

WHERE STRUGGLE NOW CENTERS

Winchesters Are Brought Into
Play and Considerable Ex-
citement Ensues.

DESECRATION OF THE FLAG.

Meeting Shows Strikers Stronger Than
Company Had Anticipated—
Their Organization.

(Special to the "News.")

Clear Creek, Nov. 23.—At the present time the struggle centers right in this camp. On Friday the agitators succeeded in getting through the lines with the result the meeting on private property followed. Since then the Flins have been "labored" with and numerous cases of "non rosa intimidatio" followed with the result that few foreigners are working today. The deputy sheriffs under Messrs. Dowse, the Salt Lake detective, and Smoot, former death watch over Peter Mor-tensen, are concentrating their efforts in the direction of keeping all agitators out of the company property. Yesterday three Flins from Scofield succeeded in slipping through the lines, but were found in the boarding house awaiting the return of some of their fellow countrymen from their work in the mine. They were routed out in short order and marched down the track in front of the Winchester of three guards. As they passed along the gulch the strikers came out of their cabins nesting on the hill side and shook their fists at the officers.

ERIC-Gen. Cannon and his staff came up from Scofield on a special yesterday afternoon and looked into the situation, later going on to Winter Quarters. Here were to be seen seven carloads of tools of strikers that had been brought out of the mine. The strikers, however, decline to carry them away. Although they have been discharged because they declined to report for work they are leaving their tools under the impression that the union will win out and they will then subsequently return to work.

Yesterday notices were posted at Clear Creek ordering strikers to vacate the company's houses. This order goes into effect in some five days hence. In others 10 days and still others 30 days. In the face of these notices the National Guard is practically resigned to staying on duty for at least a month to come.

It is when the men are compelled to vacate that the trouble is scheduled to commence. The strikers affirm that the union will provide them with tents and in addition will pay each man \$20 a month. To offset any such move the coal company announces that the tents will not be allowed on its property, neither will the store sell them. He affirms that he will push prosecutions to the limit.

THE SECRET MEETING.

At the secret meeting held by the strikers on private land north of the city yesterday it developed that the strength of the strikers was greater than was estimated by the company. In all 627 men were enrolled, each paying \$1.25 and receiving a card in exchange.

OFFICERS WERE ELECTED.

Immediately after the meeting the organizers made their escape from the

Your grocer would like to

coffee flavoring extracts soda
but can't; he has no such
backing in anything else.

deputy sheriffs who were awaiting them by the simple process of driving north to Colton instead of coming in to Scofield as announced. Friends of the strikers got wind of the proposed move on the part of the officers and dispatched an innocent appearing farm wagon to the scene. After the meeting the men got into the wagon and drove away.

At the solicitation of the Utah Fuel company Dr. Cueno, the Italian consul at Denver, is due to arrive here today. It is stated that he will address the Italians here and at other camps and endeavor to induce them to return to work.

An amusing incident occurred here last night when a sentry named Bridwell of company H turned out the guard after he had made strenuous efforts to halt a supposed striker whom he thought was stealing upon him. The guard turned out on the run and immediately placed under arrest—a formidable cow.

THE SALT LAKE DETECTIVE, and Smoot, former death watch over Peter Mor-tensen, are concentrating their efforts in the direction of keeping all agitators out of the company property.

Yesterday three Flins from Scofield succeeded in slipping through the lines, but were found in the boarding house awaiting the return of some of their fellow countrymen from their work in the mine. They were routed out in short order and marched down the track in front of the Winchester of three guards.

ARTHUR BROWN'S CASE CONTINUED.

That of Utah's Ex-Senator Goes
Over Till Next
Saturday.

APPEARED IN HIS OWN BEHALF

Stated His Intention to File a Motion
For Dismissal of Complaint
Against Him.

The arraignment of former Senator Arthur Brown, upon the charge of adultery alleged to have been committed with Mrs. Annie M. Bradley, was today continued by Judge Morse, in the criminal division of the district court, until next Saturday morning, at 11 o'clock. The continuance was granted upon the consent of Senator Brown, who appeared in his own behalf, and Dist. Atty. Eichner, representing the state.

Sensor Brown stated that his attorney, S. K. King, is out of the city and he did not like to proceed with the arraignment during the latter's absence. He also stated that he would file a motion to dismiss the complaint against him, and that he would be ready next Saturday to argue the motion. It is understood that Senator Brown will attack the complaint on the ground of irregularities which he claims occurred in the lower court in connection with instituting the case.

VALUE OF POWER PLANT.

Judge Hall Refuses to Fix Price at
Less Than \$65,000.

The receiver of defendant company in the case of George D. Holman vs. the Salt Lake City Water & Electrical Power company et al, has filed his report with the court. An effort was made yesterday to induce Judge Hall to fix another price for the power plant of defendant. Several attempts have been made by Commissioner Morris Sommer to sell the property at auction for \$35,000, the upset price fixed by the court, but so far \$65,000 is the highest bid received. The court refused to fix another upset price and ordered the commissioner to make another attempt to sell the property at that price. A motion for a new trial in the case was filed and will be heard on Monday, Dec. 7.

No bids were received this morning by Commissioner Morris Sommer for the purchase of the property of the Salt Lake City Water & Electrical Power company, so the sale was continued until Monday, Dec. 23. In the meantime the property will be advertised and an attempt will be made to find a person who is willing to give \$65,000 for the plant, that being the upset price fixed by the court.

Winslow Pierce Retires.

New York, Nov. 23.—Winslow Pierce has retired as general counsel of the Union Pacific railroad, an office which he has filled for many years. He will continue to be general counsel of the Missouri Pacific. The report that the retirement of Mr. Pierce from the service of the Union Pacific signifies that the Gould interests in that system have lessened is denied. It is understood that Mr. Pierce will remain a member of the executive committee of the Union Pacific.

Drove the First Stake.

Chicago, Nov. 23.—George W. Waite, who drove the first stake to lay the first railroad tie in Chicago, died at the age of 84 years. In 1848 Mr. Waite resigned as surveyor of Du Page county to become assistant engineer of the Illinois and Michigan canal.

Judgment by Default.

Judgment by default in favor of plaintiff was entered by the clerk of the district court today in the case of the Salt Lake Hardware company against the Sunshine Gold Mining company for the sum of \$351.55, together with costs of suit amounting to \$8. The action was brought to recover the above amount for merchandise sold to defendant.

The Jacksons Divorced.

Judge Lewis this morning granted Elva Jackson a divorce from John Jackson on the ground of failure to support. They were married in this city on March 6, 1903, and have one child, the custody of which was granted to plaintiff, with the provision that defendant be allowed to visit it and to pay for its schooling when it becomes of school age.

COURT NOTES.

The case of P. R. Hetzer vs. The Southern Pacific, for \$50,000 damages for injuries received was continued in the federal court this morning. Suit has been filed in the district court by the National Bank of the Republic against Peter E. Franden, J. W. Sealey and P. H. Wilcox to recover \$300 alleged to be due on a promissory note. Courts.

SENATOR HEYBURN SAVES HIS MILEAGE.

Returns from Nome in Time to Participate in the Doing of the Extra Session.

(Special to the "News.") Washington, D. C., Nov. 23.—Senator Heyburn of Idaho reached Washington last night and thereby saved his mileage for the session. As the sum involved in the neighborhood of \$1,500, the flying trip across the continent paid for itself.

Senators Heyburn and Cushman of Washington were engaged in a law case at Nome. Delayed in returning, they were threatened with loss of mileage for the extra session. Had they failed to reach here before adjournment they could not have drawn mileage. Just as Senator Heyburn reached this city, his colleague, Senator Dubois, left for Chicago, to be gone several days.

Both senators from Utah are absent and neither is expected to return before the assembling of the regular session next week.

MAIL CARRIERS.

P. Oliver Daseh has been appointed regular, and John McCrea, substitute rural carrier at Weiser, Idaho.

PENSIONS.

Pensions granted, Idaho—Rosa E. Mott, \$8.

Utah—Geo. Murray, \$10.

If You Have These Symptoms

Send For My Book.

If you want to feel better,
If you want more strength,
If you lack ambition,
If you can't do things like you used to,
If you lack confidence in yourself,
If your nerve—your courage—is leaving you,
If you lack vim, vigor, vitality,
If something is eating away your constitution, write to me for the book you need.

The book tells of my discovery. Tells how after thirty years I found the cause of the symptoms, and many others, given above.

The book tells how by scientific experiment I traced out the causes that bring on chronic diseases. It tells how I perfected my prescription—Dr. Shoop's Restorative.

I found invariably where there was a weakness that the inside nerves were weak.

Where there was a lack of vitality that the vital nerves lacked power.

Where weak organs were found, I always found weak nerves.

Not the nerves commonly thought of but the vital organ nerves, the inside—the invisible nerves.

This was a revelation. Then I combined ingredients that would strengthen, that would vitalize these nerves.

I wrote a prescription I called a restorative. It is known the world over now as Dr. Shoop's Restorative. After that I did not fail to cure one case in each hundred.

In the extremely difficult cases, my failure for five years were one in each forty.

Treated, I found cancer incurable. Cancer is for surgery, not medicine.

Then how to get this prescription to the sick ones? I realized the truth of my discovery. The real power of Dr. Shoop's Restorative? Then a way came to me—like a revelation.

"I will offer it to the sick on trial, said I. Then they will know I am sincere."

I wrote a reliable druggist in each city and village in America.

I got their consent to co-operate with me.

Now to any sick one

Dr. Shoop's Restorative

Can be Taken on Trial.

For a full month I will let you use it entirely at my risk.

Send no money. I will send it I will tell you of a druggist near you who will permit the use of the Restorative for a month. Then decide. If you say to the druggist, "It did not help me," that will be the end of my expense whatever. He will bill the cost to me.

This is my way of clearing your mind of all doubt as to what Dr. Shoop's Restorative can do.

No matter how prejudiced, you cannot dispute this absolutely security I offer. You cannot resist an offer like this if you are at all sick.

If you have a weakness, write me. If you can't do things like you used to do them, tell me about it.

Write in confidence. As a physician I will tell you a way to help.

Get my book now—today.

Book 1 on Dyspepsia. Simply state which Book 2 on the Heart. Book 3 on the Kidney. Book 4 on the Liver. Book 5 for Women. Book 6 for Men. Book 7 on Rheumatism.

Mild cases, not chronic, are often cured with one or two bottles. At druggists.

EUREKA.

C. L. RITCHIE ELECTROCUTED

Receives a Shock of 8,000 Volts and is Killed Instantly.

Special Correspondence.

Eureka, Juab Co., Nov. 27.—C. L. Ritchie, a well known electrician and mining engineer of this city, was electrocuted this afternoon at 4 o'clock by coming in contact with a live wire on the line of the Telluride Power Co.

He was assisting Manager Marion Hensley of the Bell Telephone Co. in putting in a telephone in a residence in the southeastern portion of the city.

One of the poles of the power company being used by the telephone company, Mr. Ritchie had ascended the pole to attach the wire, when the line which he held fell across the power wires, carrying 8,000 volts, killing him instantly.

His body hung in the belt which he wore to hold him in place. Mr. Hensley witnessed the accident and immediately telephoned to the power company, who sent a crew to the spot.

By this time a large crowd had gathered, and the remains of the unfortunate man were lowered to the ground. After the body had been viewed by the coroner, it was removed to the undertaking parlors of A. N. Wallace. Constable Con J. Hamann summoned Gus A. Franke, Frank Scappatura and James Dutton as jurors, who viewed the remains and adjourned until tomorrow, when an inquest will be held.

Deceased was about 22 years of age and leaves a wife and two small children to mourn his untimely end. He was a member of the Knights of Pythias and Foresters of America, which orders will have charge of the funeral.

LATE LOCALS.

John Crow, a Eureka miner, was brought to the Keogh-Wright hospital yesterday suffering from typhoid fever.

San Delley, a miner, was brought in from Bingham today for treatment for rheumatism at the Keogh-Wright hospital.

Rishon Leonard was reported somewhat improved, this morning, having rested well during the night, and is resting quietly today.

Vice President Hancock of the Short Line returns tomorrow from his trip with the great constellation of railway magnates across the lake.

Amos W. Wiley, representing a prominent New York wagon and carriage company, is in the city on business. He reports business over the country as very good.

There is a difference of opinion pending between the board of public works and the city engineer as to the nature of the street crossing at the North State street crossings.

Today's weather has been marked by a heavy fog, which has enveloped the valley all day. However the local weather office predicts fair tonight, and Sunday, with moderate temperatures. The mercury fell to 23 this morning in this city, but 14 above zero is the lowest thermometer on today's weather map. There is no rain in the western country today; notwithstanding the fog.

Preston Richards, principal of the Thirtieth district school, Mill Creek, with the consent of the trustees of that district, has arranged for a series of lectures on educational topics, the first to be given on Friday, Dec. 4, at 8 p. m., in the school building, by Professors W. M. Stewart and D. R. Allen of the University of Utah. The subject will be Moral Values of Practical Education, and all parents and students are cordially invited to be present.

TO CURE A COLD IN ONE DAY
Take Laxative Bromo Quinine Tablets. Druggists refund money if it fails to cure. E. W. Grove's signature on box. 25c.

DEAN AFTER BURBIDGE.

Attorneys C. F. and F. C. Loofboudrow, in behalf of George D. Dean, this afternoon filed a contest in the District court against the election of George E. Burbidge.

LECTURE IN CANNON WARD.

Prof. B. F. Cluff, Jr., of Provo will deliver a lecture in the Cannon ward meetinghouse tomorrow night on his travels through South America. The meeting begins at 8 o'clock, and cars for that point leave the corner of Second and South and First West at 5:30. A general invitation is extended.

PROBATE AND GUARDIANSHIP NOTICES.

Consult County Clerk or the respective signers for further information.

IN THE DISTRICT COURT, PROBATE DIVISION, in and for Salt Lake County, State of Utah. In the matter of the estate of Thomas M. Seaton, deceased. Notice.—The petition of S. M. T. Seaton, the administrator, with the will annexed, of the estate of Thomas M. Seaton, deceased, praying for the settlement of final account of said administrator, with the will annexed, and for the distribution of the residue of said estate to the persons entitled, has been set for hearing on Friday, November 24, 1934, at ten o'clock A. M., at the County Court House, in the Court Room of said court, in Salt Lake City, Salt Lake County, Utah.

Witness the Clerk of said court, with the seal thereof, attested this 23rd day of November, A. D. 1934.
