receive a breaze medal, the design for the three classes being different. The total prize money in the national match is thus increased from \$875 to \$3.700 and the number of prize winning teams is increased from six to twelve. It will be noticed that the first prize for class B is equal to the second prize in class A and the second prize in class B being equal to the second prize in class B, and the second prize in class C, being the same as the fourth prize in class B. It might be expected that occasion would alries when a team in class A might try a little jocksying in order to land a better prize in class C than in class B. This has been provided for by the adoption of a rule that no team shall be eligible to win a prize in a class lower than the one in which the shall have been rated for the year. Thus a team classified in C can win any prize in the match; those in class B are eligible to prizes in classes A and B, while those feams which stood among the first 15 at Camp Perry last year can shoot only for the prizes in class A. Teams in classes B and C making a total score entitles them. No team shall be eligible to win moye than one prize in the same national match. Onio State Rife association and the Ohio State Rifle association and Department of the Lakes Rifle association and of the Ohio National Guard shich will immediately precede the national term match. Congress has appropriated \$1,000 for messing the competitors in the national team match, which will be done in the magnificent new concrete mess hall edected by the State of Ohio in which 1,000 men can be feel at one sitting. Congress has also very materially increased the amount or money for prizes in the mational team match, the national match and the national match and the national pistol difficult match and the national indi-cidual match and the national pistol match. The National Rifle association has adopted the policy of returning to the competitors the entire amount of the entrance fees less the actual ex-censes either in the form of medals, or cash prizes. The Ohlo State Rifla issociation will have a prize list for he the new matches of the Department of the Lakes Riffs association which will be shot for the first time. The smeant of the orize money will thus be increased by from \$4,000 to \$10,000 and the whole program is the most ziractive over offered for military rifle theoring in this country. The state of this has generously placed at the discount of the various organizations the magnificently equipped and extensive ongs, with more than 200 targets, without further cost than the necessary out further cost than the necessary expense of operation. As a further preventative of possible lockeying the order of fire has been materially changed. Last year the 200 yard rapid fire immediately followed the 200 yard slow fire and the shirmlah run came in between the sho yard stage and the 1,000 yard stage with which the match ended. This year the order of fire will be as follows: 600 yards slow fire; 800 yards slow fire; 1,000 yards slow fire; 200 yards rapid fire; a skirmish run. Owing to the possibilities in rapid fire and at skirmish the interest will thus be maintained until the last shot in the match is fired, for many a team will change its standing in the final stage of the match and every team will go into the skirmish run with the possibility of winning any one of the 12 prizes, for of the highest possible total accordance with the action of in rifle shooting and last year its bains made remarkable records both at Camp Perry and Sea Officers of the marine corps, subscribed \$1,500.

The National Rifle association having recording antalytical bership, the match for the annual members will be shot at the same time as the match for the life members. Gold for a trophy to be known as the Marine Corps Trophy, will be shot for in August for the first time. The distance and number of shots will be two sightling shots and 10 shots for record at 500 and 1,000 yards: it will be open to everybody with any military rifle, any military sight, using any ammunition, and shooting in any position. Ten per cent of the net entrance fees will go with the trophy, which will be held for one year. The second, third and fourth men will each receive 10 per cent and 50 per cent of the total net entrance fees will be divided into \$10 per cent and 50 per cent of the total net entrance fees will be divided into \$10 per cent and 50 per cent of the total net entrance fees will be divided into \$10 per cent and 50 per cent of the total net entrance fees will be divided into \$10 per cent and 50 per cent of the total net entrance fees will be at least 300 entries, there will be symething like 40 or 50 prizes.
