

UTAH WILL HAVE SPLENDID EXHIBIT

Dry Farm Congress at Billings to
Be Most Important of
All Meetings.

INTENSE INTEREST SHOWN.

Many Foreign Countries Are Ex-
pected to Send Delegates to the Ses-
sions Beginning in October.

From the standpoint of western progress, there is no single element of development of more importance than the work of cultivating the arid wastes through the means of dry farming. Vast areas already brought under cultivation by the application of the principles of subsoling, and some of the best producing farms in Utah today are filled without a drop of water.

To maintain interest in this growing industry, the Dry Farming congress, now in its fourth year, is to be held in Billings, Mont., from Oct. 25 to 28, 1909. Edwin L. Norris, governor of Montana, is president of the congress, and John T. Burns is secretary. Included in the list of vice presidents of the organization are found the names of Dr. John A. Whitson, president of the Agricultural college of Logan, Utah; George Harcourt, deputy minister of agriculture of Canada; Joseph A. Ross, chief of the American agricultural bureau of governmental zemstvo of Ekaterinograd, Russia; Dr. William Macdonald, editor Agricultural Journal, Pretoria, Transvaal, South Africa; Dr. L. Baeta-Nevius, Ouro Minas, Genoa, Brazil, and others.

John Fisher Harris, of Salt Lake City, was the first president of the Dry Farming congress, having been elected at the session held at Denver, Colo., in the year 1906. Mr. Harris bore his honors well, and turned the official emcee over to his successor in such good shape that the growth of the congress and the interest in dry farming have become a subject of world wide importance. At the last session of the congress, held at Cheyenne, Wyo., there were representatives present, not only from nearly every state west of the Mississippi, and from many east, but from many foreign countries. At the Cheyenne meeting there were delegates present from South Africa, New Zealand, Canada, Russia, Macedonia, Turkey, India, Brazil, Argentina, Mexico and other foreign countries.

"I think Utah will have a splendid representation at the coming dry farming congress at Billings," said Mr. Harris this morning, "and I think we will also have a creditable exhibit of our dry farm resources there. It is a vast industry, and one which is interesting nearly every nation on earth. I am glad to know that Utah is in the forefront of the movement, and will exhibit one of the best specimens most interested in the progress of dry farming."

MINER MEETS NEGRESSES.

He Falls Victim to the Wiles of Two Streetwalkers.

John Hill, an employe in one of the Bingham mines, was last night's victim of the colored fraternity of streetwalkers, reporting to the police that he had been robbed by a negress of \$25. Hill was accompanied by two colored men on Second South near Main street. When he discovered that he had been robbed he gave chase to the women, securing the aid of Patrolman Kelly. One of the women, giving her name as Levenia Taylor, and who was caught in an alleyway, and taken into custody.

A private safe may be rented in the fire and burglar-proof vaults of the Salt Lake Security & Trust Co., 32-34 Main street, \$2.00 per year.

TO COVER ENTIRE STATE.

Food Inspection Will be Prosecuted With Vigor by State Officers.

Deputy State Food Inspector Heber C. Smith has planned a campaign of inspection covering the entire state. Up to date he has covered only Salt Lake and Utah counties; now the other counties will be taken up one after another, and all grocery and produce stores examined. Mr. Smith says he has not and any dealer deliberately intending to cheat, the main difficulty seems to be ignorance, both of the law and of food conditions. The liquid flavorings, or "fruit extracts" have given the most trouble; but they are being got rid of, and stocks now being brought into the state are as far as the inspector can see, pure. However, all suspicious goods are being sampled and analyzed, and the law will be enforced in each and every case.

WAS A GOOD CIRCUS IF NOT A BIG ONE

A Clean Show With Splendid Features
—Everybody Who Went
Enjoyed It.

It was not only the Fourth of July yesterday, the fifth, but circus day as well, and that rejuvenating attraction, the show that has the peculiar quality of making the old young, was attended by thousands of boys and girls ranging in age all the way from six months to 80 years.

It was a circus, too, even though the press agent couldn't find the possible chance to use the worn-out word "colossal." There is nothing so big about the Sells-Floto show that the dictionary is needed to dig up adjectives—the one word "good" about tells it all. The most striking feature of the show is that you see it all—there is no beveling of corners or acts all going on at the same time, but with its two rings and central stage it furnishes a night's entertainment that everyone can see and enjoy.

The most noticeable thing about the Sells-Floto is its cleanliness and freshness, and the precision with which everything is carried out on the billed program. There are no dare-devil hair-raising, blood-curdling stunts; there's nothing but the show to send the timid into hysterics, but from the time the band begins the opening concert to the chariot race, pretty close to three hours are crowded with acts that are pleasing and varied enough to give one all that thrill that comes from the sawdust ring, the trapeze, the laughter from the antics of the clowns, and the delight in the horse, trained and beautiful.

HORSE SHIPMENT STOPPED.

State Veterinarian Young Quarantined Fourteen Cases of Glanders.

A contractor working on one of the irrigation ditch enterprises near Price attempted to ship 16 horses to Montana yesterday afternoon. State Veterinarian A. C. Young was watching the case and the Short Line refused to accept the shipment unless they had been examined by him.

Dr. Young found two of the horses suffering from glanders, and had them promptly shipped to the other 14 head and to show the disease, but as they had been exposed, Dr. Young had them put in quarantine where they will remain until their hygienic status is determined.

PLENTY OF COTS FOR VETERANS

Resolution by Senator Smoot Authorizing Loan is Passed by The Senate.

Col. F. M. Sterrett, executive director of the forty-third G. A. R. encampment, has received a telegram from Senator Smoot in regard to the passage by the senate of the resolution authorizing the war department to lend cots to the encampment for the use of the veterans.

The dispatch is as follows: "Senate just passed resolution. President will be here by July 9th or before and I will request his signature immediately on arrival."

A meeting of the refreshment committee of the women's citizens committee of G. A. R., will be held at the general committee rooms of the Commercial club building Wednesday afternoon, July 7, at 3 o'clock. A full attendance of the committee members is desired, as matters of importance will come before the meeting.

The committee on entertainment requests that parties sending in notice of willingness and ability to accommodate some of the guests who will visit this city during encampment week, indicate the number and location of rooms to be used, whether upstairs or down, with or without bath, and with or without breakfast. The committee is called upon to answer questions on all these points, and would appreciate the information from those who are in charge of the entertainment of the city's guests during encampment week.

L. C. Stocking, secretary of the Women's Citizens' auxiliary committee said this morning: "We have received a request for accommodations for 100 people from Grand Junction, Colorado, during encampment week. In fact, Mrs. A. Albert, of Grand Junction, is here personally to arrange for the entertainment of these 100 people from the Colorado town. We also received a request this morning for accommodations for a party of 50 from Pennsylvania, and inquiries and requests are coming in every day along the same line. We very much desire that all who can will open their homes to the veterans and their friends for the week of Aug. 3-11, which we feel sure they will do, for the credit of Salt Lake City. Many people have indicated their willingness to help in this matter, and I feel sure that all requirements will be met and that no trouble will be experienced in looking after our guests."

HID TWO YEARS; ARRESTED HERE

Clarence Stark Admits Crime
When Taken Into
Custody.

SHOT AT HIS SWEETHEART.

Fired at Her Three Times With a Re-
volver, None Taking Effect,
After Which He Fled.

After two years of hiding and almost continual flight, shifting and wandering from one place to the other, but always haunted with the horrible thought of three shots fired at a woman in the moment of jealous rage, Clarence E. Stark was arrested in Salt Lake yesterday afternoon, and is now held in custody awaiting the arrival of an officer from Neosho, Newton county, Mo.

It was with the relief of the weight of remorse that Stark submitted to his arrest yesterday, and willingly told of the mad act which had made him a fugitive for two years.

It was the case of a maddened infatuation, with a Miss Carnes, a prominent young woman and church worker of Neosho, Mo., as the victim of Stark's passion, and jealous hatred. Hating the rival for the affection of the young woman, however, Stark chose the latter in his vindictive mood. One evening as she was on her way home from a choir practice in the church, Stark lay in wait and after many words that only fired his passion, he drew a revolver and fired three bullets into her body, none of which, however, was fatal.

Immediately after the shooting Stark made his escape, and since then has been a wanderer. He arrived in Salt Lake two days ago, and yesterday afternoon was met on Main street by Chief of Detectives Geo. Sheets, who searched the circular sent out for the apprehension of Stark. Satisfied that the man he had seen was the man wanted, Chief Sheets detailed Detective Golding and Wilson to make the arrest, which was accomplished.

At the station Stark freely admitted that he was the man wanted and expressed his willingness to return to Missouri and serve his sentence. A telegram received from the Missouri officials today announced that an officer is now on his way to return Stark.

WOMAN PROBABLY FATALLY INJURED

Mrs. Margaret Hallett and Mrs. Alice Harding Victims of Serious Runaway Accident.

A runaway which may prove fatal to two women of Granger occurred this morning. Mrs. Margaret Hallett, 70 years old and her daughter, Mrs. Alice Harding, about 43 years of age, were both badly injured today in a runaway on Second South between First and Second West streets. Mrs. Hallett was rendered unconscious and her daughter was so badly hurt that she was scarcely able to give her name. Both women were taken to the Groves Lateral-day hospital, and at 2:30 this afternoon they were both being operated on with little hope entertained for the recovery of the elder woman.

The women belong to Granger, Salt Lake county, and they were driving up Second South on their way to town when the horse became frightened through one of the tires becoming unbalanced and ran into a pole in the center of the street. Both women were thrown violently to the ground, though Mrs. Hallett seems to have received the worst injuries and very little hope for her recovery is entertained.

BACK FROM CAMPING TRIP.

Twenty-eight Y. M. C. A. seniors returned this morning from the association camp at Geneva where they had "the time of their lives" over the Fourth, and would be pleased to return for another outing. One young man, John Birrell, broke his nose playing behind the bat in a ball game without a mask, but Dr. Stauffer remedied the valuable appendage which is now in process of healing. W. H. Tibbatts and Mr. and Mrs. Ows visited the camp Sunday. First association boys left this morning, as the second camping outfit, for a 10 days' outing.

LATE LOCALS.

Bank Clearing—Today's local bank clearings amounted to \$1,245,928.87, as compared with \$1,221,268.47 for the corresponding day of last year.

Meeting is Postponed—The meeting of the conservation commission created by the last legislature, which was to have been held today, has been postponed until the 15th of the month owing to the absence of Governor Spry from the city.

Poles Fast Disappearing—Trolley standards have been set up and wired on Main street south of Fourth South street, so that the old wooden standards may be removed at any time from the center of the street. The new standards are being distributed along West Temple street preparatory to being set up, and the nest of old poles along that thoroughfare removed.

PERSONAL.

D. E. Burley, general passenger agent from the Oregon Short Line, is back from an extended trip to Chicago, where he attended a meeting of the advertising department of the Harriman roads.

Mrs. Arthur Shepherd is in Salt Lake, occupying the shepherd of her mother, Mrs. Thomas W. Jennings, who is expected to return from the Philippines about August 1.

President H. P. Clark of the Merchants' bank has recovered from his indisposition, and is able to attend to his duties once more.

STOCKADE IS NOW THING OF THE PAST

Order to Compel Mrs. Dora B. Top-
ham to Show Cause Dismissed,
Which Closes Incident.

Upon the motion of E. Conway Ashton, the order to compel Mrs. Dora B. Topham, otherwise known as Basil London, to show cause why she should not be punished for being in contempt of court, was dismissed this morning, closing the stockade incident. Neither Mrs. Topham nor her attorneys were present. It is understood that Mrs. Topham is now in Ogden attempting to recuperate her shattered finances.

The complaint brought by James Lloyd against Mrs. Topham and her investment company has not been dismissed. It is understood that this motion will be made later, however.

In speaking of the dismissing of the order Mr. Ashton said that the stockade was now a thing of the past and that there was no use pushing the contempt proceedings.

SIMMONS BEGINS SENTENCE.

Young Fellow Has Been Before Court
Twelve Times in Two Years.

Harry Simmons, 23 years old, who has been tried for larceny and convicted but once, began his first sentence today when Judge Lewis gave him two years and six months in the state prison. Simmons was convicted of burglary in the second degree by a jury last night. He entered the barn of W. N. Williams of 37 north First West street and stole a harness.

When Simmons was 15 years old he began his career of crime. After he had been given several opportunities to reform he was sent to the state industrial school for a term. He was released two years ago. Since that time he has been tried in police court 12 times for various crimes, varying from trespass to burglary.

Frank Hall, aged 25 years, was sentenced to one year in the state prison by Judge Lewis this morning on the charge of attempted burglary. Hall was caught while prying open a window in the Charlton Shop on Main street, and was convicted by a jury last week.

DECISION IS REVERSED.

New Trial Granted in Case of Twenty-
Second Ward Against Railroad.

In the case of the Twenty-second ward of the Church of Jesus Christ of Latter-day Saints, respondents, against the Oregon Short Line Railroad company, appellants, the supreme court handed down an opinion this morning reversing its decision of the lower court and granting a new trial. The Twenty-second ward brought the action to recover damages to its church at Third North and Fourth West streets on account of the smoke and cinders which filled the building and the annoyance caused by the passing of engines and trains which disturbed the services. The supreme court reversed the decision of the lower court, which assessed the railroad company \$4,000 for damages because it is held that the complaints were an injury without a remedy. In support of the decision, the opinion read that the noise was an incident in the pursuit of the railroad business, and that the property owners abutting along a railroad track had to suffer this annoyance.

The complaint showed, however, that when the church was built there in 1890 that there was only one track on the street. Now there are 14 tracks which are used daily.

THE CRUCIFIXION.

Did Jesus Really Die Upon the Cross? This great question answered in the negative, by his friend, and an eye witness to the CRUCIFIXION. Price is \$1.00.

DESERET NEWS BOOK STORE.

BOOKLET TELLS OF UTAH.

Pamphlet Being Distributed at A. X.
P. Exposition.

The Utah commissioner of the Alaska-Yukon-Pacific exposition being held at Seattle is distributing a booklet telling in a comprehensive way, yet without being too bulky to detract attention of the reader, the story of Utah in the past and the present with a peep into its future prospects. The booklet was prepared by Thomas Hull, a member of the Utah commission. The title page was at its top the words, "Utah, a Place of Abundant Opportunities for Prosperity in Business, Industrial and Home Life." Pictures of the Temple block, Gov. Spry and the fair commissioners grace the first pages, and a number of excellent pictures of Utah buildings are found all through the booklet. A comprehensive and succinct account of Utah, its history, climate, resources and industrial conditions, is set forth in the 47 pages which comprise the book.

RAILROAD NEWS.

E. E. CALVIN RESTING WELL.

Early and Complete Recovery Will
Follow Operation for Appendicitis.

San Francisco, July 5.—E. E. Calvin vice president and general manager of the Southern Pacific company, rested easily today following the operation for appendicitis which was performed at the company's hospital yesterday.

Dr. F. W. Ainsworth, chief surgeon of the company, stated today that there was every reason to hope for an early and complete recovery although the condition revealed was serious.

Mr. Calvin was first attacked 11 years ago and has suffered from intermittent returns ever since. His general physical condition is excellent, however, and he recovered rapidly from the shock of the operation and effects of the anesthetic.

VISITING OLD FRIENDS.

G. W. Thompson, nephew of former Mayor Ezra Thompson of this city, is in the city from Los Angeles. Mr. Thompson is now with the Wilmington Transportation company, which owns the name of steamers running between California coast and Santa Catalina island, as well as the island itself. Mr. Thompson formerly lived in Salt Lake, and is glad to be back among his old friends for a time.

CALVIN RECOVERING.

A. F. Brewer, head of the car accounting department of the Oregon Short Line, this morning received a message from J. H. Young, from San Francisco, stating that E. E. Calvin, vice president and general manager of the Southern Pacific, who was operated upon for appendicitis a few days ago, is much better; this morning than he was yesterday, and that he is in a very satisfactory condition.

ELKS FROM PHILADELPHIA.

A special train of Elks from Philadelphia will arrive in Salt Lake tomorrow morning, and will go on to Yellowstone park tomorrow evening. Returning, the Philadelphians will continue on to Los Angeles over the Salt Lake route.

NEW TRAIN EQUIPMENT.

Today witnesses the placing in service on the Union Pacific, Oregon Short Line and O. R. & N. roads the first electric lighted train ever run through from St. Louis to the coast. The train leaves Kansas City today, and will go through to Portland, Or., without a break. It is said to be a beautiful train, and marks the beginning of the era of electric lighting on all the trains for the coast.

Let our laundry do Monday's work

The easiest way, the most satisfactory way, to rid yourself of the toil and bother of doing the family washing is to send it to our laundry. We wash our clothes clean and white—we do the work better than you could at home—and better than a washerwoman would do it. We return the clothes promptly—no matter what the weather, and we charge only a small sum for the work.

Your bed and table linen, your towels and other work are all ironed and folded, ready for use. Try our service—our wages call everywhere.
