SPECIAL TO THE DESERET NEWS.

By Telegraph.

Per WESTERN UNION Telegraph Line

NEW YORK.

Various.

NEW YORK, 30.—The New York academy of medicine has adopted a series of resolutions, expressing approval of the address of Judge Bedford to the grand jury, advocating the amendment of statutes so as to render abortion murder in the first degree.

The *Tribune* says, "We will not, any honest paper will not, make war upon Tammany."

The meeting of the Park laborers, announced to take place this evening, proved a fizzle. Not more than a couple of dozen men were present. Platoons of police were present, but their services were not required, and they left early.

The *Times* says that "whatever is effectually done for reform in New York this election, must be done in co-operation with the Democrats. The miserable spectacle offered by the Republican convention at Syracuse, is a warning not to rely on that organization alone, if we can rely upon it at all."

Prominent Citizen Dead.

ROCHESTER, 30.—George H. Mumford, a prominent citizen of this place, and for many years officially connected with the W. U. Telegraph company, died suddenly this evening of apoplexy. He was attending business this morning.

A Brave Man Drowned.

NEW YORK, 30.—Captain McLellan, of the steamship *Britannia*, from Glasgow, was lost overboard in exerting himself to save a lady passenger. All efforts to save him were unsuccessful.

Tammany Election.

The Tammany delegates to the Rochester convention were elected in this city to-night. The list is made up mainly of Tammany office holders, but neither Tweed, Sweeny, Connolly or Hall are of the number.

TENNESSEE

Under Bonds.

KNOXVILLE, 30.—Col. Nelson, who killed General Clanton, surrendered himself to the authorities to-day and entered bonds for $25,000 to answer the charge. His father, Judge Nelson, and W. G. Brownlow are among the sureties.

ILLINOIS.

A Big Fire.

CHICAGO, 30.—A terrible conflagration occurred here this afternoon, destroying the immense warehouse on the track of the Chicago, Burlington and Quincy R. R., near Sixteenth Street, with contents, consisting of about $850,000 worth of produce and merchandise of various kinds stored therein, and belonging to some two hundred merchants of this city. One man is known to have been burned to death, and three others are missing who, when last seen, were in the midst of the flames where it seemed impossible to escape. The government bonded warehouse adjoining, containing three millions' worth of goods, narrowly escaped destruction. The loss on the building is $50,000, fully insured. The aggregate insurance on the goods burned is $750, 000.

President Grant at Chicago.

President Grant arrived here to-day and will remain until Tuesday, the guest of his brother.

MASSACHUSETTS.

Small-Pox Rampant.

LOWELL, 30.—A hundred and ten cases of small pox have been reported within the last ten days.

VIRGINIA.

A Negro Riot.

RICHMOND, 30.—A special to the *Enquirer* says a riot occurred this evening in Danville, from the attempt of a mob of negroes to rescue a negro from arrest. After futile efforts on the part of the mayor to quell the mob, the military were called out and the riot act was read twice, stones being thrown at the mayor. The military were ordered to charge bayonets on the mob, and one of the most turbulent rioters was bayoneted. A policeman was shot by some unknown person. Great excitement prevails, the stores are closed and the people have been ordered to their homes.

PACIFIC COAST DISPATCHES.

SAN FRANCISCO, 30.—The jury in the municipal court case of P. Rogers, indicted for assault to murder Francisco Herrara, who went to serve an ejectment notice on him, the bullet carrying away a slip of Herrera's scalp, found a verdict of guilty as charged.

The board of fire underwriters is considering the propriety of adopting the following general basis for rates hereafter: Wholesale store risks, 3-8 to 3-4 of one per cent; first class retail store risks, ½ per cent; warehouses, ¼ to 1 per cent.

The Meadow Valley and Raymond & Ely mining companies have effected a compromise, and a division of the 200 feet of ground intervening between them and heretofore in dispute. The ground was placed in an incorporation under the Meadow Valley extension some weeks since; by the compromise the Meadow Valley retains forty-five feet of the ground, including the shaft, and the Ely 155 feet, and pay the Valley $28,840 for the difference, or at the rate of $10 per share for 2,884 shares, the extension stock held by the latter company. The two mines with fifty stamps are now producing $4,000,000 per year, or one-third as much as the entire Comstock vein.

The Grand Lodge of California, I. O. G. T., in session at Oakland this week, have adjourned to meet next year at Vallejo.

The Knickerbocker Mining Company, to operate in Story county, Nev., with a capital of $2,400,000, was incorporated to-day. Trustees, B. F. Sherwood, Jos. De La Montaque, E Struter and S. H. Flagg.

The city mills to-day advanced flour from $6,55@6,70 for superfine, and $7,-75@8,00 for extra.

PORTLAND, 30.—Small-pox is raging at Walla Walla; fourteen cases are reported.

Track laying on the Northern Pacific R.R., commenced at Kalama yesterday. The track will be laid across the Harrisburg bridge to-morrow.

FOREIGN NEWS.

FRANCE.

Disarmament.

VERSAILLES, 30.—The disarmament of the Bordeaux national guards is complete.

ON account of the press of matter in our columns on Saturday, the following juicy article from the Washington *Capital* was unavoidably omitted until to-day—

In the polygamous land of Utah there be some pious Government officials. Next to virtue your piety is the best quality. It is sweet to be pious, and a pious official should be noted and cherished. Do we not cherish the Christian statesman? And shall we not cherish the pious official? In Utah the official is intensely pious. True, he is not virtuous. He will steal, look you, and make corrupt bargains. According to Senator Stewart the judge on the bench is corrupt—so corrupt that suitors before him hold their offended noses, for the stench of the decayed judge is fearful, and the governor is no better than the judge, and the marshal and all others appointed by our excellent President are of the same sort. But in this they do not differ from officials elsewhere. But they do differ inasmuch as they are pious. To the pious souls of these officials polygamy is offensive. It is terribly offensive. Their pious official noses turn up until they resemble inverted dog-kennels or dust holes, and they fairly howl with wrath.

Under these circumstances the polygamous Mormon is taught that there is law in the land, and, look you, judgment at the hands of Christian judges. When a foreigner seeks to take out naturalization papers he is asked if he believes in polygamy. If he answers yea verily, he is bade to stand aside. He cannot naturalize. This is the law of the land in Utah. If in a State a judge were to ask such a question the applicant would assault his honor then and there, and probably pull his judicial nose for establishing a religious test unknown to either statute or constitution. Suppose his honor were to ask the applicant whether he believed in the "Real-presence," or "Immaculate Conception," or "second marriage?" And yet when it comes to belief, one is as proper as the other.

The pious judge, like the wicked Mormon, has several wives, as all officials have, but he marries only one. The others he seduces and leaves to starve or do worse, only if they do worse he has them up under warrant and puts them on bread and water. It is their lawful duty to starve, and the pious Judge sees to it that the law is fulfilled.

Not long since these pious officials disarmed the Mormons. Your Mormon has no rights save the right of sepulture that the pious official is bound to respect. Nor does he waste much respect upon him. He seeks, does the pious official, the applause of Corinne—a lager-beer saloon or whisky shop of eight hundred inhabitants, where concubines abound. The charges preferred against the pious officials are unheeded by our pious President, for if entertained, the officials could not be efficient in the discharge of their duty towards Mormonism. And His Excellency is also of a pious turn. He has been through life such an exemplary husband, he always gave the divorce courts so little cause to consider his case, that he cannot abide your polygamous Mormon. Therefore will he sustain the conscientious judge of Utah if he die in cold blood.

There are some captious, wicked people who believe that the Republican party is having rather too much piety. What with our Brother Newmans, Pomeroys, Harlans, *et al.*, there is a little too much of a good thing, as the bad little boy remarked when he fell in the barrel of molasses. These wicked people assert that this extra quantity of piety is very expensive. Your pious official and your Christian statesman do cost a deal of money. They steal such unreasonably large amounts. But we scorn the suggestion. Give us piety or give us death. That is our banner. Without piety what, as a party, would be left? Nothing. Perish the thought! Let us, like the Italian bandit, have a mass said and prayers offered up in advance of our stealing expeditions; and may we always feel thankful when a Pomeroy or a Harlan, rising in his place, closes his senatorial pious eyes and says through his pious senatorial nose, "In the name of God, amen, let us rob somebody."
