THE EVENING NEWS.

Tuesday, - - November 8, 1870.

LOCAL AND OTHER MATTERS.

THEATRICAL.—A most excellent bill is offered for to-morrow evening, consisting of "The Muleteer of Toledo," and "A Bird in the Hand Worth Two in the Bush," both splendid pieces, in which the full strength of the company will appear.

The famous piece "The Will and the Way, founded on Smith's very popular novel, is in preparation and will appear very shortly. The addition of pieces of standard and acknowledged excellence to their already extensive repertoire, is laudable on the part of the Company; but among the old favorites, is one which has not been presented for several months, and which was always popular, being one of the most successful comedies ever performed here. We allude to 'Extremes, or Men of the Day," a piece in which the members of the stock company have always appeared to very great advantage. The oversight in so long neglecting this fine old comedy should be remedied soon.

DIED.—This morning, at Camp Douglas, after a protracted illness of chronic diarrhœa, Captain D. G. Thomas, U. S. A. The funeral services will take place at Camp Douglas, to-morrow, at one o'clock.

INJURED.—Whilst a young man named William Paul was driving a one-horse wagon, in the 20th Ward, loaded with household goods and chattels, the vehicle tipped over, throwing him to the ground with great violence. He was severely bruised in the left shoulder and leg, but we believe no bones were broken.

REWARD.—We received the following, last evening, too late for insertion in yesterday's NEWS.

REWARD!

OFFICE GEN. SUP'T. C. P. R. R.,
SACRAMENTO, CAL., Nov. 6th, '70.

Messrs. Wells, Fargo & Co. have offered a reward for the recovery of the treasure, and the arrest and conviction of the parties who robbed the express car on the night of the 4th inst., near Verdi; also on the night of the 5th, near Otego. In addition to the above reward, this Company offers one of one thousand dollars, ($1,000), gold coin, for the arrest and conviction of each and every man connected with the robbery of the mail and express car on the nights of the 4th and 5th inst.

A. N. TOWNE,
Gen. Sup't.

LELAND STANFORD,
President.

DISCOVERY OF COAL.—We are informed that Captain John McCasey, formerly of Scranton, Pa., while prospecting for silver mines, struck a bed of coal over six feet square, and within eight miles of Ogden. The captain has made an offer, through a party on his way to Sacramento, to the C. P. R. R. Co. that they pay him twenty thousand dollars in cash and he retain one third interest. If the reported discovery be true, it is a fortune for either, party. We also understand that the captain has found coa. at Kaysville, and that he commences working the latter on Thursday, the 10th inst.

DISTRICT COURT.—In the case of Eldredge & Clawson *versus* the Union Pacific Railroad Company, a verdict of $19,000, for the plaintiffs, was rendered yesterday, this sum being the first cost of the goods destroyed with ten per cent. added. The counsel for the defense motioned for a new trial.

ST. GEORGE CONFERENCE.—We received the following per Deseret Telegraph Line:

ST. GEORGE, Washington Co., Nov. 7th.—Conference adjourned yesterday evening. The Church authorities, as voted for at the late Conference in Salt Lake City, were unanimously sustained. The local authorities, with few exceptions, were re-elected. Much good and valuable instruction was given. The audiences were large and attentive.

THE FUTURE OF ISRAEL.—There is no theme of greater interest to the majority of the citizens of this Territory than that which pertains to the restoration of Israel to the land of their eternal inheritance. It is therefore with pleasure we announce that the distinguished Rabbi, H. Z. Sneersohn, of Jerusalem, will lecture in the Old Tabernacle of this city, on Thursday evening next.

Associated with the land of promise by twenty-six years' residence in the "Holy City," whilst all his faith, hopes and desires are centered in its redemption, he is eminently qualified to speak of the land hallowed to him by so many glorious memories and sacred to us by so many prophetic promises.

The Rabbi is a gentleman of high culture, and his lectures are represented by those who have heard him to be exceedingly interesting. The notices given him by the Press, wherever he has spoken, are very flattering; whilst his pronunciation of the English language, though maring him as one who speaks a foreign tongue, needs no apology, his delivery being fluent and distinct. As it is seldom that knowledge on this interesting subject can be gleaned from a native-born Israelite, the lecture of Rabbi Sneersohn affords an opportunity that should not be permitted to pass by any interested in the welfare of Israel.

REACHED OMAHA.—The Omaha *Herald*, of last Saturday, says:

"The remains of the late Governor Shaffer reached the city on the afternoon train yesterday, in charge of the following gentlemen, who came through from Utah: Col. Wm. Shaffer, brother of the deceased; Col. Wicklizer, on the part of the Federal officers of Utah; Allen Fowler, M. D., and Hon. A. H. Robertson, on the part of the Masonic Lodge.

The following named gentlemen of our city met the party at the depot, and escorted the remains across the river to the Northwestern depot: Col. John Patrick, Dr. George B. Graff, Major R. T. Beal, Gen. Strickland, J. N. H. Patrick, St. A. D. Balcombe, Lyman Richardson, Chas. Powell, ex-Governor Richardson, Hon. John T. Edgar, J. Budd, J. T. Coffman, United States Marshal J. T. Hoge, John H. Kellom, G. W. Ambrose.

The deceased will be taken direct to his former home in Illinois.

RANSOMED FROM INDIANS.—A Texas paper says;

"Mrs. Kizer and her two children, who were captured some six or eight weeks ago in Montague county, by the Indians, have returned home. They were ransomed by the authorities at Fort Stiff for the sum of $500. Mrs. K. says the Indians had plenty to eat during her captivity, and that, with the exception of the manner in which her food was prepared, she fared very well in this respect."

THE FOLLOWING STATEMENT made by the FIRST purchasers of FLORENCE SEWING MACHINES on the Pacific Coast, including ALL who bought in 1863, whose present residence is known, is conclusive evidence of the great superiority and unrivaled excellence of the FLORENCE, and is the best testimonial ever given in favor of any Sewing Machine:

Statement made May, 1870:

"*Our Machines sew as well now, and are as good for use in every respect, as they were when purchased nearly* SEVEN *years ago, and they* HAVE NEVER COST US ANYTHING FOR REPAIRS. *We recommend the Florence as being* without exception *the very best, most reliable and least complicated Sewing Machine in use.*

PEOPLE'S VERDICT!

Over Half a Million sold and in use!
4,000 made and sold per week!

SINGER'S
New Improved Silent
FAMILY SEWING MACHINES
ARE
The Best in the World,

Because all of them are in constant use, while a very large proportion of other makes are not used, owing to their being partially or utterly impracticable:

THE SINGER
NEW FAMILY MACHINE

Has been brought to perfection, regardless of time, labor or expense and is now incomparably the best Sewing Machine in existence.

It is *simple, compact, durable, beautiful, quiet, light-running*, and capable of performing a range and variety of work never before attempted upon a single machine; using either Silk, Twist, Linen or Cotton Thread, and sewing with equal facility the very finest and coarsest materials, or anything between the two extremes, in the most beautiful and substantial manner.

The New Improved Attachments for Hemming, (any width) Braiding, Embroidering, Magic Ruffling, Gathering and sewing on (at the same time) Self-Sewing, Cording, Tucking, Quilting, Felling, Trimming, Binding, etc., are novel and practicable, and have been invented and adjusted especially for this Machine.

Folding Tops and Cabinet Cases.

New designs of the unique, useful and popular Folding Tops and Cabinet Cases, peculiar to the Singer Machine, are in every variety of Wood, such as black Walnut, Mahogany, Rosewood, Satinwood, and from toe plainest to the most elaborate pattern and finish. The Machines themselves are plain or highly ornamented with pearl and gold to correspond with their tables or cabinets.

In the Singer the work is fed or passed through the Machine in the natural direction, namely, *from the operator*, permitting her to sit in a natural and healthy position. In many other Machines the work passes from right to left, or the reverse, *compelling the operator to sit in a bent and unhealthy position, and thus causing weakness of the back, etc.*

The Singer uses a SHORT STRAIGHT NEEDLE, which is *not* liable to break or miss the stitch. Many other Machines use a long crooked needle, which *is* liable to break and to miss the stitch.

In the Singer Machine the Shuttle is carried, thus avoiding nearly all wear. It requires no oil, and does not soil the thread or goods. Other Machines *drive* their Shuttles, in a race, thus causing great wear, and *requiring oil*, soiling the thread and goods.

On the Singer, the Tension on both the upper and lower threads is absolutely under the ready control of the operator, thus rendering the Machine always available for good sewing, which is not the case with any other. Many so-called cheap Machines are really worthless, and so are many of their new peculiarities and supposed advantages.

The SINGER is the
Oldest Practical Sewing Machine,

Being about twenty years in the market. Having been constantly improved by the employment of the most skilled ingenuity of the age and unlimited capital, it is now divested of all unnecessary parts and possesses All the Very Latest Inventions and Improvements. It is the only Machine sold on Honest Claims, as all its parts are Practical and will do all that is claimed for them. Some other Machines are Greatly Complicated, to do Useless and Silly things, and thus are rendered Liable to Constant Derangement. The Singer Seldom or Never gives trouble, but is readily and easily managed by those *who utterly fail on other Machines.*

SINGER'S
New Manufacturing Machines

Claim the same advantages over others of their class as the new Family Machines. These old and well-tried Sewing Machines are *applicable to all kinds of heavy and light manufacturing in Cloths, Leather, etc.*, and run in the most perfect and reliable manner without trouble to the operator.

Without any previous advertisement, the Demand for the Singer Machine is so Great that we *have been unable to retain even one Machine to exhibit.* All sold, but a large number are now on the way from New York, and

WILL ARRIVE IN A FEW DAYS.

They will consist of the Different Varieties made by the Singer Manufacturing Company, and we shall sell at Eastern Prices, with addition of Freight only. To accommodate parties who cannot pay all down, we will sell on

EASY MONTHLY INSTALMENTS

So that all may possess one of these *Blessings.*

For the convenience of our Patrons we have engaged the services of a gentleman who has had twenty years experience and is one of the most skillful experts in the world in repairing and adjusting Sewing Machines. He will put each Machine in complete and practical running order before it leaves the Institution and will also impart to purchasers all needful instruction, so that they can at once commence work.

We resort to no trickery whatever to sell Sewing Machines, but allow their Great Merits to recommend them. We can do this, as the demand for them is so great that although the Singer Company make more than all other first-class companies combined, they cannot nearly fill their orders, and are compelled to still extend their Gigantic Works.

We having been so fortunate as to secure the

General Central Agency,

For this Territory, we extend a cordial invitation to all to come and see the Machines, whether they wish to buy or not. See all others, but do not buy without you examine the Singer.

We Guarantee every Machine we sell to give entire satisfaction.
