What Time Proves.

This thing of being sick and looking for a cure is a mighty serious business. People are not given to joking even at the first symptom of the approach of the Grim Destroyer. They do not want to be the subjects of experiment, but want medicine that has had the test of years behind it. A medicine that has been made and used for 20 years gives assurance of its worth, and can be taken with a faith that they have the very best cure the world affords. All this can be said about Dr. Gunn's Im-proved Liver Pills as a remedy for sickheadache, dyspepsia and indigestion, it begins right at the source of the trouble and removes the cause. Women's Kidneys.

Women's Kidneys. Women are more often afflicted with kidney disorders than men, but attribute the symptoms to diseases peculiar to their sex, while in reality the kidneys are de-ranged. Nervousness, headache, puffy or dark circles under the eyes, paln in the back, are signs of kidney trouble that must not be ignored, or a serious malady will result. Foley's Kidney Cure has re-stored the health of thousands of weak, nervous, broken down women. It stops irregularities and strengthens the urinary organs. It purifies the blood and benefits the whole system. F. J. Hill Drug Co. where, after two years residence, they persued their course west and again temporarily located at Council Bluffs.
