ENGLISH OFFICIAL VIEW.

London, Sept. 22.—American intervention in Cuba and the ultimate annexation of the island by the United States are looked upon as certain in official and diplomatic circles here, where it is declared that America is being forced to accept responsibility for Cuba just as Great Britain has been compelled to act the policeman in other parts of the world.

The following British official view was expressed to the Associated Press today:

"America may not like it, but she must come to it and from all appearances, now is the time. Capital has been introduced into Cuba with the understanding that America will maintain order, and it is America's duty to intervene to protect property and stop continuous disorders."

VINDICATION IS WHAT ALBERT T. PATRICK WANTS.

New York, Sept. 22.—Albert T. Patrick, the lawyer condemned to die for the murder of Wm. M. Rice, does not want a pardon, but vindication, says the American today.

The paper gives a brief interview with Patrick, in which it quotes him as saying:

"I would rather die in the electric chair than spend a year in the state prison under a commutation of sentence. Patrick, in his cell, is directing the last fight for his life. His chief reliance is based upon what he calls in a brief prepared by him for submission to Governor Higgins, the uncertainty of expert medical evidence as exhibited in his case."

HARTFORD FIRE CO'S PAY SAN FRANCISCO LOSSES.

Hartford, Conn., Sept. 22.—Individual losses on account of the San Francisco catastrophe have nearly all been paid by the fire insurance companies incorporated in Connecticut and having home offices in this city, according to statements given out by executive officers of these companies. Six Hartford companies have paid out to date \$15,952,749 net, the gross amount of the claims being about 6 per cent more.

MASS. INDEPENDENCE LEAGUE.

Boston, Sept. 22.—The first state convention of the Independence League of Massachusetts at Faneuil hall today drew to the city between 400 and 500 delegates from all parts of the state, every city and senatorial district in the commonwealth being represented.

Practically all of the delegates are pledged to the nomination for governor of Dist. Atty. John B. Moran of Boston.

SHOT THROUGH ARM.

Little Dilworth Young Victim of a Youth's Criminal Carelessness.

Little nine-year-old Dilworth Young, son of B. Young, Jr., 441 C street, met with a serious accident about 10 o'clock this morning. According to his father he was on the hill just above the tower on the rim of City Creek canyon when a number of boys came along with 22 caliber rifles. One of them became threatening and careless, and without a moment's warning aimed it toward Dilworth Young and pulled the trigger. Instantly the youngster set up a howl and the lad with the gun asked if he were hurt. On receiving an unmistakable affirmative answer he fled. His name was later given as Clarence Olsen. Mr. Young said it was his intention to have him arrested, as his own boy had a very narrow escape from death. The bullet passed entirely through the left arm above the elbow and barely escaped severing an artery. The wound was dressed by Dr. Cannon.

WHAT MR. CANNON SAID.

Hon. Angus M. Cannon today commenting upon the report that was published in the proceedings of the Republican state convention regarding what he said on the Harrington resolution declared that he was misquoted with reference to that part of his remarks in regard to apostatizing from his faith on certain conditions. He says that he will never apostatize by the reason of any other man's transgression. If he should do so it would be wholly on account of his own wrong doing, and the same he holds to be true of any other man. What he meant and what he really said and all that he said on that part of the subject was as follows: "A man who apostatized from our faith once said that he had been dominated by the priesthood in the Church; he said that the people voted contrary to their honest convictions. I repudiate it. I told him I had grown up in this territory from the first, and had never voted contrary to my honest convictions; that I had never seen an apostle so great or a president of the Church so immoral that he could dictate my vote contrary to my convictions. When I stoop to that I will apostatize, and I will be ready to introduce just such resolution as you have had introduced today."

LATE LOCALS.

Realty Transfer.—E. A. Culbertson has sold to Jesse C. Little, 49½x82½ feet on Third West street, between Second and Third South streets, for \$2,712.

Fire Exhibits.—Prof. M. M. Young will have at the coming exhibition of the art institute, a fine plaster cast of Miss Cecilia Sharp, a plaster bust of Joseph Smith, a baby head in plaster and a large painting representing two blacksmiths hammering a forging on an anvil.

Development Company.—A copy of the articles of incorporation of the Cedar Valley Development company of American Fork was filed with the secretary of state today. Its capital stock is \$20,000, divided into shares of the par value of \$1 each. H. L. Chipman is president; J. H. Clarke, vice president; E. J. Clayton, secretary; Samuel Stark, treasurer. The company will engage in the real estate business.

Tabernacle Concert.—A big concert has been decided on for the tabernacle for the night of Friday, Oct. 5, the opening of conference. Prof. Stephens and the full choir will arrange a strong program and the expectation is that the soprano soloist of the occasion will be Miss Emma Lucy (dates who may be heard in conjunction with the choir of 400 voices as well as rendering a number of new solos of her own.

Henderson Arraigned.—E. C. Henderson, candidate for the nomination of county commissioner on the "American" ticket, was arraigned in the city court yesterday afternoon on the charge of criminal assault upon a deaf and dumb girl named Ann Voss. He entered a plea of not guilty and his bond remains the same as fixed when he was arrested, namely \$2,500. Henderson has been unable to secure bondsmen hence he is likely to remain in jail until his trial.

Not a Delegate.—For days Judge C. M. Nielson, candidate for county attorney before the Democratic convention, has for days been paraded in the organ of the American party as a delegate to the convention which is meeting in the Theater this afternoon. It is needless to say that Mr. Nielson's name has been used by the Americans without authority, nevertheless he declares his friends to generally know that he "has not left his own party to join the rank of the enemy."

Organ Recital.—There were two changes made in yesterday afternoon's tabernacle organ recital program: Prof. McClellan playing the Ruff "Violin Cavatina" instead of the "Capriccio," and the final number was Gounod's "Roman March," a pretty bit of marching melody. It was announced that for next week only, the recitals would be at 3 p. m., with doors open at 2:30 p. m., owing to Prof. McClellan going out of town late in the afternoon of Tuesday and Friday. The regular hours will obtain.

"Tex" Rickard "Bumped"—Deputy Sheriff Sharp last night arrested Harry Groves upon the charge of circulating bogus checks at Goldfield, Nev. Groves is from Ely and attended the prize fight at Goldfield where he met "Tex" Rickard, the promoter of that event. He made out several checks on an Ely bank which Rickard cashed for him and which were afterwards found to be no good. An official from Nevada followed him to this city and secured his arrest by the deputy last night. He is now in the county jail but states that he will return to Nevada without extradition papers and hence is ready to accompany the officer at any time.

Bird With a Gun.—William Bird, a cook, was leaning confidently over the bar in Sinder's saloon last night, unbecomingly his troubles to the bartender, when the proper repositories of such sentiments, in the shape of Policemen Wheeling and Wilson "gun-shoot" from behind, under the nose of the gentleman and laid loving hands on his shoulders. William was embarrassed at this exhibition of impromptu affection, and was still more overcome when the "finest in the world" reached for his hip pocket and extracted therefrom a 45 Winchester, hidden there contrary to the statutes herein made and provided. William is now in the city jail revolving many things in his mind. It developed that he and several boon companions had been holding an entirely unadvertised artillery display in the Red Top saloon the previous night, and got away before the "cops" could copper them. The boon companions are being searched for.

New Educational Magazine.—The first number of the Tablet, a monthly journal of education, and edited by Principal Joseph E. McKnight of the university training school, has just been published. It is a neatly printed and well edited magazine of 24 pages, filled with well written articles covering the local intellectual field, in a manner to make it worth careful reading. The September number of the Tablet contains a scholarly article on "Literature in the Elementary School," by John S. Welch, supervisor of grammar grades; "Nature Study for September," by Prof. H. H. Cummings; "The Principals' Round Table," by Elizabeth M. Quattrone, principal of the Ogden school; "The Primary Department," by Miss Rose M. Vinot of the state normal school; "History and Geography," by Miss Anna Youngberg, of the normal school; "The Utah Federation of Women's Clubs," by Mrs. Cresson S. Kinney; interesting editorial notes, poetic epigrams, and a varied collection of entertaining reading matter. A journal of education like the Tablet ought to find welcome reception here, and doubtless it will be handsomely supported and established.

COURT NOTES.

Agnes Severen against Christian Severen, failure to support.

Salina I. Romero against M. Romero, desertion. Plaintiff was awarded the custody of their child.

A decree of foreclosure of mortgages has been rendered by Judge Morse in favor of plaintiff in the case of S. A. Marsh against Elizabeth Livingston. The amount of the judgment is \$2,346.90.

Judge Ritchie has rendered judgment in favor of plaintiff in the case of C. Stanley Price against the Western Loan & Savings company for the sum of \$150. The action was brought to recover fees for services rendered as attorney for the defendant company.

At the afternoon session of the divorce court yesterday, Judge Morse granted divorces in favor of plaintiffs in the following cases: Clara K. Putzman against Leon D. Putzman, desertion and non-support. Plaintiff was allowed to resume her maiden name, Clara Kott.

Judge Morse made an order yesterday afternoon setting aside the decree of divorce rendered last week in favor of plaintiff in the case of Rosalie Rasmussen against Neil Rasmussen and also set aside the default of defendant and placed the case on the trial calendar for Sept. 23. Rasmussen filed a petition in which he denied that he had ever been served with a summons in the case and had no notice whatever of the action.

Aaron Keyser has filed an injunction suit in the district court against A. O. Woods to restrain defendant from maintaining a nuisance upon his property which adjoins that of plaintiff. It is alleged that defendant constructed a ditch which he claims belongs to plaintiff and that the manure and other filth which accumulates therein renders habitation in plaintiff's house unbearable and creates a nuisance. It is asked that the nuisance be enjoined and that defendant be compelled to remove said barn.

The jury in the case of the Pitche Investment company against the Rocky Mountain Bell Telephone company, has returned a verdict in favor of plaintiff for \$223. The action was brought to recover damages for injuries to a number of trees in front of plaintiff's property on Capitol avenue. The jury visited the premises Wednesday afternoon and the case was submitted at noon yesterday and a verdict returned in the afternoon. The case was tried in Judge Lewis' court.

William Hoffman and wife today appeared before Judge Armstrong in the district court, and legally adopted Roy Starmer, the 4-month-old son of Mrs. Alice Starmer. The mother has secured a divorce from her husband, and was awarded the custody of the child, and being unable to properly support and educate it, gave it to the infants' home association. Both Mrs. Starmer and the association gave their consent to the adoption of the child by Mr. and Mrs. Hoffman.

Saxon D. Williams will again have to appear before Judge Morse and show cause why he should not be punished for contempt of court, because of his failure to appear yesterday as ordered by the court, and explain why he has not paid his divorced wife, Grace Williams, alimony, as heretofore ordered. He was sent to jail on a previous occasion by Judge Morse for contempt in connection with the payment of alimony, and it found will no doubt be sent to jail again.

COMBATING OPIUM IN CHINA.

China has just revised and consolidated her native opium taxation. It amounts to 115 Pekin taels per picul (about 66 cents per pound) on crude opium and double that amount on the prepared article, the grower's tax being abolished.

According to reports from Peking the government is anxious to curtail the use of opium, but is dependent for revenue to the extent of \$4,000,000 a year on the duties paid on imported opium. She cannot, in the present state of her national finances, witness without concern the disappearance of such an important branch of revenue. The imports of opium amount to 2,000 tons, while the native article is produced to the extent of 30,000 tons. Moreover, there is a great development in the use of morphia. The Japanese ship to China large quantities of cheap hypodermic syringes.

The better Chinese are reported to have a strong feeling against the enormous extension of the growth of the poppy throughout the empire. A Peking correspondent of the London Times indicates that China will ask India to consent to an annual reduction in the import of opium to China, which would have the effect of extinguishing the trade in ten years, and as an evidence of good faith will issue an imperial edict condemning the use of opium and forbidding the employment of it.

INJUNCTION SUIT FILED.

By Brown, Terry & Woodruff Against Van Cott and Eleven Others.

The Brown, Terry & Woodruff company filed an injunction suit in the district court today against Albert Van Cott and 11 other defendants to restrain them from in any manner interfering with the laundry business of plaintiff and from attempting to entice plaintiff's customers away from it. The defendants were formerly employees of plaintiff in its laundry, but quit on Sept. 1 and 15 and engaged in the laundry business themselves under the name of the Royal Laundry. It is alleged that they have been using the knowledge and business methods given them while employed by plaintiff to secure plaintiff's customers, and to that end have formed a conspiracy, which will result in great financial loss to plaintiff. Hence it is asked that they be enjoined and that an accounting be had so that the amount of plaintiff's damage may be ascertained.

SESSION OF CITY COUNCIL.

Corner Stone of City Hall Laid—Choir Leader Robinson Surprised.

Murray, Sept. 22.—The following business was transacted at the last session of the city council: Atty. Moffat requested that the council retain Atty. Richards as associate counsel pending the settlement of the Elison case, and that an allowance be made therefor. It was moved by Councilman Wahlquist that as Mr. Richards, having begun the work in the suit of Elison against Murray City, that he be retained as associate counsel pending the settlement of the case without pay. The recorder was instructed to make provision for some stationery for City Atty. Moffat. The committee on streets having investigated the matter referred to them in regard to the condition of the street in front of Mr. Peterson's residence on State street, recommended that the same be repaired at the earliest conference and that the work be done by poll tax.

The matter of whether it is the duty of property owners or the city to repair the sidewalks and keep the same in a good condition was referred to the city attorney for an opinion.

The committee on improvements, to which was referred the estimate on a fire station suitable for the fire apparatus, also recommended a two-story rapid advancement, more so than in the past, in its history, for which Mr. Robinson is deserving of much credit. Mr. Robinson was invited to attend a bishop's meeting at the Miller residence. During the meeting he received a telephone message, which he went into the next room to answer. Members of the choir and primary friends were seated. They gave him a thrilling surprise. Good things suit everyone's taste were served in abundance. The remainder of the evening was most pleasant and interesting in such games as were suggested. Mr. Melvin Fisher, choir president, in behalf of the choir, presented the honored leader with a beautiful rose mounted baton, having his monogram engraved thereon.
