

ADVERSE TO GALVESTON IDEA

Weber Club Wants Others to Experiment With New Plan of City Government.

OPPOSED TO OTHER MEASURES

Does Not Want First Class City and Objects to Fire and Police Commission Bills.

Ogden, Feb. 16.—The meeting called for last evening at the Weber club parlors for the purpose of considering the measure before the legislature for the placing of all cities of the first class in the state under a form of government like that of Galveston, was well attended by club members and representative business men. John Pinckney presided at the meeting. State Senator Hollingsworth briefly outlined the proposed bill and explained what he considered its benefits. John S. Lewis, of the Ogden city council, who was backed by City Physician A. S. Condon, up by City Physician W. J. Sheely, and others, they felt that it would be the best form of government as an experiment and then if it proved successful for two years the gentlemen put it in line. One of the gentlemen present said that any form of government different from the one now in Salt Lake City would be an improvement. When the question was put to a vote the opposing faction carried.

Senator Hollingsworth also suggested that it would also be well for the gentlemen present to give the representatives some idea of the sentiment in the city of the proposed bill for on the part of the police commission and board of public works for Ogden. W. J. Sheely moved that the representatives be instructed to oppose the measure as it may affect Ogden. He was also opposed to Ogden becoming a city of the first class and put a motion that the representatives from that city be instructed to have the city providing that all cities in the state having a population of 20,000 or over become cities of the first class by the same act. Both of these resolutions were adopted.

CITY SCHOOL BOARD.

Supt. Allison's Report Makes Good Showing—School Finances.

Ogden, Feb. 16.—A short session of the city board of education was held last evening. Supt. Allison submitted his monthly report showing an enrollment of 4,747 with an average attendance of 4,257. The per cent of punctuality is unusually high, being 99.6. The financial report showed cash on hand \$32,125.65, disbursed, \$3,854.47. The teachers' payroll, amounting to \$7,252.20, was approved and the warrants ordered drawn. The superintendent reported that he is still gathering data on manual training department work, and will make a report later.

HIGH SCHOOL SOCIAL.

The Ogden High school students held a "Prom" last evening at the school building, which was enjoyed by several hundred guests. The early part of the evening a concert was given by the school orchestra, under the direction of Prof. Coop, and it furnished the music for the ball which followed. For those who did not dance, cards and other amusements were arranged. The various apartments of the building were profusely decorated with the national and school colors. A neat little sum was realized from the evening's entertainment, which will be used to buy orchestral instruments.

TABERNACLE SERVICES.

A cordial invitation is extended the general public to attend a lecture to be given Sunday afternoon at 2 o'clock at the Ogden tabernacle by Prof. W. M. McDermick on "The Realities of Mormonism," a subject to which he has given extended study. For the service and Ballantyne announces the following music:

"Lo, the Mighty God Appearing"..... Tabernacle Choir
Duet and chorus, "Praise to God in mortal praise" (McClellan).....
"Mr. Jed Ballantyne, Miss Maud Bellantyne and choir."
Organ solo, "Spring Song" (Mendelssohn).....Mr. Sam Whitaker
Hallelujah Chorus from "The Messiah" (Handel).....Choir

LECTURE ON CLIFF DWELLERS.

Monday, Feb. 18, at 8 p. m. sharp, at the Weber Stake academy lecture hall up stairs, the Seventy-seventh quorum of Seventy extends an invitation to the Fifty-third, Seventy-sixth and Ninety-seventh quorums, the presidency of the state, bishops and counselors of the city wards to a lecture, with views of what has until recently been the unexplored region of Utah. The cliff dwellers and great natural bridges, caves, and monoliths of Moab, San Juan and Grand counties. More than 100 views will be shown by one of the explorers, Sam T. Whitaker.

IN JUDGE HOWELL'S COURT.

Judge Howell heard two divorce suits yesterday in the Second district court. The suit of Lillian Crawford vs. Jonathan Crawford was called for trial. The plaintiff and other witnesses testified to his failure to provide for her the necessities of life although able to do so as a good money as a musician. A decree was also given in favor of plaintiff, who was also given \$25 per month. Her maiden name, Lillie, was restored.

WINS SKATING RACE.

The second race run between Miss Eva Turner of Ogden and Miss Blanch Oze of Salt Lake City, for the ladies' championship for which a gold medal set with a diamond and a

THE BEST FRIENDS OF PERU-NA ARE THE MOTHERS AND CHILDREN

Peru-na Should Be Kept In Every Household

Where There Are Little Children.

Peru-na should be kept in the house all the time. Don't wait until the child is sick, then send to a drug store. But, have Peru-na on hand—accept no substitute.

Children are especially liable to acute catarrh. Indeed, most of the affections of childhood are catarrh.

All forms of sore throat, quinsy, croup, hoarseness, laryngitis, etc., are but different phases of catarrh.

Peru-na Contains No Narcotics.

One reason why Peru-na has found permanent use in so many homes is that it contains no narcotic of any kind. Peru-na, if taken according to printed directions, is perfectly harmless. It can be used any length of time without acquiring a drug habit. It does not produce temporary results, but it is permanent in its effect.

It has no bad effect upon the system, and gradually eliminates catarrh by removing the cause of catarrh.

No Doctor Required.

Mr. Edward Otto, 927 De Soto street, St. Paul, Minn., writes: "I cannot say enough for Peru-na. It has done great work in my family, especially for my oldest boy. We had doctor with three or four different doctors and they did not seem to do him any good."

"We gave up hopes of cure, and so did they, but we pulled him through on Peru-na."

"We had several doctors and they said they could do no more for him, so we tried Peru-na as a last resort, and that did the work. Since then we keep it in the house all the time, and no doctor is required."—Edward Otto.

There are a multitude of homes where Peru-na has been used off and on for twenty years.

Such a thing could not be possible if Peru-na contained any narcotics.

The Benefit Which the Children of the United States Have Received From Peru-na Can Never Be Put Into Words.

The chronic ailments it has prevented, the suffering it has mitigated, will never be fully recorded.

But at least this much can be said that the coming generation owes a great debt to Peru-na, for it is in the tender years of youth that slight ailments are liable to develop into lasting diseases, thus blasting the whole career of the individual.

The mothers who are bringing up their children to-day to believe in Peru-na are speaking from their experience.

These children brought up to believe in Peru-na from the start, will, when they become heads of families themselves, use Peru-na with unquestioning faith.

A Child's Life Saved.

Mr. G. H. Farmer, New Martinsville, W. Va., writes: "Our little son, Harry, is well and healthy now and we think if we do as you directed us, he will keep his health and grow strong."

"We know that our little son's life was saved by your wonderful medicine, Peru-na, and we shall always praise Peru-na and use it in our family when needed."

"Should we have any more catarrhal trouble in our family, we shall always write to you for treatment."

Mr. W. F. Doring, Mt. Vernon, Mo., writes: "I have used Peru-na to my entire satisfaction and am exceedingly well pleased with the results, having suffered greatly with catarrh of the stomach."

Mrs. J. C. Sterling, 133 Brown Avenue, Norfolk, Va., writes:

"My little boy, Meredith, suffered with indigestion so badly he could not eat anything without it making him very sick, so I thought (as many others have) that I would try Peru-na, and it worked like a charm."

"Now he eats anything he wishes, and I would not be without it for anything."

"My other little boy, Alfred, two and a half years old, has taken it and received as much benefit from Peru-na as his brother."

"I hope my testimonial may be of some benefit to others, as I feel as though I cannot praise it enough."

Peru-na Protects the Entire Household.

As soon as the value of Peru-na is appreciated by every household, both as a preventive and remedy, many lives may be saved and thousands of chronic suffering cases of catarrh may be prevented.

When Sickness Comes to the Little Ones

It Is the Mother Who Chiefly Suffers.

She suffers even more than the child who happens to be sick.

Her sympathy is deeper than that of any other member of the family.

The mother looks forward with dread to the torrid heat of summer, thinking of her children and the many liabilities to disease that are before them.

Spring and summer are sure to bring ailments, especially among the little folks.

It does not take a mother very long to discover that Peru-na is the best friend she has in time of illness among the children.

A Multitude of Mothers

Have discovered that Peru-na is their standby, and that in many of the ailments of spring and summer to which the children are subjected, Peru-na is the remedy that will generally quickly relieve.

Whether it is spring fever or stomach derangement, whether it is indigestion or bowel disease, a catarrhal congestion of the mucous surfaces is the cause.

Peru-na quickly relieves this condition of the mucous membranes. Its operation is prompt, the children do not dislike to take the medicine, it has no deleterious effects in any part of the body.

It simply removes the cause of the disagreeable symptoms and restores the health.

Peru-na is a household remedy for all catarrhal ailments of winter and summer, acute or chronic.

The mothers all over the United States are the best friends that Peru-na has.

Mr. C. Hallock, Antwerp, Ohio, writes: "My daughter Allie, after taking three bottles of your Peru-na is entirely cured of catarrh of the head of two years standing. We have used Peru-na as a general tonic as well as for catarrh and are well pleased with it and recommend it to anybody who has catarrh."

The Mothers Hold Peru-na in High Esteem.

Not only because it has cured them of their various ailments, but because it promptly relieves the children from the throes and grasp of catarrhal diseases.

We have in our files many testimonials from mothers whose children have been cured by Peru-na. However, the large majority of mothers who use Peru-na, we never hear from.

But we do hear from a great number of mothers who are so overjoyed at some special good they have received from Peru-na that they cannot restrain their enthusiasm. They are anxious to share these benefits with other mothers.

PROVO DEPARTMENT

The "News" is delivered by carrier every night (Sunday excepted) at 7 cents per month. All payments and complaints should be made to R. J. Dugdale, agent for Daily, Saturday and Sunday Weekly News. Orders taken for Church Works. Residence, 37 Fourth North St. Phone Ind. 2-2.

BOARD OF INSANITY

Holds Regular Meeting and Transacts Routine Business.

Special Correspondence.

Provo, Feb. 16.—The state board of insanity held its monthly meeting here Thursday, transacting routine business.

Current expenses for January in the amount of \$2,362.17, and salaries for the same month amounting to \$1,956.20 were allowed, and requisitions made on the state auditor for the amounts.

The treasurer reported cash on hand Jan. 1, \$312.88, and receipts from state warrants of \$6,016.68; total, \$7,329.56. Disbursements amounted to \$7,539.18, leaving a balance in the treasury, Feb. 1, of \$292.58.

The following movements of patients for January was reported by Dr. Calder:

	Admitted	Discharged	Died	Remaining Jan. 31
Men	172	136	3	177
Women	172	136	3	177
Total	344	272	6	356

PANIC NARROWLY AVERTED.

While "Lost in New York" was being presented Thursday night at the Opera House an incipient stampede, which threatened to be dangerous, was narrowly averted. While the steam launch was burning some boys rushed down the stairway from the third gallery one of them falling and making a big racket. This excitement and noise, and an exclamation by some bright individual that one of the boilers in the basement had exploded, together with the smoke on the stage, caused the people to rush for the doors, which were thrown open by the ushers. At this time the stage manager appeared before the footlights and announced that there was absolutely nothing wrong, and others in the audience also cautioned the people to remain quiet. In this way the excitement was allayed before anyone was hurt, and the play was finished without any further interruption.

GARDEN CITY NOTES.

On Monday evening, the 18th, the Sixth ward Sunday school will give another excellent literary-musical entertainment in the ward house for the benefit of the Sunday school. Some

FOOD QUESTION.

Settled With Perfect Satisfaction by a Dyspeptic.

It's not an easy matter to satisfy all the members of the family at meal times as every housewife knows.

My husband's health has dyspepsia and can't eat the simplest ordinary food without causing trouble, the food question becomes doubly annoying.

An ill woman writes: "My husband's health was poor, he had no appetite for anything I could get for him, it seemed."

"He was hardly able to work, was taking medicine continually, and as soon as he would feel better would go to work again only to give up in a few weeks. He suffered severely with stomach trouble."

"I tried of everything I had been able to get for him to eat, one day seeing an advertisement about Grape-Nuts, I got some for him to try for breakfast the next morning."

"We all thought it was pretty good although we had no idea of using it regularly. But when my husband came home at night he asked for Grape-Nuts."

"It was the same next day and I had to get it right along, because when we would get to the table the question, 'Have you any Grape-Nuts?' was a regular thing. So I began to buy it by the dozen pkgs."

"My husband's health began to improve right along. I sometimes felt offended when I'd make something I thought he would like for a change, and still hear the same old question, 'Have you any Grape-Nuts?'"

"He got so well that for the last two years he has hardly lost a day from his work, and we are still using Grape-Nuts." Name given by Postum Co., Battle Creek, Mich. Read the book, "The Road to Health."

BRIGHAM CITY.

FAMILY REUNIONS.

Court Calendar—Wedding Permits—Spinal Meningitis Claims Victim.

Special Correspondence.

Brigham City, Boxelder Co., Feb. 15.—About 120 of the relatives and friends of Patriarch William L. Watkins met at the Watkins home to celebrate the eightieth birthday of Father Watkins last Thursday. Children and grandchildren from far and near had come home to make the celebration a grand success. A good program of speeches, songs and recitations was given. Before leaving the children presented their father with a good purse as a token of the love they bear him.

Bishop Abraham Zundel of Willard and Mrs. Zundel celebrated the fiftieth anniversary of their wedding day last Wednesday. The children present presented each of them with a beautiful gold watch with proper inscription, in loving remembrance of their golden wedding.

Ogden and Brigham capitalists are talking of erecting a large cannery factory south of the depot and expect to put up fruit in gallon cans for big trade, the first of its kind in the state.

The Adelphi Club concert at the opera house Wednesday night was well attended. The singing of Mr. Adelphi was appreciated by all.

WEDDING PERMITS.

County Clerk Valentine issued marriage license on Feb. 12 to Mr. L. A. Clayton and Miss Stella V. Kirkham, both of Garland, and on Feb. 13 to Mr. Clyde Stead of Corlaine and Miss Olga M. Fredericksen of Brigham City. This is another case of "swapping sisters."

As young Fredericksen married Mr. Stead's sister about a month ago.

VISIT OF THE STORK.

The stork was kept busy during the week and left a baby boy with Mr. and Mrs. Abraham Evans, another boy was left with Mr. and Mrs. Will Burt, while a pretty little baby girl was left with Mr. and Mrs. J. C. Knudsen.

David R. Wheeler of Wheelwright brothers of Ogden was in town during the week figuring with the city fathers regarding the contract for cement paving of the sidewalks on Main street. While here David sold his corner lot on Forrest street to C. M. Squares, who expects to erect a fine cottage on the premises.

CIRCLEVILLE.

DISASTROUS BLAZE.

Home of John Mangum Burned to Ground—Spring Planting Begun.

Special Correspondence.

Circleville, Platte County, Feb. 13.—A disastrous fire occurred here on the 11th inst. between the hours of 8 and 7 p. m. The residence of John Mangum caught fire and was burned to the ground. Mr. Mangum was away from home at the time and his mother was barely able to save her two little children from the burning building. Mrs. Mangum had stepped out to the granary, leaving the children playing in the room. The lamp was lit and sitting on the center table. It is supposed that the lamp exploded or that the children in their play upset it. A subscription was started on the ground and some \$200 was subscribed which will relieve their immediate wants.

One case of whoopingcough is reported in town.

The last two weeks it has been warm and balmy. Farmers are busy plowing and putting in crops, something unusual for this time of the year. Snow is reported deep in the mountains which insures a bountiful supply of water for the coming season.
