RAPID TRANSIT TRACKS TORN UP

Mayor Glasman and Other City Officials Take up Double Track Over Washington Bridge.

TRAFFIC GREATLY HINDERED.

Bridge is Chief Outlet to Northern Part of City and County, as Well as of State.

Ogden, Oct. 27.—The feeling against the Ogden Rapid Transit company lay a double track and thus greatly hindering traffic over the Ogden river bridge on Washington avenue, culminated last night when Mayor William Glasman, with City Attorney Bagley, Street Supervisor L. B. Balch, City Engineer A. F. Parker, Chief of Police T. E. Brown, City Detective J. F. Pender, a squad of police and a number of residents from the Third ward, tore up the new track that was laid across the Washington avenue bridge last Sunday.

The cause of the complaint on the part of the people lies in the fact that the bridge is practically the only outlet to the northern part of the city, and of the county of Weber, and is the roadway also to Boxelder county. To maintain a second track across the bridge would delay traffic, whereas, with the use of a couple of switches the street car service can be managed satisfactorily with one line over the bridge.

The authority for the mayor to proceed in tearing up the tracks was furnished by an opinion from City Attorney John E. Bagley. He holds in his opinion, which was submitted last night in writing, that the Ogden Rapid Transit company had no right to lay the double track over the bridge, and that the mayor was justified under the authority conferred by the Legislature upon the city to remove obstructions from the highway.

While the work was going on employees of the streetcar company notified the general office and an appeal was made to the sheriff's office for aid. Sheriff Bailey and all his deputies, excepting Sam Cave, were out of the city. Deputy Cave was prevailed on to go to the scene of hostility and cautioned the men against destroying the company's property and was about to place the entire force of about 50 persons under arrest, when the mayor requested him to show his authority by way of a warrant or an injunction. Not being able to produce either of these documents the mayor commanded the men to continue their work until he told them to cease. The deputy sheriff retired from the scene.

After the rails and planking had been taken up and piled by the side of the bridge, the body returned to the city and a short time afterward the mayor was summoned into consultation with representatives of the streetcar company.

After the mayor had retired from the conference, the management of the Rapid Transit company continued in session until long past the midnight hour and received advice from the legal representative, C. C. Richards. In defending their action in the matter the company people called attention to an ordinance under date of May 7, 1900, which provides that they have the right to construct, maintain and operate for a period of 25 years a single or double track railway upon any and all of the highways, streets, avenues and alleys of Ogden. This ordinance was approved by Mayor M. S. Browning and published May 8, 1900, to which time it became law. The company states that it will decide on definite action in the matter today. It is claimed that Aug. 5, 1905, the city council, with a full membership, passed a resolution which was endorsed by the mayor, granting them the privilege to extend the double track bridge on Washington avenue, which included the Washington avenue bridge. It is further claimed that when the bridge was originally built, one-third was owned by the streetcar company, one-third by the county and the other third by the city.

DR. PUTNAM'S SUDDEN DEATH

Heart Failure Cause of Demise of Old Soldier.

Ogden, Oct. 27.—Dr. Alfred B. Putnam, a former member of the Eighth Maine volunteers in the Civil war, and a government pensioner, was found dead in his room last night at the Lawrence hotel. He was over 60 years of

age, but had enjoyed fairly good health. Physicians who examined the body declared the death was due to heart failure. He is survived by a son who lives in Idaho and by two sisters. Funeral notice will be given later.

JUDGE PATTON RESIGNS.

Cannot Serve Longer Without Remuneration, as Duties Demand Too Much Time.

Ogden, Utah, Oct. 27.—The resignation of Judge B. Patton as judge of the juvenile court of Ogden has been received by Mayor Glasman. It has caused no little surprise, as Mr. Patton has been serving as judge of the juvenile court since the death of Judge B. Patton, which position was far more important to him, than any other honor that could be thrust upon him, and now so soon after that statement he has sent his resignation to Mayor Glasman, which reads as follows:

"Hon. Mayor Glasman, Chairman Juvenile Court Board, Dear Sir:—Hereby I tender you my resignation as judge of said court. No one ought to be expected to do the work as required in this court without some remuneration. I have now held the office for seven months, and find that the work takes about three-fourths of my time. The establishment of the juvenile court is one of the grandest steps forward in our civilization. I am satisfied that within two years it will decrease the criminality of our city 50 per cent or more.

"I trust that you may find some one to fill the place and not let it lapse, as there is important work to be done every day. Very respectfully, (Signed) 'A. B. PATTON.'"

It is understood an effort will be made to have Judge Patton reconsider his action and serve at least until one year is completed.

THOMAS DIVORCE CASE.

More or Less Thomas Sues for Separation, Alleging Cruelty to Children.

Ogden, Oct. 27.—More or Less Thomas, a well known business man of Ogden, has commenced a suit for divorce in the Second district court against Mrs. Pearl Thomas, charging his wife with extreme cruelty to plaintiffs children by a former wife. The complaint alleges that the couple were married March 15, 1890, that at the time of their marriage plaintiff had three children by a former wife, and defendant had one child by a previous marriage and one child has been born as issue of the marriage. Mr. Thomas charges that his wife has been extremely cruel to his children by his former wife, making it impossible for them to live together longer, and asks for the dissolution of union of matrimony and that the custody of their minor child be awarded to Mrs. M. B. Campbell. The suit has caused considerable talk because of the prominence of the parties.

BURIAL OF MRS. DAVIS.

Devoted and Faithful Woman Goes to Her Reward.

Ogden, Oct. 27.—The mortal remains of Mrs. Davis were buried last night in the Provo department.

PROVO DEPARTMENT.

The "News" is delivered by carrier in Provo at 75 cents per month. R. J. Dugdale, Agent.

POLLING PLACES NAMED.

Council Considers Salary Ordinance—Boy Sent to Mental Hospital.

Special Correspondence.

Provo, Utah, Oct. 27.—The city council met last evening and selected the following polling places for the coming election:

District No. 1—Council chamber.
District No. 2—Hotel Roberts.
District No. 3—Franklin schoolhouse.
District No. 4—Timpanogos schoolhouse.
District No. 5—Grier house.
District No. 6—Parker schoolhouse.
District No. 7—Fifth ward meetings house.
District No. 8—Maeser schoolhouse.
The matter of placing the Independent Temperance company's poles on Center street was again brought up by Mr. Henry Johnson, explaining that he was not satisfied with the order made for placing the poles. The matter was referred to the committee on judiciary.

The committee on streets and alleys.

ENTERPRISE NAT'L BANK.

Not Likely it Ever Again Will Open Its Doors.

Pittsburg, Pa., Oct. 26.—It is not probable that the Enterprise National bank will ever re-open its doors. Such is the opinion of many of the directors, of whom it is said that their main hope now is to save the depositors as much as possible.

The books of the institution are said to be in such a hopelessly muddled condition that it may take many weeks to arrive at anything like a full statement of the bank's affairs.

Collateral to the amount of \$70,000 deposited by Arthur Kennedy to secure a loan of \$20,000 is today reported missing. The fact that Cashier Clark's last report to the controller of the currency showed only \$100,000 of re-discounts, while in one Pittsburg bank \$300,000 of such paper has been discovered, is pointed to as an evidence of the cashier's peculiar financial methods. In this connection Judge Oldham said:

"This is not an ordinary case. There are features in this case which look like a case of insanity. There seems to be no doubt that Cashier Clark destroyed much of the evidence that would uncover his financial schemes. Had Clark been living or had he destroyed the papers he did this examination could have been made with greater expediency."

In regard to the reimbursement of the state of Pennsylvania for \$102,000 deposited in the Enterprise National bank, it is stated that the state is now paying the state treasurer the amount of the deposit in the Enterprise bank, \$1,022,000, and it was stated that the money would be paid within one week.

LOUBET'S SPANISH VISIT.

Ends Without Incident and He Goes to Lisbon.

Madrid, Oct. 26.—President Loubet's visit to Madrid was concluded this evening without special incident. He was accompanied by the station by King Alfonso and left for Lisbon at 6:35 o'clock. He will reach the Portuguese frontier early tomorrow morning.

The ministerial crisis augments, owing to the peculiar attitude of the friends of Minister of Marine Villanueva, who objected to President Loubet bestowing the

grand cross of the Legion of Honor on him after entering a higher order on Oct. 26. Veyrier, the minister of war, the action of Senator Villanueva created a serious incident, and is threatened a dissolution of the cabinet. Villanueva maintains that as supreme head of the navy he should not receive a lower decoration than the heads of the army.

French circles hold that Villanueva's action is the result of his unimpeachable sentiment towards France, and it is said that the incident will result in his retirement from the cabinet. The premier is seeking to prevent the disruption going beyond the ministry of marine but other retirements, including that of the minister of finance, are considered to be imminent.

In government circles it is said Senator Monthe will not surrender the premiership until after the conclusion of the Moroccan difference.

Impressive services were held at the Willard tabernacle, commencing at 2 o'clock, Bishop William J. Facer presiding. The ward choir sang several appropriate selections. Elders William B. Williams, George F. Gibbs of Salt Lake City and Bishop Facer were the speakers. Each testimony of the many noble, pure traits of character possessed by the deceased, of her devotion to the work of God, and the active part she took in the various organizations, working out for herself a career of glory in the kingdom of heaven.

Eight sons and three daughters. Some beautiful floral offerings were laid on her bier by loving relatives and friends. Millennial Star please copy.

ECCLIES SUCCEEDS DEE

As President of the Rapid Transit Company.

Ogden, Oct. 27.—At a meeting of the board of directors of the Ogden Rapid Transit company, held last evening, David Eccles was elected president, to fill the vacancy caused by the death of the late Thomas D. Dee. The board also elected Mr. S. Browning a member of the board, and the place of Mr. Eccles in the directorate. The matter of improvements was also discussed, but nothing definite was decided upon.

MARRIES THE GIRL HE WRONGED

To escape punishment by the courts on the charge of fornication, Julius P. Cook has decided to marry the girl whom he wronged, Alta C. Garner, of Utah. The case would no doubt have been brought to the courts, but for this conclusion. The young man refused to marry Miss Garner because she is four years older than he. They were granted a license to marry by the county clerk.

BRIEFS AND PERSONALS.

The Republican ladies are holding a public meeting this afternoon at the headquarters of the Grand Opera House tonight and tomorrow night are "May Howard Extravaganza Company" and "The White Thirties of Japan."

Will Burris, a barber, under the name of James H. Druggs, forged the name of the Ogden Rapid Transit company, and was arrested, but will not be prosecuted, as those interested do not desire to punish him, as when sober he is honest and honorable.

The eight-year-old son of Mrs. D. K. Farley, on whom Mrs. Rich and Forbes performed a tracheotomy operation for diphtheria, is recovering very satisfactorily.

It is stated that the Harriman roads will locate a portable car hospital in Ogden, which is a car equipped with all the necessary appliances for emergency cases, so that when accidents occur near Ogden on their lines, an engine can be attached to the train and run to the afflicted with a surgeon, instead of the frequent delay in getting to a hospital.

Mr. and Mrs. Robert Prouditt have gone to New York on a month's trip. Judge Howell held a session of the district court at Farmington yesterday.

An open meeting of the G. A. R. and the W. R. C. will be held tonight at the most headquarters.

Mrs. F. S. Fitzgerald and son have returned from a trip to California. The Beck Salt company, through its board of directors, yesterday declared a dividend of 35 cents on the share. The question of building a refinery was also discussed at the meeting but no decision was announced.

26 RICHARDS STREET.

reported formally on the offer of Samuel L. Colwell to lay concrete pipe across Center street on Fifth Street to convey the water of the millrace, again adopted.

The salary ordinance was again taken up and a point of the items passed. The salary of the city attorney was raised from \$300 to \$500 a year. The compensation of councilmen was left at present, \$1 for each session at residence and 40 cents an hour for committee work, till the first Monday in January, 1908, and after the first hour for January, 1908, 50 cents an hour for committee work.

GARDEN CITY NOTES.

A daughter has been born to each of the following families: Mr. and Mrs. A. L. Booth and Mr. and Mrs. William Peterson, all well.

Hess Wilcox, of Cedar Creek, aged 19, was examined as to his sanity, yesterday, by Drs. Westwood and Slater in the Fourth district court, and committed to the State Mental hospital.

State Auditor Edwards was in Provo yesterday.

Ends Without Incident and He Goes to Lisbon.

Madrid, Oct. 26.—President Loubet's visit to Madrid was concluded this evening without special incident. He was accompanied by the station by King Alfonso and left for Lisbon at 6:35 o'clock. He will reach the Portuguese frontier early tomorrow morning.

The ministerial crisis augments, owing to the peculiar attitude of the friends of Minister of Marine Villanueva, who objected to President Loubet bestowing the

IN NATURE'S LABORATORY.

Barred deep in our American forests, many years ago, Dr. Pierce found a beautiful, blooming plant the root of which possesses wonderfully efficacious properties as a stomach and general tonic, also as an alterative or blood purifier and liver invigorator, having an especial affinity for all mucous surfaces upon which it exerts a most salutary, soothing and healing influence.

This sturdy little plant is known to botanists as *Hydrastis Canadensis*, but has several local English names, being generally known as Golden Seal. Dr. Pierce found the root of this common forest plant to possess medicinal properties of great potency, especially when combined, in just the right proportions, with Queen's root, Black Cherrubark, Stone root, Mandrake root and Blood-root, the properties of each being extracted and preserved in chemically pure glycerine of proper strength.

This compound Dr. Pierce named his "Golden Medical Discovery," in honor of the sturdy little Golden Seal plant. So little used was the root of this plant by the medical profession at that time, that it could be purchased in the open markets for from fifteen cents to twenty cents a pound. The use of many tons of this root every year in Dr. Pierce's two leading medicines—for it enters into both "Golden Medical Discovery" and also into Dr. Pierce's Favorite Prescription as one of their most important ingredients—has caused the price of the root to advance until to-day it commands upwards of a dollar and a half a pound.

DR. PIERCE'S FAITH.

Dr. Pierce believes that in our native forests are to be found an abundance of most valuable medicinal plants for the cure of many distressing and for the most part incurable diseases, and for what diseases to use them. Furthermore, he believes that the vegetable kingdom is the one source of remedy for the most harassing remedial agents. They act most kindly upon the human system and are eliminated or carried out of the body by the natural functions without injury, even in cases where it is necessary to make protracted use of them in order to experience permanent cures. Dr. Pierce's medicines being purely vegetable, are perfectly harmless. In other words, while they are potent to cure, being purely vegetable in composition and containing no alcohol, they leave no bad effects behind. This is not generally true when mineral medicines and those containing large percentages of alcohol are taken into the system and their use protracted over considerable periods of time.

Many years ago, Dr. Pierce discovered that chemically pure glycerine, of proper strength, is a better solvent and preservative of the medicinal principles residing in the indigenous, or native, medicinal plants than is alcohol; and, furthermore, that it possesses intrinsic medicinal properties of its own, being demulcent, nutritive, antiseptic and a most efficient anti-ferment.

THEY STAND ALONE.

The fact that neither Dr. Pierce's Golden Medical Discovery, the great stomach tonic, liver invigorator, heart regulator and blood purifier, nor his "Favorite Prescription" for weak, nervous, over-worked and broken down women, contains any alcohol, entitles them to a place all by themselves. They are neither patent medicines nor secret ones either, for every bottle of Dr. Pierce's world-famed medicines leaving the great laboratory at Buffalo, N. Y., has printed upon its wrapper all the ingredients entering into its composition. This is why so many unprejudiced physicians now prescribe them and recommend them to their patients when they would not think of advising the use of a secret nostrum. They know what they are composed of, and that the ingredients are those endorsed by the most eminent medical authorities of all schools of practice.

The exact working formula for making Dr. Pierce's medicines without the use of a drop of alcohol and preserving them unimpaired in any climate for any length of time, cost Dr. Pierce and his assistant chemists and pharmacists a tedious course of study and experiments, extending over several years. With the use of chemically pure glycerine, of just the right strength, and with laboratory apparatus and appliances specially invented and designed to carry out the delicate processes employed, Dr. Pierce finally found that all the medicinal principles residing in the several native medicinal roots could be more perfectly extracted and better preserved from fermentation than if alcohol was employed.

Besides the glycerine, of itself, possesses the property of greatly enhancing the efficacy of the several medicinal agents employed, whereas alcohol is well known to be objectionable in any medicine to be employed in chronic or lingering diseases, where, at best, treatment must be continued over a considerable period of time in order to make the cure complete and permanent.

The exact proportion of the several ingredients entering into these medicines, as well as the working formula and peculiar process, apparatus and appliances employed in their manufacture, are withheld from publicity that Dr. Pierce's proprietary rights may not be infringed and trespassed upon by unprincipled imitators and those who may be pitifully misled.

In favor of Dr. Pierce's medicines is the frank, candid, open, honest statement of their full composition, giving every ingredient in plain English, without fear of successful criticism and with confidence that the good sense of the afflicted will lead them to appreciate the wisdom when they are taking into their stomachs when making use of these medicines.

A little book of extracts from all the standard medical works of all the different schools of practice, including, in the strongest terms, all the several ingredients entering into Dr. Pierce's medicines and telling what diseases these most valuable medicinal agents will cure, will be mailed free to any address by Dr. R. V. Pierce, of Buffalo, N. Y., on receipt of request for same by letter or postal card.

Dr. Pierce's Pleasant Pellets are largely composed of Podophyllin, the concentrated extract of Mandrake root, and they regulate and invigorate stomach, liver and bowels.
