DESTRUCTION OF RABBITS.

Storms of March Last.

Howe, Blaine Co., Idaho., May 24 .-

The severe weather of spring, especial, ly the stormy period which prevalled about March 20, played havoc with the rabit pest of this entire region. About the 1st of March the writer saw thou-

sands of the rodents along the willow-sheltered creek bottoms, but the heavy snows and intense cold of March were

too much for the bunnies, and the graund is now strewn with their car-cases while the effluvia therefrom be-

fouls the air. It is estimated that this valley hundreds of thousands

the rodents perished, and their car-casses remain as breeding places for the scavenger blow-fly, which are as

numerous as they were during the plagues of Egypt.

#### ST. ANTHONY, IDA. MENACED BY CRICKETS.

Systematic Movement for Their Extermination-Railroad Activity. special Correspondence.

St. Anthony, Idaho. May 24.—A largely attended and enthusiastic meeting was held in the Bartlett Opera House Saturday night to consider the cricket pest that is threaten-ing to infest parts of Fremont county the coming season. A large and representative committee was appointed to proceed to exterminate the insects while they are young. Millions of them are hatching at the present time and the people realize that a war in carnest must be waged against them, and be commenced at once. The many large canals and river hedge them in within a certain boundary and their destruction is made much easier on that account. Men will be engaged to work at the scene of battle throughout the spring. Many millions will be destroyed by placing straw over a large League Series. area of ground where they will bed and then the straw set on fire. The crushers arranged in many of the canals last year will again be operated. The crickets are driven into the large, fast running streams where they are carried through crushers which manipulated by the current. M thousands of bushels are destroyed in

this manner. The people are determined that the nest shall be stamped out, and that no means shall be left unturned to bring about this result.

RAILROAD ACTIVITY. It is expected that a through train will be put on between St. Anthony and Salt Lake City and Ogden within the next two weeks, which will be much appreciated by the people of the Snake River valley. The charnging of the Monida stage line from Monida to Ashton is going to greatly increase the

traffic on this road Much interest is being taken here in late rallroad developments. The country is threaded with surveyors and engineers of different roads who are watching the great development of this country. These different parties on being asked what their work means, give the old answer. "We know nothing, have nothing to give out," which is

now loked upon in rallroad circles as meaning that something is doing. RACE COURSE AND COUNTRY FAIR.

A well attended meeting of citizens was lately held in the opera house to consider plans for the establishing of a first class race course and county fair buildings with the intention of holding the first meet this fall. Considerable outside capital was represented and is willing to go into the venture provid-ing the people here will do their share. Much enthusiasm was elicited at the meeting and it is confidently expected that the new venture will be made a rousing success and one more boost for this section given good footing.

Bu, Saltair, Lagoon, the Salt Palace And Bicycle Saucer Will be Ready

Decoration day dawned this morning with a blood red sun, and somebody said once that the color of life is red. It was teday. The sports and the resorts, and those who purvey goods to the pleasur seeker, looked for today with dismay. It really seemed that there would be no ments, covered with a wet blanket.

The week has been a busy one at the school, this being commencement week. A class of 13 is graduated this year from the High school, which is one of the best schools in the state. The grades are all closing the year with apprepriate exercises.

The work of building new sidewalks the work of building new sidewalks are subject to the reason to waith the races. For that the races whatever the size of the crowd.

Saltair has aheasly demonstrated this season that the rain won't hold back the crowd, loud that a question of many waitzes and lumping two-steps will be as easily answered in favor of a crowd on a stormy night as on a fair one. Therefore the promise is that that resort will pull heavily tonight, and secure its full share of patronage.

BERMUDA RACE. Two Yawls Restart After Delay for Repairs.

Repairs.

New York, May 29—The two racing yawis Lila and Tamerlane, which withdrew from a race to Bermuda for a 555 cup offered by Sir Thomas Lipton, after the Lila's mast was broken on Saturday, made a fresh start for Bermuda from the staring line off the Brooklyn Yacht club today. In the meantime a new mast was stepped in the Lila and the owner of the Tamerlane courteously waited for his crippled rival to be refitted. As the Gauntlet, the third boat entered, continued the race on Saturday she ought now to be haif way to Bermuda if no mishap has befallen her and she was not compelled to lie to in a Rorm. In addition to Ser big lead the Gauntlet has a time allowance of nineteen hours and ten faintees from the Lila and sixteen hours and ten minutes from the Tamerlane. Their chances of overhauling the leading local, are doubtful.

Courts.

Philadelphia, May 29.—The twenty-round fight between Bob Fitzsimmons and Tommy Hurns, which was to have taken place tenight before the Tuxedo Athletic club at North Essington, ten miles from this city, has been postponed until Wednesday of next week, as a result of the order issued by the governor of Pennsylvania to the state constabulary to prevent the hout. The officials of the club will at once take legal action with a view of holding the fight on the new date. This was decided upon late today after Captain John C. Groma, superintendent of the state police, had assured the club managers that he intended to carry out to the lefter the orders issued to him by Gov. Pennypacker. Courts.
