MRS. EMMA FINAL SUMMONS.

Mrs. Lightwood was a native of England, 73 years of age and had resided here with her sister, Mrs. Anna M. Taylor, for the past 20 years, coming to Utah from Washington. With the exception of Mrs. Taylor and her family, the funeral services will be held Sunday at the ward house, commencing at 11 o'clock.

Mrs. Martina Peterson, wife of Jens Petersen of Vineyard, died Wednesday at 64 years. She was a native of Denmark, nearly 70 years of age. Having accepted the gospel of the native land, she came to Utah in 1872, making his home in this city, where he has since continued to live. She had been established for herself a well-earned reputation for industry, sobriety and integrity. He was a member in the presidency of the local High Priests' quorum and president of the Danish meetings held in the ward. He performed an honorable mission to his native land in 1890 to 1892, laboring in Aarhus and Randers districts. A wife, three sons, two daughters and a number of grandchildren survive him. Consoling remarks were made at the funeral service by President C. V. Lund, Elders Nathan Fauss, A. A. Bradley, A. Harley, E. Peterson, S. C. PRESENT OF MIND SAVES BOY

Miss Enalita Hansen Dead—M. L. A. Convention—Missionaries for England.

Special Correspondence.

Logan, Cache Co., Aug. 31.—A 15-year-old son of Thos. L. O'Ray of Paradise met with a very painful accident on Tuesday while herding sheep in the mountains. While trying to insert a cap in a cartridge it exploded, hitting a very severe wound on his thigh. The boy was alone at the sheep camp at the time, but succeeded in stopping the flow of blood by covering the wound with flour and bound it up with a flour sack and walked several miles to La Plata, where the employees at the mine did what they could for him, and then sent him on to Paradise. The boy's presence of mind in using the flour undoubtedly prevented his bleeding to death.

GIRLS ARRESTED.

Officers King arrested three of the Able girls of the Fifth ward last night, charged with unbecoming conduct. The girls are pretty fair characters, two of them having already served terms in the Industrial school. They will have their hearing before Judge Carlson this morning, and will likely again be sent to the reformatory. Three or four boys are also mixed up in the case, and will likely be arrested today.

MISSIONARIES FOR ENGLAND.

Geo. Anderson and Sumner Hatch of the Second ward, will leave Monday on missions to Great Britain. A party in their honor was given at the Hendrickson residence last night.

EUREKA.

PAINFUL ACCIDENTS.

Thomas Laird Hurt in Mine—Lorin Rannels Shot in Knee.

Special Correspondence.

Eureka, Juah Co., Aug. 29.—While at work on the Griffith lease in the Bullion-Beck mine last Monday afternoon Thomas Laird met with a serious accident, which came near ending his existence. A falling boulder struck him on the head, inflicting a cut extending to the skull. The wound was taken to the office of Dr. J. A. Hensel, who dressed his wound, when he was removed to his home.

ACCIDENTAL SHOOTING.

Lorin Rannels, youngest son of Mr. and Mrs. Harry Rannels, while hunting in North Tinto Sunday, accidentally shot himself in the leg. The bullet struck him above the knee and ranged downward. The wounded lad walked to Eureka, a distance of over five miles, before he could secure medical attention. He was taken to Salt Lake hospital the following morning.

MOAB.

UNPROFITABLE FRUIT SEASON

Fruit Growers Association Needed—Amusement Hall Building.

Special Correspondence.

Moab, Grand Co., Aug. 27.—Moab has not had a prosperous season, worms and insects have done very destructive work. Peaches were destroyed by late spring frosts. Only two peach orchards escaped, being left in the mountains where they were protected by the breeze. The cooling moths has been more destructive than usual, despite vigorous spraying.

The new amusement hall is making good progress. It is built of a pretty brown stone faced and trimmed with a white stone. It will be an ornament to the town and a much-needed structure.

Fruit shipments are now in order. A carload of Bartlett pears was shipped Salt Lake yesterday, the only hindrance to success is the hard haul of 23 miles to Thompson.

There has been considerable sickness here. There are quite a number of cases of cholera and fever. The sanitary conditions are not as good as they should be.

There have been some cattle sales this season, and cattle and sheep are doing well on the range.

The school buildings are being put in splendid shape for the school year.

There have been heavy showers in the valley, and the crops are now in the hands of the town board to issue bonds and complete the works. The town can be bonded for \$3,000, one-half the sum needed to complete the system. The balance will have to be raised by other means.

The long spell of dry weather is broken, a heavy shower with promise of more, as the air is laden with moisture.

Three threshers are busy and the farmers seem satisfied with the outlook.

A case of petit larceny is in the hands of the justice. The culprit is charged with stealing a few pairs of shoes from the Jorgensen & Winget store.

The schoolhouse is undergoing a thorough cleaning, preparatory to school opening Sept. 15.

The close examination of teachers by the state educational board culled out so many that teachers are scarce. It is hoped the examination will take place earlier next year so that trustees will know where to look for proper material before school opens.

BIG MAJORITY FOR BONDS

To Complete Waterworks System—Drought Broken—School Opens Sept. 15.

Special Correspondence.

Monroe, Sevier Co., Aug. 25.—At an election held today on bonds for water works, not one-half of the voters took any interest in the proposition. There were 90 votes for and five against bonds, so that the matter is now in the hands of the town board to issue bonds and complete the works. The town can be bonded for \$3,000, one-half the sum needed to complete the system. The balance will have to be raised by other means.

Mr. Jensen is in the interest of the Summit Stake academy, of which he will be the principal, and Messrs. Brown and Maw were out in the interest of the B. Y. union of Provo. They addressed a packed house in the stake tabernacle last Sunday evening, all making interesting talks on education, which were interspersed with vocal and instrumental music. Miss Lillian Robinson, the daughter of John Robinson of Salt Lake City, rendered a vocal solo in a pleasing manner. Master Ralph Booth of the B. Y. university artistically rendered a number of violin solos. Thos. L. Allen returned last evening
