

PANAMA CANAL TREATY IS DEAD.

No Word Received from Colombia
By Minister Herran or From
The American Minister.

PRESIDENT TO TAKE NEXT STEP.

He May Take up the Nicaragua Route
Or Let Matters Drift Along
For a While.

Washington, Sept. 22.—When the state department closed today at 4 o'clock it was agreed that the Panama canal treaty was dead, although eight hours yet remained within which the Colombian congress might take affirmative action upon it. Nothing, however, has been received during the day either from Minister Beaupre at Bogota, or from Minister Herran, the Colombian charge here, which gave the slightest hope of a favorable issue.

A report is current here that the Colombian congress in secret session has clothed President Marroquin with full power to negotiate a treaty. If this report should turn out to be true, President Marroquin, who is counted as a friend of the treaty, could proceed untrammelled by the fear of future reckoning with his congress.

In any event President Roosevelt must now take the next step. He can elect to proceed under the Spooner act and take up the Nicaraguan route, or he can allow the matter to drift for the present in the hope that a way may yet be found to straighten out the present difficulty in the path of the Panama route.

Contrary to his custom during the summer, Acting Secy. Ade of the state department remained in the city today in order to be on hand to act promptly on any information which might come from Mr. Beaupre regarding canal matters at Bogota. Up to 9:30 o'clock, however, nothing had been received. Dr. Herran, the Colombian charge, also waited anxiously for news from his government, but likewise was disappointed.

Colombia, it is known, is anxious to keep alive the canal negotiations. What form the new proposition with that in view will take is not known in Washington.

One interesting feature in connection with the legislative situation in Colombia is the fact that the terms of one-third of the members of the senate, numbering nine, will expire on the 20th of July, when the life of the present congress will end. These nine senators, it is said, are averse to the canal treaty. The hope of the advocates of the treaty will be to elect senators in their place, who are favorable to the convention. It is expected that the campaign for the legislature will be made with this end in view.

GRAND COMMANDER WOOD. Arrested on Charge of Trying to Secure Fraudulent Pensions.

Portland, Or., Sept. 22.—F. A. Wood, grand commander of the Indian war veterans of Oregon, was arrested here this morning and brought before United States Commissioner Sladen on a charge of assisting fraudulent pensioners to secure pensions. He was held under \$1,000 bonds to appear for examination next week.

Pacific Coast Fire Chiefs.

Olympia, Wash., Sept. 22.—The Pacific Coast association of Fire Chiefs convened in this city today for a three days' session. All the principal cities of Washington and British Columbia are represented, and several chiefs are here from Idaho, Oregon and California cities. The visitors were given an appropriate welcome by the local fire department this afternoon which included a clam bake.

The association began its active work this evening with President Gardner Kellogg of Seattle in the chair. The English method of fighting fire was

KODOL digests what you eat.

KODOL cleanses, purifies, strengthens and sweetens the stomach.

KODOL cures indigestion, dyspepsia, and all stomach and bowel troubles.

KODOL accelerates the action of the gastric glands and gives tone to the digestive organs.

KODOL relieves an overworked stomach of all nervous strain gives to the heart a full, free and untrammelled action, nourishes the nervous system and feeds the brain.

KODOL is the wonderful remedy that is making so many sick people well and weak people strong by giving to their bodies all of the nourishment that is contained in the food they eat.

the subject under discussion in which the members of the convention took part. The discussion was preceded by the reading of a paper on "The Science of Fire and Its Prevention," by Prof. Vivian Yewes of the Royal Naval College of Greenwich.

U. S. MARSHAL RICHARDS.

U. S. Circuit Court of Appeals
Sustains His Appeal.

San Francisco, Sept. 22.—The decision of the United States circuit court of appeals in the case of United States vs. Frank H. Richards, United States marshal, closes one of the most stubborn and bitter cases for the removal of a public officer that ever has been waged in the United States courts. He was arrested upon a charge of packing a jury in an important criminal case in Alaska, tried and found guilty. Today the court sustained his appeal and reversed judgment upon the ground of the insufficiency of evidence. Only last week Richards received a favorable decision from the department of justice at Washington, the attorney-general declining to remove him. Richards having been successful now threatens to sue two leading mining companies for damages for conspiracy.

Murderer Madison Still at Large.

Topeka, Kan., Sept. 22.—The Smith county officers have not yet succeeded in apprehending Thomas Madison, the supposed murderer of three women in that county last Tuesday night. Madison is supposed to be somewhere in Nebraska. He kept in close hiding, as no one has seen him today. Gov. Bailey this evening offered a reward of \$200 for the arrest of Madison. This was done at the request of the people of Smith county.

A Dog is a Chattel.

San Francisco, Sept. 22.—The United States circuit court of appeals has called upon to decide the question whether a dog is a chattel and a subject of larceny. P. C. Burkul, a resident of Rampart, Alaska, has appealed to the court from a decision of United States Dist. Judge Wickersham of Alaska, who in a lengthy opinion sustained the action of an Alaskan justice of the peace who committed Burkul to jail for the alleged theft of a dog valued at \$34. In an elaborate opinion Judge Wickersham says while the word dog is not specified in the statutes relating to larceny nevertheless the animal may be considered a chattel.

Balfour's Cabinet Troubles.

London, Sept. 22.—Premier Balfour is apparently meeting with considerable difficulty in the task of reconstructing his cabinet. It is stated that Mr. Wyndham has been offered the choice of several portfolios, but has decided to remain as chief secretary for Ireland.

Owing to the decision that the fifth and sixth army corps of War Secy. Brodrick's scheme shall not be constituted through the lack of necessary recruits, it is reported that Gen. Hunter, who was nominated for the command of the sixth corps, is to be transferred to India to command either the Bombay or Madras district. This has led to renewed rumors that Gen. Hunter will succeed Lord Kitchener as commander-in-chief in India and that the latter will be called home to succeed Mr. Brodrick as secretary of war.

All this, however, is merely speculation. Much public feeling has been

displayed against appointing Mr. Brodrick to the India office, and it is believed the difficulty centers in providing a secretary for war and a secretary for India.

Miners Will Not Strike.

Denver, Colo., Sept. 22.—A special to the Republican from Telluride says the miners at the Butterfly mine near Ophir loop are determined not to strike, and that a guard is maintained about the property to prevent union officials calling them out. Deputy Sheriff Elder of Ophir loop reports that yesterday while en route to the Butterfly mine on business he was stopped by half a dozen men armed with Winchester rifles. When he convinced them that he had no connection with the union he was permitted to continue.

It is said a committee of miners in Telluride had a conference with the Citizens' Alliance looking to an arrangement whereby the miners of the district shall organize a new union independent of the Western Federation of Miners and resume work in the mines.

Proposed Hawaiian Loan.

Washington, Sept. 22.—The proposition of the Hawaiian territory to secure a loan of \$1,222,000 for various public improvements is now before President Roosevelt for action, as required by the organic act. It is understood by the administration officials that the financial condition of the territory is of such a character as to warrant the issue of the bonds, and detailed information of this nature is in the hands of the president. George H. Carter, secretary of the territory, is now en route to the United States to negotiate for the engraving and printing of the bonds and for the placing of them for sale in the event of presidential approval of their issue.

Rush of Immigrants to America.

New York, Sept. 22.—There has been a fresh rush of immigration to America, and during the past three days the inspectors at Ellis island have been working overtime. On Monday 3,646 persons were passed by the authorities, and Tuesday showed nearly 5,000. Most of the immigrants during the past two days have been of the better class of poor Germans and Poles. Comparing the few arrivals remaining in the most of them going at once to distant parts of the country. According to reports received from various parts of Europe the immigration into this country this fall will be greater than ever before.

Levee Convention Called.

Memphis, Tenn., Sept. 22.—Hon. Chas. Scott of Rosedale, Miss., has issued the following:

"In pursuance of the power vested in me as president of the Inter-State Mississippi River Improvement and Levee association remaining in response to a general sentiment throughout the alluvial sections of the Mississippi valley, I hereby call a levee convention and also a meeting of this association to convene in New York on Tuesday, the 27th day of Oct. next, some suitable hall to be hereafter named.

It is hoped that a large representative delegation from all parts of the country will be in attendance and governors and mayors are hereby requested to appoint such a number of delegates as they deem best."

Mrs. Loo Lin Reaches Mott Street.

New York, Sept. 22.—Mrs. Loo Lin, the Christianized wife of a Chinaman in business here, and who has been the subject of much correspondence between government officials and her missionary friends, finally has reached Mott street, exactly five months after leaving the Canton Baptist academy. All her troubles in getting into the country were because she did not carry with her from China the proper passport. She came with the credentials of a merchant's wife. Mrs. Lin was detained in San Francisco, but the Canadian Pacific railroad put up a \$1,000 bond under which she was allowed to go on to Montreal. Last month passports identifying her as a Christian missionary teacher arrived, but it was not until Monday that she went before a United States inspector at Malone, N. Y., to be passed upon. She was warmly welcomed upon arriving in Chinatown.

Motemen and Conductors' Wages

New York, Sept. 22.—The public service corporation of Newark, N. J., which controls all the trolley lines in Hudson County, and the adjoining counties, has signed an agreement with members of the Amalgamated Association of Street and Electric Employees

Economizes Labor

Cleans as well as polishes
Admits of no waste
All responsible
jewelers keep it 25 cents a package

providing for a uniform wage rate of 22 cents an hour for motemen and conductors, an increase of three cents. A large number of men are employed on the lines.

C. S. Drummond Resigns.

New York, Sept. 22.—Charles S. Drummond of the Manhattan Transfer company, has resigned and will return to London. Directors W. J. Arkle, Jas. Brady and the Earl of Kintore, a lord in waiting to King Edward VII, have withdrawn.

The company capitalized at \$10,000, was organized by J. H. Hoadley to operate public vehicles in the streets in this city. President Drummond, who came from England to take charge of the business, declares he was unable to secure co-operation from the controlling interests in his plans for developing the traffic.

STOLE DR. NUNN'S PURSE.

For This Dick McCullough Stands
Charged with Highway Robbery.

A man giving the name of Dick McCullough was arrested by Officer Johnston about 2 o'clock this morning on the charge of highway robbery. It is alleged that he robbed Dr. C. W. Nunn of about \$27. The two men were drinking together in the Cullen bar, it is said, when suddenly McCullough grabbed a purse from Dr. Nunn and took the contents, amounting to about \$27. Dr. Nunn rushed after the fellow, but he managed to get away and was running up the street when overtaken by Officer Johnston, who placed him under arrest. When searched at the station the money was found in one of his pockets.

GOOD ROADS MAN HERE.

J. W. Abbott of the Department of Agriculture Sizing Conditions of State.

James W. Abbott of the department of agriculture is in the city today. In the course of his study of the conditions of the roads in this part of the country, and continues his journey west tonight. He spent yesterday in looking over the Ogden canyon road, which he holds is the best mountain road west of the Missouri river, in grade, width, surfacing, finish and protection. But as to other roads in the state, Mr. Abbott says that they are rather crude and imperfect, some being in a really dangerous condition. He looks for a congressional appropriation the coming session for the improvement of highways throughout the country, and if this is done, Utah will receive its pro rata. Mr. Abbott says that the United States is far below European countries in the matter of good roads, but it is only a question of time before the question will be given more consideration. He will speak at the good roads convention at Spokane next week.

WEEKLY CROP BULLETIN.

Return of Pleasant Weather Causes
Farmers to Resume Work.

The last weekly bulletin of the weather bureau for this section says: "The unseasonably cold and cloudy weather of the previous week continued during the fore part of the present week. With the progress of the week, however, the weather moderated considerably, and during the latter part it was clear and pleasant, with the days rather warm, but the nights cool. Farming operations, which had been considerably delayed by the wet weather of the previous week, made rapid headway under more favorable conditions, and the gathering and threshing of small grain was nearing completion. Considerable frost occurred, but the damage appears to have

been confined mostly to tender vegetation. Potato vines are reported to be injured in localities, and alfalfa has not entirely escaped injury. "Ground is now being prepared for small grain and sowing has begun. The soil is generally in good condition from the effects of the recent rains. The yields of spring grain are reported to be good, both in quantity and quality. Corn is thriving and some slight damage by frost was reported. The cutting of lucern for seed is about completed. Sugar beets are being dug. The crop appears to be fully up to the average on soil that has been sufficiently irrigated. Fruit is being gathered with yields from fair to good. The high winds of the previous week caused some damage in localities. Tomatoes and potatoes are yielding well, although frost caused some injury in exposed districts. Ranges have improved vastly because of the recent precipitation, and stock is thriving in consequence."

SOCIAL AND PERSONAL.

Tonight the wedding of Miss Dickson and Mr. Schuller will take place, the ceremony to be performed at St. Mark's cathedral at 8 o'clock and a large reception to be held afterward at the Knutsford. Miss Polly Watkins will be maid of honor and the Misses Eva Mason, Helen Gillespie and Alleen Maclean will be bridesmaids, while Mr. Rudolph Schuller, brother of the groom, will act as best man. The ushers will be Messrs. Walter Shoup, Brig Cannon, Ralph Richards and Willard Thompson. The decorations at both the church and the Knutsford will be upon a most elaborate scale, as will be all the appointments. Between 200 and 300 guests are invited.

Tomorrow the Daughters of Utah Pioneers will meet at the home of Mrs. J. M. Sears in Waterloo, at 3:30 o'clock, and the following program will be rendered:

Hymn, "We thank Thee O God for a Prophet."
Chapter I, a Revelation of the Prophet Joseph
.....by Minnie Loveland Snow
Hymn, "An Angel from on High."
.....by Parley P. Pratt
b History of the Lamanites
.....by Minnie Loveland Snow
Hymn, "The Morning Breaks the Shadowy Day."
.....by P. P. Pratt
c Restoration of the Gospel
.....by Minnie Loveland Snow
Reminiscences of the first followers of Joseph Smith, by Estelle Neff
The Prophet in Pennsylvania
.....by Pioneer Elizabeth Nebeker
The society will meet as usual on the 24th of each month, excepting in December, when it will meet on the 23rd.

Mr. and Mrs. Walter G. Tuttle have for their guests Mr. and Mrs. F. S. Morningstern of Michigan.

Dr. and Mrs. Kenneth C. Park have gone to California, where they will make their home. They will be missed by a large circle of friends.

Tonight Mr. and Mrs. D. R. Gray will entertain at an informal musicale.

Mr. Jay T. Hart returned today from his eastern trip.

This afternoon Mr. Will Hall and Mr. Frank Judge entertained at a luncheon at the country club, about 20 of their young lady friends being present. The table was prettily decorated, and after the luncheon a putting contest was enjoyed.

SALT LAKE
PAYMENT CURED

MISS SUDENDORF Suffered From Impure Blood.

Elgin, Ill., August 30, 1903.

E. Sudendorf, Secretary the National Creamery Buttermaker's Association, says: "My daughter was troubled every spring with weakness and insomnia accompanied with the most painful and irritating eczema. The doctors diagnosed it as impure blood. A friend who had been cured of impure blood by Paine's Celery Compound recommended it and she has taken three or four bottles of Paine's Celery Compound each spring and fall for the past five years and has ever since enjoyed the best of health."

PAINE'S CELERY COMPOUND Cured Her.
