THE EVENING NEWS.

Saturday. . . . October 15, 1870.

LOCAL AND OTHER MATTERS.

THE THEATRE.—A very fine bill will be presented to-night,—one that should insure a crowded house. The entertainment will consist of the two fine two-act plays "The Sergeant's Wife, or The Lone House on the Heath," and the comic drama "John Duck." Messrs. McKenzie and Graham and Mesdames Kiskadden and Romney, supported by the best talent of the company, will appear in both pieces.

Between the plays there will be a rival clog dance between two young gentlemen of this city.

A FIRE.—We hear, from a resident of Bountiful, that this morning a stack and shed, the property of Bro. Richard Jones, of that place, caught fire and were burned. The property destroyed was within three quarters of a mile off Wood's Cross, and not a great distance of the railway track. The origin of the fire was unknown.

BOREAS.—Last evening Old Boreas blew a sudden blast over this part of the country that sent eddying clouds of dust whirling through the air and made the trees groan and bend. The old fellow must have blown hard enough to endanger the bursting of his jaws. We have not heard of any particular damage to property.

IN TOWN.—Among the guests at present at the Townsend House are Mr. James L. Ashbury, and Arthur B. Cook, Esqrs., both of London. Mr. Ashbury is Commodore of the Royal Harwich Yacht Club, President of the Brighton Rowing Club, and owner of the famous yatch *Cambria*, the winner of the recent international yacht race, between the *Cambria* and *Dauntless*. Since his arrival in this city Mr. Ashbury has received a telegraphic dispatch, announcing another victory by the *Cambria*. Mr. Ashbury is one of the leading yachtsmen of Great Britain and the world, and is also, President, we believe, of one of the largest railway companies in England.

DISTRICT COURT.—The jury returned a verdict of manslaughter against Olsen, for the killing of Thurston in Morgan County.

The case of the City, in the matter of the late abatement of a liquor establishment, was argued yesterday and is now in the hands of the Court to be *ruled* upon.

A SUDDEN CHANGE.—The approach of winter is already beginning to be felt, the weather being quite cool to-day.

CHANGE OF TIME.—As usual immediatly after Fall Conference, the time of holding meeting at the Tabernacle on Sunday is changed, and the public will do well to remember that to-morrow and until further notice, meetings in the morning will commence at 11 o'clock, and in the afternoon at 1.

NEW LAW FIRM.—By reference to another column the advertisment will be found of the new law firm which has just been formed by Messrs. Kirkpatrick and Mann. Their office is at the same place which has been occupied for a long period by ex-Governor and Secretary Mann. M. Kirkpatrick, Esq., the leading member of the firm, is from Nevada, and was formerly a law partner of Senator Stewart of that State. He comes away highly recommended as a liberal, straight-forward gentleman, and an excellent lawyer. The most of our people are familiar with Governer Mann and his course; his record as an officer and a gentleman since he came into our midst is what anyone might be proud of, and we doubt not he is an excellent lawyer.

COURTESIES.—We are under obligations to the Hon. William H. Hooper for the *Overland Monthly*, containing the article from which we made extracts yesterday.

SIGNS IN THE HEAVENS.—The New York *Herald*, of the 9th inst., contains an article on the recent severe floods in Virginia, and then comments upon the frequency of earthquakes, tidal waves, floods, &c., in the various parts of the earth. The *Herald*, in commenting upon such events now-a-days, tries to show that their frequency is only seeming, and is owing to the rapidity with which the news of their occurrence can be transmitted from almost all parts of the earth by means of submarine and land telegraphic wires; and that, in reality, such events take place no oftener now than they did in those good old days when it took six weeks to bring news from England, and six months to travel to China.

This conclusion is the natural and inevitable one of the *Herald*, and all others who are blind to the signs of the times. But to the Latter-day Saints, with whom the building up the kingdom of God on the earth, and the signs which it was said should precede that great event, the increasing frequency of these celestial and terrestrial phenomena possess a vital importance and significance. Instead of regarding them as merely ordinary natural events, they are as satisfied as men can be who have knowledge on any subject, that, as the fall of the leaf and of the year come together, so surely do the events referred to foretell the second advent of the Savior, and the establishment of His Kingdom on earth.

Time will show that they have discerned the signs of the times correctly.
