## INVOLVES RICKETTS ESTATE

Deceased Left Personal Property Valued at \$29,005.26-State Wants the Statutory Amount Allowed 14

State Treasurer Dixon this morning filed in the district court a petition for a peremptory writ of mandamus to issue against A. C. Ricketts, executor of the estate of J. M. Ricketts, deceased, demanding the payment of \$793.88 to the state due as an inheritance tax upon the estate of decensed.

The petition alleges that J. M. Ricketts, deceased, left an estate consisting of personal property valued at \$29,005.26, and after the debts of the estate were paid there was left \$25,877.68 to be divided between three legatees who would receive \$5,625.59 each. The amount due to the state as taxes amounts to \$793.88, which the executor refused to pay on the grounds that the estate was not taxable under chapter 62, Laws of 1991, and that the act itself

was invalid. The defendant also demurred to the petition for the reason that it does not state facts sufficient to constitute a cause of action;

-In that it does not show that any

1-in that it does not show that any legates will receive, under the terms of said will, the sum of \$10,000. 2-Because the haw of 1901, entitled "An act to tax gifts, legacles and inher-flances in certain cases, and to provide for the collection of the tax," is uncon-

stitutional and void. The petition was filed in the Suprem Court last fall, but that court refused to take original jurisdiction in the matter, hence it was filed in the distric court. Both parties filed briefs and the matter was submitted to Judge Hall for a decision.

The respondents who were the plain tiffs in the action brought in the lowe court filed a petition asking that a strip of land lying east and south of the military reservation, and belonging to them, be disconnected and detached from the city. They claim that the property is sit-

nated five miles from the business par and one mile from the inhabited por and one mile from the minister point tion of the city and is entirely out o reach of fire and police protection and hence is unfit for residence purposes and should be cut of from the city. The court below granted their petition and the city appealed. Attorney Benner X. Smith argued for the respondents and City Attorney Nye presented the city's

her of imperilied whalers. At I o'clock consideration of the Phil-ippine tariff bill was resumed. Mr. Teller, who had the floor at the adjournment yesterday continued his speech. He did not think the holding of these islands by this government would ever be profitable and he could see readily that it might prove dan-gerous. It was contrar, to our prin-ciples to the any people in subjection by force. Nobody, he said, was likely to question the right of the United States to hold the archipelago; no na-tion would date to raise such a question would dare to raise such a ques tion. That question might be raised in the American Congress, but nowhere else. He felt that a profound mistake had been made in our early treatment of the Filipinos but the treaty had been passed and it was now our duty to do what was right. Nobody insisted, he said, that the United States coul force these diseases is Hostetter's Stomach and that the United States coll y force our of the Filipinos our government or our of villation. New York, Feb. 11 .-- Swollen knees, sore ankles and troublesome stomachs have caused many of the competitors of the six-day walking match to drop back in the race or withdraw entirely. The second day of the race found 26 teams struggling for supremacy with the lead-ing team over 20 miles ahead of the record in the early morning hours. Hegel man and Cavanaugh keep plodding away steadily, and neither has yet shown any sign of distress, but the old timers are dropping back and the younger men in the race are fast creep ing up on the old stagers. The Hurst brothers, owing to an absence o hours on the track, have dropped back to eighteenth position in the race. The score of the leading teams at 8 o'clock
