LOCAL AND OTHER MATTERS.

THERMOMETER 60 degrees F. in the shade, at 1 p. m. to-day. Fine day.

TREMENDOUS.—A tremendous big house is expected on the occasion of Mr. John C. Graham's benefit on Saturday night.

MISS DARGON.—We understand that this very talented lady purposes, at an early day, paying another visit to this city, when she will perform one week at the Theatre. This will give the admirers of her histrionic ability another opportunity of witnessing some of her vivid and life-like impersonations.

SUDDEN DEATH.—It will be seen by an obituary notice in another column, that Jonathan Needham, who, for some time past, had occupied the position of assistant jailor at the City Prison, died at 10 o'clock this morning, after an illness of three days.

SEXTON'S REPORT FOR APRIL.—Males, 29; females, 14. Of these adults, 19; children, 15. Causes of death as reported: Old age, 4; consumption, 3; lung disease, 3; smallpox, 3; brain disease, 3; fevers, 2; measles, 2; suicide, 2; convulsions, 2; marasmus, 2; killed accidentally, 2; apoplexy, 1; paralysis, 1; inflammation bladder, 1; stillborn, 1; cerebro spinal meningitis, 1; not reported, 1. Total interments, 34.

JOSEPH E. TAYLOR, Sexton.

"THE ALDINE."—We have received, from Mr. Harrington, agent for the *Aldine*, the May number of this splendid illustrated periodical. The illustrations and reading matter are as choice as usual. This monthly is exceedingly popular. The agent requests us to state that the postage for the year, 25 cents, is due, from subscribers, with the May number.

TWO DAYS' MEETINGS.—From Elder T. B. Lewis we have received the minutes of two days' meetings, held at Nephi, April 26th and 27th. According to the report, it was a time of great refreshing and instruction, the speakers being filled with the spirit of their calling. On the second day Elders William A. McMaster and Miner G. Atwood, on their way to Arizona, addressed the people in a most interesting manner. The meetings were held pursuant to an appointment made by Elder Joel Grover, Bishop of Nephi.

(By Deseret Telegraph.

BEAVER, 30.—A company of Arizona missionaries, from Draperville, under Captain Henry Day, stayed here last night. All were in good health and spirits.

The weather has been very cold and changeable during the last few days. The ground is very dry. If no rain falls soon we will have to irrigate to bring the grain up.

FIRE.—NEPHI, May 1st.—Fort Birch grist mill was burned last night. The cause of the fire is not known. The loss is about fifteen thousand dollars. No insurance.

DISPATCHES.—The absence of dispatches from the East to-day results from the wires being down.

MAY-DAY.—May has opened bright, clear, balmy and beautiful. There have not been the usual May-day picnics, owing to the dampness of the ground, caused by the recent snow fall.

OGDEN.—A large emigrant train arrived yesterday morning from the East, containing about three hundred passengers, the majority being bound for Oregon and Washington and Montana Territories. They were for the greater part a substantial, intelligent-looking class of men and women. A number of the survivors of the ill-fated *Atlantic* were among them, and interested gaping crowds by the narration of the thrilling scenes through which they passed. As the emigrants remained in the city all the day, many visited the Tabernacle. At six o'clock they took their departure, excepting a few who, having disposed of their tickets, remained in town and spent their little means in carousing. As this morning dawned there were continued disturbances of the peace and much noise, keeping people awake during the hours when they demand rest. Complaints are made that there is too much rowdyism at the depot at certain times. Quarreling and fighting are of repeated occurrence there, and at any moment a lamp upset might ignite a blaze that would put in flames every building in that vicinity.

Andy Schoonmamaker, while coupling the cars at Echo last Saturday evening, had the forefinger of his left hand so badly injured, by being caught between the buffers, that amputation became necessary.—*Ogden Junction, April 29th.*

SALT LAKE CITY, April 29th.

Editor Deseret News:

I had thirty-two sheep in my corral in the eastern part of the city till the night before last, when they got out. The next day I sent two boys to hunt for them. The latter visited Camp Douglas, but did not discover before night that the sheep were there. They also learned that the animals would not be delivered up to the owner without the payment of $20, which I paid. The sheep did no damage whatever, and I wish to know whether the gentlemen of Camp have any right to make such a demand as that which they levied upon me.

A NEW PLAY.—Capt. John Martin has just completed another new play, the title of which is "Chicagery." The plot of the drama is well worked up, and although inclined to the sensational order, a vein of consistency is maintained throughout, which keeps it above the generality of plays of that character. The title of the piece is in keeping with the varied incidents depicted in it. Altogether it is a clever and ingenious production, although a clearer idea could be obtained of it from seeing it played than hearing it read. The main incidents are the leaving, by the villains of the piece, of the heroine in a scuttled boat, and her rescue from that situation by the hero, her being thrown into one of the sewers of London, which makes a double scene, as several characters are observed under the sewer while others are above in the street. Her next escape is from a perilous position in proximity to the machinery of a tannery. The greed for gain is at the bottom of the machinations of the villains of the plot, and incites them to destroy the heroine. As in all good plays, virtue and integrity gain the ultimate victory, while crime brings its merited reward.

INQUEST ON THE BODY OF JOHN JEFFERY.—An inquest was held, at the Sexton's office, this morning, at 9 a.m., by Coroner George J. Taylor, on the body of John Jeffery. The jury having been duly empaneled and sworn, Smith Comsey testified, under oath, as follows: "I know this body to be that of John Jeffery. He was 27 years of age, and was killed by the premature explosion of a blast in the tunnel of the Prince of Wales mine, situated in Silver Fork, of Big Cottonwood Canyon. I heard Jeffery's groans and saw his body after it was brought out of the mine. He came from Pioche to this place about three weeks ago, but is a native of Illogan, Cornwall, England. He was killed about 9 o'clock in the evening while holding the drill. The Giant Powder there used exploded by percussion, on striking the drill to deepen the place supposed to have been fired before. His hand was injured; his right leg broken above and below the knee, and he received another wound which crushed the pubis. After receiving these injuries he conversed hopefully, as if he expected to recover, when raising his right hand and seeing that the fingers were gone, he said, "God bless me," which were his last words.

James Gleason was with Jeffery at the time of the explosion and was striking the drill. When he (Gleason) was found he was upon his knees, having received a severe injury on the side of the head, besides other wounds. Here is a copy of the verdict of the Coroner's Jury:

Territory of Utah,
Salt Lake Co., May 1st, 1873.

An inquisition holden at Salt Lake City, 4th Precinct, 1st day of May, 10 a. m., A. D. 1873, at the office of the sexton of Salt Lake City, and on the body of John Jeffery, there lying dead, before George J. Taylor, Coroner, of said County, by the jurors whose names are hereunto subscribed. Said jurors, on their oaths do say, that he died from the effects of wounds received, caused by the accidental explosion of a blast in the Prince of Wales mine, Big Cottonwood.

In testimony whereof said jurors have set their hands the day and year aforesaid.

GEO. J. TAYLOR, Coroner.

SCANDINAVIAN CONCERT.—Do not forget the Concert to-night in the 15th Ward Assembly Rooms, given by the Scandinavian Choir, to aid the season's emigration from their native land. The programme is attractive, the object most praiseworthy, and the price of admission impossibly fifty cents for grown folks, and half that for children. It commences at 8 o'clock.

WASATCH NO. 2.—The members of this fire company will meet on Monday evening, instead of Friday.

Foreman.

Prof. Kent, in his address to the graduating class of Michigan University; took for his subject—"the decline of the legal profession"—and attributes the cause (1) to the rise of the newspaper; (2) to the increased education and training of other classes; (3) to the great increase of rich men; (4) to competition for political position created by wealthy men; (5) to the increasing laxity of requirements for admission to the bar; (6) to the custom of lawyers in brow-beating witnesses, and the exclusion of competent men from juries, done in defense of the worst causes and of the most notorious criminals; (7) to the increasing lack of public confidence in courts and jury trials.

A couple of lovers of Selma, Delaware county, Indiana, having fixed the time for their marriage, and no authorized minister or magistrate being at hand to perform the ceremony, a *quasi* minister volunteered, the twain were married, and started rejoicing on their wedding tour. Next day the bridegroom received a dispatch from the officiating minister, informing him that the marriage was void, that he (the minister) had rendered himself liable to punishment, and entreating him to return. The bridegroom returned for answer, "We are all right; save yourself from the penitentiary if you can." On their return, a week or two thereafter, however, the pair were re-married to make assurance doubly sure; but it is not stated whether they had the papers "dated back."

OUR FATHER'S HOUSE—THE UNWRITTEN WORD.

BY DANIEL MARCH, D. D.—*Author of Night Scenes in the Bible.*

THIS Earth is one of the Mansions of OUR FATHER'S HOUSE and all the forms and forces of the physical universe are revelations of God's UNWRITTEN WORD. The author, in this new volume, goes from room to room in the great house that God has built, showing us the riches and splendors stowed in every department, making the whole journey of life a happy walk of children with their Father—going out into open fields, listening to the singing birds, the whispering winds and murmuring forests; looking with ceaseless delight on green landscapes and grazing flocks, on beautiful flowers and springing grass, gazing with awe at the wonders of the mighty deep, walking beneath the shade of ancient mountains and climbing sacred heights. Wondering at the great Earth wheel turning beneath our feet, watching the storm with cloud on cloud in billowy darkness rolled, lightnings answered in thundering voices, and again the beautiful bows hung out on the retiring cloud.

Cure for All!—Never Despair!

E. L. PLANT.

Bronchitis, Diptheria, Coughs, Colds, and all Derangements of the Throat and Chest.

In any of the above diseases, immediate and permanent relief is obtained by effectually rubbing this detergent Ointment twice a day upon the neck, chest and back, and in all stages of influenza, settled coughs, and wheezing at the chest, the same treatment may be followed with efficiency and safety.

Bad Legs, Bad Breasts, Old Sores, Wounds, and Ulcers.

By rubbing this Ointment perseveringly upon and around the affected parts twice a day, it will penetrate to the tissues beneath, and exert the most beneficial influence: the inflammation soon diminishes, the pain becomes less intolerable, the matter thickens, and a cure is soon effected. In all long standing cases Plant's Pills should also be taken, as they greatly assist in expelling all depraved humors from the body.

Skin Diseases of all Kinds.

In this class of complaints, no matter the age, the sex, the place, or under what name the disease may be classified, immediate ease, and ultimate cure, may with certainty be procured, if this Ointment be plentifully rubbed upon the part affected, while Plant's Pills are taken in appropriate doses, night and morning, to purify the blood.

Gout, Rheumatism and Glandular Swellings.

Every one suffering from these excruciating complaints should have recourse to these purifying remedies, as they have rescued thousands from a life of torture, after all other means had failed to give them relief. The Ointment and Pills used conjointly will act so searchingly and certainly, as to effect cures in the most hopeless cases.

Piles, Fistulas, and Internal Inflammations.

Persons afflicted with these distressing complaints will find in this wonderful Ointment instant means of relief, and all can effect their own cure without explaining their infirmity to any one. Plant's Pills, if taken in small doses, greatly assist the Ointment, as they purify the blood and regulate the stomach in an extraordinary manner.

Both the Ointment and Pills should be used in the following Complaints:

Bad Legs, Bad Breasts, Bunions, Chilblains, Chapped Hands, Contracted and Stiff Joints, Corns (soft), Fistulas, Gout, Glandular Swellings, Lumbago, Piles, Rheumatism, Sore Nipples, Sore Throats, Skin Diseases, Scurvy, Sore Heads, Tumours, Ulcers, Wounds.

The Ointment and Pills are sold at Professor Plant's.

The Ointment is sold in pots at $1 and $5; the smallest Pot of Ointment $1; the smallest Box of Pills $1, which contains four dozen. Sent to all parts. Full printed directions are affixed to each Pot and Box.
