## **TALK OF THE TOWN.**

Spring of the year.  
 "Macbeth" character rehearsal to-night.  
 The boys of the Fire Brigade were out for a drill yesterday.  
 The Relief Society party in the 11th Ward, last evening, was a nice affair.

Mayor Little will start east on Saturday next, to be gone for several weeks.

The Home Missionaries will meet in the Council House, at 7 o'clock this evening.

Apostle Charles C. Rich is at home in Park Bear Lake. He stood the journey well.

Apostle Orson Pratt remains in about the same state as last reported. No perceptible change either way.

Work on the extension of the street car track, into the south western quarter of the city, has commenced.

Three applications for liquor license under the new ordinance, were presented to the City Council last evening.

The streets presented a lively aspect yesterday. The day was beautiful, and being a holiday, everybody was out walking or driving.

Associate Justice Twiss did not give a decision in the Mandamus case this morning. He has promised to render one to-morrow, at 2 p. m.

Macbeth is the next theatrical attraction, with Mr. McKenney in the title role. The play will be produced on the 4th prox.—Inauguration Day.

The strike at Silver Reef still continues. The *Mine* says the Stomont works are still silent, and merchants are whispering, "What will the harvest be?"

The members of the grand jury for the March term of the Second District Court have been selected to be on hand on the 7th of next month. The business of the petit jury will commence one week later.

The Post Office hands passed the representation of a hatchet on their window yesterday, thereby announcing their intention to be sacredly observed on Washington's Birthday. It is alleged that not a life was told on the premises all day long.

A vocal and instrumental concert, for the benefit of the Sunday school will be given on Thursday evening, the 24th inst., in the 14th Ward Assembly Rooms. A fine programme is prepared and the entertainment will be well worth enjoying.

The funeral of Sister Teresa H. Judd, in the 15th Ward yesterday morning, was largely attended. Bishop R. T. Burton offered the opening prayer, Elder W. W. McKenney preached the discourse, and Elder W. L. Binder pronounced the benediction.

Sheriff John W. Turner returned to Provo yesterday, taking with him from the Penitentiary, P. D. McClanahan, M.D., who has been tried in the First District for threatening a sick man with a knife, at Springville, as told in the News some months ago.

"It's music brings us back again!"—sang a festive serenade to his innamorata the other evening. "Not that kind, young fellow," observed the stern parent, as he dropped a cuspidore upon the singer's head from an upstairs window, and hark you, don't let it bring you back again, either."

Teasdel's delivery wagon had a runaway this morning, shortly after 8 o'clock. The horse ran with the empty vehicle, from the proprietor's residence in the 20th Ward, to the depot on Main Street, and just as it turned to go in the alley-way, collided with a post. No one was hurt, but the wagon was badly damaged.

## **LOCAL AND OTHER MATTERS.**

Home For Sale.—Any one wanting a piece of good city property, cheap, should notice the offer of a place in the Second Ward, to be placed in another column. A bargain can be had there.

For Logan.—Professor S. S. Hamill and family go to Logan on Sunday morning, to take up their residence in that city for some time, teaching classes in education. Miss Alice Hamill, Miss Alice Dwyer and Mr. Harry Hamill, who gave readings here on Saturday last, will give similar entertainments in Logan on Monday and Tuesday next. They will remain in Cache Valley until April.

Returned.—Elder Hyrum Jensen, of Saltina, returned last evening Feb. 22nd, from his mission to the northwestern States, upon which he started April 13, 1880. He labored in Iowa and Minnesota under the direction of Elder Wm. Palmer. He feels glad to breathe the pure air of Utah again, and has the consciousness of having done good while working in the Lord's vineyard. The Lord has blessed him in trying to do right, and he has a testimony to this effect to bear to all the world.

Bible Meeting.—The first quarterly meeting of the Utah County Bible Society was held at Provo, last Sunday evening. Rev. Geo. E. Jayne, secretary, sends us a well written account of the proceedings, which we cannot at this time publish in *extenso*. The meeting lasted two hours and was of a very interesting character, the subject of the Bible, its nature and utility, being the main theme of all the speakers. It was announced, during the meeting, that a large assortment of Bibles and Testaments had arrived and could be had by the people at

## **CITY COUNCIL.**

Proceedings at the City Council on Wednesday, February 22nd, 1881. Mayor Little, President.

A petition was submitted, signed by John W. Pitts and 59 others, asking for the annexation of the lands situated between the Fifth and Sixth Streets, along whose property runs the Fourth West and Sixth South streets canal. The petitioners represented that the lands being sold canal water, and that the action of the water in permeating the lands adjoining the canal, rendered them almost worthless. That the canal was a continual source of danger, in the way of drowning children, it having been the cause of loss of life already; that the canal was a special and growing nuisance, and was perfectly valueless to citizens. The petitioners, therefore, asked that it be filled up, and the nuisance complained of be thus finally and permanently abated. Referred to the committee on irrigation.

An application was made from Jacob Lefberg, for license to carry on business as a liquor dealer, by selling vinous, spirituous and fermented liquors, wholesale, retail and by the dram, to be drunk on the premises, at No. 128 East Temple Street, Salt Lake City, for a period of three months from the 20th day of February, 1881, under the provisions of an ordinance licensing and regulating the sale of spirituous and fermented liquors, passed Feb. 15th, 1881. Granted.

An application from Philip Margolis was made, asking for a license to do business as a liquor dealer at No. 1280 First South Street, for three months from the 20th day of February, 1881, under the ordinance recently passed. Granted.

An application from Russell & Burns was submitted for license to transact business as liquor dealers under the new ordinance at No. 135 East Temple Street, for three months from Feb. 13, 1881. Referred to the committee on license.

A proposition from E. M. Cast was submitted, more definitely specifying the work which he proposed to do on Fourth South Street, between Eighth and Tenth East Streets, and stating that he would perform the labor of repairing said street for \$300. Laid on the table.

The committee on enrollment reported that "an Ordinance Establishing Washington Market and for other purposes," passed February 8, 1881; and "an Ordinance Licensing and Regulating the Sale of Spirituous and Fermented Liquors," passed February 15, 1881, has been properly enrolled, signed by the Mayor and filed in the office of the City Recorder. Reported filed.

The committee on streets and alleys reported that they had examined into the matter presented in the petition of Agnes Keyser and others, and would recommend that the subscription of the petitioners be accepted and that the supervisor be instructed to have the work asked for performed in the due course of business. Adopted.

Bill of U. S. R. R. Co. for ten car posts, extra large, \$5.00, was allowed.

On motion the sum of \$27,180, was appropriated to pay the salaries of all officers and employees of the corporation, including the city police force and compensation to members of the City Council and all salaries were fixed at the same rate as allowed for the preceding year, the same to be paid monthly as they become due, according to the usual custom.

The Mayor asked leave of absence for a period of three or four weeks, as he was expecting to start for the east on Saturday next. Granted.

Adjourned for one week.

Back Again.—Hon. James H. Hart, one of the party that left here last week to accompany Apostle C. C. Rich to his home in Bear Lake, came back on Monday night, having been summoned to attend the funeral of Mrs. Blizard, his sister-in-law, but did not arrive until after the services were over. Brother Hart left Apostle Rich and party at Ran-dolph on Monday morning, so that by this time they should have reached Paris. Preparations were being made at that place to give Brother Rich a rousing welcome on his return.

The following telegram received yesterday at 4:30 p. m. from Paris, has been handed in since the above was in type:

Mrs. Sarah D. Rich: "President Rich has just arrived home. He has stood the journey well, and feels firstrate. The people turned out en masse to welcome him home. GEORGE OSBOND."

"Macbeth."—This powerful tragedy, one of the noblest productions of the immortal Shakespeare, will be presented in a short time at the Salt Lake Theatre. Mr. David McKenney, the favorite actor, will essay the difficult and artistic title role, and will be supported by a number of the leading professionals and amateurs of this city. The *Witches' Chorus* will be rendered by the entire strength of Zion's Musical Society, under the direction of Professor C. J. Thomas, who will also conduct the Orchestra. The first rehearsal for the dramatic persons will take place this evening at 7 o'clock; a chorus rehearsal will be held tomorrow night. The preparations for the presentation of the tragedy are extensive, and the performance is looked forward to with much interest. A good Shakespearian treat is hungered for, and "Macbeth," which has not been played for several years, ought to be well received.

The Poisoned Lady.—We are requested to state that Mrs. Margaret A. Blizard, whose sudden death occurred on the 19th instant, supposed to have been caused by poison, no trace of which, however, could be discovered by the attendant physicians, or by her friends, and which is thought to have been taken to induce sleep, the lack of which she continuously complained of, was born at Treforest, Glamorganshire, South Wales, August 18, 1849. Elder Robert T. Burton and George G. Bywater conducted the services on Monday last, which were attended by a large number of friends. Deceased was a devout and faithful member of the Church of Jesus Christ of Latter-day Saints, and died without a sign or struggle. A quiet smile seemed to rest upon her countenance even in death.

Well Celebrated.—Washington's Birthday, 1881, will be long remembered by the citizens of the 15th Ward. They spent the day in festivity, dancing, feasting, and music, instrumental and vocal, being the main theme of all the speakers. It was announced, during the meeting, that a large assortment of Bibles and Testaments had arrived and could be had by the people at

own martial band, enlivened the proceedings with its inspiring tunes. Music, in fact, was created by some boys in frog suits who hopped about in a most natural manner; other character parts were also well sustained. In the evening an order by social dance was indulged in by the Sunday school teachers and terminated the delightful proceedings.

A Few Words to the Sunday School Martial Band Boys.

Professor Becaloy has been arranging some simple and easy tunes, in different parts, for the members of all the Martial Bands to learn. They will be published in a short time at the *Juvenile Instructor's* Office, on cards, and at a low price, so that all can get them.

When they are ready for sale, notice will be published in the *Instructor*. When the boys get them, it is very desirable for them to practice the tunes as quickly as possible, so that all the bands can meet with Professor Becaloy, and, by practicing all together, qualify themselves to occasionally meet at the monthly meeting of superintendents and teachers, in the Assembly Hall.

Until all the bands have practised the same tunes, one band only can appear at the monthly meetings, and the 19th Ward Martial Band will be kind enough to furnish four tunes at least at the next meeting.

GEORGE GODDARD, State Supt.

## **Correspondence.**

HUNTINGTON, Emery County, Utah, February 11th, 1881.

Editor *Deseret News*:

Since writing my last letter to the News I have some progress to report from this place, namely, we have got our meekling-house finished. It is a good, substantial log house, 30 by 30 inside, made of hewn logs. It is at present the largest and best house in this county. Our Bishop has also got his house finished on the townsite, and I understand has moved into it to-day.

This winter has been one of the best I ever saw in Utah or anywhere else, as though I was born in Voud country, I was raised in Utah. The deepest snow we have had has not been over six inches deep. Stock have done splendid on the range so far, and are likely to do better; as the snow is about all gone. I have not heard of a hoof of any kind of stock, except sheep, dying through starvation, notwithstanding I saw a short letter in the News to the contrary. There have been a few sheep cut out by a flock owned by me, here on the creek, who by some mismanagement failed to take them over to what is called the Cedar Mountain, where they would have done well, but kept them here in their neighbors' dooryards, eating up their cow-feed; and there is not a few of the people who said, "served them right."

We expect, through the blessings of the Almighty, to raise good crops and plenty of them the coming summer, as our principal topsoil is water ditch, water ditch, this year we can work at now to good advantage, as the frost is mostly out of the ground.

I have had several letters lately, asking about the country. I will say there is plenty of land and water here for three times as many inhabitants as there are here now, but I would say to all, if possible come here and look at the country for yourselves, or if you do move you come on your own responsibility and not mine, as what would suit me perhaps would not suit another.

I will add, the News is always a welcome visitor. Long may it prosper in doing good.

W. H.

RESCUED FROM DEATH.

The following statement of Wm. J. Coughlin, of Seaverville, Mass., is so remarkable that we beg to call for it the attention of our readers. He says: "In the fall of 1876 I was taken with a violent BLEEDING of my lungs, and was positively told by my friends that I was never to see them again. I was so weak that I could not leave my bed. In the summer of 1877 I was admitted to the City Hospital. While there the doctors said I had a hole in my left lung as big as a half dollar. I expended over a hundred dollars in doctors and medicines. I was so far gone at one time a report went around that I was dead. I gave up hope, but a friend told me of **DR. WM. HALL'S BALM FOR THE LUNGS.** I laughed at my friends, thinking that my case was incurable, but I got a bottle to satisfy my curiosity, when to my surprise and gratification, I commenced to feel better. My hope, once dead, began to revive, and to-day I feel in better spirits than I have the past three years.

"I write this hoping you will publish it, so that every one afflicted with Diseased Lungs will be induced to take **DR. WM. HALL'S BALM FOR THE LUNGS,** and be convinced that CONSUMPTION CAN BE CURED. I have taken two bottles and can positively say that it has done more good than all other medicines I have taken since my sickness. My cough has almost entirely disappeared, and I shall soon be able to go to work. Sold by all druggists.
