TEMPE, A. T., May 9, 1885.

Editor Deseret News:

Not seeing anything in the NEWS of late from this place, I thought a line might perhaps be interesting to some few of your readers, especially that class who are interested in and anxiously observing the maneuvers of that faithful little worker, the bee. This spring my brother, B. Farland Johnson, had 39 stands of bees, some in a very weak condition, owing to there being but a nucleus at the close of the honey season and not a full store; however, he has increased his apiary to 51 stands, and taken out, by extracting, since the 23d day of April 100 gallons of honey, and considerable yet in the hives. He says that if the season continues favorable he will make 100 gallons more and increase his apiary to 100 stands. There are a great many bees in the country, and it is becoming, practically, a land of milk and honey. Honey is now selling for 10 cents per pound, and but little market at that, and as for milk, our common, scrub cows give on an average of about four gallons per day. The same cows in Utah did well to survive the winters, raise a buttermilk calf, and give a gallon of milk a day. Here, where alfalfa grows so spontaniously and rank, we can keep our stock beef fat all the year round with one quarter the expense that we could in Utah. In fact everything grows so much more rapidly and matures so much earlier in this country than it does in Utah, that one would scarcely believe the difference without seeing it.

Cows will calve at eighteen months old; hens will lay eggs at five months old; and in our nurseries we have a large number of peach trees with fruit on which are one year old from the pit; besides many other things which are too numerous to mention are equally forward and prolific.

Notwithstanding the disadvantages of this being a comparatively new country, there is no place that I know of where so great a harvest can be reaped from so little labor, and no country where a greater variety of the good things of the earth can be raised than here. A more beautiful climate nine months in a year never was in any country, and during the other three months in the heat of summer a judicious man can lay under his own vine and fig tree and enjoy the luxuries of the earth.

The health of the people is very good, and I believe all feel the necessity of living in union and peace, which all are striving to do, remembering that God has in all ages, and more especially in our own day, sustained his people in their trials and afflictions. In the present crusade against us in this land, we feel to acknowledge the hand of God, although we feel the absence of our brethren who are in prison and elsewhere severely. We are not discouraged by any means, and I believe that the words of Joshua would express the united sentiment of the people: "As for me and my house we will serve the Lord."

At our last term of court, there were six indictments found against our brethren, three here and three at the Mesa, but none have as yet been placed under bonds. The spirit of persecution seems to have quieted down some, and some that took part in the proceedings openly state that they are ashamed of the outrage. However, the end is not yet. The table will turn in that sweet by and by.

May God help us to continue on in His cause.

Yours truly,
JOS. F. JOHNSON.

WASATCH QUARTERLY CONFERENCE.

Editor Deseret News:

The Thirty-first Quarterly Conference of Wasatch Stake of Zion convened at Heber City, at 10 a. m. May 2, 1885.

Present on the stand: Apostle J. F. Smith, A. Hatch, President of the Stake, and his Counselors, the Ward Bishops and their Counselors, Patriarch Thomas Hicken, and the High Council, Presidents of Quorums and others.

After the opening exercises, Prest. Hatch said he felt thankful that we had the privilege of meeting together in Quarterly Conference, and to have Apostle Smith with us; we should never forget that the Lord ruled, and should ever be thankful for the blessings we received daily from our Father in Heaven.

Bishops Vanwagoner, Murdock and Cluff reported their wards as prospering and the Saints as trying to live their religion. Prest. J. M. Murdock reported the High Priests Quorum, considered they were doing well.

Brother Attawell Wootem, superintendent of the District schools, considered that the schools of this County were improving. The Y. M. M. I. Associations were reported by T. S. Watson, who said they were getting along well, and had done much good during the past winter.

Apostle Smith felt well in being privileged to meet with the Saints in this Stake once more. He also spoke of the labors he had performed during his late mission to Europe. The people there were not very anxious to embrace the Gospel. Compared it to a gleaning, and said some heads found were very poor. Considered it was not wise to send for relatives from the Old Country unless they were faithful Latter-day Saints. Said he wanted his children to go to schools that were taught by men of faith in God, and was willing that all other religions should send their children to their own schools. He made some excellent remarks on the training of children, and showed forcibly how false impressions would stick to them through life.

In consequence of a mass meeting that was to be held in the afternoon, the Conference was adjourned until Sunday, at 10 a. m. A Priesthood meeting was held in the evening, when excellent instructions were given by Prest. Hatch and Apostle J. H. Smith.

On Sunday at 10 a. m., after the opening exercises, Bishops Duke, Clegg, Nuttal and Nevin reported their wards as in excellent condition.

S. J. Wing reported the Sunday schools as flourishing and read a condensed report of each of the schools.

Thos. H. Giles and H. S. Alexander, counselors to Prest. Hatch, made some interesting remarks.

Apostle Smith said the Saints were a prospered people, and would compare with any other people. Referred to the part the ladies had taken in different ages, showed that they were important factors in the prosperity of the nation, politically, socially, morally and every other way. Illustrated the various forms of government, but considered that the theory of our Church Government was perfect because it came from God.

After an anthem by the choir the benediction was pronounced by E. Potts.

2 p. m.

After the usual exercises, the Sacrament was administered, and the general authorities of the church, and local authorities of the Stake were presented to the Conference by Bp. Clegg, and unanimously sustained.

J. W. Witt reported the High Council, and said only two trials had required their attention since the Stake organization.

Patriarch Hicken made some excellent remarks on the duties of Saints.

Prest. Hatch gave instructions to the bishops in reference to their duties, and advised everybody to get the "articles of faith" and read them, live up to their teachings, and assured them that the Lord would cause nothing to transpire only what would be for their benefit. He referred to the sale of intoxicating liquors, and delivered a good temperance discourse.

Apostle Smith hoped the brethern would give heed to the remarks of Prest Hatch. Read the Articles of Faith, and took for his text the 3d. article. He explained the plan of redemption, the necessity of the atonement made by the Savior, the reason why Adam fell, and how the plan of salvation would be extended and offered to the millions who had died without a knowledge of the Gospel. He illustrated beautifully the doctrine of baptism for the dead, and gave an account of the views believed and taught by the ministers of other denominations.

The hall was crowded during all the meetings, and the Saints had a general time of rejoicing.

After a vote to adjourn the Conference the first Saturday and Sunday in August, all the congregation sang "We thank Thee, O God for a prophet," and Benediction was offered by Apostle J. H. Smith.

HENRY CLEGG, Clerk.

SUMMIT STAKE CONFERENCE.

Minutes of the Summit Stake Conference held in Coalville on Saturday and Sunday, May 9th and 10th, 1885.

The meeting on the 9th was called to order by President W. W. Cluff at 10 a.m.

Present on the stand Apostles Erastus Snow and F. M. Lyman, W. W. Cluff, A. Eldredge and Ward E. Pack of the Stake Presidency.

After the opening exercises the time was occupied by President Cluff, Bishop Pace of Parley's Park, Elder Marvin Pack (who had just returned frym a mission to the Sandwich Islands) and Apostle Snow.

During the afternoon meeting Bishops Young of Wanship, Asper of Echo and Walker of Peoa, reported their Wards in good condition.

Apostle Lyman explained the duties of a Bishop and the proper manner of making reports, especially calling attention to the fact that a Bishop must become acquainted with every individual and every organization in his ward, and must make his report from information gained in that way.

President Seymour B. Young spoke upon the duties of a Teacher, and advised the Teacher to spend more time and become better acquainted with the Saints in their wards, that every principle of the Gospel should be talked upon, etc.

The time during the Sunday morning meeting was occupied entirely by Apostle Snow who reviewed the past and the present history of the Latter-day Saints, and encouraged the people in their present trouble.

In the afternoon after the opening exercises and administration of the Sacrament, Brother Robert Campbell addressed the congregation on the general principles of the Gospel.

Several names were also presented and sustained as Seventies, after which President S. B. Young addressed the congregation briefly.

Apostle Snow reminded the people of the time set by law for registration, also encouraged the people to proceed with their Stake meeting house. Spoke of the dull times here, caused by the mines closing, and advised all who were able to employ the unemployed.

Apostle Lyman suggested that the Y. M. and Y. L. I. A. take hold with earnestness and relieve the aged of the work of donating to the Stake meeting house, and said he did not want to come again until that house was in a condition to hold meetings in.

Apostle Snow said he had learned from a newspaper just received that Brothers Musser, Cannon and Watson had been sent to prison, and asked the Lord to bless and comfort them (which was sanctioned by a hearty amen from the entire audience).

President Eldredge presented the general Church and Stake officers, who were unanimously sustained.

President Pack spoke for a few moments on our present troubles, and bore his testimony, etc.

Some missionaries were presented and sustained.

The choir, under the leadership of Brother Simister, sang the anthem: "I have called upon thee, O Lord," after which the Conference adjourned for three months with prayer by Andrew Peterson.

Enjoyed.

"I am enjoying poor health," sadly remarked an afflicted lady. But we can do better in our enjoyments. Mr. G. W. With her it is indispensible." This kind of enjoyment may be the portion of all the weak and weary who take Brown's Iron Bitters.

DANGEROUS SUBSTITUTES

FOR

HORSFORD'S ACID PHOSPHATE

Several inferior and dangerous "substitutes" for the genuine "Horsford's Acid Phosphate" are being offered for sale; and we hereby caution the dealers and public against buying or using them, as they will not produce the same effect upon the system as the genuine "Horsford's," and the ingredients in some of them are dangerous to health.

Some of these "substitutes" or imitations are simply Dilute Phosphoric Acid, which interferes with the digestion; while the genuine "Horsford's" not only causes no trouble with the digestive organs, but materially assists in their action.

One preparation that is being offered for sale, by the gallon, contains Meta- or Pyro-Phosphoric Acid, which are declared by the highest authority to be poisonous. The same preparation also contains Chlorine Acid, which is a compound of Chlorine. "Horsford's" contains neither of these ingredients.

These "substitutes" are liable to be found at soda fountains, because of their cheapness.

CALL for "HORSFORD'S," and TAKE NO OTHER. NEVER SOLD IN BULK.
