Theater Closed.—Monument to the commander of the "Onesida"—More Inauguration among the West Indian Negroes.—Working men's Candidates to be returned to the Commons.—\$20,000 Fine.—Collector Bailey a large Defaulter.—Wakeman Dead.—Leland Assassinated.—Riot at Jersey City.

NEW YORK, 19.—The Management of the French theatre has suffered another defeat in an attempt to produce an Irish drama; the effort was an entire failure, and the theatre is closed. Steps are being taken in this city to erect a suitable monument to Capt. Williams, of the ill-fated steamer *Oneida*.

The cause for the foundation of the Brooklyn tower of the East River bridge will be launched to-day. West India advice make it probable that the *Atlanta*, so long missing, is safely harbored. A short time after the execution of Maine she appeared off Port au Prince, but hearing that her purchaser had been put to death, and no one having come to claim her, the captain took a voyage among the West India islands.

According to the *World's* London correspondence the labor cause is making progress in England. Four vacancies are to be created by the government as soon as possible in the House of Commons, and these seats are to be filled by workingmen's candidates.

Another insurrection has broken out in Hayti. The Pickets in the southern department are in arms against the new provisional government, and the partisans of the late President, Maigne, are joining them; the government has sent reinforcements to the army in the field, and several war steamers have also been dispatched to the South. The British and French governments have refused to recognize the provisional government until it assumes the debt of Maigne's administration.

Last evening No. 83 and 85 Worth street, occupied by Wallace, Fitch & Co., were damaged by fire to the amount of \$20,000; they were insured for \$75,000.

Investigations show that Collector Bailey is a defaulter; his books exhibit a large deficiency in funds belonging to the Government; the sum, it is believed, will exceed eighty thousand dollars and the evidence of fraud will be overwhelming. He is said to have, four years ago, as collector of the 4th district, appropriated public funds to his own use, but those peculations were covered by the reports of the 32nd district. Bailey's sureties are all men of responsibility, so that the Government will not suffer loss. There are rumors that the defaulter has gone to Europe or Nassau.

Geo. Wakeman, a well known newspaper man, died, to-day, of pneumonia, aged twenty-nine.

Maj. Leland, who saved Geo. Wilkes a few days ago, was assaulted this evening by an unknown desperado, who struck him a violent blow in the face with a brass knuckle. Leland was slightly injured but he gave chase and fired four shots at the man, who, though supposed to have been hit, managed to escape.

There was a riot at Jersey City last night between a gang of stevedores and proprietors and employees, resulting in the injury of a number of each party.

OHIO.

A Lucky Drayman.

CINCINNATI, 20.—It is rumored that Andrew Fitz Hains, for twenty years a drayman here, has fallen heir to a hundred thousand dollars in England.

PENNSYLVANIA.

Accident in a Coal Mine.

SCRANTON.—A car containing ten men, while descending the shaft of a coal mine, near Plymouth, got loose from the counterbalancing weight, and rushed with great velocity to the bottom, injuring every man seriously but none fatally.

ILLINOIS.

Preparations for the Census.—The Wilkes-Leland affair—Swindling Emigrants—Law suit among Railroad Swindlers.—The "Samaritan" safe—Senators against the San Domingo purchase, etc.

CHICAGO, 19.—The *Tribune's* Washington special says that General Walker, Superintendent of the Census, is driving preparations for the work. Amendments to the old bill will be proposed, repealing the clause making it necessary to file a third copy of all the returns of each county, at the county seat, thus saving one-third of the expense of printing. All the individual circulars will be issued in a few days, giving such information as will enable the people to avoid being imposed upon by persons who may attempt to act without authority and to make unauthorized questions. Under the old bill additional compensation was allowed in California and other Western sections; the same authority is now wanted for most of the States and Territories west of the Missouri, except Kansas, Nebraska and California.

The *Tribune's* New York special says that George Wilkes publishes a savage editorial in his paper, denouncing the papers for their reports of Leland's assault on him. He pours much wrath on Leland and calls him many hard names, sporting men are making bets on the probability of one of these individuals shooting the other before the first of April.

Extensive frauds have been discovered in the sale of tickets to emigrants, who purchase from points in Europe to Washington and the United States; the

commissioners of emigration are still investigating matters. Daniel Drew and others interested in the Erie Railroad will be called to testify in the suit now pending between Erie and Vanderbilt. Fisk, in his testimony to-day, spoke of Drew, Schell, Vanderbilt, Eldridge and other directors of the road, as robbers, and said he went in with them for buying Vanderbilt's stock, but he found it was no use to oppose him.

The missing steamer *Samaritan* arrived from Queenstown yesterday; the cause of her delay was a broken shaft. The *Tribune's* Washington special says that several Senators have been at some pains to ascertain the feeling about the Sandomingo treaty since their visit to the President to the Capitol, and they feel confident that the majority are opposed to the measure.

The House committee on Territories have under consideration the question of refusing to sustain those laws in Wyoming Territory, under which certain creditors of the Union Pacific Railroad have claimed power to levy on the movable property of the road, the committee has not arrived at a definite conclusion, but the probability is that such measures will be agreed upon as to prevent any interruption of the business of the road. The same committee will report favorably upon the bill of Cullom, designed to protect the Chinese from certain discriminating taxes, such as miners' tax. It is designed to meet the difficulty by abrogating all laws in any Territories authorizing such taxes.

CALIFORNIA.

Legal Tenders—Billiard Match.

SAN FRANCISCO, 18.—Legal tenders 90. In a billiard match last night, between Rudolph and Deery, for three thousand dollars, Rudolph won. At the forty-seventh innings the score stood: Rudolph, 1,500; Deery, 970. The highest runs were: Rudolph, 312, 174, 153; Deery, 174, 96, 90.

KENTUCKY.

A Suspicious Fire.

LOUISVILLE.—Last night a fire was discovered in the second story of Hayden & Bros' dry goods store, Market street; the flames were confined to the 2nd and 3rd floors, and were finally extinguished before the building was greatly damaged. The stock on those floors was almost consumed. The goods, counters and shelves on the first floor, where the fire did not reach, were found saturated with benzine. The stock was valued at sixty thousand dollars; the loss was between fifteen and twenty thousand dollars. The insurance is reported at between forty and fifty thousand dollars. Michael Hayden, one of the proprietors, was committed to jail and afterwards bailed out; the other partners were out of the city.

RHODE ISLAND.

Explosion—Limbs broken.

PROVIDENCE.—The bleaching and dye works of Merry & Co, Pawtucket, were almost entirely destroyed last night by the explosion of a vat filled with yarn for bleaching. Loss \$20,000 to \$30,000. No person injured.

FALL RIVER.—This afternoon while a large congregation was assembled in the uncompleted French Catholic Church to witness the blessing of the corner stone, the floor gave way and about 200 people fell twelve feet into the cellar; twelve to fifteen had their limbs broken, and many others were injured.

MAINE.

Expensive Fire.

BANGOR, 19.—The wooden block, at the west end of the Seaboard bridge, occupied by a number of firms was burned to-day; loss \$40,000.

VIRGINIA.

A Collision at Richmond.—Interesting State of Affairs.

RICHMOND, 20.—Ellison's police, while attempting to clear the streets to-night of a large crowd of negroes, were fired on by the latter; one policeman was killed and one wounded. The police returned the fire and drove off the negroes, who carried their dead and wounded with them. All is quiet at this hour, midnight.

The city is quiet to-night, with Ellison in general possession, except the third station-house, where Cahoon has his headquarters with about 40 men with him. A large crowd of colored men were gathered around the building all the morning. None of Cahoon's police can appear on the streets without being captured. There is no prospect of a further collision between the parties. Ellison's police number about 300, besides an armed force of 100, held in reserve. At two meetings of the citizens to-night it was resolved to support Ellison.

General Canby, to-day, in reply to a letter addressed to him by Governor Walker, asking by what authority he interfered with the municipal difficulties here, without orders to do so, said that his authority was from the President and the Secretary of War, and that his interference was not to aid either of the contestants, but only to prevent a breach of the peace.

house; Ellison's, numbering 250, have possession of the city.

MISSOURI.

Mysterious Killing—Some Developments.

ST. LOUIS, 19.—The dead body of an unknown man was found this morning near the fair grounds; two discharged pistols were lying by, and there were two bullet wounds on the body. The case is involved in mystery. It is thought by some that the man was the murderer of Tubbings, shot last night, and that he committed suicide. The Tubbings' murder is still a mystery, and the supposition is that he was mistaken for another man.

Further developments render it almost certain that the dead man, found near the fair grounds this morning, was the murderer of Tubbings last night. An examination developed the fact that the balls found in the bodies of Tubbings and this unknown are exactly similar, and of a peculiar shape, and fitted one of the pistols found on the person of the unknown man.

WASHINGTON.

Tariff Debate.—Committee Business.—Memorial from the Cherokee.

WASHINGTON, 20.—The debate on the tariff will be resumed in the House on Tuesday; an effort will be made to close the general debate before the end of the week. The House military committee have, for the present, completed their investigation into the cadet business, and turned their attention to the heavy current business before them.

It is believed that the ways and means committee will strike from the Internal Revenue bill, the clause levying a special tax on farmers of ten dollars for selling their produce from wagons or stalls in the cities. The principal chief and delegates of the Cherokee nation have sent a memorial to the Senate against a Territorial form of Government, legislative jurisdiction by Congress, the abrogation of existing treaties, the burden of government taxation, without representation, and in favor of the payment by the United States of all just obligations to said nation.

MASSACHUSETTS.

Preparing for service—English Consul dead.

BOSTON.—An order has been received at the Navy Yard to prepare immediately for service the steamers *Shenandoah*, *Worcester* and *Polaris*. Francis Laussan, English Consul for Massachusetts and Rhode Island since '59, died to-day.

A strange Phenomenon.—The bottom Knocked out.

ST. JOHNS, N. B., 19.—A singular phenomenon has occurred here. At the commencement of the storm yesterday morning a rumbling noise was heard and immediately afterwards a portion of the bottom of the harbor on the Carleton side sunk bodily, so that where before, at low tide, was a beach, is now twenty feet of water. Some of the wharfs were destroyed and the lumber carried adrift.
