DRUEHL AND FRANKEN

Tell Why They Endorse Vinol So Highly.

First: Vinol contains in a concen rated from all of the medicinal cura-live elements of cod liver oil, actually without a drop of oil to nauseate and upset the stomach, and retard its work, therefore where old-fashioned cod liver oil or emulsions will do good Vinal will do for more cod Vinol will do far more good. Second: Because Vinol is not a pat-

ent or secret medicine: It contains no injurious drugs to react upon the system, and you know just what you are taking, as everything it contains printed on the back label of every

Third: Because Vinol acts first up on the stomach, creates a healthy age petitic, fones up the digestive organs, purifies and enriches the blood, and in a natural manner health is restored,

a natural manner health is restored, and strength is created. Fourth: Since we first put Vinoi on the market our admiration for it has steadily increased, because it rarely disappoints a customer, in fact we can truthfully say we never sold a medicine more satisfactory to create strength for old people, weak, sickly women and children, nursing mothers and to build up strength after a severe and to build up strength after a severe

Reviews Work of Juvenile Court The Pure Contends That State Should Spend Good Tea Willis Brown, judge of the juvenile esting address in the Farmers ward

la an address at the National Con-ference of Charities and Corrections held recently at Portland, Oregon, Judge T. D. Hurley of Chicago, one of the pioneers in the field of Juvenile law it is generally understood and ac-ted as true that the juvenile court, such, is a distinct and separate Such, however, is not the case, simply a branch of the circuit
The chancery side of this court all of the jurisdiction that was ferred upon it by the juvenile court before the latter was enacted. The enile court deals with the person child, only leaving the property cared for by some other court."

in the juventle courts of other cities have a juvenile law administered by her courts so that a real juvenile out as distinct from a district or unity court does not exist, but for f convenience the day such court ars children's cuses it is called the could division of juvenile court. In iwaukee this juvenile day or court administered by the district court. Cleveland by the probate court. In the superior court and in Atlanta by city court. You will therefore see 1 Judge Hurley is correct in his exation that a juvenile court is not y a court, but a department of e other court, an incident of some court rather than a court itself.

DETENTION SCHOOL

ARID CITIZENSHIP

UTAH STANDS ALONE.

The states of Utah and Indiana and the states of Otah and Indiana and the city of Atlanta have the distinc-ions of having legally constituted sep-arate courts designated as juvenile courts, and Utah is the only one of these that has, as Professor Hender-son of the Chicago University says. shed off the criminal court proor court of equity, from an edi cational rather than a criminal stand-

All juvenile delinquent law declares that a child under a certain age is not a criminal when some misdemeanor is committed by that child, but that is misdirected and misguided, and needs pot punishment for a criminal act, but help and encouragement with the state, as represented by the juvenile court. acting as parent of that child. For the sake of classification we call our law delinquent law, different from crim-

nan violates the city ordinance by fighting in the public street. He is arrested and is proceeded against as a criminal, and criminal law procedure ebtains in his case. A boy violates the city ordinance by not obeying the cur-

Salt Lake City a detention home, a place where we might give the boys a chance before sending them to the State Industrial school. We have now detained in this home, called the Morris school, 22 boys. Every boy detained in this school belongs there and I ex-pect a few belong in the State Indus-trial school. This is not because of the fact that in the opening of a Juvenile court or a Morris school immediately the boys became had but for the reathe boys became bad, but for the rea-son that these boys, inoculated with the virus of bad habits, incorrigibility and truancy, have been at large, contam-uation of the solution of the solution of the solution of the virus of the solution of the soluti

inating others and securing no treat-ment for their own disease. The beneficial results of this state's care of its children by the establishment of juvenile courts goes farther than the correction and care of the in-dividual boy. It holds to account any dividual boy. It holds to account any parent or person who by any act con-tributes to the delinquency of a child. By its quick remedy or relief it awak-ens a desire, if not wholly voluntary, nevertheless effective, on the part of the children and parents to obey the laws and to lead cleaner lives, and I sometimes think in this is the juvenile count's grasticate polysion. The grast

sometimes think in this is the juvenile court's greatest mission. The great good to the great number. Our laws have been constructed very carefully until I doubt if another state has better laws for the protection of the custody of children as between father and mother, the employment of children, the education of our boys and girls, the sale of narcotics and the punishment of those who misuse the guardianship funds of children, but until our Juvenile court law it took but little concern in the person of the

but little concern in the person of the UTAH EXTRAVAGANT.

In the development of the state's resources Utah is extravagant. With its experimental farms and school of mines and horticultural board and arid farms, vast sums have been ex-pended. I find that for these tog-ther with the development of the artistic as represented in the Utah Art In-stitute, bee culture and other matters incident to the experimental development of our various resources we ex-pended in 1904 the vast sum of \$138,610. This sum for experiments alone, as I have not included the vast sums we spend in educational matters. We have experimental forms and are

We have experimental farms and are looking for sites for two more. Thous-ands of dollars for these, but say, what amount are we expending for the development of clitzenship. In the fertile Salt Lake valley where the green and gold make a waving

Then followed a discussion of the Baptist's message to Christ, sent from the dungeon cell: "Art thou He that should come, or look we for another"" The significant answer was "Tell John what things ye have seen and heard." The faith that Christ expected was to be implicit—not the belief that waver-ed, and took offence at seeming heg-lict. "Blessed is he whoseever shall not be offended in me." As a part of the genera exercises of the school, Miss Emily Larsen sang the beautifully two sacred solos, "Ave Maria" and "Sweet Spirit, Hear My Prayer," The Sunday school will con-vene next Sunday as usual, at 12:20. Prayer." The Sunday school will con-vene next Sunday as usual, at 12:30. Beat Thompson with Lynch .--- Ad-BELLE PHOTO SUPPLY CO. Developing, Finishing, 21 E. Third So. PLENTY OF CAPITAL.

Jews, a ruler in the synagogue, possibly

tration in behalf of an afflicted slave: certainly a man who had pure faith in the Savior. He came in his hour of grief, entreating with agonized inten-sity that Christ would come to his house and lay hands upon the 12-year-old daughter who lay at the point of death. Jacus started toward the house, but the thronging multitude delayed Him, and an incident, calling into ac-tion the power of healing in a manner unusual, occurred as shall be noted later. A mersenger came to Jairus

later. A messenger came to Jairus bearing the sad word that the maid was already dead. Jesus heard the message delivered, and noted the sug-

message delivered, and noted the sug-gestion that it was useless to trouble the Master further. This afforded op-portunity of thoroughly testing the faith of the Jewish ruler, and Jesus bade him still have faith, that his daughter may yet live. Arriving at the house the Prince of Life stilled the clamor of the mourners, then, in the presence of the parents and that of the three most prominent apostles. He called the spirit back to its mortal

called the spirit back to its morta tabernacle, and the maiden arose and

The lecturer laid special stress on the ersential differences between such in-

stances of restoration to life, and resur-rection to a state of immortality, show-ing by scriptural citation that the Christ was first to pass from mortal death to immortal life through the ac-

death to immortal life through the ac-tual resurrection of the dead body. On the way to the house of Jairus. He healed the woman who had suf-fered for years and then with faith unbounded had come to touch the bor-der of His garment that by so doing she might be healed. Her faith availed, and the discussiona show that in

and the dreumstances show that in the exercise of the healing power, en-ergy was transmitted from the healer to the healed.

key to satisfy all selfish desires and as most evils are rooted in selfishness, the

plication indeed. "The recent disclosures of political and commercial corruption in our American life has shamed and appailed all decent citizens. We have taken a foolish pride in our captains of indus-try, our princely potentates of finance and all such. It tickled our pride, our silly vindictive particitism to hear how the Chicago beef trust was running the pride that went before a fall. It dam-pened our ardor somewhat to discover

Rev. Frank Fay Eddy. Rev. Frank Fay Eddy of the Unitarian church preached yesterday morning on the topic of "Money Madness," in which he said in part: "When St. Paul said: 'For the love of money is the root of all evil,' he was in some degree mistaken, but his pithy

whistle; he is on the street at halft 9 when he should be in his home, apply delinquent law in his case and do not arrest the boy under a crim-hal charge as we do the man. In this matter Utah is far ahead of other ju-venile courts in that declaring a boy leilnquent, we administer his case in a definquent, we summister his case in a definquent boy in a criminal court or in a division of any court organized for the settlement of adult cases.

HOW BOYS ARE HANDLED.

In the juvenile court, with the delinquent law, the judge seeks to handle the unfortunate boy in the same mannor that the proper father would set-tle the case of his own boy in the home. The majesty of the law is not one molested. This same legal majesty Jeany for be invoked while the ma-jeany of citizenship is attained. At-tempt not to call an immature child a citizen until God in His infinite vians for the development of His supreme creation says. "This is a man." Utah therefore has recognized that this side must be parent to many of

this state must be parent to many of its little ones, protecting them and guiding them to honored citizenship. Those who need this merciful law and the state of state's fostering care can only be rmined by their actions, and such ons we do not call crimes, but deies, which es, which is only another faults and mistakes. Would we might even apply this term and who have been tempted

mey interest you to know that. may interest you to know that, if the western states, Utah has a proportion of persons in deten-in penal and reform institutions. forma has incarcerated one adult very 582 and one juvenile for eve-080 persons; Oregon one adult for X 1.061, and one juvenile for every persons; Colorado, one adult for X 760, one juvenile for every 1.857, ons; Utah, one adult for every 1.547, Juvenile for every 3.732 persons. avenile for every 3,733 persons

to be a series of every area persons. It is generally conceded that there more lawlessness in the western otes than in those of the east or mid-pastoral states, but even in some of ntaining the largest cities. Utah intige

a far better to increase the numoys and girls in these industrial whools and decrease the number of men and women in penal institutions than to neglect the childrood of the state and to reap a criminal manhood. WORK OF JUVENILE COURT.

make paradise, and the lake an everiasting sea of blue and haze, where an em-pire of the great west is building and like a magnet drawing to itself the brawn and muscle, wealth and love of brawn and muscle, wealth and love of other lands; where the multitude in prosperity live in the joy of the hills guided by the great sentinels of purity which tower with diamond whiteness to the blue above: With the flowing streams of water needing only to be guided through the orchards and over fields, development of resources by na-ture's lavish gifts, development of cifi-weaghth by great schools and universicenship by great schools and universi-

ARID CITIZENSHIP.

But the arld regions. We are in-terested in these at the moment far greater than all else. To reciaim the desert. To battle with the soil where heat withers and water disappears. I see an item for the past year of \$13,150 expended for arid farms. Have we exided as a state, our quota for the

ties.

And cutzensnip? An the incidents I have related of arid homes, of arid surroundings, has not your minds pictured an Arid Farm, the which means a thousand fold more to the future greatness of Utah than the changing of sage-brush to waving ensure grain A farm, a farm where boys who, com-

ing into our courts because of their bad environment, because of their sinned against, by parents, and by so-ciety, shall the State of Utah sin against them more? Shall we not have place for the unfortunates, a place or the boy, the one boy Joseph who, kicked about, with a mother who, caring little for his whereabouts let him wander in the streets, sieeping in barns and chumming with vielous men become a scemingly worthless boy?

GOVERN BY LOVE.

To love Utah, its laws must be blessed ones. The merciful side must be to-ward the sunlight not hiding the night of confusion and ignorance. To love Utah, may we take Joe by the hand and lead him to the foot of the black Rocky mountain, and pointing up to its whitmountain, and pointing up to he are ened crest, gleaming so pure in the rays of a western sun, say, "See Joe, these rocks are like your poor misunderstood life, your hard trials and troubled, lovelife, your hard trials and troubled, love-less days, but see Joe, the snow is our love and our protection, and we shall so cover all your boyhood mistakes, all your misunderstood believings of life and all your dark nights with this, our care, our interests and our wealth. The state loves you, Joe. You are worth more than the desert, to reclaim you, to save you to the citizenship is Utah's first and greatest mission. Utah has given you a home, Joe, and our white love covers your rocks of misfortune." Utah will not be famed for its land if it, is defamed because of its citizens; let it be famed for both, for in its care and protection of its children does Utah meet its mountain tops, the snows of which are an everlasting prophesy

are an everlasting prophesy of greatness.
