SHUTOUT HANDED TO BUTTE TEAM

Miners Get Only Three Hits and Not a Run Crosses the Plate for Them —Helena Beats Boise.

HOW THEY STAND.

	Won.	Lost.	P.C.
Helena	28	13	.683
Salt Lake	20	15	.635
Butte	18	23	.439
Boise	10	31	.244

"Slim" Hall, the elongated twirler who officiates on the rubber for the Salt Lake team, had the Indian sign on the Butte Miners yesterday, letting them down with three little hits and not one run. For nine innings Hall had his opponents up in the air, and they could do nothing with twisters he fired over the plate. Hall had perfect control and try as the Miners would they could not connect with the ball hard or often enough to bring in a run.

Marshall's work for Butte was good but the Skyscrapers made eight hits and they were the kind that makes runs. Salt Lake getting four of them.

The fourth inning saw the beginning of Salt Lake's victory. Kelly hammered out one good for two bases, Flick came out with a bunt, which he beat. Whaling sacrificed and McQuaid knocked one down to Fitzpatrick at third. Kelly was in a dangerous position between third and home, but scored when Portier threw a high one. Flick and McQuaid then scored on Goodman's single after Hall fanned.

In the seventh Goodman went down on being hit by the ball and got to third on Hammond's hit. The latter tried to pilfer second and Fortier again made a wild throw, scoring Goodman.

The third was the only session in which Butte had a real good chance to score. The bases were filled but Hall was equal to the occasion and held the enemy safe. The time of the game was 1:15, equal to the record on the local diamond. The score follows:

HELENA BEATS BOISE.

"Jocko" Thomas had the Irrigators at his mercy in the game at Boise yesterday afternoon, letting the home team down with three singles. Boise made but one run while Helena landed four men across the plate. McKibben again held the indicator and did much better work. The score:

CAPEWELL LOSES TO OLD RELIABLE

Boggs, Coming from Bad Position, Noses Out Ahead in Handicap— —Work Box Runs Good Race.

One of the best programs of the meeting was that of yesterday afternoon at the fair grounds track. The horses in each race were classy, running well to form, the finishes were good and the winners well played.

A race that compares favorably with any during the meeting was the fourth, the Wilson Hotel handicap, in which Boggs, nearly always a favorite, came up the stretch from a bad position and with a fine burst of speed nosed out ahead of Capewell, running the seven furlongs in 1:23 4-5, making a new state record for the distance on a half-mile track.

In the first event Belle Brady was posted at 6 to 1, the longest shot of the day to win. The horse took the race with but little trouble.

The second saw Salvage run away from Esther M. and Garland. The latter was played considerably to win but came in behind Esther M. Work Box again brought money to the owner and those who had bet on him, taking the mile in a runaway style and beating a fast field several lengths. The talent was upset in the last race when Billy Mayham beat Platoon and J. W. Fuller. A summary of the events follows:

First Race—
Belle Brady, 6 to 1, won.
Voltrome, 9 to 10 place, second.
Cobleskill, 3 to 2 show, third.

Second Race—
Salvage, 3 to 5, won.
Esther M. 6 to 1 place, second.
Garland, 1 to 2 show, third.

Third Race—
Work Box, 7 to 2, won.
Mike Jordan, 2 to 1 place, second.
Figent, 2 to 1 show, third.

Fourth Race—
Boggs, 6 to 5, won.
Capewell, 2 to 5 place, second.
Valencia, 2 to 5 show, third.

Fifth Race—
Legatee, 2 to 1, won.
Arcourt, 6 to 1 place, second.
Lucy C., 2 to 5 show, third.

Sixth Race—
Billy Mayham, 3 to 1, won.
Platoon, 7 to 10 place, second.
J. W Fuller, 1 to 2 show, third.

DIGNIFIED PRESS CLUB REPLIES TO "AD" CLUB

The following was found on the desk of the sporting editor this morning and speaks for itself:

"Attention has been called to members of the Salt Lake Press club, an organization composed of dignified, law-abiding and athletic gentlemen, to the existence of a so-called 'Ad' club, but which is really nothing but a gang of mental misfits who are looking for trouble, and seeking it by hurling insinuations at the high-minded body known as the Press club.

"This aggregation of penny-a-line alleged ad writers actually had the gall to challenge the Press club to a game of baseball to be played July 1 at Lagoon for the world's championship. As the Press club holds the pennant it was at first decided to pay no attention to the challengers, but finally it was agreed to give the collection of freaks the trouble they are looking for. The Press club members are law-abiding and do not believe in slaughter, but sometimes patience ceases to be a virtue and heroic measures are sometimes necessary. We will give them the walloping of their lives if the police are willing to release some members of the alleged 'Ad' club team, but in any event the line is drawn on one Malcolm McAllister until certain explanations are made about the disappearance of two billiard balls from the Press club's handsome quarters on a recent occasion.

"Captain of Press Club Famous World's Baseball Champions."

It was hoped that such trouble would be avoided but it now seems that nothing can prevent the clash. It has leaked out that McAllister will not play on the team, but has signed articles of agreement for a boxing bout for the Main street championship with John Critchlow. As both Critchlow and McAllister were said to be doing road work today neither could be seen to verify the report.

GOOD PROGRAM OF BIKE RACES TOMORROW NIGHT

Manager Harry Heagren has arranged another good program of bicycle races for tomorrow night. The features will be a 10-mile motor-paced race between Munro and Wilcox, and a five-mile open lap. Both riders have been training a great deal during the past 10 days and are said to be in fine form and will put up a hot contest. There will be a fast field in the five-mile open. There will be a three-quarter-mile handicap professional, an unknown distance amateur and an Australian pursuit amateur.

"PENNY" GOSSIP.

Women and children are admitted free to the ball park today. The bleachers are reserved for the latter.

There is a big bunch of Salt Lakers who don't care a cent whether there are any horse races or not, just so arrangements can be made to have Boise here for a series of ball games during the Fourth week.

St. Anthony is to have a first class ball team this year "Dad" Gimlin, the famous Lobster chief of Ogden, has gone to the Idaho town to manage the team. He has taken with him Wessler, Murphy and Hansen. With Gimlin on the job the other teams had better watch out.

Word has been received from Rock Springs, Wyo., to the effect that Chalky Germain, one of Willard Bean's Goldfield pupils, knocked out Kid Soulsby Tuesday night in the first round of their scheduled 20-round session. Soulsby hails from Denver and was touted as a good one. Germain is receiving considerable praise for his victory.

It is sometimes amusing to listen to the fair sex talk about a ball game, especially when they know little or nothing about the national pastime, but it is also amusing to hear them talk about ills and automobiles as for instance, the following was overheard on a car the other day:

First Woman—"They do say that her husband has acquired locomotor ataxia."

Second Woman—"I don't think much of those cheap cars; my husband has an imported one."

The pitchers in the two big leagues seem to be getting down to business and showing what they really can do. For instance, in the American league, there have been only two one-hit games and six two-hit games pitched up to Saturday. Joss and Coombs pitched the one-hit contests, while Powell has officiated in two of the two-hit games with "Cy" Young, Pelty, Frank Smith and Chech doing the flinging in the others. Camnitz and Overall are the only National league pitchers with one-hit games to their credit, while Mathewson, Bell, Fromme, Ewing, Beebe, Mattern and Ferguson are the ones off whom only two hits have been made.

To serve without pay, except what they make on commissions for sale of licenses, the following deputy game wardens have been appointed by State Fish and Game Commissioner Fred W. Chambers: Millard county, William Cummings, Fillmore; Orson Johnson, Holden; Hans Eskilund, Scipio; John Lovell, Oak City; George H. Walker, Hinckley; Peter Black, Deseret. Beaver county, E. A. Wilden, Milford

"Heine" Berger of the Naps, "Rube" Waddell of the Browns and Frank Smith of the White Sox are having a great race for the strike out honors of the American league. Berger has fanned 54 men in nine games, an average of six. Waddell has whiffed 56 men in 11 games, an average of five, while Smith has fanned 84 men in 17 games. His 17, however, does not represent completed contests, so his average for nine inning battles would probably be in the neighborhood of four or five.

MOREAU BEATS BROWN.

Paris, June 24.—Marcel Moreau, champion of France, at 124 pounds, beat Peter Brown, champion of England, at 135 pounds, on points in a 20-round match here last night. Moreau knocked Brown down five times in the course of the fight.

Woodman, manager of Sam Langford, has offered to take both men to America to fight three matches in July.

RACE MEETING ENDS TOMORROW

State Fair Association Refuses to Grant Extension of Ten Days To Utah Jockey Club.

By a vote of 7 to 3 the board of directors of the State Fair association refused to grant the Utah Jockey club an extension of 10 days, and after the program is run tomorrow afternoon the end of the meeting will have been reached and many of the horsemen will ship their horses to Butte for the meeting there, beginning July 5.

The directors were in session yesterday afternoon from 2 until 5:45 p. m. and the vote was as follows:

Against extension—J. G. McDonald, W. C. Winder, John H. Seely, Mt. Pleasant; T. H. Smith, Logan; R. R. Irvine, Provo, (by proxy); C. A. Hickenlooper, Ogden; Mrs. W. W. Riter, Mrs. N. A. Empey.

For extension—Lester D. Freed, M. K. Parsons and W. F. Armstrong.

The meeting and its result engendered some bitterness between President J. G. McDonald and Director Lester D. Freed. The former headed the fight against a continuance of the races, and the latter championed the cause of the horsemen and the jockey club. Immediately following the vote Director Freed tendered his resignation and stated that he took the action because he had opposed President McDonald and could not consistently remain a member of the board, but not because he had been outvoted.

This morning President McDonald was asked for a statement of just what transpired at the meeting but declined, at the time, to say anything further than that the members had all agreed to say nothing for publication. He said, however, that later he might issue a statement. Last evening Mr. McDonald said Mr Freed was "in a bad position" and also that some time ago Mr Freed agreed with him that the races ought to close but that suddenly he had "experienced a sudden change of heart"

LESTER FREED'S STATEMENT.

Director Freed issued the following statement:

"I resigned from my position as a director of the Utah State Fair association because under present conditions all of the directors, save Mr. McDonald, president of the board, are absolutely uesless. When the board is so dominated by its president that no member of the board not in the good graces of the president has any voice in the proceedings of the board, then, in my opinion, there is no place on the board for persons who do not agree with the president. When it is possible for the president of the board to give out an interview prior to a meeting of the board, and purporting to speak for the board, just what the proceedings of the board will be, I cannot for the life of me see of what avail such a meeting can be.

To my mind, President McDonald's actions in connections with the lease of the Utah Jockey club and with several other matters, have been unsatisfactory.

"I do not care to have my motives misconstrued. The members of the management of the Utah Jockey club are practically strangers to me, but I know that Mr. McDonald, above all other members of the board, was morally obligated to vote for an extension of 10 days to this club of the lease on the fair grounds track. I resigned, not because I was outvoted in this proposition, but because I cannot tolerate the actions of the president of the board in eternally usurping the rights of the entire board."

LETTERS AND PETITIONS.

When the discussion began at the meeting Mr. Freed read a letter from Treasurer W. H. Gleason, setting forth the position of the Utah Jockey club and the plea of the horsemen for an extension of 10 days. He said that to close at this time would be a great loss to the horsemen as many of them had brought horses from agreat distance to enter them in the big stake events at which about $15,000 would be distributed. Freed claimed that President McDonald has exceeded his authority in announcing that the races would close on the 25th without a meeting of the board. He also claimed that President McDonald had given the jockey club assurances that the meeting would continue for 10 days.

President McDonald read a petition from numerous business men asking that the racing be stopped and he also produced letters from Senators C. A. Badger and C. E. Marks and from Representative Cannon, asking that the meeting be brought to a close.

MAY GO TO DAVIS COUNTY.

Treasurer W. H. Gleason took the blow in a quiet manner and said:

"The decision of the state fair board not to extend the meeting to the expected limit of 10 days was a great disappointment to us, but inasmuch as this decision represents the voice of a majority of the directors, we will accept it gracefully and without complaint or criticism. It means quite a big loss to us and a great inconvenience and loss to horsemen who expected to share in the distribution of the $15,000 or $18,000 additional purse money that we would have distributed in the 10 days, but it cannot be helped now. The meeting will end after the card is run off Friday afternoon, in accordance with the officially expressed wish of the fair board directors."

It is expected that by Saturday nearly all the horses will be shipped out of the city. Most of them will go to Butte for the meeting there next month. With reference to the Davis county proposition mentioned a few days ago Mr. Gleason said:

"You may say that it is our aim to build a mile track, one of the best in the country, and that some of the very best men in the state will be associated in the project."

ABOUT GOOD ROADS IN THE UNITED STATES

A late report from the east shows an alarmingly low percentage of good roads in the United States. Although the United States is a leader in most things it is up to the present time sadly lacking in one of the great essentials of a well balanced country. The following is the report.

GOING TO PITTSBURG.

Pittsburg, June 24.—Champion Jack Johnson will be in Pittsburg next Monday to fight Tony Ross six rounds at Duquesne Gardens on Wednesday evening.

Frank Sutton, a local fight promoter, has prevailed on the dusky champion to reconsider his determination not to come here. Sutton received a telegram from Johnson last night which read:

"Will arrive in Pittsburg Monday. All O. K."

Johnson will be guaranteed $2,000 for his bout here.

SUBURBAN DAY; SHEEPSHEAD BAY

Eight Fine Horses Start in Historic Handicap—Entries, Weights And Jockeys.

New York, June 24.—This is Suburban day and all roads end at the beautiful Sheepshead Bay race track.

For 25 years the Suburban handicap has been the magnet that has attracted thousands of spectators to the track on the bay with its wide reaches of green lawns, towering oaks and beds of multi-colored flowers, and today when the bugle calls the horses to the post, doubtless the big stands will hold their full complement of men and women of fashion, bankers, lawyers, merchants and of the big aggregation of "regulars" who never miss the chance of attending a horse race and incidentally of having a financial interest in it.

Among the eight horses carded to start in the Suburban today, there are no such sterling performers as Salvator, Henry of Navarre, Ben Brush or others of that ilk which once had the honor of leading home their fields in the classic event, still there is class among them enough to warrant the belief that with fair weather and a fast track, it will be a race from the rise of the barrier until the mile and a quarter has been covered.

HILDREDTH'S HORSES.

Sam Hildreth, the chief winner of stake events thus far this year on the Metropolitan circuit, has nominated Restigouche and Fitzherbert to carry his colors and the pair has been made a favorite by the betting contingent. It is thought he will declare to win with Fitzherbert and that Restigouche, the Keene cast-off, will be sent out to cut a pace that will break the hearts of all those behind him save his stable mate—repeating if possible the tactics employed in the Brooklyn handicap, when the Commando ran ahead of his field to the head of stretch and then was pulled out to let King James in on the rail.

Alfred Nobel, C. L. Harrison's nominee, qualified for the Suburban in grand style by winning the Parkaway handicap last Monday and the accuracy of reports that came from Latonia of fast workouts by King's Daughter has been verified by the fact that McDowell's mare stepped in the Suburban recently in a trial here in 2:05 3-5.

The three-year-old Effendi has also been working great guns since his arrival from the south and with only 85 pounds up is expected to be among the front runners when Mars Cassidy heads the field away. Little Butwell will guide John E. Madden's Ogden colt Fayette in the race today and there are among the horsemen those who would not be surprised to see the colt that last year was rated second only to his famous stablemate, Sir Martin, run a good race. Fashion Plate and Arcite also have their following, in fact, horsemen concede that the race is an extremely open one as the entries now stand.

KEENE ENTERS HORSES.

There is a possibility of added starters being announced at post time. James R. Keene has Celt, Hilarious and Affliction, all eligible, and August Belmont and others have horses that can be sent to the post if their owners desire.

The conditions of the race with the horses entered, their owners and their jockeys who probably will ride, follows:

Suburban handicap, for four-year-olds and upward, guaranteed value, $5,000, one mile and a quarter.

Horse.	Weight.	Owner.	Jockey.
Restigouche	121	Hildreth	Burns
Fitzherbert	105	Hildredth	Burns
Arcite	108	Long	Nichol
Kings' Da'ght'r	105	McDowell	Powers

FORD AUTOMOBILE WINS LONG RACE

Seattle, Wash., June 23.—Amid the cheers of 15,000 people who blocked the streets around the main entrance to the Alaska-Yukon-Pacific exposition to such an extent that it was with difficulty that the racing automobile could force its way through, Ford car No. 2, driven by W. B. Scott, in the transcontinental automobile race, crossed the tape at 12:55:35 o'clock today, winning the Guggenheim trophy cup and $2,000 purse. The car had been out from New York 23 days 55 minutes.

The car was seriously delayed during the last 100 miles of the race by the deep snow in the Snoqualmie pass through the Cascade mountains. Driver Scott said that in some places the drifts were five feet deep and that the road through the pass was the worst encountered during the entire trip. He said the road through New York was the best of the route.

Because of a rumor that a protest would be entered against Ford car No. 2, because it was reported to have dropped a man and picked him up afterwards, the award was not made this afternoon.

The Shawmut car which entered the Cascade mountains eight hours behind Ford car No. 2, has not been reported yet. It is expected to finish during the night and claim the second prize of $1,500.

J. R. CONSIDINE ILL.

New York, June 24.—John R. Considine, the sporting man and former proprietor of the Hotel Metropole, is suffering from pneumonia at his home, and it is feared he will die. Four doctors are in attendance, one of whom never leaves Considine's bedside.

There Are Two Kinds of Endurance

No matter what else a salesman may say, he will swear that his car has "Endurance."

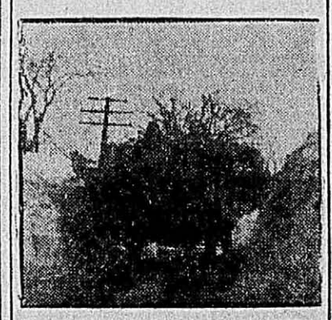
For this is the one thing above everything else that every buyer insists upon.

But Endurance is also the one thing that you can't see or feel. So it's the easiest of all things to promise.

There are two kinds of Endurance—Promise-Endurance and Performance-Endurance.

Performance-Endurance leaves you no room for doubt; and it's as easy to buy as the other.

Ask the salesman to prove that his car has Endurance. Then measure his proof by the proof shown by this stock Thomas Flyer.



Thomas Flyer

This car has recently reached Seattle in good condition, completing a total of 20,000 miles under its own power.

THE GREATEST OF ALL PERFORMANCES.

This 4-60 Thomas Flyer won the breakneck race from New York to Paris from five of the best cars of Europe. This meant 88 running days of inconceivable punishment—a terrible total of 13,000 miles. And this without once being in a repair shop.

On its return to America, without further repairs, it ran another 1,000 miles.

Later, during last winter, it was driven 2,000 miles further.

In March, still in good condition, it was chosen as the 'Pathfinder" to lay out the 4,000-mile route for the forthcoming New York-Seattle Endurance Contest.

The car, as every newsreader knows, reached Seattle with no repairs other than those made on the road by the crew.

THIS IS PERFORMANCE-ENDURANCE.

This is the kind you want. This is the Thomas kind. No piece of machinery that the world ever saw has borne half of what this grand old stock car has endured.

With all this Endurance, the Thomas Flyer has Style, Comfort, Refinement, Distinction. No car ever made has more Class.

Judge Class with your own eyes. Judge Endurance by Performance, "Thus you will unavoidably choose the right car" —the Thomas Flyer.

PRICES.

Thomas Flyers are made in several models at different prices. This 'Round-the-World, 4-60 model, in Touring Car, Tourabout or Flyabout, costs $4,500 In Limousine or Landaulet, $6,000.
