CHAOTIC CONDITION OF THE AGRICULTURAL DEPARTMENT.

MEDICAL MEN SAY CHOLERA IS COMING.

Three Days' Fighting at Batouche.

WINNIPEG, 12.—The telegraph line was repaired this afternoon and some tidings of the fighting at Batouche have come through. All the dispatches indicate that up to last night the contest was confined to artillery firing on the rebel's stronghold and a few light skirmishes. The casualty roll of the troops up to this morning included two men killed and 15 wounded. Dispatches to military headquarters and Commissioner Wrigley here are to the effect that fighting is still going on today, and that General Middleton is anxious for more troops. Col. Scott's battalion has been ordered north from Qu'Appelle. Advices to-night state that eight companies of volunteers and infantry school troops have been ordered from New Brunswick, and the Prince of Wales Rifles from Montreal. Another battalion is already on the way. This is taken to mean that the government has more alarming news than has yet been made public, as no one here can see any great necessity for bringing up more troops. It may be that the government has once more got into an unnecessary panic. At all events, Middleton is evidently not prepared to storm the rebel stronghold, and intends either to starve them out, harrass them into surrender or await reinforcements. How long either plan will endure there is no means of knowing accurately, as the most contradictory stories are afloat regarding the rebels stores of ammunition and provisions. It is not known what has become of the steamer *Northcote*, but some suppose she has gone on to Prince Albert.

Clark's Crossing, 12.—The steamer *Minnow* arrived here Sunday night from Swift Current. She was ten days on the passage, three of which she had to lay up owing to high winds. She brought supplies and mails for the troops here and at the front. The *Baroness* and *Alberta* of the same line are expected here daily. Two companies of the Midland Battalion, which have been here since the 4th inst., left for the front this morning.

News from the front up to Monday morning is that fighting had been going on up to that time since Saturday morning, and it was commencing for the third day when the messenger left. Supplies and tents had been brought up from the camping ground on Friday night, and a zereba had been formed about a quarter of a mile from the enemy. Our troops have profited by their experience at Fish Creek, and do not unnecessarily expose themselves. The casualties at Batouche so far have consequently been small compared with those on former occasions. Up to Monday morning our loss had been gunner Phillips of battery A, and private L. Moore of the Toronto Grenadiers, killed, and 16 wounded, two of the latter accidentally.

The steamer *Northcote* had got down the river below Batouche, and an attempt was to be made yesterday to communicate with her. Nothing has been heard from the front to-day.

Reform Needed.

WASHINGTON, 12. — Commissioner Coleman says of the condition of affairs in the Department of Agriculture, that soon after he entered upon his duties his attention was called to the fact that the laboratory fund was nearly exhausted. In order to make up the deficiency he was compelled to furlough several employes until the end of the fiscal year without pay. Now it appears that several other specific appropriations are in a like condition of exhaustion, and many minor branches of work must be temporarily suspended.

The statistical division suffers the loss of all its State agents, and other suspensions must necessarily be made. In seed division, the appropriation for the current fiscal year was $100,000. On the first of the present month there remained only $32 of this fund in the treasury. The estimate in detail by the head of this division and approved by the Commissioner, for the purchase of seeds, called for the expenditure of $70,000, leaving only $30,000 to pay the expense of packing and distribution. The amount actually expended for seeds from this fund seems to have been $82,000. As a result there are several kinds of seeds on hand in large quantities, with no money to pay the expense of packing and distribution. There are thus in excess 13,000 pounds of beet sugar seed, between 700 and 800 bushels of peas and between 600 and 700 bushels of sorghum seed. There has been distributed the past year about 5,000 pounds of beet sugar seed, and the supply on hand is sufficient to last nearly three years at that rate. Some peas are on hand that cost seven dollars a bushel. Part of the sorghum seeds have been emptied from the sacks upon the floor, and two boys are employed to stir them around to keep them from spoiling. A wide variety of prices were paid for the seed. For example, 1,700 bushels of sorghum seed were purchased from a New York firm at prices ranging from $2.35 to $2.95 per bushel, while 300 bushels of the same variety were obtained from a western man for $1 a bushel. The attention of the chemist of the department was called to this fact to-day, and he was asked as an expert what would have been a fair price for the seed at the time this stock was purchased. He said it was sold as low as 25 cents a bushel in Nebraska, but that $1 a bushel would have been an exceedingly good price for the very best quality, ready prepared for planting. He was asked how large a quantity of sorghum seed he would have purchased had the matter been left to him. "Not a pound," he replied; "there was no reason for the purchase of either sorghum or beet. There was no purpose in view; there was no new variety of beet seed; there was no more reason for distributing the old variety than for sending out white wheat." The chief of the seed division once last summer called the attention of the chief clerk of the department to the fact that he had more than 200 ladies employed in the seed room, and protested that this force could not be economically used; but there seems to have been no efficient reform.

There seems to have been a very liberal distribution of turnip seed so far this year. The amount purchased is stated at 15,165 bushels, yet the amount on hand is not reported in excess. The largest amount previously purchased within five years was 2,800 bushels. These discoveries have been made incidentally. No formal investigation has been undertaken.

A Temperance Meeting.

NEW YORK, 12.—The twentieth annual meeting of the National Temperance Society was held to-day. The annual report of Secretary Stearns showed that the financial depression of the country had affected the temperance cause materially. There were distributed $5,458.90 worth of books, pamphlets, etc.: the receipts from memberships, leagues, etc., were $8,897; missionary work in the year caused an outlay of $12,000. The treasurer's report showed the entire receipts for the year to have been $20,218. The expenses slightly exceeded that amount. Resolutions were adopted congratulating the friends of temperance on the great advance the cause has made, and upon the widespread and rapidly increasing interest in it. Temperance organizations throughout the world were urged to unite in a monster demonstration on the centennial of the inauguration of the temperance movement next September.

The Railroads.

CLEVELAND, 12.—The committee of central passenger agents met here today but transacted no business of general interest. The day was devoted to the discussion of excursion and theatrical rates and matters of that sort. The following resolutions were adopted;

Resolved, that persons entitled to theatrical fares under the rules of this committee may be carried, in parties of not less than two on one ticket, at two-thirds of the lowest first-class unlimited fares. Parties entitled to theatrical fares may include bona fide members of the theatrical profession, concert or show companies who can establish their connection with some organized troupe or theatre, or persons who are wholly engaged in giving public exhibitions or entertainments, and to baseball clubs.

Resolved, that round trip rates for basing purposes to land grant and regular excursion points north, west and south of the territory of the central passenger committee shall not be made less than 30 per cent of double the lowest first-class unlimited rates to basing points.

The Western association of general passenger agents will meet here to-morrow.

New York, 12.—In a circular issued to-day the re-organization committee of the Ohio Central Railway Company propose to exchange stock of the Columbus, Hocking Valley and Toledo Railway for that of the Toledo and Ohio Central Company (new name of the Ohio Central), the new preferred stock of the latter company to be exchanged at par for three-quarters of preferred stock of the former; the common stock to be exchanged on the basis of one share of the Columbus, Hocking Valley and Toledo for two shares of Toledo and Ohio Central. The stockholders in both companies accepting these terms are directed to transfer their remaining stock to the Central Trust Company for the benefit of both parties to the contract. It is proposed also that the first mortgage of the new company be to secure the issue of not more than $5,000,000 par 5 per cent 50 year gold bonds.

The Case of Commissioner Sparks.

WASHINGTON, 12.—In the police court this morning the case of Commissioner Sparks of the general land office, charged with personal assault upon Col. Deahana, timber inspector of that office, came up for trial. The commissioner was present with his counsel. Col. Deahana was the first witness and repeated on the stand substantially the account of the assault already published. He said the commissioner twisted his fingers in his (Deahana's) collar, and tried to strangle him. He offered no resistance. On being asked if he had not been violent in his conduct, witness impetuously exclaimed: "So help me God, I did not say a word for 20 minutes. I'm not such a fool as to fight my superior officer when I want him to fix up my account." Assist Commissioner Luther Harrison testified that he witnessed the assault and said Deahana said he had been treated like a dog.

Commissioner Sparks—"By whom?"

Witness—"By you."

Witness then said the Commissioner ordered Deahana out and then got up and attempted to push him out, catching him by the coat and calling for assistance. Witness then requested Deahana to go out and he said, turning in the doorway,

"You have made a damned fool of yourself."

By Commissioner Sparks: "Was he not violent in his conduct?"

Witness—"I can't say that he was; probably that occurred after you tried to put him out."

Commissioner Sparks—"Did he not say to me, 'You are a damned dog?'"

Witness—"Not to my knowledge. He said you had treated him like a dog."

Commissioner Sparks said he asked Deahana whether he could do anything for him, and Deahana commenced abusing the division chiefs, and saying he had been treated like a dog. Witness mildly denied the charge, and Deahana repeated it. Witness ordered him out. He returned offensive answers; was ordered out three times, and witness got up and went toward him, his object being to put him out. Deahana said: "Don't touch; don't lay your hands on me." Deahana jerked back, when Harrison said something to him, and he went out. Witness had no ill feeling toward complainant and had no thought of striking him.

Deahana again took the stand. He said the Commissioner's testimony was incorrect, for he strove to convey the impression that he was the mildest man on God's earth.

Harrison, McManes, and Messenger took the stand and denied that the Commissioner seized Deahana by the throat, but was unanimous in the belief that he seized the lapel of his coat.

The Court said all parties visiting public offices must be governed by the rules of the office, and should retire when requested. There was no testimony showing undue violence, and the Court was obliged to dismiss the case.

Probability of Cholera.

BALTIMORE, 12.—The medical and chirurgical faculty of Baltimore discussed the probability of the visit of cholera this summer. Prof. T. S. Latimer stated that the history of the disease leaves little room for doubt that it will become epidemic in America either this or next summer. Cleanliness, in every respect, he said, is the most potent safeguard against it. The most rigorous sanitary precautions by the city should be taken.

Fatal Fever.

PHILADELPHIA, 12. — At to-day's meeting of citizens for the relief of sufferers by fever at Plymouth, the police surgeon detailed to visit the infected region reported that he found the reports not to have been exaggerated. In some instances four or five persons were all in one house, with three or four in one room, and in some instances two or three dead persons in the same house. The only schoolhouse has been turned into a hospital. Philadelphia has contributed $1,000. In many cases the father or mother of a large family of children died. He He heard of a case in which the father and mother were both down with fever, and are being nursed by a 14-year-old boy, who is also caring for a small babe. Dr. Shakespeare, who also went to investigate the disease, said that unless disinfectants were freely used the disease would not be wiped out this summer.

Forest Fires.

VICTORIA, B. C., 12.—Forest fires are raging in Eagle Pass and vicinity. The town of Farwell was totally destroyed Wednesday afternoon. Wright's house on the west side of the Columbia was saved after two days' exertion. A large number of ties belonging to the Canada Pacific railroad were burned. The fires are supposed to be under control, but are not yet entirely extinguished.

The Assassins of Carruso.

CHICAGO, 12.—The three Italians arrested in this city for alleged participation in the murder of the Italian lemon peddler, Carruso, practically confessed to the perpetration of the murder this afternoon. They in a measure absolve Gilardo, who was arrested in New York on his way to Italy. They state that he witnessed the deed, however, and demanded a share of the money taken from Carruso as the price of his silence, and then aided them in shipping the body in a trunk to Pittsburg. The detectives declare that the confession is sufficient to cause the hanging of all three men. All the particulars are known to the police. The murder was perpetrated solely to obtain $300 or $400 which it was known Carruso had in his possession.

Suicide of a Bride in Pittsburg.

PITTSBURG, 12.—This afternoon Mrs. Annie Pershing, wife of W. C. Pershing and daughter-in-law of Rev. T. C. Pershing, president of the Pittsburg Female College, a prominent Methodist Episcopal educational institution, shot herself in the right temple and is now in a dying condition. Six weeks ago, while a student in the college, she married young Pershing. The marriage was clandestine, but subsequently these were satisfactory explanations for all concerned. A quarrel last night is said to have culminated in young Pershing going to Chicago. His wife started out to hunt him to-day, and not finding him, returned to her home in Allegheny, where she shot herself. Mrs. Pershing was the daughter of a wealthy resident of Newcastle, Pa. She was 18 years of age and quite handsome.

Burned to Death.

A special from Huntington, Pa., says Wm. Hess, a farmer, was yesterday burning brush near a valuable piece of timber land on his farm at Wells Valley, in Fulton county. A high wind carried the flames into the timber and the fire was soon beyond his control. He fought the flames until unconscious. His two daughters, Lizzie and Annie found him lying on the ground by the fire. They dragged him to a place of safety, but in doing so their clothing caught fire and they were so terribly burned that their recovery is considered doubtful. Hess was found by neighbors and carried home. He is still unconscious and will die.

FOREIGN.

Proceedings in Parliament.

LONDON, 12.—In the House of Lords this afternoon Granville corrected his statement of yesterday concerning the Afghan dispute, and said that the agreement reached between himself, Earl Kimberly, Baron De Staal and M. Lessar, in regard to the Afghan boundary proceedings, was not completed in London, as yesterday's statement would imply, but had been put in shape for submission to Russia for acceptance.

Gladstone stated that the agreement which had been reached by Granville, Earl of Kimberly, Baron De Staal and M. Lessar respecting the Afghan boundary had been forwarded by Baron De Staal to St. Petersburg for approval. Baron De Staal and M. Lessar had not, Gladstone said, acted as Russian plenipotentiaries in the conference which resulted in this agreement, and Baron De Staal desired to have it stated that Lord Granville, the Earl of Kimberly, M. Lessar and himself had agreed to draft an agreement, and that he (Baron de Staal) had forwarded it to Russia, giving it his support.

The motion of Sir Edward Massey Lopes, Left Conservative member for South Devon, to insert a clause in the registration act charging the expenses of registry on the general treasury, being called up, Gladstone strongly opposed it.

The motion was finally rejected by a vote of 280 to 258—a loss of ten votes by the government from last night's tally, and of but two from the opposition.

Sir Edward Watkin, Liberal member for Hythe, moved the second reading of the Channel tunnel bill.

Right Hon. Jos. Chamberlain, on behalf of the board of trade, of which he is president, opposed the measure, and he stated that the government as a whole were opposed to the further progress of the bill.

The opposition cheered the declaration and the bill was then rejected by a vote of 281 to 90.

In answer to a question, Childers, Chancellor of the Exchequer, announced that about $35,500,000 of the credit of $55,000,000 had been already absorbed.

BRIEF TELEGRAMS.

The Oregon Railway and Navigation Company has declared a dividend of 1½ per cent., payable on the first prox.

Crossettu and L'Isabelles, the defaulting customs brokers who absconded some time ago from Montreal have been traced to Mexico, where they are living in grand style and anticipate a settlement with the government through their lawyers.

McSweeny, the Irish suspect, is still in Washington and insists upon being rewarded with the office he wants—the collectorship of San Francisco.

The Colorado State Sanitary Board yesterday raised the quarantine against cattle from Illinois and Missouri when accompanied by a certificate of health signed by Dr. Trumbower at Kansas City.

The Sultan of Zanzibar has protested against German encroachments upon his territory and has appealed to the treaty powers in regard to the matter. The German colonization agents are inactive on the coast at present. An Italian man-of-war has arrived there on a confidential mission.

M. De Freycinet, Foreign Minister, has assured the committee of the Chamber of Deputies, that the difficulty respecting the supervision of the Suez Canal will be amicably settled. His assurance indicates that the International Suez Canal Conference now sitting in Paris has solved satisfactorily the problem of the proposed international contaol of the canal.

Wm. M. Evarts has been nominated for the long term in Harvard College; for the short term, Mason Young and W. W. Farnam of New Haven are candidates. The result of the election will be announced at the commencement.

At San Francisco yesterday, the British iron ship, *Earl Dalhousie*, while being towed across the bay was struck by a heavy squall and capsized in deep water. The vessel had no cargo nor ballast. She is owned by W. Stephens of Dundee, and cost $160,000. The officers and crew were all saved.

The papers congratulate the House of Commons on its repeated rejection of the scheme for digging a tunnel under the British Channel, to connect England and France. Most of the articles revive the old military argument against the project, and do not hesitate to express fears of French submarine invasion.

The superintendents of the United States mints at San Francisco, New Orleans and Philadelphia have been authorized to purchase mutilated and uncurrent United States silver coin of standard fineness at the rate of ninety-eight cents per ounce, Troy weight, in sums of three dollars and upwards.

Mrs. Hiram Pfoutz, residing near Birkley's mill, near Lititz, took her five children to the mill pond and threw them into the stream and then jumped in herself and was drowned, together with two of her youngest children. The others were rescued.

Baseball—Boston, 12.—St. Louis 8, Boston 6.

Philadelphia, 12. — Philadelphia 17, Detroit 8.

Providence, 12.—Buffalo 1, Providence 5.

A sample of 2,000 sacks of Russian flour, quality very fine, was offered this morning on the produce exchange, to arrive from Marseilles, at $6 per barrel. The grade was nearly if not quite as fine as the very best American patent extras.

In New York the Supreme Council of the Catholic Knights of America opened their session to-day. Every State was represented. The purpose of the order is to unite all practical Catholics in the formation of a mutual aid society.

The Indian Commissioners continued to award contracts to-day, and included coffee, beans, bacon, beef, feed, corn, oats, lard and wheat to go to Kansas City, Sioux City, Crow Agency, Cheyenne River, Standing Rock, Arapahoe and Kiowa agencies, Ashland, Wis., Omaha, Seneca, Mo., St. Paul and Yuma agencies.

CITY COUNCIL.

The regular session of the City Council was held in the City Hall last evening, Mayor Sharp presiding.

A petition from Erastus Snow asking that he be allowed to tap the flume of the Nineteenth Ward ditch above his residence, for the purpose of getting a small stream of water for household use, was granted.

Mrs. M. H. Brady, of Union, represented that the flumes in the canal near her property were sadly in need of repairs and in such a condition as to cause her great inconvenience during irrigation season. She therefore asked that the necessary repairs be made at once. Referred to the committee on canal.

A petition from Mrs. Letitia Jones, of No. 6, Market Row, accompanied by a recommendation signed by a number of citizens, represented that the petitioner was in indigent circumstances, and had sickness of long standing in her family; she asked for the privilege of selling refreshments and summer drinks without a license. Granted.

A verbal petition in behalf of Stanley Taylor, asking for a remission of his license to run a hack, was not granted.

The Auditor presented a report of the condition of the sinking fund, which showed that the fund at present amounts to $46,894.23, and is invested in various safe institutions, subject to call, where it draws a reasonable interest.

The total revenue of the city for the six months ending April 30, amounted to $76,235, one-fifth of which had been placed with the sinking fund, in accordance with a provision of law. The report was referred to the committee on finance.

An appropriation of $250 was made to August Wilcken for services as minute clerk of the Council for a period of nine months.

The Council adjourned for one week.

A DENIAL.

We know nothing of the guilt or innocence of the party sending us the following communication, but as he requests we publish his denial for what it is worth.

BLAKE CITY, Emery County, Utah Ter., May 11th 1885.

Editor Deseret News:

If you can find space to insert the following you will confer a great favor on a constant reader.

A short time since an article appeared in the Salt Lake *Tribune*, charging me with robbery, committed upon the person of Henry Cross, at this place. Immediately upon being informed that said charge was against me, I voluntarily delivered myself up to the officers. The prosecution failed to in any way connect me with the alleged robbery; I was, therefore honorably acquitted without introducing a single witness. I would like to have this published as soon as possible, and convince the people and also my friends that there was no cause whatever for said charge being preferred against me.

Very respectfully,

THOMAS PHILEMON TIDWELL.

LEGAL NOTICE.

In the Probate Court in and for Salt Lake County, Territory of Utah.

In the matter of the Estate of Abraham Coon, deceased.

Notice of time and place for the hearing of Petition for admission to Probate of Will.

PURSUANT TO AN ORDER OF SAID Court in said matter, notice is hereby given that Thursday, the 14th day of May, A. D. 1885, at 10 o'clock a. m., at the County Court House in Salt Lake City, Utah Territory, in the court room of said Court, has been appointed the time and place for the hearing of a petition of J. D. Coon and Isaac Coon, praying for the admission to probate of a certain document therewith presented, purporting to be the last Will and Testament of Abraham Coon, deceased, when and where all persons interested may appear and oppose the probate of said will, or the granting of letters testamentary to James D. Coon and Isaac Coon, as prayed for in said petition.

Dated at Salt Lake City, April 27, 1885.

JOHN C. CUTLER, Probate Clerk, Salt Lake Co.

REDEMPTION OF BONDS.

TO WHOM IT MAY CONCERN:

In pursuance of law and by virtue of authority vested in me by resolution of the City Council of Salt Lake City, adopted April 28th, 1885, I, James Sharp, Mayor of said City, do hereby notify and inform all persons owning or holding any of the Coupon Bonds of Salt Lake City Corporation of Series "A," bearing date of June 1st, 1880, numbered from 1 to 467 inclusive, and being of the denomination of One Hundred Dollars ($100) each, that each and all of said bonds have been called and required for redemption by the City Council of said city, and that the principal thereof will be paid in full on or after the first day of June, 1885, upon presentation at the Deseret National Bank, Salt Lake City Utah; and notice is hereby given to all persons interested that all interest upon the bonds above described will cease, and the coupons attatched thereto (excepting coupon number ten for interest for six months ending June 1, 1885,) will become void and of no value from and after said date.

Witness my hand and the corporate seal of said city, this twenty eighth day of April, 1885.

[SEAL.] JAMES SHARP, Mayor.

Attest: HEBER M. WELLS, Recorder.

Sisters of Charity, attached to St. Mary's Infant Asylum, Dorchester, Mass., certify to the inestimable value of Ayer's Sarsaparilla in the treatment of sore eyes and skin diseases, among the many unfortunate children under their care. Mrs. S. D. Bodwell, Wilmington, Mass., writes concerning the treatment of her daughter, who was troubled with sore eyes, as follows: "I gave Ayer's Sarsaparilla to

My Little Girl,

and must say that she never took anything that helped her so much. I think her eyes never looked so well, as now, since they were affected, and her general health is improving every day. She has taken but half a bottle." A. J. Simpson, 147 East Merrimack st., Lowell, Mass., writes: "My weak eyes were made strong by using Ayer's Sarsaparilla." C. E. Upton, Nashua, N. H., writes: "For a number of years I have been troubled with a humor in my eyes, and was unable to obtain any relief, until I commenced using

Ayer's Sarsaparilla

Charity may be "fairest and foremost of the train that wait on man's most dignified and happiest state," but the dignity and happiness of man cannot long endure without the health that may be obtained in a few bottles of Ayer's Sarsaparilla. A. W. Parker, lumber dealer, 209 Bleury street, Montreal, Que., writes: "After being troubled with Dyspepsia for a year, and with Salt Rheum

For a Number of Years,

I was cured of both diseases by using six bottles of Ayer's Sarsaparilla." M. G. Traine, Duxbury, Mass., writes: "I have found Ayer's Sarsaparilla an efficacious remedy for bilious troubles and Dyspepsia." Henry Cobb, 41 Russell st., Charlestown, Mass., writes: "I was completely cured of Dyspepsia, by the use of Ayer's Sarsaparilla." Wm. Lee, Joppa, Md., writes: "I have tried Ayer's Sarsaparilla, and it has done me so much good that I shall always regard it as the best of blood purifiers." Eminent physicians prescribe Ayer's Sarsaparilla in all cases requiring a powerful alterative treatment.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass., U. S. A.
