

U. S. TREASURY TO BRING RELIEF

Will Issue \$50,000,000 of Panama Bonds and \$100,000,000 Certificates of Indebtedness.

HAS PRESIDENT'S APPROVAL.

To Assist Leaders in Congress Have Under Consideration an Adequate Currency Measure.

Washington, Nov. 17.—Secy. Cortelyou tonight made the important announcement that as a means of affording relief to the financial situation the treasury would issue \$50,000,000 of Panama bonds and \$100,000,000 certificates of indebtedness, in as much thereof as may be necessary. The certificates will run for one year and will bear 3 per cent interest.

The secretary's action in coming to the relief of the financial situation meets with President Roosevelt's hearty approval and the plan is the outcome of the second White House conference which have been held within the past few days when the financial situation was under consideration. Secy. Cortelyou says that the Panama bonds will afford substantial relief as the law provides that they may be used as a basis for additional national bank circulation. He also states that the proceeds from the sale of certificates can be made directly available at points where the need is most urgent, and especially for the movement of crops, which he says "if properly accelerated will give the greatest relief and result in the most immediate financial returns."

The secretary calls attention to the attractiveness of the bonds and certificates as already safe investments. Secy. Cortelyou adds that these relief measures will enable him to meet public expenditures without withdrawing for that purpose any appreciable amount of the public money now deposited in national banks throughout the country. Two treasury circulars, one inviting proposals for the issue of bonds and the other asking for the certificates, will be sent out under date of Nov. 18.

In his letter to Secy. Cortelyou approving the treasury plans, President Roosevelt states that he has been assured that the leaders in Congress are under consideration a currency measure "which will meet to permanent fashion the needs of the situation and which I believe will be passed at an early date after Congress convenes, two weeks hence."

The president also calls attention to what is needed most at this time is that the people should "realize how fundamentally sound business conditions in this country are, and how absurd it is to permit themselves to be led into a panic and create a stringency by hoarding their savings instead of trusting perfectly sound banks."

PRESIDENT TO CORTELYOU.

The president's letter to Secy. Cortelyou follows:

"The White, Washington, Nov. 17, 1907.

"My Dear Mr. Cortelyou—I have considered your proposal. I approve the issue of the fifty millions of Panama bonds which will be immediately available as the basis for additional currency. I also approve the issue of \$100,000,000 or so much as you may find necessary of 3 per cent interest bearing government notes, the proceeds of the sale of which can be at once deposited by you where the greatest need exists, and especially in the west and in the south, and have authority to be moved. I have assurance that the leaders of Congress are considering a currency bill which will meet in permanent fashion the needs of the situation, and which I believe will be passed at an early date after Congress convenes, two weeks hence."

BUSINESS CONDITIONS SOUND.

"What is most needed just now is that our citizens should realize how fundamentally sound business conditions in this country are, and how absurd it is to permit themselves to be led into a panic and create a stringency by hoarding their savings instead of trusting perfectly sound banks. There is no particle of risk involved in letting business people take their natural course and help themselves and the country most by putting back into active circulation the money they are hoarding. The banks and trust companies are solvent and there is no stringency in the country today than there was a month ago, when the supply was ample. Since then \$5,000,000 in gold has been imported and the government has deposited already \$50,000,000. These are facts; and I appeal to the public to co-operate with us in restoring normal business conditions. The government will see that the people do not suffer if only the people themselves will act in a normal way. Crops are good and business conditions are sound, and we should put the money we have into circulation at once to meet the needs of our abounding prosperity."

NO ANALOGY WITH '82.

"There is no analogy at all with the way things were in 1892. On Nov. 30 of that year there was in the treasury but \$14,000,000 in gold. On Nov. 14 of this year there was in the treasury \$94,000,000 gold. Ten years ago the circulation per capita was \$75.23. It is now \$33.23. The crops that you now take, the ability of the government to back them up and the fact that not a particle of risk is involved therein, give the fullest guarantee of the sound condition of our treasury. All that our people need to do now is to go ahead with their normal business in a normal fashion and the whole difficulty disappears, and this end will be achieved if each man will act as he naturally does act, and as the real conditions of the country are."

Woman's Nightmare

The critical ordeal through which the expectant mother must pass, however, is so fraught with dread, pain, suffering and danger, that the very thought of it fills her with apprehension and horror. There is no necessity for the reproduction of life to be either painful or dangerous. The use of Mother's Friend so prepares the system for the coming event that it is safely passed without any danger. This great and wonderful remedy is always applied externally, and has carried thousands of women through the trying trials without suffering. And this is the only preparation of priceless value to all expectant mothers. The Bradford Regulator Co., Atlanta, Ga.

Appetite—None,

The Worful Reflections of a Withered Dyspeptic.

No substitute for good nature has yet been found. Smiles take root in the stomach. Without good digestion there never can be very much sunshine. For the very simple reason that the stomach and the brain are twins, and what affects one inevitably affects the other. The adage that the best food to a person's heart is via the stomach, still holds good.

Gorged and pappy pie always breed gloom and sleepless nights. They also breed dyspepsia—quick dyspepsia, and dyspepsia shows itself in a

variety of ways—belching, burning sensation, empty feeling in the stomach, bloating after eating, brash, aversion to food, fermentation, or downright indigestion.

There are few diseases which create such misery—long drawn out misery—as dyspepsia. It pursues you before you eat, after meals, and between meals; you take it to bed with you; it is with you at the theater and at your desk.

What is the only way to get rid of it? You don't have to stop eating. You don't have to diet. Just take something that will do the work of the stomach and let the stomach take a rest. Stuart's Dyspepsia Tablets are the most wonderful little tablets on earth for this very thing.

In plain arithmetic, 1 of Stuart's Dyspepsia Tablets equals 1 good strong stomach for 1 time for 1 good hearty meal. One ingredient of Stuart's Dyspepsia Tablets will digest perfectly 3,000 grains of food in just the same way that a strong, robust, healthy stomach would do it.

Stuart's Dyspepsia Tablets enrich and increase the gastric juice in your stomach, and that is mostly what you need—more and better gastric juice. And it gives the stomach a rest, a good long rest. In the meantime it cures the dyspepsia, and all other stomach troubles.

Just a few of Stuart's Dyspepsia Tablets will give you what these little cherubs of health and happiness can do. Stuart's Dyspepsia Tablets are for sale at all druggists at 50c a box. Send us your name and address today and we will at once send you by mail a sample package free. Address F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

Upon receipt of President Roosevelt's letter of approval today the following statement was issued by the secretary of the treasury:

CORTELYOU'S STATEMENT.

"The available cash balance of the treasury, amounting to \$204,564,311, is with the exception of a small working balance, now on deposit in national banks in every State and territory of the Union, thus placing it where it can serve the needs of the people as far as possible under existing laws.

"The secretary of the treasury, with the approval of the president, has announced an issue of Panama bonds to the extent of \$50,000,000.

"He has also, with the approval of the president, issued a statement of certain provisions of the law applying to the transaction of the treasury in times of emergency. These provisions are contained in section 22 of the act of June 12, 1898, authorizing the issuance of interest bearing certificates of indebtedness to run for one year. Certificates bearing 3 per cent interest will be issued to the extent, if necessary, of \$100,000,000.

"The Panama bonds will serve as a measure of most substantial relief, for among other things the law expressly provides that they may be used as a basis for additional national bank circulation.

"The proceeds of the sale of certificates provided for under the above section can be deposited almost simultaneously with the purchase upon application, and may be made directly available at points where the need is most urgent, and especially for the movement of the crops, which, if properly accelerated, will give the greatest relief and result in the most immediate financial returns. The acceptance of subscriptions by the secretary of the treasury will be made with special reference to such use."

"Both the bonds and certificates are attractive as absolutely safe investments."

"These measures will, among other things, enable the secretary of the treasury to meet public expenditures without withdrawing for that purpose any appreciable amount of public money now deposited in national banks throughout the country."

TREASURY CIRCULAR.

"The treasury circular inviting proposals for Panama bonds reads as follows:

the act of Dec. 21, 1905. Both acts are quoted below:

"The bonds will bear interest at the rate of 2 per cent per annum; will be paid quarterly on the first days of November, February, May, and August. They will be issued in denominations of \$20, \$100 and \$1,000 of coupon bonds, and of \$20, \$100, \$1,000 and \$10,000 of interest-bearing bonds. The bonds will be redeemable in United States gold coin at the pleasure of the United States, after 10 years from the date of their issue, and will be payable in years from and after that date. They will be exempt from all taxes or duties of the United States as well as from taxation in any other form. The bonds will be available to national banks as security for circulating notes upon the same terms as the 2 per cent bonds issued in 1905. The semi-annual tax upon circulating notes based upon the said bonds as security will be one-fourth of 1 per cent. They will be available to all other United States banks as security for public deposits in national banks.

WHAT LAW PROVIDES.

"The law forbids their sale at less than par and provides that all citizens of the United States shall have equal opportunity to subscribe therefor."

"In pursuance of the above announcement, the secretary invites bids for the bonds to be submitted to the department on or before the 30th of November, 1907. Each bid should state the amount of bonds desired by the bidder, whether coupon or registered—the price he is willing to pay and the place where he desires to make payment—whether at the treasury of the United States, or at the office of some one of the assistant treasurers at New York, Baltimore, Philadelphia, Boston, Chicago, St. Louis, Cincinnati, New Orleans, or San Francisco. All bids should be addressed to the secretary of the treasury, division of loans and currency, and the envelopes inclosing them should be plainly marked 'Bids for Panama Canal bonds.'

"Upon receipt and classification of the bids hereby invited, the successful bidders will be advised by the secretary of the treasury, and they will be instructed as to the date upon which payment is desired to be made at the treasury department or some sub-treasurer of the United States."

"In considering bids, the bidders offering the highest prices will receive the first allotment. If the same price, those bidders for the smaller amounts of bonds will receive priority in allotment. The department reserves the right to permit bidders offering the highest price to increase the amount of their purchases."

"For the sake of uniformity, the bonds will be dated Aug. 1, 1907, which will be the date of the Panama Canal bonds, but interest on the bonds of this issue will begin Nov. 1, 1907, and bidders will be required to pay accrued interest on the bonds from that date to the date of payment."

"The department also reserves the right to reject any or all bids, if deemed to be to the interests of the United States so to do."

"The bonds will be ready for delivery upon receipt of payment therefor."

"Prospective bidders desiring information contained in this circular, may address the secretary of the treasury, division of loans and currency, Washington, D. C., the assistant treasurers at Chicago, St. Louis, New Orleans and San Francisco."

"GEORGE B. CORTELYOU,"

Secretary."

CERTIFICATES OF INDEBTEDNESS.

The treasury circular, asking for subscriptions to the \$100,000,000 3 per cent certificates of indebtedness reads as follows:

"Treasury Department, Office of the Secretary, Washington, Nov. 15, 1907.

"The secretary of the treasury offers to the public at par and accrued interest from Nov. 20, 1907, \$100,000,000 of the certificates of indebtedness authorized by section 22 of the act of June 12, 1898.

"The certificates will be issued in denominations of \$50; they will be payable to bearer; will be dated Nov. 20, 1907, and will bear interest at the rate of 3 per cent per annum, payable on or after Nov. 20, 1908, on presentation of the certificates for redemption at the office of the secretary of the treasury, division of loans and currency.

"Subscriptions will be received by the secretary of the treasury through the treasurer of the United States and the assistant treasurers located at New York, Baltimore, Philadelphia, Boston, Chicago, St. Louis, Cincinnati, New Orleans and San Francisco, beginning on Nov. 18 and continuing at the discretion of the secretary of the treasury.

"In order that the certificates may be properly distributed throughout the country, \$50,000,000 will be allotted by the secretary of the treasury to offers of subscriptions addressed to him, and the remaining \$50,000,000 will be allotted through the several treasurers named in section 22 of the act of June 12, 1898, authorizing the issuance of interest bearing certificates of indebtedness to run for one year. Certificates bearing 3 per cent interest will be issued to the extent, if necessary, of \$100,000,000.

"Each subscriber to whom certificates have been allotted should pay at the sub-treasurer nearest the point of subscription on or before Dec. 1, 1907, the face value of the amount of certificates accrued in the allotment, together with accrued interest at the rate of 3 per cent per annum from Nov. 20, 1907, to date of payment."

"Allotments will be made as rapidly as possible, and for such subscriptions as are made immediately, the secretary of the treasury is prepared to deliver temporary receipts, bearing interest from Nov. 20, 1907, pending the delivery of the certificates of indebtedness."

"GEORGE B. CORTELYOU,"

Secretary."

AUTHORITY FOR ACTION.

Secy. Cortelyou finds authorization for the issue of Panama bonds in section 8 of the act approved June 25, 1902, and section 1 of the act approved Dec. 21, 1905, as follows:

"Section 8 of the act approved June 25, 1902: That the secretary of the treasury is hereby authorized to borrow on the credit of the United States from time to time, as the proceeds may be required to defray expenditures authorized by this act, such amounts when received to be used only for the purpose of meeting such expenditures, the sum of one hundred and thirty million dollars, or as much thereof as may be necessary, and to prepare and deliver therefor coupon or registered bonds of the United States in such form as he may prescribe and in denominations of \$1 and some multiple of that sum, redeemable in gold coin at the pleasure of the United States after 10 years from the date of their issue, and payable 30 years from such date, bearing interest payable quarterly in gold coin at the rate of 2 per cent per annum; and the bonds herein authorized shall be exempt from all taxes and duties of the United States, as well as from taxation in any form by or under State, municipal or by local authorities; provided, that said bonds may be disposed of by the secretary of the treasury at not less than par, under such regulations as he may prescribe, subject to the approval of the United States an equal opportunity to subscribe therefor, but no commissions shall be allowed or paid thereon, and a sum not exceeding one-tenth of one per cent of the amount of the bonds herein authorized is hereby appropriated, out of any money in the treasury not otherwise appropriated, to pay the expenses of preparing, advertising and issuing the same."

"Section 1 of the act approved Dec. 21, 1905: That the 2 per cent bonds of the United States authorized by section 8 of the act entitled 'An act to provide for the construction of the Panama Canal' shall be available for the construction of the Panama Canal."

ALWAYS WAS SICK.

When a man says he always was sick, troubled with a cough that lasted all winter—what would you think if he should say he never was sick since using Ballard's Horehound Syrup. Such a man exists. FIRE IN CLEARY CITY.

Business District Destroyed With Loss Of Quarter of a Million.

Seattle, Nov. 17.—A special to the Post-Intelligencer from Fairbanks says: The heart of the business district of Cleary, Alaska, was destroyed by fire last night at 1:30. The only buildings standing are the Grand hotel, the Arctic Brotherhood hall, E. H. Miller & Co., and Skookum Johnson's.

A gale of wind was blowing, which spread the fire rapidly.

The heaviest losses are the Parsons Mercantile company, \$200,000, and Willis & Williams, \$50,000.

It is probable that the town will be moved to Fifteen Below terminal, the new Cleary, Alaska, station on the Fairbanks and Chukotka railroad. Some buildings are going on already but most of the houses prefer to remain in the old town.

Operations are now in progress at the conference of the Cleary and Chukotka railroads. The creek is practically worked out in the vicinity of the present site of Cleary.

The fire was caused by a defective electric light wire in the Tegen saloon.

WASHINGTON HAS NEW UNION RAILWAY DEPOT.

Washington, Nov. 17.—A complete transformation in the railroad terminal facilities at Washington was effected today, today, when the old Baltimore and Potomac (Baltimore) railroad station was abandoned, and every railroad entering Washington shifted its trains to the new Union station.

The new station, which is one of the largest and handsomest in the world, with its lofty arched entrance, its massive concourse, its immense train shed and great baggage system, was formally opened several weeks ago, when the Baltimore and Ohio railroad began its use.

In the later stages the Baltimore and Potomac (Baltimore) railroad station was abandoned, and every railroad entering Washington shifted its trains to the new Union station.

There it was that President Garfield was shot in 1881, and the starred stone that marked the spot where he fell in the waiting room was recently appropriated by a vandal.

GOOD BOOKS FOR THE HOLIDAYS.

The work of preparing high class books that will suit the tastes of young and old for the coming holidays is now going on at the Deseret News Book store.

Several years of experience have demonstrated to the satisfaction of the management that the demand for the best literature at Christmas time is steadily growing. To meet this demand, one that ought to be encouraged in all ways, the Book Store has decided to devote the space hitherto used for toys and holiday bric a brac entirely to books. Books, therefore, of the best grade, will form the big feature of the Deseret News establishment during holiday time.

Shipments have already begun to arrive, and arrangements have been made with such standard publishing houses as Harper Brothers, McMillan & Co., Dodd Mead & Co., Scribner's, Little & Brown, and many others for their standard works. Even though it is a little early yet, people who want to select books for their friends can have them set aside and carefully held until near the holiday days.

In the meantime the public is invited to inspect the large, rare and beautiful stock of standard literature which the establishment has received and is daily receiving for the holiday trade.

ODGEN HIGH DEFEATS ALL HALLOWS TEAM.

The high school football championship of Utah properly belongs to the Odgen eleven which defeated All Hallows Saturday afternoon by the decisive score of 33 to 0, on Cummings field. The Odgen team has not lost a game in its high school career and there is one more game with the Salt Lake high to be played. Odgen has the title now.

The game Saturday afternoon was attended. The Odgen team did not have a chance to win at any time. Odgen's goal was never in the least danger. The visitors outplayed the locals in every department of the game and won with ease. They could have made the score greater but were apparently satisfied with 33 to a scoreless game.

The Odgen team was heavier, speedier and more experienced than the All Hallows eleven. Their team work was all that could be desired and nearly every play was pulled off with speed and accuracy. Their interference was perfect and line backs and end runs proved successful throughout the game.

Odgen was held for downing but a few times. Both teams played straight football and All Hallows put up a game struggle against overwhelming odds.

For the All Hallows team, Cummings field was the scene of the high school class. He was easily the star of the game. Tavey and Murphy proved to be the best players on the Odgen team.

The line-up was as follows:

All Hallows. Odgen.
Wilson, McDonald, L.E., A. Campbell
Dunnett, L.T., Douglas
Walker, L.T., Douglas
Maunder, L.T., Douglas
Rhodin, R.G., Gannell
Ruhoff, Prince, R.T., Tibbe
Parks, L.T., Douglas
Fitzmaurice, Q.B., Tavey
Hogan, L.H.B., Murphy
Cush, L.H.B., K. Campbell
Donliffe, L.T., Scudler
Referee, Tostall, umpire, Schuler; head linesman, Santachi. Thirty-five minute halves.

MORRIS WINS SKATING RACE.

Clifford Morris of Odgen won the six day roller skating race held last week at the Odgen Auditorium rink. Saturday evening before a crowd of nearly 2,000 spectators. The race was a close one. Morris had a lead of not more than six feet in the last lap. The winner of Minneapolis, Carl Helman of Butte finished third. James Bowen and Charles Schell of Salt Lake, fourth and fifth in the order. The winners covered 30 miles and two laps in the six day race. Manager O'Mara is making arrangements for a six-day race at the Richards street rink.

BOXING EXHIBITION.

San Francisco, Nov. 18.—Frankie Neill did a vigorous stunt of boxing at the Reliance club in Oakland today before a large crowd. Dolman Moran also had a crowd at his quarters in San Rafael. Neither will do any more boxing previous to their fight Friday night.

Betting on the contest has not yet opened. The opening odds are likely to be 9 to 10 on Neill.

The sale of seats will begin tomorrow.

MOTHERHOOD

The first requisite of a good mother is good health, and the experience of maternity should not be approached without careful physical preparation, as a woman who is in good physical condition transmits to her children the blessings of a good constitution.

Preparation for healthy maternity is accomplished by Lydia E. Pinkham's Vegetable Compound, which is made from native roots and herbs, more successful than by any other medicine because it gives tone and strength to the entire feminine organism, curing displacements, ulceration and inflammation, and the result is less suffering and more children healthy at birth. For more than thirty years

Lydia E. Pinkham's Vegetable Compound has been the standby of American mothers in preparing for childbirth. Noteworthily Mrs. James Chester of 427 W. 35th St. New York says in this letter:—Dear Mrs. Pinkham—"I wish every expectant mother knew about Lydia E. Pinkham
