LAST NIGHT'S DISPATCHES.

CONGRESSIONAL.

SENATE.

WASHINGTON.—The Senate has received the Rev. Newman as its chaplain.

The pending question was upon the motion to postpone the question of admitting Spencer to a seat.

Howe said yesterday he favored the postponement, but having examined the case he was now prepared to vote against it.

Conkling offered a resolution for adjournment sine die on Tuesday next.

Morton objected and it went over.

The Senate by a vote of 24 to 22 refused to postpone the consideration of the petition of Spencer.

WASHINGTON.—In the Senate today Cooper offered a resolution requesting the correspondence be furnished to the Senate the correspondence between the Attorney General of the U. S. and certain parties in Alabama in relation to the fusion of the two bodies, each claiming to be the legitimate body of the State.

Conkling objected to immediate action on the resolution, and it went over.

Bayard's motion to postpone further consideration of the admission of Spencer was lost.

The Senate has drafted a supplemental convention between the U. S. and Mexico, extending for two years from the second of February last, the time of adjournment of claims through joint commission.

This supplemental convention awaits the ratification of the Mexican Congress.

Cameron entered a motion to reconsider the appointment of Rev. Dr. Newman as chaplain of the Senate.

The Senate moved that the credentials of Spencer and Sykes be referred to a select committee. Motion lost, yeas 20, nays 38.

The question then, then upon administering the oath to Spencer, Thurman moved to lay it on the table until the regular committee of the Senate were appointed, so that a motion might be made to refer the credentials to the committee on privileges and elections.

The Senate without division voted to admit Spencer and he was sworn in.

West presented the credentials of William McMillen, claiming to be Senator elect from Louisiana, elected by the McEnery legislature.

The credentials were read.

West then moved that they lie on the table and be printed, which was agreed to.

Conkling moved to go into executive session, which was agreed to, and the Senate adjourned.

EASTERN.

New York.—Two hundred shares of the Lake Shore R. R. stock, valued at \$20,000, were stolen to-day from the Tradersmen's National Bank, Broadway. The thieves escaped.

At a meeting of the Master Carpenters' Association it was resolved that the 10th inst., ten hours be devoted as a day's labor and that the association hire workmen by the hour.

CHICAGO.—The Evening Journal's Washington special says that President Grant has publicly stated that no changes will be made in his Cabinet, unless in the case of Boutwell's election to the Senate.

WASHINGTON.—Senator Hamlin stated in the Senate yesterday that very few appointments to the Senate this session. This statement gives strength to the impression that the President is prepared to make few changes among the Federal office-holders during his second term.

BOSTON.—When Lewis Wagner, the supposed murderer of the woman at the life of Shoals, was arrested last evening, he was disguised in a new suit of clothes. His old clothes were spotted with blood. His old name was George A. Hunsbury. He was an employee of Mr. Hunsbury, whose residence the murderer was committed. After his arrest at the house on the evening of the murder he killed Cornelia Christensen with one blow of an ax, and immediately struck the other woman, Lawson, and then asked for the money. He subsequently crushed Miss Lawson's head to a jelly. Mrs. Hunsbury narrowly escaped.

CHICAGO.—Nancy Lawton, a widow, and her adopted daughter, 12 years old, were found dead in bed in their house at Mattoon, Ill., yesterday. The woman was cut from ear to ear. A common case knife was sticking in the wound in Nancy's throat, and her right hand grasped its handle. The bodies lay in a composed position, evidently having been arranged after death, and nicely covered by the bedclothes. A son of Mrs. Lawton has been arrested on suspicion of having committed the murder.

New York.—The Stokes' appeal on the calendar to-day, but owing to engagements of the counsel it is probable that the argument will be deferred till the next term.

Smuggled silks and kid gloves, valued at \$1,000, were seized to-day on the steamship *Frisia*. No arrests. Lace valued at \$2,000 were seized on Wednesday.

A day and a lady passenger was arrested.

Secretary Delano yesterday was called suddenly to this city by the serious illness of his youngest son, Professor Jno. G. Ames.

WASHINGTON.—The President to-day nominated P. H. Emerson associate justice of Utah; L. S. Stiles, receiver of public money at St. Giles, Arizona.

BOSTON.—The minority of the Massachusetts Legislature Committee on the subject have reported leave to withdraw, in deference to the petitioners for expunging the resolution censuring Senator Sumner.

PORTSMOUTH, N. H.—A large crowd of indignant citizens gathered on the arrival of Wagner, the alleged murderer, but there was no breach of the peace. A guard of marines was placed in charge of the station-house, where he was temporarily confined. The name of the family in which the tragedy occurred is "Huntvet," not Hunsbury. Mrs. Huntvet's condition is considered critical. The murdered woman was of irreproachable character.

REICHMOND.—The General Assembly to-day appointed a special committee to investigate the charges of mismanagement of the ladies of the Mt. Vernon Association. The charge is unauthorized speculation upon visitors to the Tomb of Washington.

NASHVILLE.—The Tennessee Legislature has passed a law providing for a uniform system of free schools. The law provides ample revenue for superintendents, directors, and all grades of necessary officers, and if properly enforced Tennessee, in a few years, will show a vast improvement in the education record of the State.

WASHINGTON.—James Brooks has issued a warning to his constituents, saying his enemies took advantage of his physical prostration to offer Oakes Ames and himself sacrifices to public clamor, in which they were participating, and which members of the House were more interested than he. He alleges that the sacrifice of a Democratic was deemed indispensable. He displays intense bitterness towards Banks, Merrick, Poland, and Niblack, and says he shall appeal to his constituents in person if God restores him to health.

LANCASTER, Pa.—York addressed the Senate on the Pomeroy matter and a resolution was passed expressing confidence in York's statements.

NEW ORLEANS.—The city is quiet. A general constitutional committee, with branches at each point, has been formed to resist payment of taxes to the Kellogg government.

WESTERN.

YREKA, 7.—From parties who left the front last evening, we learn that the commissioners had sent by a survey a message to Captain Jack telling him that he or his leading men must come to Fairchild by this evening, or they would refer the matter to the military. Opinion is divided as to how the Indians will receive this message. Should they refuse it is thought that active movements will commence at once.

SAN FRANCISCO, 7.—A fire at the Protestant Orphan Asylum, to-day, caused damage to the extent of about \$200.

The funeral of General Fry, this p.m., was very largely attended.

The military escort, under the command of Major C. H. Morgan, consisted of light batteries B and C of the 4th artillery. There was no discourse but merely the Episcopal funeral service.

Mrs. J. O. Eldridge, wife of the auctioneer, was thrown from a buggy to-day, on Kearney st., and had one of her arms broken.

Alexander Campbell has been employed to defend Lizette Gannon, who shot at C. F. McDermott. The money for her defense was raised by subscription.

LOS ANGELES, 7.—There is a rumor that the people have appeared in this county, but there are no cases in our immediate vicinity. The agent of the Telegraph and Stage Co. received a telegram this afternoon, ordering him to take no passengers, for the river horses were all sick.

In Inyo county prospects for abundant crops are favorable. Twice the area has been sown in barley, as compared with any previous year.

YARVICK, Nev.—A quarrel occurred at Gold Hill, last night, between two employees of the Virginia and Truckee railroad, named McMartin and Boy. The latter struck McMartin on the head with a car hook, causing concussion of the brain. Boy was arrested and held to await the result of McMartin's injuries.

The epileptic has unmistakably made its appearance here at last, and all the horses in Mundell's livery stable, Gold Hill, about twenty in number, are affected, and a number of horses used in the heavy teams. The disease made its first appearance here this morning.

EUROPEAN.

PARIS, 7.—The government, up to this date, has not made any change in its policy. Germany shares and all other billions of francs on account of the war indemnity.

LONDON, 7.—John Evelyn Denison, formerly speaker of the house of Commons, died last night, aged 73.

Henry Thomas Lovry, Carry, member of Parliament for Tyrone, died last night.

The London Times of February 22 gives particulars of a slight accident at Snyman. A cable built upon piles over the sea, broke down suddenly during a performance given by a company of acrobats. There were 200 persons present. A

loud crackling was heard, and within five minutes the entire cable had disappeared under the water. A few persons near the entrance contrived to effect their escape. Some saved themselves by jumping through the windows into the sea. Boatmen rowed up in numbers but their efforts to save life were in vain. The search after the dead bodies was a sad spectacle. The acrobats were withdrawn from the water in their showy costumes of the previous night. The limbs of all the bodies were contracted with pain. Two heaves were engaged the whole day in conveying the remains discovered to the hospital. The number of bodies found up to the present is 50, and it is supposed there will be fifty more in the water. The company of acrobats consisted of seven persons, of whom three were women. One of these latter is the only survivor. The government will institute proceedings against the proprietor of the cable, who did not pay heed to the warning of danger given in time. A London dispatch on Wednesday is given to the report from Madrid that the Spanish government has received information that the European powers will jointly refuse to continue diplomatic relations with Spain, if a federal republic is proclaimed.

The Edinburgh *Scotsman* has a report that a marriage is arranged between the Duke of Edinburgh and a foreign imperial princess.

MADRID.—The governor of Malaga has resigned, his authority not being respected. The populace are pillaging the city.
