

MINING, BUSINESS AND STOCKS.

STOCK MARKET WAS IRREGULAR.

General Tendency Was Downward, Some Gains Were Recorded.

SUNSHINE WAS STRONGER.

The Good Performance of the Re-modelled Mill Having a Favorable Effect on the Stock.

Trading on the mining exchange this morning resulted in the recording of transactions involving 60,635 shares and \$26,830.30.

The general tendency of the market was downward but notwithstanding that, Sunshine, Yankee Con. and California closed strong at much improved figures. The new mill at the Sunshine is said to be working very satisfactorily and this fact had a favorable effect on the stock.

Yankee Con. on the report that another fine body of ore had been uncovered, advanced from 2 1/2 to 2 3/4, with 2 3/4 bid at the close. The report in a morning paper that the Comstock had struck high grade ore had a bullish effect on California, which advanced from 1 1/2 to 1 3/4, with 1 3/4 bid at the close.

DAILY-WEST WILL PAY DIVIDEND.

Manager Bamberger Says Regular Amount Will Be Ordered.

DIRECTORS MEET TODAY

To Declare Sum of \$60,000, Payable On March 15th—With This Dividend Total Is \$1,355,000.

The directors of the Daily-West Mining company of Colorado, successor to the Daily-West of Utah, will meet today for the purpose of paying a dividend payable March 15. When seen this morning Manager Bamberger of the old company stated that the usual amount of 40 cents a share or \$60,000 will doubtless be ordered. With the payment of this amount the Daily-West will have distributed \$180,000 this year, and a grand total of \$1,355,000 since payments began.

Speaking of the objections recently made by a stockholder of the Utah company against the incorporation under the laws of Colorado, Mr. Bamberger said that he believed that all difficulties had been satisfactorily adjusted, and that there is no stockholder of the former company that does not see the wisdom of selling out to the Colorado corporation.

OPHIR TO RESUME.

Manager F. H. Lathrop of the Ophir Co. of Colorado has returned from Detroit with the cheering news that work at the property will be resumed, and that as soon as a pipe line is installed to convey water to the mill, it will again start up. Mr. Lathrop will leave for Salt Lake today and the company's plans will be put in execution as rapidly as possible. By the end of the month, it is expected, everything will be in readiness for business.

THE VENUS INCORPORATES.

The Venus Gold Mining company filed its articles of incorporation with the county clerk this morning. The new company is composed of Wyoming and Utah parties, and is to be organized as a corporation under the laws of the state of Colorado. The capital stock is \$500,000, divided into the same number of shares of the par value of one dollar each. J. P. Hittie is president, W. L. Scott, vice president, G. Y. Candlish is secretary and treasurer.

MINING NOTES.

The Conklin sampler reports the receipts of seven cars of ore from the Utah West after a several days' visit here. Manager Treweek of the Wahash left for that Park City property this morning. The Star Consolidated is on the market with two cars of ore as is also the Ajax. George Wilson has gone to Tonopah to make an examination of some property there. One car of Tlaxcala and one car of Commercial are to be marketed tomorrow. Manager George H. Dorn of the Consolidated Mercur will return tonight from that property. The Taylor and Brunton sampler reports the sampling of two cars of ore from Bingham. Two cars of Mammoth concentrates and one car of crude ore reached the sampler this morning.

Superintendent John A. Kirby of the Daily-West left this morning for Park City after a several days' visit here. C. E. Lowe, manager of the Grand Central came up from Provo last evening and spent today in looking into matters connected with his company. One and a half bullion settlements in this city yesterday amounted to \$48,200. To R. Jones and Co., \$37,200; McCormick & Co., \$2,000; Commercial National Bank, \$2,000.

The case of the Sampson Mining company and Allan G. Lawson, which has been on trial before Judge Hall for several days was concluded this morning and was submitted to the court.

PERSONALS.

Mr. and Mrs. Oscar W. Wall and Mrs. Josephine Nielsen of Mt. Pleasant are expected to arrive in this city en route to the Pacific coast. Manager A. J. Davis of the old company operating in the San Rafael will be home Saturday from Boston where he has been on business of his company. James A. Melville of Fillmore, and Thomas D. Reed of Wales, members of the land board, are registered at the Way. James P. Lees has returned to this city from Fort Duchesne to remain.

AMALGAMATED COPPER HEAVY.

Material Affected by Death of Leonard Lewisohn.

DULLNESS FOLLOWS RISE.

No Impairment of Strength in Speculative Active Stocks Held Well—Bonus Existed, Bull.

New York, March 5.—The opening stock market was under light pressure, but declines were generally restricted to small fractions. When the selling slackened the market hardened, but did not recover fully. Amalgamated Copper was heavy on the reported death of a leader in the copper trade. Conflicting movements in some of the important stocks kept the general market feverish during the second hour. The undertone in the main was better, but there was liquidation in Missouri Pacific, Amalgamated Copper and United States Steel stocks. Complete recoveries were made by some of the inactive stocks which were weak earlier.

Bonds were easier and dull aside from the Wabash delinquency, which dropped 1/8 per cent on heavy sales. Colorado & Southern touched 25 before reacting, and Northwestern, on unusually large dealings, rose 6 points. There was a 3 point rise in Pullman and St. Paul. The general market hardened only slightly in sympathy. Intense dullness followed the culmination of the rise in the previously active specialties, but there was no impairment of their strength and the usually active stocks also held well. Great Northern preferred declined 2 points. Colorado Southern and the second preferred extended their rise to about 2 points. American Lined preferred rose 1/2, Chicago & Eastern Ind. 3/4, and Rock Island, 1/2. The high level was not maintained in all cases, and where advances had been large the reactions ran to a point or over. The closing was dull and irregular.

MONEY AND BONDS.
