

## CANVASS SHOWS SOME CHANGES

Official Inspection Reveals a Number of Inaccuracies in the First Precinct.

## DOES NOT ALTER THE RESULT

Work on the Second Precinct Begins Tonight When Interesting Developments Are Looked For.

The official canvass of the returns of the municipal election which was begun in earnest last night by the city council, shows a number of changes in the unofficial returns from the first precinct, none of which altered the result of the election but merely changed the pluralities in some instances. Martin lost 21 votes, 30 in the Fifth and one in the Eighth district. Hays lost 20 votes in the Eleventh district, where he was credited with 174 votes on election night when it should have been only 154.

Fisher Harris gained 10 votes in the Eighth and C. B. Felt lost 10 in the same district. Jeanes, Socialist candidate for mayor, lost 7 in the Fourth, 5 in the Ninth and gained 4 in the Eleventh, making a total loss of 8 votes in the entire precinct. J. J. Moyers lost 20 votes in the Second, Critchlow lost 1 in the Eighth; Nye lost 1 in the same district but gained 1 in the Eleventh. Mrs. Johnson, Socialist, lost 1 in the Fourth; Randall, Socialist, lost 2 in the Ninth, and Service, Socialist, lost 2 in the Fourth.

### TELLERS APPOINTED.

When the council was called to order, President Cottrell appointed Sharp, Tuddenham and A. J. Davis as tellers. There were only a very few spectators present watching the canvass. Among them were Chairman Leary of the Democratic city committee, W. H. Bramel, city auditor, Councilman-elect L. D. Martin, Land and Water Commissioner MacKnight and several others. In all but two of the districts there was a discrepancy between the number of names on the official poll book and the number marked voted on the official register. These were merely due to the negligence of the judges in marking on the register those who had voted.

### DISCREPANCIES SHOWN.

In district No. 1 the pollbook contained 40 names, while there were only 405 checked on the official register. There was a discrepancy of seven in the second district, the pollbook showing 541 names and the number checked on the register was 534. In the Third district the judges failed to check 22 persons who had voted. The pollbook contained 422 names while only 407 were checked on the register. There was one challenge in the district which was sustained.

### FOURTH NOT COMPLETE.

The returns in the fourth district were not complete as the official register was missing and one of the judges, J. J. Whitaker, failed to sign the pollbook. A messenger was sent for the register and to secure Mr. Whitaker's signature to the pollbook. There were no other irregularities in the returns of the district. In the Fifth district there were 472 names on the pollbook and 470 checked on the register. In this district Martin lost 20 votes. The pollbook in the Sixth district contained 344 votes and 341 were checked on the register. There were five challenges in this district, three of which were sustained, one withdrawn and one sworn in.

### EIGHT CHALLENGES.

There were eight challenges in the seventh district, three of which were sustained and five sworn in. The pollbook showed 48 votes cast but only 463 were checked on the register. In the eighth district there were 510 names on the pollbook and 503 checked on the register. The pollbook and register in both ninth and tenth districts tallied, there being 365 votes cast in the former and 404 in the latter. In the eleventh the pollbook contained 419 names while there were only 415 checked on the register. Hays lost 20 votes in this district.

### SECOND PRECINCT TONIGHT.

Tonight at 7 o'clock the council will begin on the returns from the second precinct. It is expected that much more interest will be taken in the canvass in this district as the result may be changed in the vote for councilmen for the short term which would elect the two Democratic candidates, Burdige and Badger, and thus change the politics of the new council. These men were defeated by pluralities of only six and ten votes respectively and an official canvass might in those cases alter the results materially.

### GERMAN POET.

Herr Conrad Nies, of St. Louis, Lectures This Evening.

Herr Conrad Nies of St. Louis, a German poet, lectures this evening in Harmonie hall in this city, on the German poet.

**GOLDEN GATE**  
Don't Worry  
If your coffee doesn't suit, don't worry—buy Golden Gate  
It may cost more per pound but think of the quality. All high grade grocers sell it.  
1 and 2 lb. aroma-tight tins.  
J. A. Folger & Co.

Importers of Fine Coffees

## Fifty Years the Standard

## BAKING POWDER

Improves the flavor and adds to the healthfulness of the food.

PRICE BAKING POWDER CO., CHICAGO

man poets, the lecture being accompanied by a musical program provided by the Harmonie society. Prof. Nies has been lecturing in Denver and Pueblo, where he made a very favorable impression, and literary people are sure that a treat awaits all those who may be inclined to attend this evening's lecture. The lecturer was formerly an actor so that he is versed in the arts of the rhetorician, and therefore a good speaker.

### Driven to Desperation.

Living at an out of the way place, remote from civilization, a family is often driven to desperation in case of accident, resulting in Burns, Cuts, Wounds, Etc., etc. Lay in a supply of Bucklen's Arnica Salve. Its the best on earth. 25c. at Z. C. M. I. Drug Store, 102 E. 1st St.

### DESTROYED BY FIRE.

Lehi Creamery Burned to the Ground Early This Morning.

(Special to the "News.")  
Lehi, Utah, Nov. 10.—The Lehi creamery burned to the ground early this morning, entailing a loss of about \$4,000, with insurance of \$2,200. The cause of the fire is unknown, although it is believed to have been the work of an incendiary, as there have been no fires in the boilers since last Saturday. As the building was a frame one it burned with great rapidity and efforts to save it were wholly futile. The creamery was managed by E. C. Corder and had been in operation between four and five years. Whether it will be rebuilt or not is not known.

### WEAK, NERVOUS PEOPLE.

We have received letters from all parts of the U. S. highly recommending Dr. Gunn's Blood & Nerve Tonic, until the faith we had in the remedy has been fully sustained. We had confidence from the very beginning that this medicine should make cures, but lacked that assurance that comes after many successful trials. Now that we have been upheld in our belief we want to impart to others our confidence. Nervous and unsteady people, weak, feeble, people, simply pale, or sallow people are all victims of weak, watery blood. Make new, rich blood, to be forced through the system by the way of the arteries, and disease cannot remain. This Tonic cures disease by giving you strength to resist it. All druggists sell it for 75c. per box, or 3 boxes for \$2. The tablets are to be taken after each meal. They turn the food you eat into rich red blood. Persons who take this Tonic gain in good solid flesh from 1 to 3 lbs. per week. For sale by Z. C. M. I. Drug Department.

### SOCIAL AND PERSONAL.

Mrs. W. W. Biter entertained at a delightful Kensington today.

Miss Addie Zane was hostess at an informal tea this afternoon, given in honor of Miss Jacobs.

Tonight at the First Presbyterian church will take place the concert to be given by Miss Agatha Beckwith, assisted by Prof. McClellan and Skelton.

Mr. and Mrs. A. R. Hirth entertain the East Side card club tonight.

Mrs. H. D. Ellorbeck, Misses Ada and Genevieve Ellorbeck have moved to their new home at 261 Second street.

### LONGEST SERVICE AT WASHINGTON.

In view of the reassembling of Congress yesterday it will be interesting to know something of the length of time the old war horses have served. Speaker Cannon has answered to his name through 15 congresses or for a period of 30 years, and Mr. Ketchum of New York has served a total of 32 years in the lower branch. In length of total service the veterans of Congress are:

Senator Allison of Iowa	35
Senator Hoar of Massachusetts	34
Senator Frye of Maine	34
Senator Hale of Maine	32
Representative Ketchum of New York	32
Representative Cannon of Illinois	30
Senator Cockrell of Missouri	29
Senator Hawley of Connecticut	28
Senator Cullom of Illinois	26
Senator Morgan of Alabama	26
Representative Bingham of Pennsylvania	26
Senator Stewart of Nevada	26
Representative Hitt of Illinois	24
Senator Platt of Connecticut	24
Senator Burrows of Michigan	24

## R. G. W. TO EXTEND TO SWAMP POINT.

Surveys Made From Marysvale Through to the Colorado River For the Road.

### TAPS FINE MINING COUNTRY.

Eastern Syndicate Has Obtained Possession of Tract of Country Around The District to be Developed.

It looks at the present time that there will be still another railroad built in Utah in the near future. The new road, or more correctly speaking, extension, will be built by the Denver & Rio Grande, between Marysvale and a point on the Colorado river, known as Swamp Point. A gentleman who is well within the inner circle of D. & R. G. affairs states that a survey of the line has been ordered with the view to building the line during the coming summer. It has been generally thought that if any building was done in this direction, it would be along the line of another survey to connect with the Santa Fe and so form an outlet for the system to Southern California. This may be the ultimate destination of the present projected extension, but what direction it may take from Swamp Point it is at present hard to state. The new line will open up an almost virgin mining country that is said to contain extensive copper deposits, besides other metals as well as tapping many very rich valleys. The completion of the road to the point will make the D. & R. G. more than even the "scenic line of the world," as Swamp Point is in one of the most picturesque spots along the Colorado. It is not generally known, but it is a fact that an eastern syndicate has obtained possession of a considerable tract of country around Swamp Point, and proposes building a big hotel and laying out the great park.

The name, Swamp Point, is a misnomer, as there is not a swamp within hundreds of miles of the place and the climate is said to be one of the finest and healthiest in the intermountain country.

The road is to be a standard gauge and will be a great boon to the southern portion of the state.

### PULLMAN REPORT.

Gross Revenue Shown of Over Twenty-Three Millions for Last Year.

Few big railroad systems do the business recorded by the Pullman company, and the figures set forth in President Lincoln's annual report are interesting in many respects. The report shows a gross revenue of \$23,120,712.35, and against that the total expenses of operation, \$10,588,817.77, leaving a net of \$12,531,894.58. Dividends declared, \$5,919,968, and net earnings paid associated interests, \$5,543,331.77, leaving a net surplus of \$2,068,595.03, which, with the surplus brought forward, \$16,778,929.72, brings the total surplus to \$18,847,524.74. The statement gives the capital stock at \$74,000,000 and net assets at \$58,375,749.74.

### HAPPY DAYS.

When Friends Say "How Well They Look."

What happy days are those when all our friends say, "How well you look." We can bring those days by a little care in the selection of food just as this young man did.

"I had suffered from dyspepsia for three years and last summer was so bad I was unable to attend school," he says. "I was very thin and my appetite at times was poor while again it was craving. I was dizzy and my food always used to ferment instead of digesting. Crossness, unhappiness and nervousness were very prominent symptoms."

"Late in the summer I went to visit a sister and there I saw and used Grape-Nuts. I had heard of this famous food before but never was interested enough to try it, for I never knew how really good it was. But when I came home we used Grape-Nuts in our household all the time and I soon began to note changes in my health. I improved steadily and am now strong and well in every way and am back at school able to get my lessons with ease and pleasure and can remember them, too, for the improvement in my mental power is very noticeable and I get good marks in my studies which always seemed difficult before."

"I have no more of the bad symptoms given above, but feel fine and strong, and happy and of this I am pleased to hear my friends say: 'How well you look.' Name given by Postum Co., Battle Creek, Mich. a copy of the famous little book, 'The Road to Wellville,'

## WHAT TO EAT.

Valuable Suggestions for the Kitchen and Dining Room.

This matter will be found to be entirely different from and superior to the usual run of food magazines. It is a nugget of culinary wisdom and eminently practical.

Conducted by Katherine Kurtz, Marquette Building, Chicago, to whom all inquiries should be addressed. All rights reserved by Banding Co., Chicago.

that stock as \$74,000,000 and net assets as \$58,375,749.74.

President Lincoln supplemented his report with the following general information: The number of passengers carried during the year was 12,231,269, and the number of miles run was 359,254,410. During the previous year, there was an average of \$69.29 for each percent in the number of passengers carried, and nearly 8 percent in the number of miles run. The total mileage of railways covered by contracts for the operation of this company's cars was 117,761.

The value of the manufactured product of the car works of the company for the year was \$22,546,875.47, and of repairs \$28,811.24, a total of \$22,575,686.71 against \$19,732,109.96 for the previous year. The average number of names on the payrolls at Pullman for the year was 7,452, and wages paid \$3,123,652.69. The number of names on the payrolls of the company was 29,398, and the wages paid during the year were \$12,170,924.75. The number of employees for the previous year was 19,103, and the wages paid during that year \$10,633,783.37.

### OREGON COAL.

O. R. & N. Experimenting with Heppner Product on Its Locomotives.

An experiment was made the past week with Oregon coal on the rail line of the O. R. & N. between Portland and The Dalles, says the Blue Mountain American. The coal was taken from the Heppner property owned by the Heppner Railroad and Coal company. The results in the test were very satisfactory, it being found that the engine would make the run on Heppner coal as quickly and with no great consumption of water as using the eastern product. It was not very clean, but this will be remedied in due time.

### THIS IS FUNNY.

Application Made in Denver for Receiver For Rock Island Road.

Denver, Colo., Nov. 10.—Based on the decision of the court of appeals that railroad corporations can be forced to pay taxes assessed against them, an application has been made in the district court for a receiver for the Rock Island railroad. The complaint alleges that the Rock Island road owes the city of Arapahoe \$12,255 for taxes for the year 1901, together with interest and penalties, making a total of over \$15,000.

### WILL BE SETTLED.

Rate War Between Atlantic Lines and Connections to End.

New York, Nov. 10.—Indications point to an early settlement of the rate war now on between Atlantic port lines and their rail connections to Missouri river points, says the Journal of Commerce. One of the lines involved already has restored the old rates and the others are expected to follow shortly. The trouble started in the latter part of October.

### BOOST, DON'T KNOCK.

That is What is Asked by the Southern Pacific Officials.

The Southern Pacific officials are considerably nettled over repeated reports of the sinking of the road built by the iron mines known as the Chicago group. The property is owned by the Colorado Iron and Fuel company. There are two train loads of ore being hauled out of the mine daily at the present time.

### Construction Thursday.

Advisers from Cheyenne, Wyo., state that construction work will start Thursday on the turnkey branch to the iron mines known as the Chicago group. The property is owned by the Colorado Iron and Fuel company. There are two train loads of ore being hauled out of the mine daily at the present time.

### Rushing Work.

The Utah construction company is hustling the work on building the new narrow gauge line from Crevasse to the asphalt beds in Grand county. It is stated that the road will be completed the early portion of the coming year.

## Potatoes a la Creme.

Peel and cut the potatoes into dice wash through cold water, cover with boiling water and cook until tender. Drain off the water and let them stand uncovered until the steam is driven off. Brown a slice of onion in two level tablespoons of butter; pour the butter over the potatoes and cover them with milk. Cook until they are done. Season with salt and pepper to taste and turn into a hot dish. Sprinkle a little minced parsley on top and serve. When done, there should be just enough milk, thickened by the starch of the potato, to make a nice sauce.

### Potatoes a la Royal.

Take two cups of hot mashed potatoes beaten very light. Add two tablespoons of butter, salt and pepper to taste, and half a cup of hot cream or milk. Beat again, then stir in lightly beaten eggs. Turn into a buttered baking dish. Sprinkle on top roughly brush with an egg yolk well beaten, and bake in a quick oven until brown.

### Browned Potatoes.

The browned potatoes often served with the roast are cooked as follows: Pare potatoes of medium size and about half an hour before the roast is done place them under the roast, which should rest on a wire rack, and let them cook. The drippings from the meat will taste and glaze them.

### Potatoes Chateaubriand.

Take new potatoes the size of walnuts and round. Place them in a covered stew pan or stewers, covered dish with three ounces of butter, and let them cook until done; shake the vessel occasionally to prevent their sticking. Sprinkle a little salt over them turn into a hot dish and garnish with minced parsley.

### Dutch Fried Potatoes.

Have ready two cups of raw sliced potatoes. Put a teaspoonful of minced onion in a sauce pan with a little oil or butter and fry a light brown. Turn in the potatoes, season with half a teaspoonful of salt and a dash of pepper and fry them a light golden brown. Pour over them a well beaten egg, cook a moment, and then turn out on a heated dish.

### Potatoes Hollandaise.

Large potatoes that are not a very good shape for baking can be used for this dish. Pare and cut the potatoes into shapes with a vegetable scoop, throwing the left-over pieces into cold water to be used for another meal. Cover the potato balls with cold, slightly salted water and set over the fire. Boil them gently for 20 minutes; do not allow them to break or crumble. Pour off the water and let them dry a little. Turn into a heated dish and pour sauce Hollandaise over them, with a little minced parsley sprinkled on top.

### Scalloped Potatoes.

Pare and slice thin half a dozen good-sized raw potatoes. Butter a baking dish, and put the bottom with a thick layer of potatoes; season with salt, pepper, bits of butter and a few drops of onion juice; then add another layer of potatoes and so on until dish is full. Pour in just enough milk to cover, place in a moderate oven for two hours, keeping the dish covered part of the time. Serve from same dish.

### SPIKE AND RAIL.

The appointment of R. A. Green to the local general agency of the Colorado Midland has caused the appointment of H. J. Cooper to fill the vacant place of Rio Grande agent at Hesper, M. L. Whitmore takes Mr. Cooper's place at Spanish Fork.

Wm. Hunsberger, the chief clerk of the local passenger department of the D. & R. G., will have charge of the office during the absence of Col. Benton in California.

The good people of Baker City, Or., are congratulating themselves over the completion of the early building of the Baker City-John Day Electric railway. The new road will start at some point on the O. R. & N., and run to the famed gold mines on the John Day river valley. The rights of way have been secured, and the construction of the line will commence early in the coming year.

### HOW TO GET WELL.

If one is sick and wants to get well there is just one way to go about it. That is to breathe pure air, drink pure water, and eat the right quality of food. That is all there is to it. Air, water, and food of a proper sort the body welcomes. Nearly every disease is caused by a lack of one or all of these things. Some doctors tell you that pure blood, upon which good health depends, is made in some other way. The wise doctor will tell you it can be made from no other source whatever. People who are sick and want to get well will find that no food is more serviceable in the production of pure blood than Shredded Wheat Biscuit, and that none is more appetizing or more easily digested. Physicians who have studied the food question are warm in their endorsement of Shredded Wheat for invalids and for people suffering from some impairment of the digestive functions.

I most cheerfully endorse Shredded Wheat as a healthy and highly nutritious food, especially if it is adapted for those suffering from weak digestion and mal-assimilation.—W. Carey Allen, M. D., Colorado Springs, Col.

## SISTERS OF CHARITY

Use Pe-ru-na for Coughs, Colds, Grip and Catarrh—A Congressman's Letter.

In every country of the civilized world Sisters of Charity are known. Not only do they minister to the spiritual and intellectual needs of the charges committed to their care, but they also minister to their bodily needs.

With so many children to take care of and to protect from climate and disease, these wise and prudent Sisters have found Peru-na a never failing safeguard.

Dr. Hartman receives many letters from Catholic Sisters from all over the United States. A recommendation recently received from a Catholic institution in Detroit, Mich., reads as follows:

**Dr. S. B. Hartman, Columbus, Ohio:**  
Dear Sir:—The young girl who used the Peru-na was suffering from laryngitis, and loss of voice. The result of the treatment was most satisfactory. She found great relief, and after further use of the medicine we hope to be able to say she is entirely cured.  
—Sisters of Charity.

The young girl was under the care of the Sisters of Charity and used Peru-na for catarrh of the throat with good results as the above letter testifies.

Send to The Peru-na Medicine Co., Columbus, Ohio, for a free book written by Dr. Hartman.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

**BIGELOW CARPETS**

The Carpets made by this Company have received the highest award wherever exhibited, including Gold Medals at the Paris Exposition, 1878, and at the Centennial, 1876.

Their deserved reputation for excellence of fabric, richness and durability of color, novelty and beauty of design, has led to frequent infringements, and inferior goods have often been palmed off in their stead. For the protection of the public the Company has adopted as a trade-mark the word "BIGELOW," which will be woven (at every repeat of the pattern) in white capitals into the back of the fabric. Customers will therefore have merely to examine the back of a carpet to be certain that they are getting the genuine Bigelow Carpet.

These Goods can be obtained from all first-class dealers.  
**BIGELOW CARPET COMPANY, NEW YORK.**

**Continuation of the SHOE SALE**

The continuation is a logical result of the extensiveness of the sale and the consequent impossibility of giving attention to all prospective purchasers. This extension of time will enable everyone to have consideration. The lines are adequate for the demands of heavy selling. New Goods are arriving regularly.
