

RAISE IN SALARY FOR THE TEACHERS

Some Good News for Principals of
The Salt Lake City
Schools

INCREASE FOLLOWS MERIT.

Greatest Advance for Those Showing
They Are Best Prepared for
Teaching Children.

Good news came to the principals of the Salt Lake City schools as the result of a meeting of the committee on teachers of the board of education yesterday afternoon. The committee recommended that they receive an increase of salary all along the line, the greatest increase to be in recognition of the most merit. A premium on education is to be placed on teachers in determining their salaries, and the teacher whose education is more thorough is to receive more money than one less fully prepared for teaching, although the amount of work required may be the same. The salary building process will begin with a fixed salary of \$50 per month for all principals. Then \$4.25 is added for each teacher under the principal, until a total is \$169 is reached, in the case of teachers not holding high school certificates, or a total of \$185. In the case of those holding such certificates, the effect of the new schedule on prevailing salaries is as follows:

A principal of a primary school shall receive a monthly salary of \$75, with \$2.50 additional for each year of experience over and above the minimum salary, but no principal shall receive more than \$100 unless he has supervised for three or more years in this city a corps of sixteen or more teachers. MEET AT THE BARRATT HALL.

Where Reception Was Held and a
Very Interesting Program Carried Out Last Night.

The first installment of Odd Fellows from the east and south who are on their way to attend the annual convocation of the sovereign grand lodge at San Francisco from the 11th to the 24th inst., started to pass through Salt Lake yesterday, as already stated. The special train which brought them came in over the Union Pacific and Oregon Short Line and consisted of 10 sleepers, an observation car, a business and a baggage car. The train was in charge of Gen. John C. Underwood of Covington, Ky., past grand sire and ex-mayor of Bowling Green, and former lieutenant-governor of the state. In this party there were about 400 people, among them being Grand Sire John B. Goodwin, mayor of Atlanta, Ga., and wife; Deputy Grand Sire Robert E. Wright of Allentown, Pa.; Grand Secretary J. Frank Grant of Baltimore, Md.; Past Grand Sire M. J. Durham of Lexington, Ky.; A. C. Cable of Cincinnati, O.; and John C. Underwood of Covington, Ky., and other officers and 125 grand representatives.

A second train was occupied by about 100 members of the Patriarchs Militant. Upon their arrival the visitors were taken in charge by the local Odd Fellows, who entertained them at lunch at the Knottford. After breakfast they were taken on a night-seeing tour and thence by special train to Saltair, and upon their return were taken to the Tabernacle, where an organ recital awaited them.

In the evening they went to Barratt hall, accompanied by many local members of the order, where an interesting program was carried out. The speakers of the occasion were Grand Master F. E. Straup of the Utah grand lodge; Grand Sire Goodwin, Grand Secretary Grant, W. H. Leamy and Col. Daniels. Musical numbers rendered were, "Oh, My America," by Miss Emma Ramsey, who, in response to an enthusiastic encore, sang, "Jennie, My Dear," by Fred Graham, and "Cambridge Song" and "Mary" by Charles Kent.

General Underwood, who was mainly instrumental in bringing about the reduced excursion rates from eastern points to San Francisco from which the Knights Templar and Odd Fellows are benefiting said that there would be

WHAT'S THE USE

To Keep a Coffee Complexion.

A lady says: "Postum has helped my complexion so much that my friends say I am growing young again. My complexion used to be coffee colored, muddy and yellow but it is now clear and rosy as when I was a girl. I was induced to try Postum by a friend who had suffered just as I had suffered from terrible indigestion, palpitation of the heart and sinking spells."

"After I had used Postum a week I was so much better that I was afraid it would not last. But now two years have passed and I am a well woman. I owe it all to leaving off coffee and drinking Postum in its place."

"I had drunk coffee all my life. I suspected that it was the cause of my trouble, but it was not until I actually quit coffee and started to try Postum that I became certain; then all my troubles ceased and I am now well and strong again." Name furnished by Postum Co., Battle Creek, Mich.

INSANITY NOW CHARGED.

Andrew P. Mayberry Makes Still Another Move in Spicy Case.

Andrew P. Mayberry appeared at the county clerk's office yesterday afternoon and swore to a complaint charging his former wife, Mrs. Mary A. Mayberry, with insanity. Such is the latest move in the domestic troubles between the two who have been fighting for the possession of their 17-year-old daughter, Emma La Vette Mayberry, who has been in attendance at Rowland hall under an order of the court ever since her mother secured a divorce from her father over a year ago.

Mrs. Mayberry spent most of the past year in California and upon her return she made several attempts to see her daughter but she claims she was prevented from doing so by her former husband. A few days ago she was placed under arrest upon the charge of threatening to kill Mayberry, but was released from the county jail under \$200 bonds. She will now have to be examined as to her mental condition upon the complaint of Mayberry. The examination will be held tomorrow afternoon at 1 o'clock before Judge Morse in the district court.

At the conclusion of their visit they will start on their return over the Southern Pacific through southern California, visiting Del Monte, Santa Barbara, Los Angeles, Riverside and Comodoro beach. Many of the visitors will return by way of the Atchison, Topeka & Santa Fe, stopping off to view the glories of the Grand Canyon of the Colorado in Arizona. Others will return via Salt Lake and the Rio Grande to Colorado Springs, and the remainder over the Southern Pacific via Texas and Louisiana.

The visitors had nothing but praise for what they saw while in the city, and for the reception and entertainment which had been given them. Both trains left Salt Lake over the Oregon Short Line at 11 o'clock for Ogden, where they remained until daylight, when they took the Southern Pacific over the cutoff, where they will see the beauties of Utah's "inland sea."

At Reno, Nev., they will be met by a delegation of San Francisco Odd Fellows, and at Sacramento they will be welcomed by Gov. George C. Pades and C. W. Baker, grand representative of the sovereign grand lodge and chairman of the California reception committee.

Full Text of Platform Adopted—Those Placed in Nomination and Votes Received.

Special Correspondence.

Provo, Sept. 16.—The following is the county ticket nominated by the Democratic convention held here yesterday:

Representatives to the Legislature—Lorenzo Argyle, Lake Shore; L. O. Taft, Provo; Jos. T. Bateman, Alpine; A. T. Money, Spanish Fork.

County Commissioners—R. L. Bird, Springville, (four year term); Edward Southwick, Lehi, (two year term).

Treasurer—Hyrum Jensen, Provo. Clerk—D. H. Robinson, Pleasant Grove.

Assessor—Hyrum F. Thomas, Provo. Attorney—Andrew B. Moyer, Provo. Surveyor—George C. Swan, Provo.

DEMOCRATIC PROMISES.

When the Democratic convention convened yesterday afternoon, and while waiting for the committee on platform and resolutions to report, Chairman Evans addressed the convention, promising a reduction in taxes if the Democrats were elected, and also promising that if the state ticket was elected, there would be no salary grab by the Democrats.

He advised against a campaign of personality and advocated the presentation of Democratic principles before the people, and depending on that and the superiority of the Democratic candidates for success.

JUDGE MILNER SPEAKS.

Judge Milner denounced the Republican tariff, which, he said, was all for the benefit of the east and brought no benefit to the west. He also contended that the Democratic party deserved the credit for introducing and passing the arid land reclamation law, while he was willing to concede all the credit that was due President Roosevelt for his favorable attitude in this matter.

PLATFORM ADOPTED.

The committee on platform and resolutions presented the following, which was adopted by the convention:

1.—The Democrats of Utah county, by their representatives in convention assembled, for the purpose of nominating candidates for the county and legislative offices to be filled at the election in November next reaffirm our faith in the fundamental principles of Democracy, which have been applied and declared by the Democracy of the nation from time to time ever since the party was organized by its illustrious founder, Thomas Jefferson.

2.—We hereby endorse the national platform of the Democratic party recently adopted at St. Louis by the Democracy of the nation, and the state platform of the Democratic party adopted at Salt Lake City on the 8th day of the present month, and pledge our faithful adherence to the doctrines and principles therein enunciated and set forth.

3.—The national, state and judicial nominees of the Democratic party meet our hearty approval, and their selection by the Democratic party evinces a magnificent purpose and intention to give to the people an honest, economical and efficient administration of public affairs. We point with pride to the purity of their lives both in public and in private, and to their honesty and ability to perform intelligently the functions and duties pertaining to the respective offices they have been nominated to fill.

4.—We favor the economical expenditure of all public money and direct attention to the extravagant expenditure and waste of public funds by Republican officials, who, in order to pay for political services have greatly increased the number of salaried positions, thereby increasing the expenses of county government without increase in the efficiency of the service.

5.—We call attention to the bad conditions of some of our county roads and to the fact that money appropriated by the last Legislature for their improvement still lies unexpended through the neglect of county officials entrusted with its expenditure.

6.—We denounce the Republican maladministration of the county infirmity in making it a political football to the great detriment and discomfort of its unfortunate inmates.

7.—We favor the keeping of affairs pertaining to our public schools out of party politics.

8.—Relying on the good judgment and ability of the people of this county, we submit this platform and the candidates named at this convention for the approval of the people.

CANDIDATES NAMED.
