse was very interesting, powerful, and well adapted to the occasion. He began by reading the 16th verse of the 102nd Psalm: "When the Lord shall build up Zion, He shall appear in His glory." Before the Lord would appear with his holy angels, in the second advent, a preparatory work would have to be performed, that is, the building up of Zion. The true Church of Christ was, in one sense, the Zion of our God. All the people of God, acknowledged by Him in all ages, held communion with Him, had inspired prophets, revelations, gifts, spiritual manifestations, etc. When these ceased on earth, the Zion of our God ceased to exist among men. The ancient apostles and prophets foresaw that a general apostasy would take place after their day, and predicted it. Their predictions were fulfilled. Fifty years ago the whole "Christian" world denied the principle of revelation from God in our day. But this condition of things was not to continue. The Scriptures which spoke of the building up of Zion, previous to the appearance of the Lord in the brightness of His glory. Daniel predicted the raising up of a kingdom, in the latter days, which should stand forever, while all other kingdoms were to be swept away. The kingdom set up in the days of the Savior was not that which Daniel spoke of, for it was overcome and rooted out of the earth, and furthermore the time had not then come, for the image had not been fully completed, and the stone, which represented the kingdom of God, was not to be cut out of the mountain until the image, representing the earthly governments, was completed down to the toes. The speaker referred to the revelations of God given in the setting up of the latter day kingdom, the restoration of the holy priesthood, and the beginning of the work of building up Zion to prepare the way that the Lord might appear in his glory. He quoted further from the 102nd Psalm to show that when this work of building up Zion should be performed, it would be at a time when the nations and kingdoms should gather together to serve the Lord. He also referred to Isaiah, 2nd chapter, which speaks of the people gathering, from all nations to the house of the Lord in the tops of the mountains, to serve God and build up Zion. He contrasted churches built by men, and a house erected by revelation from God, and described the glory which should rest upon the Lord's House preparatory to His coming, when the tidings would go forth to all the world, and nations and kingdoms would turn from the false religions of men and go up to Zion to learn the way of the Lord. Elder Pratt also read from Isaiah, 18th chap., which speaks of "a land shadowing with wings, beyond the rivers of Ethiopia," and showed that it referred to America, the north and south "wings" of which the prophet saw in vision. On this and, "on the mountains, the Lord was to lift up an ensign for all the dwellers on the earth. This ensign was also spoken of in the 5th and 11th chapters of Isaiah. It was to be "lifted up from afar," and the people should come "with speed swiftness," not only the Gentiles, but Israel and the Jews should be gathered in the great work of the latter days. Isaiah, in the 62nd chapter, spoke on the same subject, and described the casting up of the great highway for the swift passage of the people to Zion in the mountains. Although we were located in these upper regions, yet Isaiah, 32nd chapter, said the city should be "low, in a low place." Elder Pratt showed how this city corresponded with this description, compared with the mountains, where the prophet said it should "shall, coming down on the forest." The speaker then referred to the future of Zion. "A little one shall become a thousand, and a small one a strong nation. Isaiah, 62nd chapter. "Thy seed shall inherit the Gentiles and build up their desolate places (Isaiah 52); Zion would break forth on the right and on the left, and the great central city would be built of the most precious things. Out of Zion, the perfection of beauty, God would shine. Upon every dwelling place of Mount Zion there would be a cloud by day and the shining of a flaming fire by night." The speaker closed by bearing testimony that God had spoken in our day, had commanded to build up Zion, and that the Latter-day Saints were his chosen people.

The choir sang the anthem, "Arise, shine, for thy light is come," the accompaniment to which was played on the new organ.

Elder Joseph Johnson pronounced the benediction.

Police Court.—This morning, two boys were fined \$10 each for committing an assault on a Chinaman, which event happened on the State Road, yesterday afternoon, about 3 o'clock.

Four other small boys were up before the magistrate, charged with stealing money and other articles, from a house near the Hot Springs, on day last week. After considerable prevarication on the part of the youngsters, they finally confessed to having committed the theft, but it being ascertained that the stealing was done in Davis County, they were discharged for lack of jurisdiction.

The Justice administered a reprimand and the boys expressing contrition and promising to do better.

IT IS TRULY WONDERFUL

TO SEE what improvements now exist as compared with railway travel only a few years ago. To become convinced of this, one has only to select for his route East, the popular and well-known

CHICAGO & NORTHWESTERN RAILWAY. You are landed by the Union Pacific at B. R. in the Union Depot at Council Bluffs, where stands the C. and N. W. Pacifie train, composed of Pullman Hotel Cars, Pullman Sleeping Cars, elegant Day Coaches, Smokey Baggage, Postal Cars, etc., ready to convey its passengers through Iowa and Illinois, and into Chicago. Gliding smoothly along over the superb track of steel rail through thriving cities and villages, comfortably seated in this train, one scarcely discovers the high rate of speed which he is riding. Trains of this road are always on time, sections sure, and passengers seeking pleasure, comfort, safety and ease in traveling, will find the "Northwestern" in excess of their expectations, and the greatest of all routes to Chicago and the East. Insist upon Ticket Agents selling you Tickets via this road; all Agents will then, examining your Tickets, and refuse to buy if they do not read over this Road. If you wish the best Traveling Accommodations, you will buy your Tickets by this Route, and WILL TAKE NO OTHER.

I Wish Everybody to Know.

Rev. George H. Thayer, an old citizen of this vicinity known to every one as a most influential citizen, and Christian Minister of the M. E. Church, just this moment stepped in our office to say to every body to know that I consider that both myself and wife owe our lives to Shiloh's Consumption Cure. Drs. Matchett & Fraico. Bourbon, Ind., May 15, 78. Sold by Z. C. M. I. Drug Department, Wholesale and Retail, Salt Lake City, Utah.

For all the bitter opposition of jealous rivals, no better illustration could be had of this fact than the immense sale already attained by the great Throat and Lung Remedy. Dr. Aug. Kaler's German Elixir. For the cure of Coughs and Bronchial Affections, it is truly wonderful, even the most stubborn Consumption in advanced stages find great relief, and numbers of patients have found, to their delight, not only relief, but cure. It being perfectly harmless, makes it at once popular with mothers, who of all others have felt the necessity of such a medicine. The genuine bears the Prussian Coat of Arms, the fac-simile signature of Dr. Aug. Kaler, and has his name blown on every 75 cent bottle. A trial size may be had for 25 cents.

POLITICAL BUSS.—Kearney's advice to all parties is to "pool their issues." We think a good deal and do, that we should bury the dead issues of the past. As a healing compound for all ills, Sozon, cures wounds, etc. there is nothing equal to Henry's Carbolic Salve. Beware of counterfeits.

It should occupy a place on the toilet of every lady in the land; for if the middle aged need it to renew the bloom of their youth, the youthful need it equally to preserve and lighten their natural complexion. The unpleasant effects of perspiration are entirely removed by it, and the irritation occasioned by dust and heat is succeeded by a refreshing coolness, and an application of "GLENN'S SULPHUR SOAP" is also the best of counterfeits.
