PASSENGER TRAIN WRECKED.

The second section of No. 4 South-ern Pacific eastbound passenger train, was wrecked last night at 8.53 near Promontory station, the cause of the wreck being a defective switch. Eight cars, together with the engine, thrown from the track, but fortunately none of the passengers was seriously hurt. A man named Blackman from Minneapolis, who was asleep in a Pullman at the time, received slight bruises about the head, while a little girl sustained a bad gash in the forehead, these being the only ones who were at all injured. The first baggage car was thrown from the trucks some distance and its side crushed in, while the ex-press car, loaded with Chinese slik, was badly wrecked and its contents partial-It is thought that this car ly ruined. saved the others and incidentally the passengers. The engineer, Robert Walker, escaped unhurt, and he and the crew received great praise from the passengers for the manner in which they attended to their wants. The train was late as it was, but the wreck further delayed it, as it did not reach Ogden till 6:20 this morning.

It is expected that the celebration will surpass anything of the kind ever given in this city.

SHOT BY BURGLARS.

G. W. Sells, a dentist, was shot by burglars last night, in his room at 257 Twenty-fourth street. The gentleman had retired for the night when he was awakened by men prowling about the room. On inquiring what they were about they demanded of him that he produce his money, which he refused to do. This enraged them and one of them took a shot at him, the bullet grazing Mr. Sells' head and glancing off into the Mr. Sells head and grancing on into the wall. The shooting aroused the other inmates of the house, but when they appeared the burglars had made their escape. Mr. Sells says one of them wore a mask and the other didn't. The latter he believes he would readily recognize. They secured nothing.
