EASTERN.

Mrs. Stanton Dead.

PHILADELPHIA, '18.—E. M. Stanton, widow of the late ex-Secretary of War, died to-day, at Chestnut Hill, near this city.

Boats Sunk.

AUBURN, N. Y., 18. — Twelve loaded canal boats sunk at the wharves in this city, during the storm last night.

Naval—Foolish Jurors—Recruiting for the Navy—Benefit for the Widows and Orphans—Rifles for Cuba—Will Oppose Clearing House Committee.

NEW YORK, 18.—At present there are two thousand three hundred and forty-seven men employed in the various departments of the navy yard, and it is probable that orders will be given for the employment of a thousand more. Secretary Robeson arrived at the yard at one o'clock, accompanied by Hanscom, Chief of the Bureau of Construction at Washington. The secretary came from Washington for the express purpose of inspecting the progress of the work on, and the fitting out of the vessels of war. Hanscomb, in conversation, said that within three weeks we shall have from fifteen to eighteen war vessels ready for Cuban waters. Secretary Robeson stated that he was determined to remove all obstructions and to place the navy on a secure footing, so as to be ready at all times for peace or war.

The total appropriations made by the Methodist Episcopal general missionary committee for the year was $842,100 against $680,000 last year.

Porter, the Stokes juror, arrested this morning, was held to bail in six thousand. Hunt, the officer who had charge of him, was committed in default of two thousand. Center, the juror to be arraigned, is also charged with bribery.

Recruiting for the navy goes on briskly here.

The Charity Dramatic Association will give a performance at the Academy of Music, Dec. 25, for the benefit of the widows and orphans of the victims of the *Virginius* massacre.

This afternoon the Havana mail steamer *Wilmington*, took out fourteen large cases, containing several hundred Remington rifles for the Spanish government, and a large quantity of provisions.

The *Post* says it is now accepted as a fact that several banks, including the largest one not only in the city but of the entire national banks of the country, will oppose the report of the clearing house committee and its conclusions, if necessary to the extent of going to law.

The Mercantile National Bank have lost heavily on loans to one of their customers, but not enough to affect its solvency.

Wall St. Excitement — Export Trade.

During this afternoon affairs in Wall Street were unsettled, with frequent fluctuations. The London Associate and European Banking Co. was reported in trouble, but [illegible] of the rumors. After the close of business a defalcation was reported in the National Bank in Broadway, but on investigation they discovered that there was no defalcation, although the bank has been loaning freely to a sewing machine company, and the paper of the same has gone to protest. The bank has a capital of a million dollars and a surplus of $250,000. How far the bank may become involved is a question of the future. The bank is a member of the Clearing House.

The total exports of produce from this port for the week ending to-day, amounted to $7,603,589 mixed values, which is an increase over last week of $628,124.

Recruits for Leavenworth—Spain and the United States.

WASHINGTON, 18.—The superintendent general of the recruiting service has been ordered to send two hundred recruits to Fort Leavenworth.

Key West is to be made the grand depot of supplies for the North Atlantic fleet.

Information received from Madrid shows that the Spanish government is in earnest in its professions of friendship for the United States. It expresses anxiety to do everything in its power, not only to preserve, but to strengthen the peaceful relations now existing between the two countries. Apart from commercial relations Spain desires the general support of the U. S., in its efforts to permanently establish a republican government, and hence the report here gains credit that orders have been issued by the Spanish Admiralty to Spanish naval officers in the West Indies, to observe the utmost caution in their movements towards vessels carrying the U. S. flag, and to do no act that would have the effect of adding to the present excitement in the U. S.

Big Storm—Mr. Sumner's Letter.

Telegraph reports from New England and the interior of this State say there was the most severe storm last night known for years.

The *Tribune* to-morrow publishes the following letter from Senator Sumner, which was to have been read at the Cuban indignation meeting last night, but which the committee state was received too late:

"BOSTON, Nov. 16.

"Gentlemen—It is not in my power to be with you at your meeting to ask for justice for Cuba. Allow me to add that, longing for emancipation in this neighboring island, where slavery still shows its infamous front, and always insisting that delay is contrary to justice, I do not think it practicable, at this moment, on existing evidence, to determine all our duties. In the present case, where civilization has received a shock, it is very easy to see that no indignation at the dreadful butchery is inconsistent with the spirit of the age; but unhappily, aroused by an illicit filibustering expedition from our own shores, kindred to that of the *Alabama*, for which England was justly condemned in damages, cannot make us forget that we are dealing with the Spanish nation, struggling under terrible difficulties to become a sister republic, and therefore deserving from us present forbearance and candor; nor can we forget her noble president, whose eloquent voice, pleading for humanity, and invoking our example, has so often charmed the world. The Spanish republic and Emilio Castellar do not deserve the menace of war from us. If watchwords are needed now, let them be immediate emancipation and justice to Cuba, success to the Spanish republic, honor and gratitude to Emilio Castellar, and peace between our two nations. Bearing these in mind, there will be no occasion for the belligerent preparations of the last few days, adding to our national burdens, expenditures of several million dollars and creating a war fever, to interfere with the quiet health of the political body.

"I am, gentlemen, your faithful servant, CHARLES SUMNER."

The "Dictator" Ready Soon—The Fenians on Cuban Affairs—Mercantile Bank — Tweed's Trial

Captain Hanscomb, chief of the Bureau of Construction and Repairs, informed Secretary Robeson to-day that the *Dictator*, now at New London, would be ready for sea in ten days. The Secretary will order her into commission at once. The Secretary told a *Tribune* reporter during an interview, that he wanted to secure peace by being prepared for war. He also said he believed the exigencies of the case warranted the expedition that was being observed in fitting out the navy. The Secretary has deemed it expedient to visit several navy yards for the purpose of collecting material for a very exhaustive report to accompany the President's annual message to Congress. The *Juniata* was somewhat delayed in taking on board her powder by the storm, but now she is on her way to join the North Atlantic squadron.

The Liberal Republican Fenian Committee met this morning, and adopted resolutions to the effect that the Cubans are entitled to and should receive immediate recognition by our government as belligerents; that it is obligatory upon all civilized nations to interpose their combined authority to arrest the atrocities of the Spanish army in Cuba; that in case of continued delay on the part of Spain to make amends, it will come to be understood that pusillanimity alone restrains us from seizing under the law of reprisals Spanish property, arresting Spanish citizens, wherever found, and holding them till reparation be made and justice done; and finally, that all proceedings connected with the seizure of the *Virginius* require prompt and careful examination by our government, together with immediate and decisive vindication of every national right found to have been offended, and the peremptory and sharp redress of every national wrong suffered.

The directors of the Mercantile Bank inform the public that very recently the late president, J. E. Blake, without their knowledge, made loans to corporations in which he was interested. The loss, if any, from this account will not exceed the surplus; that at a meeting held to-day Norman White was elected president in place of E. J. Blake, resigned.

In the Tweed case, at the conclusion of Tremaine's speech, Judge Davis delivered his charge and the jury retired at nine o'clock, but up to this hour, 2 a. m., no verdict has been rendered.

Full Regiment Ready for Service.

TITUSVILLE, 18.—A full regiment, a thousand strong, was tendered the President to-day, from Titusville, for service in the Cuban cause.

Small-pox.

CLEVELAND, 18.—Sixty cases of small-pox are reported here; the disease is confined to the west side and appears to be increasing.

Testimonials.

MEMPHIS, 18.—Dr. Luke P. Blackburn, of Louisville, for his eminent services during the yellow fever scourge, was this evening presented by the Howard Association with a costly silver service, and president Langstaff of the Association with a gold [illegible]. The occasion was made one of congratulation at the end of the scourge, and gratitude to the friends of the North. Speeches were made by Mayor Johnson, Gov. Smith and others.

NOVA SCOTIA.

Violent Storm.

HALIFAX, 18.—A violent southeast gale, with rain, began to-day, increasing to a perfect hurricane. There was a high sea in the harbor, and two vessels went ashore. The gale was the heaviest that has been experienced for many years. The velocity of the wind was 55.8 miles per hour. Serious damage to shipping is feared.

CANADA.

Indicted for Murder — Indian Troubles — Lumber Vessels Ice Bound—Winds and Snow Storm—Destructive Fire.

OTTAWA, 18.—Information has been received at the Department of Justice that a true bill for murder has been found by the grand jury of Manitoba against Riel and Lepine.

The Dominion government, it is reported, have information of serious disturbances among the Indian tribes in the northwest.

A careful compilation shows that there has been seven and a half million feet of white pine taken out of the Onata lumbering district this season, against twelve and a half millions last year; there will be at least two and a quarter million feet of red pine.

MONTREAL, 18.—Through traffic on the Lachine canal is completely blockaded by a heavy ice jam above the St. Gabriel locks. Among the steamers now fast in the ice are the *Props, Alma, Munroe, Cambria, Germania, City of Ottawa, Corinthian, The J. R. A., Mark Twain, Columbia, Schiehalsna, Bruno* and *Prussia*. The ice in front of the *Alma* and *Munroe* is packed many feet thick, and it is believed it reaches the bottom of the canal. So early and severe a snap has not been experienced for years. The lake shippers and forwarders of the boats obliged to remain is said to be great.

TORONTO, 18.—The high wind which prevailed on Monday rose to a gale last evening, and a furious snow storm prevailed; this morning the roads are all blocked, and the storm is still raging.

Sir John A. MacDonald has declined the nomination for the Western division of Toronto, on the ground that it would be unfair to his Kingston constituents to leave them.
