GOVERNOR SPRY TALKS OF FIGHT

Says He Does Not Believe Jeffeles Could Fight Well in High Altitude Of Salt Lake City.

Philadelphia, Dec. 23.—'I do not think the Jeffries-Johnson prize ght will ever be held in Salt Lake said Gov. William Spry of Ctah last evening

The governor and his party arrived in this city yesterday to attend the launching of the battleship Ctah. Although the governor would not commit himself, his evasive answer eft little doubt as to the real mean-

ing.
"It is not a question of what I, in my official capacity, should allow," said he smilingly. "The fact is this: "Jeffries has been accustomed to fighting in San Francisco and really, gentiemen. I do not think that he would be able to fight in the high altitude of Salt lake City." titude of Salt Lake City.

SALT LAKE HIGH LOSES TO APOLLO

(Special to The News.)

American Fork, Dec. 22—In the match basketball game played here Wednesday evening between the Sait Lake high school team and the Apollo second five, the locals scored a victory by a score of 38 to 27. While the visitors played a fast consistent game, the Apollo team proved too fast for them and their experience and speed told. The game was witnessed by a large crowd. The teams lined up as follows:

COLORADO TEAM TO PLAY GAMES HERE

The University of Colorado basketball team will be here New Year's day and will line up against the Y. M. C. A. five in a match game. The visitors will also play the Weber Stake academy, the B. Y. U., Apollo, American Fork, Leht teams. The association boys are working hard to get into the best possible shape for the contest.

CHICAGO VARSITY ADOPTS SOCCER

chicage, Dec. 23.—Soccer football triumphed yesterday when the athletic heads of the University of Chicage and the University of Illinois scheduled an association battle for next fall.

Coaches A. A. Stagg and Geo. Humplanned to introduce "soccer" as a western intercollegiate sport Nov, 19 of next year at Marshall Field.

According to the two coaches the intinal intercollege soccer contest will be intended as the formal introduction of the sport into the conference and probably the forerunner of annual association schedules between the "Big Eight" institutions.

PHILLIES WAIVE FOURTEEN PLAYERS

Philadelphia, Dec. 23.—The fight for National league baseball players for next season started yesterday when word was received from the president's office in New York asking the Philadelphia club to waive claim on no fewer than It players now on the market. Notwithstanding the fact that such men as Alperman, Barger and Starnagle are on the list, the Philadelphias waived on all. The players on whom waivers were asked by Brooklyn were Alperman, Clement, Marshall, Starnagle, Barger, Holly, McCormicit, Tonjes, Bradley, Buemiller, Holmes, Kuetzer, Patlee and Redmend.

Y. M. C. A. EXHIBITION.

Signor Carletta, said to have obtained perfect physical development, is to give an exhibition at the Y. M. C. A between 2 and 9:20 o'clock this evening. The exhibition is to be private but a number of Sait Lakers have been invited to the affair.

GRIDIRON GAME IS TOO MUCH FOR PUG

Allentown, Pa., Dec. 22—Football I s too rough a game for a prize fighter. Jim Savage of New York and Jack Reed of Toledo were due to fight 15 rounds here recently. More than 1,000 men gathered to see the fight Savage failed to show up, although his manager had declared he was in the pink of condition. The referee arose and announced that there could be no fight, for Savage, "in the pink of condition," had footishly gotten into a football game at Paterson. N. J., a couple of days before and was otherwise so battered that he could not appear in the prize ring.

WANTS TO KNOW WHERE TROUBLE LIES

New York. Dec. 22—Thomas J. Lynch, new president of the National league, sent a letter to his six veteran umpires—Hank O'Day Bob Emstle. Steve Kane, James E. Johnstone, William J. Klem and Charles Rigler—asking them to communicate with him as to where most of their troubles with the players originated last season and whether coachers, managers or bench warmers were primarily at fault.

President Lynch hopes to curtail the frietion that has existed between the referce and the players. His letter says in part:

"As a National league umpire, I want you to answer, to the best of your ability, this question: Where did most of your trouble with the ball players last season come from—the team playing the game, the coachers, the managers or the players sitting on the bench?
"As your answer will have important bearing on some reforms for both umpires and players, that I wish to make in running the game next season. I want you to give this question careful study and report to me at your earliest convenience."

MULDOON BELIEVES NEGRO WILL WIN

TWO EXPERT BILLIARD PLAYERS WHO WILL CROSS CUES FO R CHANCE AT 18.2 TITLE.

After fighting for more than two years to have the rules governing championship billiard matches revised championship billiard matches revised to suit his own particular notions Willie Hoppe, the youthful expert, recently capitulated to the so-called trust and, with Ora Morningstar, another "insurgent," signed a contract pledging himself to renew the old allegiance with the powers that be. This removes the last bar in the way of a match between Hoppe and Calvin Demarest, the winner of the recent tournament for the 18.2 balk line title. Though he has given up his fight, Hoppe will find him-

self more or less on the outside for a year or more. He will play a match with Morningstar in Chicago Jan. 1 to determine which shall have the privilege of issuing the next challenge to the champion, but even there Hoppe will find himself balked. Demarest has already agreed to meet Harry Cline for the title at Chicago, on Feb. 1, 2 and 3, and when the word was passed that Hoppe was weakening and would probably be in line within a few days, Albert Cutler, the Boston player, immediately shot in a challenge to meet the winner of the Demarest-Cline match.

Under the rules the winner of the between Demarest and Cline will have 60 days in which to make up his mind to play Cutler should he succeed in defeating Cline. This would put off any match with Hoppe until away along in June. It is hardly probable that a poeal to either the players or the protection of the provided appeal to either the players or the protection of the carried that time of the year would appeal to either the players or the protection of the carried that time of the year would appeal to either the players or the protection of the players or the players or the protection of the players or the protection of the players or the protection of the players or the players or the players or the protection of the players or the protection of the

involving strength and stamina, especially when they have been inactive for several years. It is a sure thing that Jeffries will never be able to punch the bag as long and as hard as he could six years ago, and that is the best indication that he will never be the same.

"I look for Johnson to win, but in the early rounds he must take care not to let Jeffries get one in on him, or there will be some counting. Jeffries will be dangerous with his punches for awhile, but the negro can tire him out by adopting defensive tactics, especially in a 45-round fight."

HUESTON'S LONG RUN.

Boston, Dec. 22.—A brilliant run of 70, within nine balls of the world's record, kept Tom Hueston of St. Louis, world's champion pool player, ahead of Bennie Allen of Kansas City in the second block of 200 balls in their 600-point match towich.

Hueston finished with 206 to 141 for Al-len. Hueston leads Allen, 412 to 326.

TWO MONGOLIAN ATHLETES WHO ARE ASTOUNDING HARVARD

Considerable interest is being manifested in the performance of the two Mongolian athletes at Harvard University. Masuda, the Jap, and Kao Chow Li, the Chinaman. The men have been playing socker football since the season opened, and both have developed surprising quickness. While Masuda is a very small man, he is one of the fastest men on the varsity team. In September last he was given a trial at quarterback on the varsity Rughy football eleven and showed up remarkably well. Kao Chow Li, his side partner, is an all around athlete. Recently the students on Soldiers' field were amazed to see a slight, dark-skinned Chinese youth, clad in running costume, sprinting around the cinder path. While his form and rate of speedwere noticeable. In themselves, the students' curiosity was still more in-PVAIGNE BOSTON PHOTO NEWS TO

creased when, after a few times around the oval, the runner stopped, seized a pole lying in the inclosure and did a pole vauit that made the eyes of some of the Crinson's seasoned trackmen bulge with wonder. After several vauits, all of them well up to the 10-foot mark, he made a running broad jump that brought joy to some of the coaches standing near. Several days later, according to one of the Harvard men, he ran a hundred wards in 101-5 seconds. When Li was at Pia Yang university, at Tientsin, he was captain of the socker team for three years and also leader of the track team and was known as a gymnast of ability. Personally Li is much above the average height of the Chinaman, standing nearly six feet. He is a typical trackman, long in the legs, stocky about the waist and slight a put the upper body.

TURNER'S MUSCLE BROKEN IN MATCH

Ottumwa, Ia., Dec. 21.—When Zbyszeo, Polish wrestler, lifted George Turner of Kellogg, Ia., and threw him to the mat, a muscle in Turner's right shoulder snapped and Turner was put out of the handleap match here fast night. Zbyszeo took the first fail in 29:22 with a body and bar lock. Turner was unable to continue the match in which Zbyszeo agreed to throw his adversary three times in an hour. One thousand people saw the bout.

FOR AUTO EXHIBIT

Elaborateness and Magnificence Will Prevail at Madison Square Garden For Big January Show.

(Special Correspondence. New York, Dec. 18.—For five years past the interior of Madi-son Square Garden has been made more magnificent for the exhibit of moyears past the interior of Radius son Square Garden has been made more magnificent for the exhibit of motor cars than for any other of the varied events which hold forth in New York's famous exposition building. The efforts of the committee in charge of these exhibitions appear to be to conceal all the tamiliar lines of the interior of the structure. A praiseworthy fact in connection with this dressing of the amphitheater is that each year since the show committee of the association of Licensed Automobile Manufacturers took charge of the decorating, progress has been made from the merely elaborate toward the elegant and simple. At the forthcoming snow in the garden, Jan. 8-15, there will be claborateness and magnificence and less profusion in plaster casts and color and more richness in the general decorative scheme.

Even a partial investigation of the preparatory work now being done in order to decorate the garden is astonishing. An illustration of how much work is involved in but one branch of the decorating is shown by the fact that for the past three months 45 men have been zealously working on the lamp-sign posts which are to mark the car exhibits. Over 12,000 square feet of boards are being cut into various sizes for the uniform signs of the accessory exhibits, the motorcycle display and the commercial vehicle exhibit which will be jacated in the basement. Already the floor upon which the exhibitors in the basement will display their product is being laid, and in many unoccupied places are stored tons of material which, speaking in theatrical terms, is part of the show property. In less than two woeks the big garden will be given over entirely to decorators, designers, carpenters, electricians and painters. In various sections of this city crafty tradesmen are putting the finishing touches to many of the decorative creations.

BLACKFORD DEFEATS FAVORITE BOGGS

Oakland. Dec. 22.—After winning six straight races, Boggs finally met defeat in the Claremont handleap at Emeryville today. He was favorite for the event, but did not get clear saling and the extra weight told on him. Blackford, the well played second choice, took command before the stretch was reached and won, ridden out from Bubbling Water and the favorite. Raleigh P. D. took the 2-year-old event by a nose from Daddy Gip, an outsider. John H. Sheehan was plunged on in the third and won all the way. Results:

First race, five and a half furlongs.—Boas, 102. (Radtke) 7 to 1, won; Emma G. 112. (Martin) 7 to 1, second; Bell Kinney. Il. (Vosper) 7 to 1, third; time—1:07:2-5. Priceless Jewel, Lord of the Forest, No Quarter, Velma C. Ampedo, Titus I and Marwood finished as named.

BATTLING NELSON READY FOR WOLGAST

Chicago, Dec. 23.—Battling Nelson stands ready to close with Ad Wolgast for a fight in America as soon as the Milwankee boy posts a forfeit to blind the match. The statement was made by the champion last night after reading a dispatch from Los Angeles that Wolgast was begging a chance to fand the title.

FRISCO INVENTORS

TO FLY FRIDAY

San Francisco, Dec. 23—Two local inventors, Clifton O'Brien and John W. Hudson, have announced that they will fly over the city in their new monoplane tomorrow. They have worked for two years to perfect a new engine and are confident of success.

The new aeroplane is 28 feet from tip to tip of its wings. The engine, which works on the principle of a gyroscope, weighs 214 pounds, and it is claimed will drive the machine at a speed of 70 miles an hour. The fuel tank is built to carry gasoline for a 19-hour trip.

The inventors promise a 100-mile flight before Christmas.

An aviation meet in this city next month is assured according to J. C. Irvine, president of the Pacific Aero club. The necessary subscriptions have been promised, making it possible for the club to offer valuable prizes.

BISHOP TO ATTEND AVIATION MEET

New York, Dec. 23.—Cortlandt Field Bishop, president of the Aero club of America, who has been directed by that organization to attend the Los Angeles aeronautic meeting in January as its representative, has given out a statement defining the club's attitude in regard to aviation meetings of this kind. He says:

"It is not true that

gard to aviation meetings of this kind. He says:
"It is not true that we are seeking to discredit or prevent the Los Angeles meeting. On the contrary, we are extermely anxious to have those meetings which will arouse interest in aeronautics. But the time has come when the lines between the sporting contest and the show, between the professional and the amateur must be sharply drawn and to this end we have not been hasty in sanctioning a meeting of which we have had no official knowledge."
