DESERET STATE TELEGRAPH LINE.—Through the kindness of President Brigham Young we are enabled to publish the following despatches to him by Deseret State Telegraph Line:—

Beaver City, Jan. 8th, 1867,
9 p.m.

Pres. BRIGHAM YOUNG,

We arrived here last night and opened the Telegraph Office to-day. Great rejoicing in consequence. At eleven o'clock Captain Scofield Holgate serenaded the office with his fine band, and to-night we are enjoying ourselves at a splendid party gotten up in honor of the occasion by acting Bishop Ashworth, H. A. Skluner and others in the Beaver Social Hall, a large brick building just finished. There has been no snow here this winter and the roads are good.

S. A. Kenner, for years connected with the DESERET NEWS and Telegraph newspapers, remains here as operator.

We received a report to-day that Captain Andrus, of St. George, followed a party of thirteen Indians, supposed to be Navajoes, who had stolen some stock from Pine Valley, Washington County, and were going South. Overtaken them south of the Virgin; killed eleven Indians and recaptured the stock. Our party is growing smaller every day, but all are well.

JNO. C. CLOWES.

Parowan, Jan. 11th, 1867,
12.15 a.m.

Pres. BRIGHAM YOUNG,

We arrived here last evening and were cheerfully welcomed by Bishop Wm. H. Dame and associates. Within an hour after our arrival we were serenaded by Captain Thomas Durham's brass band, which, by the way, is one of the finest bands in the Territory. To-day the people are rejoicing over the quick reception of despatches from Great Salt Lake City. Many of the citizens moved here in 1851, to whom the workings of the Telegraph seem almost a miracle. To-night we are to have a grand ball, at which both brass and orchestral bands will be in attendance. Snow is falling fast this morning, for about the first time this winter, and prospects are favorable for good sleighing.

The Indian fight which we reported from Beaver by Telegraph is confirmed.

William B. Dougall of Springville remains here as operator, and is much pleased with his position.

JNO. C. CLOWES.

FROM SPANISH FORK.—We were favored with a visit on Thursday from Elder G. W. Wilkin and Elder James Robertson from Spanish Fork, who bring a good report from that thriving place. More water is being taken out from Spanish Fork river for irrigation purposes, and the design is to enlarge the city considerably in consequence. Bishop A. K. Thurber is again to fill the office of Bishop there, Bro. Wilkin having filled the position since Bishop Thurber started on his mission to Europe. The citizens gave their choir a fine party lately, at which all present enjoyed themselves in the best style. The brethren report no snow, comparatively in Utah county.

THE CITY HALL CLOCK.—This fine addition to the useful and ornamental of the City is now showing time to our citizens, with its four dials facing the cardinal points. The clock was put up by Mr. W. J. Silver, assisted by Mr. George G. Bywater as the latter gentleman could lend his aid. It was set in fair running and striking order on Thursday, though the time was marked by it a couple of days earlier. We understand that Mr. Bywater will have charge of keeping it regulated. We may congratulate our citizens on having the means of answering the query "How wags the time?" from a central point; and tender our appreciation in a public capacity to our worthy Mayor and City Fathers, for the very fine clock hung in the City Hall turret for public accommodation. As the dials are transparent, a suggestion to have it illuminated at night, may not be out of place. This would add still more to its value as a public benefit. The following dimensions, courteously furnished us, will give a better idea of its size, than a lengthy description:—Weight of clock, 400 lbs.; pendulum weight and compensation, 60 lbs.; diameter of dial, three feet; length of pendulum rod, fourteen feet; weight of bell and mounting 875 lbs.

FATAL ACCIDENT.—On Wednesday night the roof of br. Thomas Johnson's house, in the 5th Ward, fell in while a number of persons were inside. Unfortunately a young man named William Knight was killed, and four other persons, one of them a woman, were more or less injured.

THAW.—Rather strange for this altitude in the winter season, a mild and gentle thaw set in on Thursday morning last, spoiling sleighing for a season, and skating to some extent in places.

"HERALD OF HEALTH and Journal of physical culture, devoted to hygienic medication, bodily development, and the laws of life," comes to us with a "please exchange," and a hasty examination of the two numbers at hand, Nov. and Dec., has induced a ready compliance. It is published by Miller Wood & Co., 15 Light Street, New York, at \$2 00 a year, with premiums and lesser club rates for all subscribers over one, and contains much information of value in its special department.

PROBATE COURT.—Wm. Kirby, charged with receiving stolen goods, was found guilty on Thursday, and sentenced to a fine of \$30 and costs. John Stanton plead guilty to stealing from the Market House, and was sentenced on Friday to three years in the Penitentiary. Henry Sumption was sent to the Penitentiary for two years, for stealing from Mr. Cowley's tailor shop.
