Amusements

One might suppose after the prolonged run of amusement of the light musical class, that last night would see something of a check to the patronage. But nothing of the sort occurred. The lower part of the house was only slightly less filled than it was during "The Chaperones," and the galleries appeared just as crowded. "The Storke" is a big conglomeration of the good, the bad and the indifferent. This much may be said, that it contains more actual singers than any light opera we have had of late. The costumes are handsome, the chorus girls are pretty, and one of the comedians is thoroughly funny, but the opera has so many prolonged features that they make them dangerously near causing the good impressions.

The main fun of the piece was created by Mr. Gregory, who is a true burlesque artist. Mr. Weinberg had too much to do, and overdid it. Besides, for a lead singer, he is a good deal of a dud. The native comedy instinct, Mr. Loh, the tenor, has a very good voice, but as to his acting, little can be said. Miss Youlin, the soprano, did some charming singing, and presented a pretty appearance. The same can be said of Miss Hatfield and Miss Choute, but all the people gave the impression of being far superior to their surroundings. The leading work of the orchestra, but the general result seemed to be that they had not had sufficient rehearsing to do capable work.

Cause of Lockjaw. Lockjaw, or tetanus, is caused by a bacillus or germ which exists plentifully in the soil. It is made strong as exposed to the air, but when carried beneath the skin, as in the wounds caused by percussion caps or by rusty nails, and where the air is excluded, the germ is roused to activity and produces the most virulent poison known. These germs may be destroyed and all danger removed by applying Chamberlain's Pain Balm freely as soon as the injury is received. Pain Balm is an antiseptic and causes such injuries to heal without maturation and in one-third the time required by usual treatment. It is for sale by all druggists.

the following: W. T. Vincent, C. C. Crapo and R. White.

Many Mothers of a Like Opinion. Mrs. Plimmer, of Cordova, Iowa, says: "One of my children was subject to a group of a severe type, and the giving of Chamberlain's Cough Remedy promptly, always brought relief. Many mothers in this neighborhood think the same, and do not give this remedy, and want no other kind for their children." For sale by all druggists.

TOO MUCH WHISKY.

Police Believe Excess of Alcohol Responsible for Devlin's Death.

A jury composed of Dr. J. A. Nesbitt, John Long and Edward Fisher, is holding an inquest over the remains of B. P. Devlin, the young man who died at the police station yesterday afternoon at 4:30 o'clock under mysterious circumstances. The body was taken in charge by Undertaker Joseph Wm. Taylor and will be prepared for burial by him. There will probably not be more than three witnesses to be examined. They are J. J. Kimball, Dr. C. M. Benedict and Officer Evans. They will testify to the facts as given in last evening's "News." It is now believed by the police that the young man's death was entirely due to an over indulgence in whisky.

Ward Entertainments.

A dancing party will be given in the Farmers ward meetinghouse tonight under the auspices of the Mutual Improvement association.

The Mutual Improvement association of the Sixth ward will give a young people's reunion in the ward meetinghouse tonight.

The Twenty-sixth ward fair closes tonight with a grand ball. The fair has been quite successful and as a result it is believed that a good sum will be raised for the benefit of the meetinghouse fund.

REWARD CLAIMANTS.

Dr. Stringham Wants Share, Kennedy Asks for Another Hearing.

Dr. Stringham of Woods Cross called upon Gov. Wells this morning and presented his claim for one-half of the reward for the capture of James Lynch. The doctor stated that he was the first person to discover Lynch's presence in the vicinity and that he gave the alarm to the citizens and started them out to capture the escaped convict. The search which was instituted resulted in Lynch's capture, and hence Dr. Stringham claims he is entitled to a share of the reward. Gov. Wells informed the doctor that he would consider his claim.

Howard Kennedy, who claims a share of the reward for Haverth's capture, has asked the governor to grant him another hearing before the award is made. He has employed an attorney to represent him and the governor will give him a hearing the first part of next week.
