

OGDEN DEPARTMENT.

OGDEN CITY, UTAH,
Oct. 15th, 1886.

Editor Deseret News:

To-day the city solons met in regular session. In the absence of the Mayor, Judge T. D. Dee acted as chairman. The voluminous minutes of the former meeting seemed to take a long time in disposing of them, and the routine of business began.

A petition from the members of the Ogden City brass band was presented, asking that henceforth they be not assessed poll tax, on the ground that the band is a public institution, and labors for the public benefit. The petition was referred to the committee on laws.

Petitions asking that sidewalks and crossings which are in bad condition be repaired, also from parties asking the council to sell them city lots, etc., which were referred to their appropriate committees.

Mr. T. A. Grant, a transient, wished to arrange with the council for numbering the houses of Ogden City. Referred to the committee on finance.

The reports of the street supervisor and superintendent of the city waterworks were presented for the quarter ending September 30th, 1886. From the former it was shown that the sum of \$1095.78, had been expended for the repairing of streets and building the Tramway; and from the latter it was learned that \$275.00 had been expended on the City Water Works, extension of mains, etc.

Councilor Falker, from the Committee on Public Grounds, reported that some time since a contract was let to Messrs. Nelson and Turner to sink an artesian well in Lester Park Square. It was the intention of the contractors to sink down 350 feet, but when they reached 228 feet their drill broke, they were in debt for the labor done, had no means to purchase suitable implements for the further prosecuting of the work. Water had not been reached, and the contractors asked the council to appropriate \$50 to enable them to pay a balance due their hired men, and that the contractors be released from their contract. On the recommendation of Councilor Falker their requests were granted.

At the suggestion of Councilor Wm. Driver the press was invited to notify Fatherfamilies to warn their hopeful sons and daughters under the age of 16 years that the Curfew bell rings out its warning for them to seek the shelter of their respective parental roofs at eight o'clock p. m. now instead of nine o'clock. All juveniles of the above tender age who are found on the public streets after the ringing of the bell at night will be required to give a good reason or they will be delivered to the care of the City Marshal for the night. The auditor's report for the quarter ending September 30, 1886, was presented, the reading of which showed that from the various sources of revenue the receipts amounted to the sum of \$12,714.30. The disbursements for all purposes were \$12,185.05, leaving a balance of cash in the treasury at this date \$529.25. Under the suspension of the rules Mr. S. S. Schraun stated that some few years since a number of gentlemen of this city, raised a considerable sum of money by subscription for laying down a lumber extension of the sidewalk below the end of Fourth Street. As the building of the new Union depots will necessitate the removal of that walk he asked the Council to permit said gentlemen to appropriate so much of said walk as will reimburse them for their outlay in the concern. The request was granted.

The usual bills were presented and allowed and the city legislators then adjourned.

The city tramway has been pushed forward with as much dispatch as possible. It has now reached along Young Street to the junction of Fifth. Its route is from a point east between the cemetery and the race track. It proceeds south to First Street, thence one block west, thence south one block, thence west two blocks, thence south three blocks to the junction of Young and Fifth. The road has already been utilized in the transportation of gravel to various points, and has been a great saving in the cost of this part of the public works.

The work of excavating and rock hauling for the foundation of the Union Depots goes gradually forward. Teams and men are employed there continuously, according to the contract or agreement set forth in the petition for closing Fifth Street.

The old Utah Central freight house has been demolished. The timbers have been removed, and the employees have been shifted to the Union Pacific quarters at which place all the U. C. freight will be received and thence dispatched to its destinations.

About five o'clock last evening, Bryant, a 12-year-old son of Mr. T. J. Stevens, City Recorder, met with a serious accident. He went to the premises of Mr. H. S. Young to enjoy a little recreation with some of Mr. Young's boys on the trapeze. During the swing and some circus movements the boy was accidentally thrown to the ground, striking with great violence on his right hand which was forced backward, and his right arm was severely fractured between the wrist and elbow. Dr. Carahan reduced the fracture, bound up the arm, and although the boy spent a sleepless night, and suffered much pain, to-day he is doing well.

To-day the daughter of Mr. Daniel

Evans, of this place, came near losing her life by strangulation. The child, who is only about a year and a half old, was playing around and fell into a tub of water and almost drowned. The screams of the weeping frantic mother alarmed the neighbors, who soon flocked to her assistance. In the meantime medical aid was summoned from the Union Pacific hospital. When the physician arrived, to all appearance the child was dead. He worked with the patient for some time, and by means of his electrical instruments he succeeded in restoring animation, and the parents have the gratification of again embracing their little one, who is now thought to be entirely out of danger from its very narrow escape from death.

THE DRAMATIC season has now set in. The Second Ward Association opened to-night with a benefit entertainment. The first part consisted of vocal and instrumental music. The second part was the excellent drama, "Ruth Oakley," by the home talent. It was well rendered. This is the first time it has been placed on the boards by this company. The scenery and appointments were entirely new for the occasion, and were the production of their own skill and talent. The acting elicited much animated applause, and the entertainment was a success both financially and otherwise. The proceeds go to the company, to assist them to meet the expenses they have incurred in fitting up the new stage, new scenery, etc. The entertainment was under the auspices of the Y. M. M. I. A. of the Second Ward and was held in the Meeting House. The building was much too small to accommodate all who desired to witness the performance. Quite a number were unable to gain admission.

FOREIGN.

CONSTANTINOPLE, 16.—Joseph Chamberlain and Collins have arrived here. LONDON, 16.—Williams, the socialist leader, who, in August last, elected to serve a two months' term of imprisonment rather than pay a fine for obstructing the streets last July by preaching socialism, was to-day released, having spent sixty days in jail. He was met on his exit by a crowd of friends who gave him an ovation.

FRANKFORT, 16.—Meyer Karl Rothschild, head of the great banking firm, died suddenly to-day from heart disease.

LONDON, 16.—The troop-ship *Tyne*, thirty hours overdue at Plymouth, has been sighted off there laboring terribly in the storm. Great anxiety has been entertained concerning her for the past 24 hours.

The British ship *Teddale*, which sailed from Cardiff, Wales, Thursday last, was wrecked during the storm on Carmathen Bar. There were on board at the time 23 persons. The boat rescued nine, among whom were the chaplain and officers left in the boat, and but two succeeded in reaching the shore alive; the other 17 perished.

The hurricane which has just passed over England and Ireland, was accompanied by the heaviest rains within memory. During last night there were many collisions and wrecks. A number of channel fishing boats were stranded. The beach at Brighton presented a spectacle of destruction.

The torpedo gunboat at Portsmouth dragged its anchor and drifted in the mud, but was afterwards rescued by tugs.

The glass roof of the Ilfracombe Hotel was broken and the bath houses washed away.

The storm was very furious on the Irish coast. The streets in many towns were flooded. Corn stacks were blown away and corn standing in fields destroyed. The damage is immense.

There has been a destructive flood in Wales.

LONDON, 17.—The latest reports show that the effects of the recent storm on the south and west coasts were terrible. A Norwegian bark foundered off Tintagel, Wales, and her entire crew, consisting of fifteen persons, perished. Ten bodies have been washed ashore on Glamorgan coast.

LONDON, 18.—Reports have been received from all parts of the kingdom, telling the disastrous effects of the hurricane. The British ship *Malleny* was wrecked in the British Channel and 20 persons were drowned. The shore is strewn with the wreckage. The bodies washed ashore have been stripped of valuables by wreckers. The Norwegian bark *Frederickstad*, from Musquash, N. B., for Swansea, was wrecked off Padstow, and 19 persons were drowned. The bark *Alliance* was also wrecked off Padstow and four lives were lost; other persons on board were saved by the lifeboat. Another large bark was seen to be in terrible distress, the crew being huddled together on deck. The vessel foundered this morning, and it is believed that from a dozen to twenty persons were drowned. The gale prevented the people on shore from rendering assistance. The cries of the doomed men were heard distinctly by those who were watching the vessel from the shore.

LONDON, 18.—William Beach, the Australian arsurman, has sailed from Plymouth on his way home.

VIENNA, 18.—The cholera returns for yesterday are: Trieste, 16 new cases and three deaths; Pesth, 39 new cases and 20 deaths.

Don't Experiment.

You cannot afford to waste time in experimenting when your lungs are in danger. Consumption always seems at first, only a cold. Do not permit any dealer to impose upon you with some cheap imitation of Dr. King's New Discovery for Consumption, Coughs and Colds, but be sure you get the genuine. Because he can make more profit he may tell you he has something just as good, or just the same. Don't be deceived, but insist upon getting Dr. King's New Discovery, which is guaranteed to give relief in all Throat, Lung and Chest affections. Trial Bottles Free at Z. C. M. I. Drug Store.

Distress After Eating.

This result of indigestion will no longer be experienced if Simmons' Liver Regulator is taken after each meal. It is such a good digester and so mild and pleasant in its effect that it is used by many after a hearty meal, to insure good digestion. The Regulator does not nauseate or irritate the stomach, but corrects acidity, dispels foul gases, allays irritation, and assists the stomach in its digestion.

Saved His Life.

Mr. D. L. Wilcoxson, of Horse Cave, Ky., says he was, for many years, badly afflicted with Phthisis, also Diabetes; the pains were almost unendurable and would sometimes almost throw him into convulsions. He tried Electric Bitters and got relief from the first bottle and after taking six bottles, was entirely cured, and had gained in flesh eighteen pounds. Says he positively believes he would have died, had it not been for the relief afforded by Electric Bitters. Sold at fifty cents a bottle at Z. C. M. I. Drug Store.

DEATHS.

HUNTER.—In the Sixteenth Ward of this city, October 12, 1886, of pneumonia of the lungs, Isaac N. Hunter, son of Isaac Hunter, Jr., and Mary Hanson, aged 1 year, 6 months and 2 days.

JONES.—At her residence in the Fourth Ward of this city, on Monday, September 27th, 1886, at 11:55 p. m., Mary Jehu Jones, beloved wife of John G. Jones; aged 34 years and 5 months. She was thrown from a buggy and received fatal injuries in the head and back, from the effects of which she only lived about 36 hours.

Deceased was born April 27th, 1852, at Dowlais, Glamorganshire, South Wales. When three years old her mother died, leaving her without the tender affections of a mother. She was among the first in her native land to receive the divine message of the Gospel, and was baptized by Philip Sykes, in January, 1847, at Coatbrook Vale, Monmouthshire, England. She was married on the 9th of February, 1852, and with her husband emigrated to America June 1st 1854, in William Taylor's company, on the sailing vessel *Marchville*, and in 1859 gathered with the saints to Utah in Captain Edward Stevenson's train, arriving in Salt Lake City Sept. 16th of that year, and in the following month moved to and settled in Provo, where she has since resided, a faithful and true Latter-day Saint, and gathered around her many warm hearted and true friends. Her life here was one of usefulness in the Female Relief Society, among the sick, or wherever her labors were required. She was a true and devoted wife, and the mother of 12 children, 8 of whom are living, who with her husband deeply mourn her loss.

The funeral services were held in the 4th Ward assembly room at 2 p. m. September 29th. The room was filled with sympathizing friends. Appropriate remarks were made by Elders V. L. Halliday, Andrew Watson, David John and George Meldrum, at the close of which a host of friends followed the remains to the Provo cemetery for interment.—Provo Enquirer.

DEARDEN.—At West Porterville, Morgan County, Oct. 3d, 1886, of inflammation of the bowels, Sarah A., beloved daughter of William and Ann Dearden; born February 7, 1868, at the above named place.
