

## MORE CONTRACTS FOR UTAH MEN.

J. G. Jacobs and William Bracken Get Grading at This End of Western Pacific.

## OUTFITS TO START MONDAY.

Pipe Line for Water Supply Will be in Working Order Within a Few Days.

Work on the Western Pacific at this end of the line is being pushed with vim. Within the next two days J. G. Jacobs and William Bracken will send outfits out to start work on a six-mile contract they have secured on a stretch of the grade some 70 miles southwest of this city in the Grass Mountain country just this side of the desert. Mr. Jacobs this morning stated that by the time the outfits reached their destination the 46-mile pipe line from the springs would be in operation and that the problem of supplying the teams and men would be solved.

Douglas Bros. & Mendenhall of Springville, who have the contract for grading beyond Garfield, are making the dirt fly in great shape and other sub-contractors, including Mackenzie of Springville and John Russell are hard at work.

Around the lake shore the sand has been piled up on the grade for a long stretch as preliminary. At the present time a good windstorm would move considerable quantities of the temporary grade. It is now stated that the Western Pacific is to cross the main line of the Southern Pacific at a point a few miles east of Winnemucca, Nev.

## LOS ANGELES MARKET.

Salt Lake Route Opens Up New Outlet for Farm Products.

The Los Angeles market bids fair to become a boon to the Utah livestock men and farmers. The Salt Lake Route has put in a rate of 37 1/2 cents a hundred on potatoes to Los Angeles and indications are that there will be a big movement of Utah spuds south as soon as the prices raise.

Indicative of what the new market means to the livestock men, in addition to the 46 cars noted in the "News" Monday, the Utah Hide & Livestock company consigned 5,000 head of sheep to Los Angeles yesterday. The sheep were at Lund awaiting shipment to the western market. No double-decked cars, however, were forthcoming, and the company was confronted with the problem of feeding the flock until the equipment arrived. As a way out of the difficulty, J. M. Powell of the company diverted the shipment and sent them to California.

## "THE STORK LINE."

Major Hooper Has a Suggestion for D. & R. G. Catch Phrase.

Major Hooper, general passenger agent of the Denver & Rio Grande, is thinking of changing the well known catch phrase "The Stork Line" to "The Stork Line." Within the last three months four babies have been born on Denver & Rio Grande trains, two in the Royal Gorge, one at Tenmile Pass, and one at the foot of the continent, and one in Utah. All are doing well, the major inclined.

## SHEEP AT MONTPELIER.

Nearly 1,000,000 Head Hauled in O. S. L. Yards There.

James C. Lenny has returned from Montpelier, Idaho, where he has been on business connected with the new stockyards of the Oregon Short Line. He reports that this yard nearly 1,000,000 head of sheep have been unloaded, fed and reloaded at this point. The season is practically over there, and there remain but 300 carloads to be handled.

## J. M. HERBERT REINSTATED.

Vice President of Colorado & Southern Back at His Desk.

J. M. Herbert, vice president of the Colorado & Southern, has returned to his desk in the Cooper building in Denver and it is now stated that the case is suspended at the proper altitude and the recent unpleasantness has been adjusted. In other words harmony has been re-established in the affairs of the Colorado & Southern.

In discussing the affair the Denver Post says:

"Because of friction in the Colorado & Southern office the position of general manager was vacated a few weeks ago by President Frank Trumbull, Mr. Herbert, who held that office, immediately went to New York to confer with the principal owners of the road, Col. Greenville M. Dodge and B. T. Young. Mr. Herbert made his position so clear that they, with the acquiescence of Mr. Trumbull, decided to re-establish the office and reinstate Mr. Herbert.

Enlarged powers as regards the affairs of the Colorado & Southern were promised Mr. Herbert. The Colorado & Southern is growing to be a big system, and when it reaches its apex, with its own trains, will be able to take a strong stand as regards the making of rates. Mr. Herbert's great operating ability will then be called into fullest play and he will be given even greater power than he now possesses.

"There is now perfect accord between Messrs. Trumbull and Herbert. While in New York the situation was thoroughly considered with the directors of the road and an amicable agreement reached."

## Utah Railway.

The Utah railway, a narrow gauge road extending from Mack, Colorado to Dragoon, Utah, and the rich country it traverses in western Colorado and eastern Utah, is described and pictured in an attractive pamphlet being distributed by the passenger department of the D. & R. G. R. R.

This new line, 55 miles of which is completed, is pointing for the fertile lands and rich mineral deposits of the great Utah reservation, recently opened for settlement. Since the opening there has been a great influx of settlers, prospectors and miners and the new towns are booming.

## More Contracts.

Gov. Sparks and Humphreys of Reno have captured the contract for supplying the construction camps on the Western Pacific with fresh meat during the grading campaign. In addition the Press Brick company of Reno has been awarded a contract for 1,000,000 bricks for early delivery at different points along the right-of-way.

## SPIKE AND RAIL.

## BUILD UP UTAH.

We ask you to use Three Crown products because they are the best of the good ones.

We ask you to insist that your grocer supplies you with Three Crown goods, because every time you buy a can of Three Crown Baking Powder or Spices, a lot of Three Crown Extracts, a lot of Three Crown Tea or Coffee, you are helping to build up an industry that has been helping to build up Utah for 18 years.

We furnish employment to a large number of people—we want to furnish it to a larger number. These people build homes in our state, they help the grocer, the butcher, the coal man, the ice man, the clothing and dry goods merchant, and other lines by giving them that support necessary to their success. When others prosper, you must share in their prosperity, and therefore it is to our mutual profit and advantage that we insist on being supplied with Three Crown products.

We thank you for your past support and encouragement, and in anticipation of your further patronage.

## NONE FROM THE EAST.

State Will Have to Produce Its Own Turkeys for Thanksgiving.

Local express agents who are watching the poultry market do not believe there will be any shipment of turkeys in from the east this Thanksgiving season, for the reason that prices back east are about as high as they are here, and there is a great plenty of the birds in this state, so that it will not pay to ship in. Turkeys are particularly plentiful in Utah county, and one Vernal farmer has 2,000 of the birds which he would like to dispose of. Some dealers say there will be such a shipment into this market in a week or 10 days, as will send prices down considerably below what they are now.

## HURT IN EXPLOSION.

Miners of Fay, Nevada, May Lose Eye sight as a Result.

Two miners of Fay, Nevada, who were recently injured in a powder explosion in the mines at that place, were brought into Salt Lake for treatment this morning. They are now at the Holy Cross hospital, where Dr. Baldwin has them under his care. The men, whose names are Myers and Train, were struck in the face by the powder, and it is feared that each of them will lose his eyesight.

Train was operated upon by Dr. Baldwin in noon after his arrival this morning. It was found necessary to remove one of his eyes and there is a probability that the sight of his other eye may be saved. An X ray machine was also brought to bear on Myers but until the photo is developed nothing definite is forthcoming. He is in a bad way with both eyes injured and will probably be operated upon this evening.

Otherwise, with the exception of small nicks and dirt blown into the faces of the unfortunate men, they are unharmed.

## LYNCH IS DETERMINED.

Chief of Police Proposes to Rid City of Undesirable Element.

That Chief of Police W. J. Lynch proposes to do all in his power to put a stop to holdups in this city, was made evident at an early hour this morning when he ordered Sgt. Hempel and Officers Corless, Johnson, Evans, Milner and Clark to round up all the suspicious characters in town.

The dragnet was thrown out and all sorts and conditions of the undesirable element were drawn in. In all there were 45 vagabonds captured and landed in the city jail, so that when the jailer came on duty he had to feed 72 prisoners.

Among those captured were Frank Matthews and Frank Clark, these two have been identified as holdups. It is believed that they are the men who tried to rob and then shot M. L. Morris last night. Matthews has been positively identified as an ex-convict and a highway robber.

Most of the alleged vagabonds were being Judge Diehl this morning, were given "floaters" and ordered to leave the city at once.

## EXPLOSION IN BINGHAM MINE.

Ole Nelson Sues Bingham Central Mining Company for \$30,000 Damages.

## MAKES CHARGE OF NEGLIGENCE.

Was Severely Burned About the Limbs And Had Hearing Permanently Impaired.

Ole Nelson filed suit in the district court today against the Bingham Central Mining Company to recover \$30,000 damages for injuries received on July 11, 1905, while employed at defendant's mine at Bingham. Plaintiff alleges that a box of caps was exploded through the negligence of the superintendent of the mine and plaintiff was severely burned, his right arm and leg being permanently injured and the hearing of his right ear greatly impaired. For all of said injuries he asks damages in the sum named above.

## SETTLED OUT OF COURT.

Money Paid, Hence Suit Against Ladies Of Macabees Is Dismissed.

Upon motion of Attorneys McGarrin & Gustin, the case of P. J. Gustin, administrator of the estate of Edward H. Mitchell, deceased, against the ladies of the Macabees of the World was dismissed by Judge Lewis today, the same having been settled out of court. The action was brought to recover \$250 on a benefit certificate in the order held by Mrs. Susannah Mitchell at the time of her death on July 10, 1905. The suit was filed the money has been paid by defendant, hence the dismissal of the action. Mrs. Mitchell was murdered by her husband, Edward H. Mitchell, on the date given above and he committed suicide after his rash deed.

## DECREE FOR PLAINTIFF.

Suit Filed This Morning and Judgment Rendered Shortly After.

Judge Morse today rendered a decree in the case of William Skyrme against Phoebe Yachner and several other defendants quieting plaintiff's title to a note and mortgage on certain real estate in this city executed by Samuel Vador and others on Feb. 28, 1905, in favor of Della Skyrme and assigned by her to plaintiff. The amount of the note is \$12,000. The defendants in the case consented to a decree being rendered in favor of plaintiff. The suit was filed this morning and the decree was rendered a few minutes after the filing of the action.

## PETITION DISMISSED.

Effort to Have Taxes Abated in Stuart Case Fails.

Judge Armstrong today dismissed the petition of Attorney N. J. Shuckel for the estate of Daniel Stuart, deceased, which asked for the abatement of taxes assessed against the property of the estate. The money and solvent credits of the estate were assessed at \$5,000, but it is claimed by the attorney for the estate that the inheritance tax, amounting to \$3,322.45, paid to the state should have been deducted from the above amount before the tax was levied. This would leave only \$1,677.55 subject to general taxation, and it was asked that all above that amount be abated.

The county commissioners, sitting as a board of equalization, refused to abate the tax, hence the court was asked to do so. Attorney-General Breeden, County Attorney Christensen and Assistant City Attorney Bramel protested against the abatement and argued that the court had no jurisdiction to abate the taxes regularly and duly assessed. Judge Armstrong ruled that he had no jurisdiction in the matter and dismissed the petition.

## COURT NOTES.

In the case of Robert B. Porter against E. T. Rice, Judge Morse today appointed L. N. Parker as receiver of the property involved by consent of the parties to the action.

Maud Oakes filed suit for divorce in the district court today against Frank H. Oakes on the ground of failure to support. They were married at Elko, Nev., in Sept. 6, 1899, and have one child, of which plaintiff asks the custody.

The will of Mary E. Jeremy, deceased, was filed for probate today in the district court, together with the petition of Esther E. W. Hamlin, who asks for letters testamentary of the estate, which is valued at \$2,000.

Suit was filed in the district court today by Edward Martin against Stephen J. Ryan and Allan T. Riley to quiet title to lot 6, block 1, Hunter's subdivision of block 62, plat C, Salt Lake city, so that when the plaintiff, who has been in possession of said lot for more than 10 years and that whatever right defendants have is barred by the statute of limitations.

## WILL ENLARGE CAFE.

Landlord Wey of the Wilson to Increase Present Capacity.

Landlord Fred Wey of the Wilson has made up his mind that the town will stand a \$10,000 cafe, and will presently begin enlarging the present Wilson cafe by taking in the apartment to the east and making the general room one of 25 tables. The new cafe will have hardwood flooring, elegantly decorated walls, a balcony for musicians, and general fittings and fixtures of the latest and finest variety will be purchased.

## LECTURES ON JEWISH HISTORY.

A course of popular lectures on Jewish history, covering the Babylonian, Maccabean and the Roman periods, and including a general survey of Jewish national history to the present day, will be given in the Y. ## PIONEER WOMAN ANSWERS SUMMONS

Mrs. Jane M. Carrington Young Passes Away at Her Home in This City.

## DEATH OCCURRED THIS MORNING

Endured the Hardships of Early Days And Came to Utah by Handcart —Funeral Not Fixed.

After a life of over half a century in Salt Lake, in which she participated in the problems incident to redeeming Utah from the sagebrush, Jane M. Carrington Young, wife of Brigham Young, Jr., passed suddenly away at her home, No. 30 West Temple street, this morning. The cause of her death was general debility, following an operation performed last February. From the effects of which she has never fully recovered. While her health since February has not been good, she was not seriously ill until within a few hours of her death. Last night a number of her relatives called to see her, and left for home late in the evening, never expecting the sudden end which came a few hours later.

## WAS UTAH PIONEER.

Mrs. Young was a Utah pioneer. Her father, Albert Carrington, was of the first party, and she followed across the plains a few months later, arriving here with her mother in October, 1847. Since then her life has been devoted to her religion, and to rearing her family, to whom she was always a most devoted mother. She was prominently connected with the Relief Society for many years, and at her death was treasurer of the Seventeenth ward association. In Sunday school work she was also an active participant, and for over fifty years was a constant attendant at the Seventeenth ward Sunday school.

## ENDURED HARDSHIPS.

Mrs. Young was born at Hamilton, Wisconsin, Feb. 25, 1840, and is the descendant of an old New England family, her father having been born in Vermont in 1813. When the persecutions of the Church in Nauvoo began, Mrs. Young accompanied her parents as a child through the trying ordeal of that period, and in the western exodus rode to Utah in an ox cart, driven by her mother.

## LEAVES LARGE FAMILY.

In 1857 she was married to Brigham Young, Jr., the oldest son of Brigham Young, in Salt Lake City. Eight children were born, seven of whom are living. They are Dr. A. C. Young, J. Wash Young, William H. Young, Jr., Emerson Young, Mrs. M. M. May, Mrs. Luna Y. Moore, and Mrs. Lillie Y. Brockbank. All of the children are now in Salt Lake except Mrs. Brockbank, who is in Nebraska, and W. H. Young, who is in Canada.

They have been notified of the death by telegram, and it is expected that they will arrive here in time to attend the funeral services.

## FUNERAL TOMORROW.

The funeral of Peter G. Burt will be held from the Sixth ward assembly rooms tomorrow, Sunday, at 2:30 p. m. Friends are invited. The remains may be viewed at the family residence, 528 south Fourth West street, from 12 m. to 2 p. m.

## NEPHI'S WELCOME.

Governor Cutler and N. G. W. Officers At Armory Ball.

Governor Cutler, with Colonels Kessler, Daynes and Lund, Captains Hassing, Bassett and Bourne, and Lieut. Adams, returned this morning from Nephi, where they went yesterday, in attendance on the dedication of the new armory of A company, First Infantry.

The entire town seemed to have risen up to do them honor, and the visitors had such a good time that they will long remember it. They were welcomed at the depot by Captain Howard of A company, the local band and a deputation of citizens, and escorted to the high school building, camp fires having been built all the way from the depot to the school building. These camp fires were made of cedar posts, covered with oil, and they burned brightly. At the high school a fine supper had been provided by the girls, and was presided over by Miss Maughan, the local band furnishing music during the repast. Then the visitors took up the line of march to the new armory, which was found to contain a drill hall, floored with hard maple, 45x65 ft., and provided with commodious officers' quarters, quarters for the enlisted men, etc., a very complete outfit. Governor Cutler and Mrs. Pettigrew, wife of the mayor, led the grand march of the evening, followed by Mayor Pettigrew and Mrs. Cutler. The attendance was large and the decorations of the armory hall, provided by high school girls, were elaborate and graceful. Captain Howard acted as master of ceremonies, and every attention was paid to the comfort and entertainment of the visitors. The local company has now over 50 men, and is one of the best drilled in the west.

## FIRE AT SUNNYSIDE.

District Schoolhouse Burned Through Defective Heating Plant.

(Special to the "News.") Sunnyside, Utah, Nov. 11.—There was another fire at Sunnyside today. The district schoolhouse was burned, and all the furniture. Several of the cottages close by were scorched. The fire was caused by a defective heating plant. Mrs. Emma Naylor and baby, one day old, were taken from their home to a place of safety. At the time of the fire, one class of pupils was in the building, but all got out without injury. It was a six-roomed structure, and the loss is fully covered by insurance, there being \$3,000 in the Royal and \$2,000 in the Hartford.

## MISS JUDITH ANDERSON.

Pupil of Correll (Burling) Visited (London), and Falk (New York) will receive a limited number of pupils. Studio, 129 West First North Street.

## PIONEER STAKE FAIR.

Will Open Tuesday Night in Stake Hall —Queen Contest Now On.

For two months past the people of Pioneer stake have been hard at work on a stake fair, and as a result of their efforts the fair will open in the stake hall on Tuesday night, Nov. 14. The hall, formerly the Whittier school building, has been beautifully decorated for the occasion, and a picture of dazzling splendor will present itself to the astonished gaze of an admiring multitude on Tuesday night. The fair will continue up to and including Saturday night, and during the season there will be amusements of all sorts, ranging from high-class musical numbers to mirth-provoking maneuvers in vaudeville. There will also be a wide and varied assortment of booths, a hall of relics and curios, a poppy bog and drawing and guessing contests galore. On Wednesday afternoon there will be a matinee for the little folks, a feature of which is a Santa Claus suit box where the children may deposit their letters, making their wants known for Christmas. There will also be other things to amuse the little folks.

A queen contest is now on, the eleven wards of the stake doing everything possible to push forward their favorite candidates. Already, some have gained considerable strength and rivalry is becoming keen. The vote this morning for the different candidates was as follows: Etta Powers, 150; Tessie Smith, 100; Nora Sperry, 65; Pearl Bailey, 50; Nellie Worthen, 55; Mrs. E. E. Jenkins, 50; Mrs. J. D. Sharp, 50; Mrs. J. R. Hardman, 50; Winnie Pettit, 40; Mammie Silver, 30; Rose Bowers, 30; Louise Cannon, 25; Lois Wallace, 25; Violet Williams, 25; Hazel Watson, 25; Sadie Wheelhouse, 25; Mary Anderson, 20; Miss Rigby, 15; Mabel Cooper, 10; Kate Thomas, 5. Other candidates will be announced in a day or two.

The fair will close Saturday night with a grand ball in honor of the queen.

## DRAMATIC CLUB SCORES SUCCESS.

The Grants Stake Dramatic club made a decided hit last evening in the drama, "Woe Back," or "Hearts of the North and South," under the direction of the stake committee, in the stake hall. There was a large attendance, and the participants in the play did their parts so well as to win for themselves the highest encomiums of the spectators. The play is on again tonight, and the success of last night insures a large and appreciative attendance.

## LATE LOCALS.

Thousands of dollars won in election bets, were deposited this morning, in local banks.

The U. S. grand jury will meet in this city next Monday, when the November term of court will begin.

"The secret of immortal youth" is the theme of Rev. E. I. Goshen for tomorrow afternoon before the Y. M. C. A.

Boys who are going to work for subscribers to the Christmas News can obtain contracts at the circulator's department, this office.

Local contractors express their belief that there will be considerable building this winter on west Third South street, and some on Main street.

President Knox of the National Bank of the Republic has two boys at Phillips Academy, Andover, Mass., who are doing well and standing high in their classes.

While the new U. S. courtroom is a very fine affair, it is found to be six feet too narrow, as the jury box encroaches so on the space allotted to the attorneys as to greatly cramp things.

There are thousands of colonist tourists passing through for the west from eastern points, but as their tickets do not allow any stopovers, Salt Lake is deriving no benefit from their brief presence.

Dr. W. S. Hudson this morning found in the foothills a pay telephone box containing quite a sum of money in nickels. It is supposed to have been stolen from some part of the business district and cached in the hills for future reference.

The dry goods men are in high spirits over the fall trade, and say it is far ahead of what last year's was. The fact that this fall has been so open and has done so well, has had a very different effect on the sale of winter goods.

The beautiful little operetta, "Snow-white," which was so successfully given in the Thirty-third ward hall last week night, Nov. 13, at the Liberty stake hall, Thursday is given by ward talent and those who had the pleasure of seeing it were greatly delighted.

Local dealers say that the harness market has not been extra good this year, owing largely to the high price of leather, which has set the owners of rigs to working their wits to get around the leather market. This is done by using steel chains for tugs or traces instead of the heavy leather, and substituting elsewhere on harnesses metallic fittings where leather is generally used. This effect has been a reduction in price that harnesses that usually cost \$45 are made to cost \$18 and \$19.
