

## LOCAL AND OTHER MATTERS.

## FROM WEDNESDAY'S DAILY.

**LEFT FOR ELKO.**—The following gentlemen left this city by the 2.45 p. m. train for Elko, to appear as witnesses before the grand jury there in the case of the supposed robbers of the Central Pacific Railroad, now in custody: Theo. F. Tracy, H. P. Kimball, J. Q. Knowlton, R. Judd, W. Hyde, B. Y. Hampton and T. Booth.

**Now.**—We are enjoying, just now, most delightful weather. Old Sol reigns to the delight of pedestrians and out-door business people. Indian Summer, "in all its vernal beauty," prevails. But very slight frosts at nights.

**BULLION MOULDS.**—Four bullion moulds weighing fifty-two pounds each, were cast yesterday at the Deseret Co-operative Novelty Works, for F. J. P. Pascoe. The castings were perfect. They can be seen at Zion's Co-operative Hardware department.

**EMIGRATION.**—We are informed that the steamship *Manhattan* was to leave Liverpool on the 16th inst., having on board a small company of Saints in charge of Elder Ralph Thompson.

**HIGHWAY ROBBER.**—A man named L. Y. Odum, was recently arrested at Sacramento, and accused of having robbed a stage of Wells, Fargo & Co's to the amount of \$5,150 in coin and the passengers of valuables to the amount of between \$1,000 and \$1,500, on the Geiger grade, about five miles from Virginia City, in 1886. Two of the late Central Pacific Railroad robbers were engaged in the same transaction.

**IN MONTANA.**—Mr. and Mrs. Coudock, well known to our theatre-goers, were playing at Deer Lodge, Montana, on the 11th, and the *New North West* speaks in very high praise of them both. We should like to have them travel in this direction and favor us with some of their life-like portrayals of character, for instance: "Willow Cope," "Old Phil's Birthday," "Chimney Corner," "The Advocate's Last Cause," "Louis XI," "Milky White," and others.

**INFORMATION WANTED.**—Ann Jones, of Liverpool, desires to know the whereabouts of her sister, Elizabeth Edwards, who emigrated to the United States in the ship *John Bright*, April 30, 1866. Address, 42, Islington, Liverpool.

**DISTINGUISHED VISITORS.**—We were gratified at receiving a call this afternoon from the following gentlemen who are now on a brief visit to this city: D. O. L. MacDermott, of the British Army, from Hong Kong; G. Tonso, from Japan; Dr. Martin, Physician of the French Legation at Peking; Mr. Rivero, of Japan; John D. Wake, of Japan; Meynard Sirisicuteur, of France; Henry Cliff, Paris; Mr. Theotoky, Shanghai and John Shaw, Esq., Agent of the Inman Steam Ship Company.

These gentlemen are highly pleased with their visit to the City. Mr. Rivero is a son of the Spanish Minister of the Interior and is the bearer of the treaty between Spain and Japan.

**UNITED STATES SURVEY IN "DIXIE," OR SOUTHERN UTAH.**—By the courtesy of Col. Froiseth, of the Surveyor General's Office, of this city, we have received the following particulars of a survey lately completed in "Dixie," or Southern Utah, the township plats of which have this day been handed over to the United States Register's Office in this city. All persons interested would do well to apply immediately at the Register's Office and file their claims, and also bear in mind that the lands included in the townships named below are only a portion of the survey which has been made this past season, in the South; and in order that persons may not make the long journey to this city in the belief that their lands are included in these township plats, they should be particular to note the numbers of the townships and ranges of these plats, and thereby save themselves unnecessary trouble.

This survey embraces the following: Township 34 South, Range No. 10 West, contains the town of Summit, and the northeast corner of this township takes in the southern end of Little Salt Lake, half of a mile; Township No. 34 South, Range No. 11 West, and Township 36 South, Range No. 11 West, contain the settlements of Cedar City and Shirts Creek, or Fort Hamilton; Township No. 37 South, Range 12 West, contains the town of Kanarra; Township No. 38 South, Range 13 West, contains the settlement of New Harmony; Township No. 40 South, Range 13 West, contains the settlement of Bellevue—Ash Creek runs north and south through this fractional township; Township No. 41 South, Range No. 14 West, contains the settlements of Harrisburg and Leeds; Township No. 42 South, Range 14 West, and Township No. 42 South, Range 15 West, contain the settlements of St. George and Washington, and the settlement of Middletown; Township No. 43 South, Range No. 15 West, and Township No. 42 South, Range No. 16 West, contain the town of Santa Clara and a portion of the city of St. George; and Township No. 43 South, Range No. 16 West concludes these townships.

The Rio Virgin and Santa Clara rivers run through the last named six townships. The above townships contain a total area of ninety-five thousand, four hundred and seventy-four acres and thirty-four hundredths of an acre of the best agricultural land in Southern Utah.

The balance of the townships for the lands which have been surveyed this season in the southern portion of this Territory, it is expected, will be ready and in the Register's Office some time during the month of January, 1871.

**CONFERENCE IN LONDON.**—From the *Millennial Star* of Oct. 25th, we learn that a conference of the Saints was held in London on Sunday the 9th of that month. The following Elders from Utah were present: "H. S. Eldredge, President of the European Mission; John Jaques, from the office at Liverpool; R. F. Neslen, Pres. of the London, Lot. Smith, Pres. of the Birmingham, Hamilton G. Park, Pres. of the Glasgow, Stephen Taylor, Pres. of the Cheltenham, Albert Dewey, Pres. of the Southampton, and George Barton, Pres. of the Kent Conferences; Edmund F. Bird, Travelling Elder in the London Conference."

The statistical report of the London Conference, which was read, showed the total number of members to be 1,175.

## FROM THURSDAY'S DAILY.

**DANGEROUSLY ILL.**—The friends of Bro. Anthony Ivins will be extremely sorry to hear that he is dangerously ill, and in a low and somewhat critical condition.

**MAC EVOY'S ENTERTAINMENT.**—There was a good house at the Theatre last night to witness the "New Hibernicon." Judging from frequent outbursts of applause, the audience appreciated the entertainment. Some of the panoramic paintings exhibited were very good, the chief attraction, however, was the eccentric drolleries of Mr. Robert Byrne, as "Barney the guide." He sang, looked and spoke the Irishman all over. The singing and acting of Miss Ida Lester were also commendable. The "Mrs. O'Callaghan" and the "Widow," of Miss Mary Douglass were also pretty good, but would have admitted of being a little more "Irishy." The "New Hibernicon" will continue at the Theatre for three more nights.

**FINED FIVE DOLLARS.**—Before the opening of the Court this morning the concourse of spectators was large, and it was thought best to have the seats arranged so as to keep the people from crowding on the bar. To do this effectually, benches, with the backs to the Court, were placed across the room just behind the space occupied by the lawyers. Mr. Howard O. Spencer, not knowing the object of placing the seats as above described, was endeavoring, with the aid of one or two more, to turn the bench so that those occupying it might face the Court, when Marshal Patrick and one of his deputies, Firman by name, interposed, and informed Mr. Spencer that the seat could not be moved. A few words ensued between the officers and Mr. Spencer. At this juncture the court was opened, after which an order was given by the chair to arrest Mr. Spencer and place him before him. This order was promptly obeyed, when Mr. S. was asked in grave and solemn tone if he was aware that he had been interfering with or resisting officers of the court? He replied that he was not, for he was not acquainted with the gentlemen and did not know that they were men in authority. This explanation, if given to any man possessing common sense and actuated by common justice, would have been quite sufficient. But not so here. Mr. Spencer is well known as a "Mormon," and when Dogberry is in office he never misses an opportunity to assert his authority, and a five dollar fine was promptly assessed, and as promptly paid, when the prisoner was discharged.

**SAN FRANCISCO INDUSTRIAL EXHIBITION.**—We have received a copy of a circular relating to the "Eighth Industrial Exhibition of the Mechanics' Institute of San Francisco," which will be held on the second Tuesday in August, 1871. The Managers will, in due time, issue a list of premiums. Communications relating to the Exhibition should be addressed to H. C. Kibbe, Corresponding Secretary, Mechanics' Institute, San Francisco, Cal. Applications for space must be made on or before July 15th. Articles sent from abroad to be exhibited, if not consigned to the Agent of the exhibition, should be addressed as per title of the exhibition to the care of H. C. Kibbe.

With regard to the objects of this affair, the circular says: "It is desirable that the various interests, domestic and international, may be brought together at the Exhibition, in such a manner as to enable the well wishers of the country's prosperity, to distinguish the channels of trade—present and prospective—in connection with the progress made in the Arts, Manufactures and productions of this State."

**CACHE VALLEY.**—We are in receipt of a letter from Elder George L. Farrell, of Logan, dated the 17th inst. He says: "We are having splendid weather; there is no frost in the ground. The farmers are as busy as bees putting in fall grain, of which there will be a large amount sown should the weather continue fine."

**POST OFFICE.**—The Post Office will be open for business to-morrow, Thanksgiving day, from 9 to 10 a. m., and from 12 to 1 p. m.

J. M. MOORE, P. M.

**INFORMATION WANTED.**—Elizabeth King, Post Office Yard, South Normanton, Derbyshire, England, would like to hear from her brother, Thomas Barker, who emigrated to Utah in 1868, from Kegworth, Leicestershire, England.

**THE EVIDENCE.**—In yesterday's News we treated our readers to a full report of the evidence given in the *insurrection* case, by Messrs. Keyes and Black. It would be noticed that some startling developments were brought to light. We hope our readers and the public in general have recovered from the shock which such details doubtless produced upon their nerves. Consideration for the feelings of the friends of those against whom such grave charges were made prevented us reviewing, further than we did, the evidence of the two witnesses; especially the friends of Mr. Savage, whom the testimony so deeply implicates. It will be perceived that it was distinctly proved that, on Monday last, he wore a blue coat and brass buttons. It has not yet transpired whether he first asked permission of the U. S. legal authorities in Utah. If, however, he did it may soften the matter in his favor. Although Judge Hawley acquitted the would-be murderer, Morgan L. Pedan, a short time since, he may not be disposed to deal so leniently with Mr. Savage for having worn, without permission, a blue coat and brass buttons. This latter is an offense of too heinous a nature, in the eyes of the august Judge, to be allowed to pass unpunished. Had it been a brass coat and blue buttons it might have been overlooked, but unfortunately it was the opposite. The fact of Mr. Savage having on a blue coat and brass buttons was the principal item in the evidence, providing we omit the color of that gentleman's hat and plume, upon which latter points the prosecuting attorneys so keenly interrogated the witnesses. The discriminating reader of the evidence would not fail to observe that a part of it was as clear as mud. Mr. Keyes stated that there were about 100 men drilling on the 20th Ward square, and Mr. Black said there were about 300. This discrepancy would not, under some circumstances be considered slight. The public, however, are requested to put a charitable construction upon it. They can either attribute it to the innate love for truth natural to those two gentlemen or to the extraordinary amount of mathematical brain possessed by either or both of them. It is optional with the public which way they construe it. It is an old saying that when there is a doubt the person suspected should receive the benefit of it. The two statements being of such a conflicting nature they involve considerable doubt and we are confident that a generous public will give the gentleman who made them the full benefit thereof. Before forming a definite opinion with regard to this part of the evidence it may be well to ascertain the mind of Judge Hawley in relation to it as he may decide to indict these who may differ from him upon that matter.

**SERENADED.**—That fife and drum band serenaded Bishop John Sharp and Messrs. G. M. Ottinger and C. R. Savage, last evening. Fortunately for the musicians, this circumstance did not reach the ears of Judge Hawley, the U. S. Marshal or some of his deputies in time to have them arrested for this act of turbulence and insurrection. We suggest, however, that it may not be too late now to capture and punish those boys who will thus wilfully, maliciously, and in the face of the late Governor's proclamation, parade and march along the streets armed to the teeth with musical instruments. It is not stated, we believe, in the proclamation, the precise age of persons who are forbidden to muster together in arms; therefore we advise the ladies who have little babies not to get together in large numbers in case their children should be arrested and taken from them should the little ones be found in arms by any of the deputy marshals.

**THIEVING.**—At Denver, a short time ago, a thief stole a horse from a poor paper carrier while he was in the printing office getting his papers for delivery, thereby compelling him to "foot it." The *Tribune* suspected the same fellow of stealing a bottle of whiskey which was missed from a saloon just previous to the theft of the horse, and as a means of punishing him hopes that he will get drunk with the whiskey, fall from the horse and break his neck.

Adelina Patti has announced two concerts in Liverpool, as the last to be given by her before her approaching departure for America. Patti is coming here in 1871, under the management of the Straskosches. Herr Nieman, the tenor, who accompanies her, is said to be the best in Germany, and perhaps the best in Europe now.

The Mayor of St. Joseph, Mo., gave permission to a citizen to kill two dogs which annoyed him, and the next morning the Mayor found two of his own dogs dead, with his own warrant of permission for their killing pinned on their bodies. Though he hasn't exactly got the hydrophobia, that Mayor is mad.

Lists of the names of the German soldiers killed or wounded in battle, are displayed publicly in all the principal cities. The officials of smaller towns are provided with lists, and the Postmasters are directed to furnish copies to all applicants. This is to relieve the anxieties of friends at home.
