### JOHN E. BITTON PASSES AWAY.

Cooke Literary Recital Much Appreciated—North Slaterville Irrigation Company.

Ogden, Utah, Jan. 15.—The Pioneers of Weber county have been passing to the great beyond very rapidly of late, to receive the reward of the faithful. Yesterday afternoon another of the early settlers of Utah, John E. Bitton, passed from mortality, at his home, 472 Thirty-first street, from paralysis, with which he was stricken over a year ago, and has since that time been unable to care for himself, death coming as a happy relief. He was well known throughout this county, and had reared a large family to honor his name.

John E. Bitton was born in London, England, April 12, 1852. When young, being faithful and true to the end. He emigrated to Utah in 1886, arriving in Ogden City Nov. 30, crossing the plains in Capt. He followed farming extensively there, until five years ago, when he moved back to Ogden. For several years he was superintendent of the West Weber Sunday school, and a public school trustee. He was a useful, energetic man, and has done much for the upbuilding of this commonwealth. ### THE COOKE LITERARY RECITALS.

Mr. Cooke said, "The audiences were excellent, appreciative and sympathetic." The audiences say, "Mr. Cooke is original, humorous and philosophical, and with all, a real man, and a soulful appreciation of the sublime in man and nature." The poet-philosopher leaves Ogden with a hearty, "I am glad to have met you." Those who heard him, respond with, "Thank you, the pleasure is mutual. Come again."

Few entertainers on their first visit made so favorable an impression on the lecture-going public as did Mr. Cooke, who gave two recitals in the Tabernacle last Saturday, under the auspices of the Weber Stake academy. At 3 p. m. the hall was well filled with students, teachers and friends.

Mr. Cooke began with "The Chronicles of the Little Tort." He showed the child as the intruder, "The House-elf," and with all, a real man, and a soulful appreciation of the sublime in man and nature." ## Married Women

Every woman covets a shapely, pretty figure, and many of them deplore the loss of their girlish forms after marriage. The bearing of children is often destructive to the mother's shapeliness. All of this can be avoided, however, by the use of Mother's Friend before, during and after pregnancy. Mother's Friend prepares the body for the strain upon it, and preserves the symmetry of her form. Mother's Friend overcomes all the danger of child-birth, and carries the expectant mother safely through this critical period without pain. It is woman's greatest blessing. Thousands gratefully tell of the benefit and relief derived from the use of this wonderful remedy. Sold by all druggists at \$1.00 per bottle. Our little book, telling all about this liniment, will be sent free.

Habit—And, notwithstanding it is only 10 days old, it is already firmly fixed.

Every resolution that I made for New Year's has been broken except the one.

It is the way to do business, it is the way to make money, it is the way to make friends, it is the way to make name and fame.

regret to learn of his separation from the home paper, which has lost a good, faithful employee, Mr. Carrol expects to leave Ogden, but just where he will go, or what line of business he will follow, he has not yet determined. His successor has not been appointed.

G. J. S. Ables who has been telegraph editor on the Morning Examiner, has quit Saturday. F. R. Hopkins, who comes next, will certainly do his part towards it. It is gratifying to know that the citizens are patronizing these lectures. The lectures are first class in every respect and it is to be hoped that each will do as much good as "The Post-philosopher," Edmund Vance Cooke.

Panguitch, Garfield Co., Jan. 15.—The people of this section are rejoicing that a little of the beautiful dry spell of the past few days is now being ushered in with about an inch of snow; again, Monday, Jan. 9, about two inches fell. The storm has continued in a mild form in the mountains since from Idaho, after an absence of three inches fell in the valley.

Haycock, returned a few days since from Idaho, after an absence of a couple of years, bring this disease, but as yet there are no new cases from the exposure on the stage, also at the home greeting, before it was known what was the matter with him.

Bishop Lynn of Hatchtown, a few miles up the river, was caused to mourn the loss of one of his grandchildren on the 10th inst. from an attack of smallpox.

Again our district school is in session, with very good attendance. We are proud of the progress that is being made by the scholars, and especially Prof. Eaton, who seems to have the situation fully in hand.

## A SIMPLE LIFE.

One of the first things of importance in living a simple life is in using a simple diet. This does not mean that you must eat the coarsest food and that which is unpalatable to you; but, for you to eat the very best you can get of the ordinary necessities. First among these is good bread and butter. Poor bread is the family which cannot afford the best of this. It is not extravagance to pay an extra price for better bread in quality, as it makes you eat more bread. People do not eat better bread alone, and when they are eating good bread and butter, they will not eat so much of other foods less healthful and more expensive. There is only one best sold in this market and that is Hans Brand Butter. Your grocer can get it for you.
