BY TELEGRAPH.

FOR WESTERN UNION TELEGRAPH CO.

FORTY-SEVENTH CONGRESS.

SENATE.

WASHINGTON, 15.—Morrill presented a petition signed by Whittier Holmes and T. B. Aldrich, giving the following reasons against a reduction of the tariff upon books below 25 per cent: First, the prosperity of the publishers and authors; second, American books demand American publishers, and whatever checks the business of publishing checks the freedom of writing; third, a material reduction of tariff gives foreign publishers the advantage on account of the lower rate of wages abroad; fourth, the effect will be to force publishers to publish only court and school books of established reputation; fifth, higher works would be discouraged, and foreign authors will guide the young readers.

Beck offered an amendment to the tariff bill as a substitute for that offered last evening, and for section six. It repeals section 2,907-8 of the Revised Statutes, and Section 14 of the act to amend the revenue laws of June, 1874, and provides that hereafter none of the charges imposed by those sections or other provisions shall be estimated in ascertaining the value of goods to be imported; nor shall the value of the usual and necessary sacks, crates, bags or coverings of any kind be estimated as part of their value in determining the duty on them; but if any package, sack, etc., be made up to evade duty, it shall be subject to 100 per cent ad valorem duty upon its actual value. The amendment thus modified was agreed to.

HOUSE.

WASHINGTON, 15.—Williams submitted a conference report on the Japanese indemnity bill. Its effect is to return to Japan the original sum received from that government $985,000 without interest; to pay the officers and crew of the *Wyoming* and *Takiang* $140,000, and cancel all bonds comprising the Japanese indemnity fund. Report agreed to, some thinking it disgraceful, but others saying it was at least a move in the right direction, and others Congress might supplement if desired.

The House then in committee of the whole considered the tariff bill and the sugar section.

The House in evening session went into committee of the whole on the legislative appropriation bill, the pending amendment being that offered by Thompson, reducing the number of internal revenue collection districts to 46. To this amendment there was pending an amendment offered by Holman, fixing the number at 82. This amendment was adopted.

Thompson's amendment, as amended was agreed to. This is a reduction of 44 districts, and will, if finally agreed to, go into effect on the 1st of July next, on Thompson's motion.

On motion of Atkins, an amendment was adopted repealing the law providing for an Assistant Secretary of War and Assistant Secretary of the Navy.

After completing 54 pages of the bill, the committee rose and the House adjourned.

AMERICAN.

WIRED FROM WASHINGTON.

WASHINGTON, 15.—A special received to-day says: One million dollars' worth of gold coined at New Orleans is short $2.50 on the $100. An investigation is probable.

In reply to the letter of Gen. Hazen, chief signal officer, asking the Secretary of War to request the President of the Senate to appoint a committee to investigate the charges made against him by Congressman Beltzhoover, Secretary Lincoln replies denying the request. He says that it is not customary for the head of a Department to appeal to Congress for an investigation of his acts; that it is unusual to call on the Senate to investigate charges made in the House, and as a soldier General Hazen need not go out of the articles of war for a decision on his acts.

In the executive session of the Senate to-day, Edmunds called attention to the alleged abuse of the floor of the Senate by lobbyists and others who through the indulgence of the Senators have been in the habit of obtaining cards of admission, ostensibly as secretaries. With a view to correcting the evil Edmunds introduced the following resolution:

Ordered, that no person be admitted to the floor as private secretary of a Senator until the Senator appointing him shall certify in writing to the sergeant-at-arms that he is actually employed for the performance of duties as such secretary, and engaged in the performance of the same. After some discussion the resolution was referred to the committee on rules and ordered printed.

THE FLOODS.

Higher Than Any Previous Record.

CLEVELAND, O., 15.—A life saving crews goes to Cincinnati this afternoon. The Masons are moving to aid the flood sufferers. The river here is rising and already outside its banks. It is raining lightly.

Cincinnati, 15.—At noon the river was 66 feet. At Maysville it fell six inches during the night, and is still falling. Fick & Pearce's warehouse floors collapsed this morning; they contained 30,000 bushels of grain. The Licking River is rising and will rise all day. The river is falling at Frankfort; 1,500 people are dependent, and the loss there will be $200,000. It rained all day yesterday, till 7 this morning. At Marietta the river is rising three feet. A repetition of last week's flood is expected at Zanesville. Many contributions are coming in from individuals of $10 and upwards. The principals of schoolhouses are doing home duty; the schools being lodging houses. A Masonic relief committee raised $5,000, and will distribute it along the river. The Chamber of Commerce has given $1,000 to Newport, the same to Dayton, Ky.

Pittsburg, 15.—Both rivers continue to rise. The Monongahela is now 19½; Allegheny 20½. In Allegheny the rain stopped this morning, and it is now clear. It is still reaching at the headwaters and rising rapidly there, and 25 feet is expected before the flood reaches Pittsburgh. No damage is apprehended except from suburbanites.

Johnstown, 15.—The water surrounds the city. Every street is submerged; boats are the only method of travel. The river is rising still at New Albany, with prospects of two feet more. Many people are suffering terribly and moving to higher ground.

Hardentown, Ind., 15.—The river rose one and a half feet last night, and is still rising. Some houses were carried off and unroofed. No casualties yet.

Tremont, O., 15.—Heavy rain. At 5 o'clock this afternoon the dam gave way. About the same time the trestle work for the new bridge of the Lake Shore Railroad was swept away.

Elkhart, Ind., 15.—Heavy rain all day; snow and slush five inches deep.

Washington, 15.—Signal service bulletin: Ohio River rising again at all points. It has reached the height of 66 feet and one inch at Cincinnati, and 40 feet 2 inches at Louisville; higher than any previous record. It is above danger line at Cairo, and a dangerous flood will probably follow on the Mississippi. Property should be removed at once to points above the danger line. Rain prevailed yesterday in the districts east of the Mississippi and in the Northwest, and continues in the Ohio valley, the Lake Region and Middle States. Northwest winds are reported from New England and Northern New York. The storm is continued in the Upper Lake Regions, and moving slowly toward the St. Lawrence Valley with increasing energy. The temperature has risen from 10 to 20 in the Lake Region and thence southward to the South Atlantic Coast; has fallen 10 degrees at stations in Northeast New England, where the barometer is rising rapidly. Rain will prevail in the Middle States and Ohio Valley, followed by clearing weather in Ohio Valley, and the southern portion of the Middle States by Thursday night.

Indianapolis, 15.—A committee sent to Lawrenceburg last night report all provisions delivered. To-day's suffering is increasing, and more assistance is needed immediately. Another car-load of provisions, coal-oil, candles, delicacies for the sick goes to-night. The operator at Guilford says it is still raining at 6 o'clock p.m., with indications that it will continue during the night.

Little Rock, 15.—The Arkansas river has risen nearly three feet to-night; it is 15 feet above low water mark. The Ouachita and other rivers are also rising. Fears are felt in the bottom of another disatrous overflow.

Wheeling, W. V., 15.—River 26 feet; rising.

Cincinnati, 15.—The relief committee of the Board of Trade have raised $4,000 for the relief of the Ohio flood sufferers.

Newport, Ky., 15.—Mayor Hanlan has issued an appeal to the country for aid. He says three thousand families are destitute. Contributions are being sent to W. H. Lafe, Treasurer of the Citizens' Relief fund. The town has just recovered from an epidemic of small-pox.

Madison, Ind., 15.—River 45½ feet, and rising. It will take 6 feet more to do serious damage. The adjacent fields are flooded for miles.

Cincinnati, 15.—At Pittsburg the river is rising; raining all day; greater rise expected.

Zanesville, O., 15.—The Muskingum is rising fast; raining all day. At Pomeroy the river is falling 1½ inch an hour. Steady rain this morning.

Paducah, Ky., 15.—Rising an inch an hour; heavy rains last night.

Cincinnati, 15.—The State Legislature will amend its loan act, and local capitalists will in the meantime advance the money. The voluntary contributions are now $40,000. At a benefit to-morrow night, at the Grand Opera House, Langtry and Haverly's Minstrels volunteer their services.

Williamsport, 15.—A flood is threatened up the river; danger imminent.

The Railroads.

NEW YORK, 15.—C. P. Huntington denies the report that the price paid for the Houston & Texas Central Railroad was between $8,000,000 and $9,000,000, and said it was much less, but declined to particularize.

St. Louis, 15.—The St. Louis express train which left Kansas City last night, when about 20 miles south of Moberly, Missouri, at 6 o'clock this morning, encountered a broken rail, and five of the six cars were ditched. The train was wrecked. Engineer John Lester was scalded to death; fireman John Murphy was cut into four pieces. No passengers injured.

Chicago, 15.—In the Flint Railroad accident three coaches and one Pullman were ditched. The engine, mail and baggage car passed safely. The engineer with commendable bravery and presence of mind stopped the engine immediately, got two pails of water and stopped a flame that had broken out in one of the coaches, thus saving a holocaust. Mrs. Hulda Seaman, aged, 76, was killed instantly. She resided at St. Vincent, Ontario, and was going to Nebraska. Her daughter, Mrs. Hill, was injured badly, and became insane. Thos. Lindsay, injured fatally in the chest, jumped from the cars, and was thrown under the trucks. Sixteen others were more or less hurt.

The *Railway Age* has tables showing the number of passengers carried for the year ending June, 1880. According to the census it was 270,000,000, and of employees, 519,000. Of the passengers only 61 were killed without their own carelessness, or one to every 4,419,000, while of employees 266 were killed, or one in every 1,611. One passenger to every 814,421 received injuries, and one employee to every 417. One passenger in every 328,800 was killed by his own carelessness, and one to every 1,266,000 was injured.

Three men were probably mortally wounded by a collision yesterday in the southwestern suburbs between the Chicago, Burlington & Quincy and Milwaukee & St. Paul trains, Baxter, engineer, White, fireman, and Brown, brakeman, are the unfortunates, all thought to be dying.

Lancaster, Pa., 15.—Great detention in traffic on the Pennsylvania railroad to-day by various accidents. No lives lost; much property destroyed.

A full feeling after meals, dyspepsia, heartburn, and general ill health relieved by Brown's Iron Bitters.

C. F. COAL and COKE CO'S COAL.

For six years I have been a great sufferer from Blood Disease, Dyspepsia, and Constipation, and became so debilitated that I could not retain anything on my stomach, in fact, life had almost become a burden. Finally, when hope had almost left me, my husband seeing BROWN'S IRON BITTERS advertised in the paper, induced me to give it a trial. I am now taking the third bottle and have not felt so well in six years as I do at the present time.
Mrs. L. F. GRIFFIN.
