

CITY TAX LEVY NOT YET FIXED.

Finance Committee Discusses the
Matter Without Reaching
A Decision.

SOME FAVOR ELEVEN MILLS.

Auditor Felt Submits Estimates and
Recommends a Levy of
Ten Mills.

No agreement was reached by the members of the finance committee of the city council yesterday afternoon as to the tax levy for the city for the year 1904, and it will be necessary to have another meeting of the committee to further consider the matter. A meeting has been called for Tuesday evening at 7 o'clock, so that a report may be made to the council that evening. The meeting yesterday afternoon was held in the mayor's office, and those present were Mayor Morris, City Auditor Felt, Assistant City Attorney Bramel, City Engineer Snow and Councilmen Hewlett, Barnes, A. J. Davis, E. H. Davis, Black, Tuddenham and Hobbay.

An estimate of the expenditures for the year was submitted by City Auditor Felt with a recommendation that the levy be fixed at 10 mills, an increase of one mill over the levy of last year. Some of the members of the committee favored a levy of 9 mills, while others even favored 11 mills. Following is a table showing the estimates submitted by Auditor Felt with the recommendations for each fund:

FUNDS—	Estimated Expenditure	Estimated Receipts	Difference.
Contingent expense	\$330,000	\$222,500	\$107,500
Irrigation and water supply	52,000	4,000	48,000
Streets and sidewalks	13,500	10,000	3,500
Drains and sewers	1,200	1,200	0
Public library	9,000	500	8,500
Totals	\$307,100	\$238,200	\$68,900

The estimate is based upon an assumed valuation of city property of \$38,914,737, an increase of \$2,367,487 over last year. No estimate was made for the waterworks fund for the reason that that department collects water taxes sufficient to sustain itself. The levy of 9 mills brought in \$314,718.28, distributed as follows:

Contingent expense fund, 4%	\$161,468.45
Irrigation and water supply	40,462.00
Streets and sidewalks, 2%	\$9,917.38
Sewers and drains, 1/2 mill	\$1,900.00
Public library, 1/4 mill	\$9,000.00

Some of the committee thought that the contingent expense fund would require 5 mills instead of 4.50 mills as recommended by the auditor. Some also thought the rate for that purpose could be cut to 4% or 4 1/2%. It was suggested that the rate for irrigation and water supply be increased from 1 1/4 to 2 mills and it was also suggested that the library fund rate be decreased from 1/4 to 1/2 of a mill. The entire matter will have to be gone over again at the meeting Tuesday night at 7 o'clock, after which the council will then fix the levy.

DAUGHTERS OF PIONEERS.

All the members of the Society of the Daughters of the Utah Pioneers are urgently requested to be at Liberty park Monday at 10:30 a. m. to assist in waiting on the tables. It would seem advisable that as many as can be at the Assembly Hall at 9 a. m. on that day to greet the pioneer women.

POSTMASTERS HERE.

Prominent Eastern Men Entertained
By A. L. Thomas Today.

Postmaster Thomas is entertaining today Col. Hannibal A. Hopkins of St. Claire, Mich., secretary of the Postmasters' association of the Second and Third Class, postmaster of his city, editor of the Postmaster, and secretary of the Michigan Press association. With Col. Hopkins is his sister-in-law, Miss Rosemond Whiting, one of the most charming ladies in the state. They leave for the east this evening, after a pleasant experience at Provo, where they attended the postmasters' convention.

Richard F. Lawson, postmaster at Effingham, Ill., and president of the National Organization of Postmasters of the Second and Third Class, and his wife, were also entertained yesterday by Postmaster Thomas. All of the above visitors were introduced to President Joseph F. Smith by Postmaster Thomas, who further arranged for a special organ recital in the Tabernacle, which was given by Organist McClellan.

SAD CASE.

Penniless Mother With Dying Child
Found Wandering on Streets.

The saddest case that has come under the notice of the police for many days is that of a woman with four children found destitute and aimlessly wandering the streets last midnight. The mother held in her arms an infant in the last stages of cholera infantum and behind her trailed the other three. She was looking for a doctor, and the smaller children were crying for food when Officer Clive happened on to the forlorn family. A. N. Randolph, a passerby, took them to the nearest restaurant, and gave them the best in the house, while the officer summoned Dr. T. G. Odell and instructed the family in a room at the Culmer block. The doctor saw there was no hope of saving the child's life and early this morning the little one died. The county commissioners have taken charge of the remains and will see to the burial.

BACK FROM EUROPE.

Levi Edgar Young Reports Conditions
In the Old World.

Elder Levi Edgar Young, a Utah boy who has been doing missionary work in Europe, has returned home after an ab-

sence of three years. For the first 10 months he resided in Gotha and Dessau, Germany. Then he was called to preside over the Swiss and Austrian mission, which work he took hold of in May, 1902. He reports conditions there in good shape, with the work progressing, especially in the French part of Switzerland. Elder Young says some new French literature has recently been published, and is being freely circulated, with good results. In April last, after his release to return home he visited many parts of Continental Europe, and also the British Isles. While away he was privileged to enter many of the finest libraries in the old world, including that of the old castle of Friedenstein in Gotha. Having access to these places he was able to pursue his studies in history, and comes home well equipped for re-entrance to the University of Utah, from which he was granted a furlough for three years. Elder Young has splendid health while away and enjoyed his stay in the old world very much.

over the head with a pistol, inflicting a severe wound. The date of hearing was not set but Mrs. Malan was placed under \$250 bonds, which she furnished for her appearance and was released.

The hearing of O. P. Anderson, Oliver Due and James Austin, the three men charged with negligently shooting off fireworks at Glenwood park, was continued till Thursday on account of the inability of the county attorney to be present.

At the regular meeting of the board of education the treasurer reported the year's receipts and disbursements, the former amounting to \$110,168.98, and the latter reaching the sum of \$107,735.05. Of this amount \$87,838.27 was disbursed for school maintenance, \$12,106.04 for new buildings and building sites, \$6,404.74 for interest, \$1,250 for heating indebtedness, leaving a balance of \$2,432.93.

State Supt. Nelson notified the board that there are three normal schools for this city, for which the board would be pleased to receive applications. The teachers' examinations were set for Aug. 22-24.

Mr. J. Jacobs, who has been employed as instructor in English at the Ogden High school, tendered his resignation, but it was not accepted as Mr. Jacobs has signed his contract for this year.

The police department was notified this afternoon that three men had held up a conductor on the Oregon Short Line near Peacocks, terribly beating him and robbing him of money and valuables. The men are believed to be heading this way and the police have been furnished with a description and hope to effect a capture before long.

MANY WANT TO BE GOVERNOR OF UTAH

(Continued from page 1.)

opposition in the forthcoming campaign, both in state and Union, it will require wisdom and work to maintain the ascendancy of the party of principles. I submit myself to these conditions. If the representatives of the Republican party in Utah shall honor me by again giving me this nomination, I shall do my best to win, and when elected, to prove deserving of their confidence, pledging myself to administer the affairs of the office with integrity and with full justice to every element and individual in the community. If, however, their choice shall fall upon another, I will be no less zealous to procure his success both at the polls and in the executive chair. After all, men may come and men may go, but the principles of the party of progress, protection and prosperity must be kept triumphant and go on forever."

POLITICAL POINTERS.

A. B. Irvine is an active candidate for county attorney on the Republican ticket, and has friends who are making a very vigilant campaign in his behalf. They say he will get the nomination.

The Women's Democratic club will meet at the Young Men's club rooms in the Atlas block on Wednesday at 2:30 p. m.

James Devine is a candidate for secretary of state, but may not make an active fight for it. Some friends are urging him to run for Congress against Joseph Howell, but Mr. Devine is likewise reticent on that subject. At present, the congressman seems to have the recommendation in his pocket.

John K. Hardy, private secretary to Governor Morrison of Idaho, is in town. He says that Congressman Burton L. French will be renominated for Congress and Governor Morrison for governor. Both are Republicans, which means Mr. Hardy says, their election. At the meeting of the Young Men's Democratic club last evening the by-laws were presented and voted back to the committee for final revision. The state excursion to Saltair for Aug. 4 was taken up and reports made. The committee having in charge the sale of tickets reported that 2,000 had been disposed of in two days in the city. George E. Blair is going north and D. P. Felt south in the lower end of the outfit. The Elks, who inadvertently set their orphans outing at Lagoon for the same date, are making arrangements for another day.

The Democratic state executive committee has decided to increase its membership to nine, which, with the resignation of B. S. Young, will make three new members to choose at its meeting on Aug. 4, 10 a. m. The committee will at that time set upon the time and place of holding the state convention. The date will be near Sept. 8.

The Republicans are talking of meeting at Saltair on Aug. 13 to ratify the work of their late national convention.

The Utah Independent Telephone company has volunteered complimentary telephone calls for the use of the Young Men's Democratic club and the state central committee.

The first Parker buttons to come into the state will be distributed at Saltair on Aug. 4 by the Young Men's Democratic club. An order for 10,000 has been placed.

FALL MAY BE FATAL.

Headlong Plunge of F. C. Gattung from
Constitution Building.

Shortly after 2 o'clock this afternoon, F. C. Gattung, the tent man, was working on an awning in front of the Constitution building, when the ladder on which he was standing, gave way and precipitated him to the sidewalk, a distance of twelve or fifteen feet. He struck squarely on his head and was rendered unconscious, while blood oozed from his mouth, nose and ears. It was thought his skull was also fractured. He is seriously and it is feared fatally hurt, though the doctor's diagnosis of the case could not be learned before press time.

VICTORY FOR OSTEOPATHIST.

Judge Morse today handed down his decision in the case of the State of Utah vs. A. P. Hibbs, the osteopathist charged with practicing medicine without a license, in which he found the defendant not guilty. In the lower end of the outfit was found guilty and was fined a nominal sum and an appeal was taken in order to make a test case.

It was argued by Attorney D. N. Straun for defendant that the defendant did not practice medicine or surgery and hence was not required to take the examination before the state board of medical examiners and secure a certificate to practice. The decision of Judge Morse in this case, which he had under advisement for a number of days, establishes the standing of osteopathists in this city and state and settles the question of their right to practice without a license.
