COUNCILMAN ADJUDGED GUILTY

Of Charging and Collecting Illegal Fees From Ogden City, Verdict of Jury.

SENTENCE SET FOR OCT. 10.

Only Thing for the Court to do is to Remove Mr. Paine From Position as Councilman.

Ogden, Sept. 27.—In the case of J. D. Skeen, plaintiff, against City Councilman Robert B. Paine, which has been on trial in the district court during the past week, Judge J. A. Howell yesterday afternoon gave the following instructions to the jury: "Gentlemen of the Jury—The court instructs you to find the defendant, Robert B. Paine, guilty of charging and collecting illegal fees, as alleged in the complaint, and accusation filed herein, and which has been read to you, and that the charges of charging and collecting illegal fees as alleged therein have been sustained. The court further instructs you to find the defendant, Robert B. Paine, not guilty of refusing and neglecting to perform the official duties pertaining to his office as city councilman, as alleged in the complaint and accusation filed herein and which has been read to you; and that the charges alleged therein of refusing and neglecting to perform the official duties pertaining to his office as city councilman have not been sustained. The court herewith furnishes you a blank verdict, which, when you have organized by the selection of a foreman, you will have your foreman sign and return to the court, together with these instructions. (Signed) "J. A. HOWELL, Judge."

Manager, E. A. Larkin, 405 24th St. Telephone 122-K. Advertisements for the Daily, Saturday and Semi-Weekly News accepted on the same terms as at the Salt Lake Office.

Circulator, John J. McGregor, 236 Wash. Ave. Ind. Tel. 141. Office with Lambert Paper Co. Payments for the Daily, Saturday and Semi-Weekly News should be made to the circulator. Delivery made by carrier on the same terms as at Salt Lake.

The charges of charging and collecting illegal fees, as alleged in the complaint and accusation filed herein, have been sustained.

"We further find the defendant, Robert B. Paine, not guilty of refusing and neglecting to perform the official duties pertaining to his office of city councilman of Ogden City, as alleged in the complaint and accusation filed herein, and we find the issues joined as to such allegations in favor of the defendant and against the plaintiff, and that the charges contained in the complaint and accusation filed herein of refusing and neglecting to perform the official duties pertaining to his office of city councilman of Ogden City have not been sustained." (Signed) "W. P. FOSTER, "Foreman."

Judge Howell set the date of sentence for Tuesday, Oct. 10, when there remains but one thing for the court to do, and that is to remove Mr. Paine from his position as councilman from the first ward, unless at that time his attorney, H. H. Henderson, should move for a stay of execution and the court would grant it, but the law is plain in such cases, and eventually the sentence must be imposed. Mr. Paine is one of the councilmen who a few weeks ago resigned and was reappointed by his fellow councilmen the same evening, some attorneys believing that by such action he would be able to evade the law, but Judge Howell held differently.

No testimony was taken in the case, the defendant admitting that he collected the alleged amounts from the same evening, some attorneys believing that by such action he would be able to evade the law, but Judge Howell held differently.

DEATH OF JOHN S. NOBLE. Prominent Railroad Succumbs to Attack of Paralysis at Los Angeles. Ogden, Sept. 27.—The sad intelligence was received in Ogden yesterday afternoon, announcing the death at Los Angeles, Cal., of John S. Noble, of Ogden. Mr. Noble has been suffering for considerable time from Bright's disease and was on the coast for his

health. The affliction continued to grow worse and he was compelled to take to his bed in a hospital, where he was stricken three days ago with paralysis, which terminated in his death. Mr. Noble's death comes doubly sad to his wife, to whom he was married about two years ago, as on Monday her son, Lincoln, died of the same disease in this city and yesterday afternoon the funeral services over his remains were conducted by Rev. J. E. Carver, and his body shipped east last evening for burial at Tallula, Ill., accompanied by W. J. Shealy, former chief clerk of the Salt Lake Western railway, to his friends who go out to Mrs. Noble in her double sorrow.

J. S. Noble was one of the best known men in Ogden. From March, 1897, to November, 1903, he was division superintendent of the Salt Lake division of the Southern Pacific with headquarters at Ogden. He resigned his position on account of falling health, and has since given his attention to his extensive livestock interests. For more than 25 years Mr. Noble was in the service of the Southern Pacific, coming to Ogden from their California, where he was superintendent of one of the company's divisions for several years. He was about 60 years of age at the time of his demise. Mrs. Noble is in Los Angeles and will bury the remains there by the side of his first wife.

splendid physique, quick intelligence, noble aspirations, and those longed for social qualities which make friends of all associates. He had always led an exemplary life. His honor of father and mother was marked in all his actions in life. He was a student at the state university last year, and while only sixteen years of age had passed a successful teachers' examination and been employed to teach school at Hoytsville, Summit Co. Utah. He had spent four days of his engagement teaching school at Hoytsville when trouble came, and he hastened to Salt Lake City, and entered the L. D. S. hospital, where his case was at once seen to be almost hopeless. Resolutions of sympathy from the students of the Sunday school were read, and one from the teachers, also from the faculty of the Springville school where a sister of the deceased is engaged.

The speakers at the funeral were Judge Greenwood, Elder Alma Greenwood, President T. C. Callister, Elder George Crane of Kanosh, and Bishop Anderson, who presided, all of whom bade words of hope and consolation to the bereaved. A large cortege followed the remains to the grave.

IONA, IDAHO. HARVEST CAMPAIGN NOW ON. Sugar Factory Commences Run Sept. 24—Bishop Rockwood Honored.

Special Correspondence. Iona, Bingham Co., Sept. 26.—Farmers are out in the great crop of alfalfa this year. The second crop of alfalfa is now thrashing in full blast, and the farmer will begin digging beets on the 24th. This last task will last 45 days, at least. It is far the heaviest ever grown here. The season has been exceptionally favorable to farm products, an abundance of hay has been raised to meet the requirements of the grain crop is good, although in some cases it has been slightly damaged with rust; the potato crop is good and prices satisfactory. The prices on fruit are ranging lower than common. Many men and teams could get remunerative employment in gathering the immense crop of beets. During the harvest of 1906 considerable quantities of beets were damaged by being frozen and in some cases this was due to careless packing of the fruit growers, but the farmers will take extra precautions along these lines and all hope to overcome this feature of the problem.

BISHOP ROCKWOOD HONORED. Bishop Rockwood was visited a few evenings ago by the members of the Iona society and their husbands, who came with their baskets well filled with the bounties of the earth and spent an enjoyable evening with the bishop, and his good wife, in their new home, which was recently completed. Along with their good cheer came a beautifully upholstered arm chair, which was presented to Bishop Rockwood by the grand old men of the respect in which he is held by the good sisters.

The young ladies of the ward are earnestly engaged on the auxiliaries of a convalescent, which will be put on the boards in the near future.

The renovation of the house recently bought by the use of the auxiliaries of the ward will be commenced at once. Many of the young people are preparing to begin this year's term at the Ricks academy, which begins the 1st inst.

The employees of the sugar factory were organized for the campaign which is expected to considerably longer than last year.

JUAREZ, MEXICO. JUAREZ STAKE ACADEMY. Opens With Largest Initial Attendance In Its History.

Special Correspondence. Colonia Juarez, Chihuahua, Mex., Sept. 14.—The Juarez Stake academy opened Aug. 17, with a larger enrollment than at the beginning of any previous school year in its history. At no other time has the prospect for success been brighter. Two valuable additions have been made to the corps of teachers this year. Miss Esther Coombs, who has great musical ability, and who is a graduate of Prof. Lund's, gives a complete course in vocal and instrumental music. Miss Elizabeth Cannon, a former teacher in the University of Utah, has been procured as an instructor in English and normal training.

Until this year agriculture has not been a part of the academy work, but a course in that branch has been prepared.

Young people with limited means who contemplate attending school can do no better than to come to the Juarez Stake academy. The expenses here are not much more than half what they are in Church schools elsewhere, and the courses of study given here are on a par with those given at any other institution.

The new academy building affords ample room and convenience for study. The Mexican people are beginning to realize the benefits to be derived from the academy. The number of native students is increasing faster than the colony is able to accommodate them.

Circulars of the school will be sent free on application to Ernest Hatch, secretary of faculty.

CARDSTON, CANADA. CLOSE OF SUCCESSFUL FAIR. Some of the Exhibits Shown—Other Alberta News Notes.

Special Correspondence. Cardston, Alberta, Canada, Sept. 26.—The agricultural fair is over. There were no disappointments, on the contrary, in the opinion of those who are in a position to judge, the Cardston fair

was the best held in Alberta. Government judges and specialists gave assistance in the various departments, and pronounced the farm, garden, livestock and poultry exhibits as second to none in the whole country. Much good will result from such fairs, the people are appreciating by contrast the good that may be accomplished from intelligent effort expended in any one direction.

To give the "News" readers a limited idea of some of the many interesting things which the owners were proud to show, a few items are mentioned. One hundred and twenty-five birds in the poultry department, nearly all of them of the general utility classes; in garden vegetables, six white turnips were shown which together weighed 75 pounds. The best collection of garden vegetables had more than 30 kinds in the collection, including four kinds of tomatoes, and three of corn, the sweet corn as nice as one would wish to grow in any climate; cucumbers, squash and cauliflower were also gigantic in size.

In grains, T. H. Woolford captured the diploma as well as "silver cup," a trophy offered as a special prize for the bushel of best hard winter wheat, while a similar award went to J. W. Woolf for the bushel of best spring wheat. In the livestock division, prizes were most numerous, although cattle in all classes were well represented. Clyde horses are on the lead here, and Durhams lead the beef cattle with Jersey in the milk classes. President E. J. Wood captured the prize for the best milkster, with M. A. Coombs' pretty Jersey a close competitor.

Thrashing has already begun and the weather is ideal, although yesterday we had the extremes in temperature, registering 87 in the shade during the day and 35 at night.

NEW COURT HOUSE. Tenders are asked for the construction of the new courthouse, to be built of the fine cut stone of which Cardston is becoming justly proud, registering 87 in the shade during the day and 35 at night.

MEMORIAL SERVICES. Memorial services were held last Sunday commemorating the life and labors of President Charles Ora Card, whose obituary recently occurred in Logan, Utah. Brother Card was a father

indeed to the colony in Alberta, and the well earned rest he has gone to land, he merited by his long life in the land, the beautiful little city of Cardston, while the possibilities of such a parity evident in this as well as in Taylor stake is largely due to his efforts. The Union bank will occupy quarters in the Cahoon block after Nov. 15, the slighted ability and fatherly counsel.

The Consolidated Coal company, in fact, has recently been organized, with a capital of \$100,000. E. J. Wood is president, C. E. Snow, first, and Robert Ibery, secretary-treasurer. TABOR, CANADA. News Budget From Alberta's The Coal Center. Special Correspondence. Tabor, Alta., Canada, Sept. 26.—The citizens of Tabor are all talking about the big fair they are having during the fall of 1907.

Work at all the coal mines is being pushed, especially at the Big Tabor mine, which recently changed hands. Mr. Milton L. Scott has just moved into an up-to-date 16-room cottage.

Mayer F. C. Boyer of Springfield, Va. county, was a visitor at Tabor recently. The gentleman was the guest of his friend, Aaron Johnson, formerly of Springfield.

Aaron Johnson is drilling the Tabor Dramatic company in the play of "The Three Graces," which will be presented about Oct. 10.

The crops in these parts are much better than last season. The three large rooms in the Tabor schoolhouse are crowded with pupils taught by the efficient teachers Miss Eva Kinny, Lyl Taylor and Maud Doye.
