

NOTES FOR THE LADIES

Over one hundred ladies are said to be studying law in the United States.

Queen Victoria is sitting for her portrait, which is intended as a gift for the Emperor of Russia.

A Norwich lady has used a dition for 300 damages, for dropping a piece of lead pipe on her foot.

In less than three months more than thirty women have been appointed post-mistresses in the United States.

There isn't a woman in Milwaukee who can cook a healthy meal of victuals. One of the papers there says so.

A rich old lady in New Haven keeps her hens in the parlor and feeds them with jelly cake and English walnuts.

"Isabella Beecher Hooker, of Hartford, has become the happy grandmother of twins." - Boston Globe.

A fourteen year old girl of Brooklyn, has used a boy sixteen years old for her lover, and he has abandoned her.

A citizen of La Crosse named Gin, has petitioned to have his name changed because his sweetheart doesn't like it.

In Ceylon, the marriage ceremony is performed by tying the couple together by the thumbs. In this country they are often put together by the ears.

Mrs. Ellen Corwell, an English woman, who for many years kept a new stand in Providence, R. I. died recently, leaving a special bequest to found a free bed for foreigners in the Rhode Island Hospital.

This was in Kansas City. "Does you reduce the fine for colored women?" inquired a blushing black maiden of Justice Hanson, the other day. The Justice quietly replied, "No, madam, I never reduce. It is the police judge you are after."

Says the Courier Journal: The subject of Anna Dickinson's last lecture is "For Your Sake." It means our sake, she is decidedly mistaken. We want her distinctly to understand that so far as she and other young strong-minded females are concerned, we have no sake.

The day when a boy begins to feel uneasy at being dependent upon somebody else, is the day when his boyhood begins to give way to manhood. The day when a girl finds somebody on whom she is willing to depend, is that in which she passes from girlhood to womanhood.

The Duchess de Burgoyne one day covered with Madame de Maintenon on the subject of Queen Anne. "Do you know," she said, "the Duchess, why the Queens govern better than the Kings?" Because," she immediately added, "under Kings the ladies rule, whereas under Queens the rulers are the men."

A Steubenville "local" has had an adventure. He says: "We will be somewhat cautious hereafter as to how we write up a local item about a woman. We have been interviewed by a young man, one that had hunted us for two days, and she had a business look on her face. We are not so 'darned smart' as we were."

A young lady upbraided an admirer for his flirtations during a long absence. "You are too hard to be pardoned," she said; "but if I did you I shall punish myself most, and so I will ignore what is past, and enjoy your society as much as I can while I live, for when I die I shall never see you any more - I am going to heaven."

The New York Tribune instances a case of woman's forgiveness where she had been stabbed four times by a sulky man, who, after refusing to testify against him, burst into tears when this sentence of three years in prison was announced, and wept on his shoulder as he left the court. He was sulky even then; did not respond to her outburst of affection; and was afterwards to be touched by her protestations that she would wait for him.

Mrs. Mary Howard was the candidate for School Superintendent in Bangamon County, Ia. In accepting the nomination she said: "The voters of the county are now respectfully charged to verify by actual experiment their time-worn, but yet undemocratic, assertions that women are incompetent to fill this office, and that the holding of it will be more demoralizing than teaching district schools."

A Broad Church clergyman, being recently on an excursion in Scotland, was subsequently rebuked by his landlady for taking a walk on Sunday afternoon. The clergyman said that he could not see the harm, and replied: "You know that our Lord himself walked with his disciples in the field on the Sabbath day."

"Ay," said the old lady, "ay, I ken it, an' I neeb'thoubt any the better o' him for it, neither."

MRS. E. M. CRUNDY, Eye and Cancer Doctor, First South St., Salt Lake City, near 14th Ward School-house.

ZION'S CO-OPERATIVE MERCANTILE INSTITUTION.

IS DOING THE LARGEST BUSINESS ever carried on in the Territory of Utah, arising from a uniform system of dealing principally with manufacturers of standard goods, buying in immense quantities and selling on the lowest margins.

The largest part of their purchases for the Wholesale and the Retail Dry Goods Department.

Are made through their New York office, from whence all fluctuations in the Foreign and Home Markets are closely watched.

The institution is complete in all its various departments, and fresh supplies are added to the stock as fast as they are ordered in the market. Visitors are shown through the buildings without the slightest importunity to purchase.

The gentlemen in charge of the several departments are among the most widely and favorably known in the Rocky Mountains, and we commend them to the confidence of the public, premising that no effort on their part shall be wanting to ensure a continuance of its patronage.

They are enabled not only to taste of an intelligent trade, but also to compete successfully with Eastern dealers. In fact, no country merchant can afford to pass by this city under the impression that Eastern markets will give him lower prices, better stock or more favorable terms. Their

Grocery, Hardware and Drug Departments.

Is now opening its magnificent fall and winter purchases, among which is the most varied assortment of Gentlemen's Furnishing Goods ever brought to Utah. Since merchant-tailoring has been added to and made a specialty in this department, that branch of the Institution's trade has attained a perfection never arrived at by any similar house in the Territory. Foreign and domestic fabrics of every style and price are made to order in place.

The Shoe Factory Department.

Keeps thirty hands constantly employed on all classes of work, and has never failed to secure the Prize Medals at our Territorial fairs. Their facilities for turning out first-class work are unequalled in the Territory. Gentlemen and Ladies visiting the city would do well to leave their measures with this Department, thus enabling them to order by mail at any time they desire a perfect fit.

Among the specialties of this Department are those of Home Colonies, and supplying the trade with Leather and Findings, a large and complete stock of which will always be found in their establishment.

THE SHOE FACTORY DEPARTMENT.

Keeps thirty hands constantly employed on all classes of work, and has never failed to secure the Prize Medals at our Territorial fairs.

THE SHOE FACTORY DEPARTMENT.

Keeps thirty hands constantly employed on all classes of work, and has never failed to secure the Prize Medals at our Territorial fairs.

Tia, Sheet Iron & Coppermiths, Furnace Work and Roofing, GALVANIZED IRON CORRUGATED GAS, WATER and STEAM FITTERS.

WEST TEMPLE ST., Opposite City Meat Market.

VICTORY! VICTORY!! THE WILSON Sewing MACHINE, Five Medals, WORLD'S FAIR AT VIENNA.

Three separate dispatches from Vienna confirm to dispel all doubt as to what sewing machine has won the first honor of the great Exposition. The first was a special telegram from the Vienna Exposition for the best sewing machine.

The second was the regular Associated Press report, compiled from a long special to the New York Herald, in which the "Wilson Sewing Machine of Cleveland, Ohio," was named among the exhibitors which received "gold medals for merit."

The third was a private cable telegram received yesterday from Vienna by Mr. Wilson himself, which was as follows: "The Wilson Sewing Machine has received the highest honor of the Exposition for the best sewing machine."

The meaning of this is then explained to be that the Wilson Machine has received the gold medal as the best sewing machine, and a second gold medal as the machine best manufactured - that is, embodying the best mechanical workmanship. Besides these, a special medal was given for excellence of workmanship on the machine another for the best cover on machinery done by the Wilson and the other medal for best samples of family sewing and embroidery, done on the Wilson machine.

This unique the entire world. Not only has the Wilson Sewing Machine been pronounced the most capable and efficient sewing machine in the world, but its work on both dry goods and leather, is pronounced superior to that of all other machines. The result at a World's Fair, where all the leading sewing machines of both continents have competed, before a thoroughly competent committee for more than three months, is the most complete triumph ever won by a sewing machine.

This show is taken from the Cleveland Record of August 25.

FOR SALE \$20.00 CHEAPER. This is our first class machine, and is the best in the world. It is made in America, and is the best in the world.
