

## POSTAL COMPANY GETS FRANCHISE.

Permission to Do Business in Salt Lake for the Next Twenty-Five Years.

## THE CIRCUS PEOPLE WIN.

Saloon Men Ask the Council for a "Square Deal"—Mrs. McCune Wants Big Property Damages.

The city council last evening passed an ordinance granting a franchise over the streets of this city to the Postal Telegraph Cable company. The ordinance was amended by the municipal laws committee and recommended for passage and the vote on the same was unanimous. The principal amendments made were the reduction of the life of the franchise from 25 to 20 years; a provision whereby the city can regulate the stringing of wires by the company and compel them to be put underground on 90 days' notice; a clause giving the city officials free service to the aggregate amount of \$100 per year and also free service to the chief of police for all official business to an unlimited amount.

**CIRCUS FOLKS GET REDUCTION.**  
The circus license question was settled by the council by an amendment to the license ordinance being passed during the license of three-ring circuses, menageries and wild-west shows at \$200 for the first day and \$200 each day thereafter and for one-ring circuses \$100 for the first day and \$50 each day thereafter. The maximum license was \$700. A circus was introduced by Martin and was passed by a unanimous vote. It takes effect upon approval by the mayor and he will probably approve the same by tomorrow. The Ringling circus will only have to pay \$400 license and will pitch its tents at Agricultural park tomorrow.

**SALOON MEN HEARD FROM.**  
A number of saloon men were present in behalf of a petition presented asking that the license ordinance be amended. They claimed that the ordinance was unfair and that they would be forced to pay \$1,200 license for the same as the saloonkeepers. The council's decision was that it did not ask that the license of restaurant men who sell liquor with meals to customers only or druggists who sell liquor for medicinal purposes be raised, but that the license be adjusted so as to compel others of those dealers who transact a regular liquor business in connection with their restaurants and who have no other business to pay the regular liquor dealers' license of \$1,200. The petition was referred to the committee on municipal laws and license.

**PROPERTY DAMAGE CLAIMS.**  
A claim for \$50,000 against the city was presented by Elizabeth A. McCune for damages caused to her property at First North and East Temple streets by the city council changing the grade of the street in front of her premises. The grade of the street was ordered lowered by the council in March, 1903, and by lowering the same Mrs. McCune claims that the retaining walls surrounding her property have been undermined and rendered insecure and the property has deteriorated in value in the sum stated above. The claim was referred to the committee on claims.

**THE MINING CONGRESS.**  
A communication was received from Col. E. P. Holmes and others calling the council's attention to the advantage to this city of receiving the permanent headquarters for the American Mining Congress and asking that the council take action towards securing the location of the same in this city. The matter was referred to the finance and public grounds committee.

**FIRST STREET PAVING.**  
The contract with P. J. Moran for the paving of First street from State to A street was referred to the council by the board of public works and approved. The board notified the council of its resolution of all the bids for the South Temple street paving and upon its decision no action was taken in the matter by the council.

**CANYON ROAD PAVING.**  
Canyon Road will be paved from State street to the south side of Second street. An ordinance creating such a paving district was introduced by Wood and passed unanimously under a suspension of the rules.

**FOR REPAIRS.**  
Upon the recommendation of the streets and engineering committee the sum of \$3,000 was appropriated for repairing the asphalt street paving, the work to be done under the supervision of the board of public works and the city engineer.

**DEPUTY AUDITOR OUT.**  
Deputy City Auditor W. D. Bowring sent in his resignation to take effect on Aug. 10. Upon motion of E. H. Davis the resignation was accepted to take effect on Aug. 31, instead of the 10th.

**FIRE DEPARTMENT CHANGES.**  
Chief Bywater of the fire department, sent in the appointment of O. G. Workman as a member of the department to fill a vacancy and also the appointment of Harry Coulburn as secretary of the department to succeed M. W. Earl promoted to captain of chemical engine No. 1. The appointments were confirmed by the council.

**WANT DOOLY SIDEWALK.**  
A number of business men west of the Dooly block presented a petition asking that John E. Dooly be compelled to build a sidewalk on the street to the fence built by him in the street to enclose building material to be used in the Dooly block. The petition was moved that the petition be denied, but the motion was lost and the matter was referred to the streets committee.

viding that the heads of departments be instructed to employ only qualified voters as teamsters in the departments and discharge all the boys now employed in that capacity. The resolution was referred to the sprinkling committee.

**CITY COURT CASES.**  
City Recorder Critchlow reported that 321 cases had been disposed of in the criminal division of the city court during the month of July for which \$3,340.05 had been received and that the receipts of the civil division of the court amounted to \$122.75, a total of \$3,462.80.

**MORE DRINKING FOUNTAINS.**  
Upon a resolution introduced by Dean, the superintendent of water works was instructed to place drinking fountains at the following places:

On the Dooly block corner, on the west side of Main street between Second and Third South streets; and on the north side west First South street, between Main and West Temple streets, at a cost not to exceed \$300.

**CITY PRISON WORK.**  
On resolution of Barnes, the chief of police was instructed to put the city prisoners at work breaking rock and otherwise improving the streets. E. H. Davis introduced a resolution, which was passed, appropriating \$350 for improving Fifth West street between Second and Third North streets.

**War Against Consumption.**  
All nations are endeavoring to check the ravages of consumption, the "white plague," that claims so many victims each year. **PARKER'S MODEST BROTHER.**  
Relative of the Democratic Nominee for President Lives Quietly.

Astoria, Or.—A brother of Judge Alton B. Parker, Democratic nominee for president was unearthed here today in the person of Eugene W. Parker, a grocery clerk in the store of A. V. Allen. He has resided here for the past year, coming from Seattle. He first worked for Ross, Higgins & Co., for a few months, of whom he was highly thought of by that firm, as he was an expert window dresser and was well liked by the customers of the store; but he transferred to the A. V. Allen store upon receiving a very flattering offer.

He is a married man, with two young children, and had completely concealed his identity as the brother of no distinguished man as Judge Parker. His associates in business had no knowledge of it, and his family never mentioned it to their friends. When correspondent approached him on the subject he at first denied that Judge Parker was his brother, and said that there was some mistake; but finally half acknowledged it to be a fact, saying he had hoped it would not be discovered, as he knew it would bring him publicity, which he wished to avoid. He refused to talk about his early home life or of his brother upon any condition, and said that he had not seen Judge Parker for many years, and that he did not correspond with him or any member of his family. Even to his personal friends and those of his family he absolutely refused to say a word about Judge Parker, except to say that he had no reason to be ashamed to be his brother, and that from

what he could learn he had an excellent chance for election.

Mr. Parker is a man about 45 years of age, and stands well in this city, although he is not an obtrusive personality, and but few are really acquainted with him. His present alarm is that he will now become an object of curiosity, and that it will interfere with his employer's business. He is a Democrat in politics, but has not taken any active interest in the party in this city.

## APPORTION TAXES.

County Commissioners Do So in Case Of Big Semi-Public Companies.

The county commissioners have apportioned among the cities, towns and school districts of the county the property of the railroad, telegraph, telephone and street car companies assessed by the state board of equalization and the county assessor. IS A WISE MAN NOW.

A carpenter known as "Dutch Charles" on Tuesday got into a discussion as to what the result would be if a shot-gun was fired with the end of the barrels under water. He contended that he could perform the trick without injury to the gun.

So sure was he that he was right that he made a bet on it, and to win the money made the test. He was not only exploded, but the recoil threw it against his face with such force that his teeth (first-class store teeth) were broken, his lips were cut and his nose bruised and scratched. One of his hands was slightly injured and the gun is a total wreck.—Carbon County Journal.

## A NEGRO ASSAULT.

Reno Police Saved Him from Fury of the Mob.

Reno, Nev., Aug. 8.—George Redding, a negro, today attempted to assault Margaret Flynn, a domestic employed by Morris Schelling, a banker of this city, and but for the appearance of men attracted by her cries, would have accomplished his purpose. On the appearance of the men the negro fled and hid in a barn, where he was captured a few hours later and placed in jail, but threats of lynching being made by many of the best citizens, the officers became frightened and quietly took their prisoner to Virginia City, where he was lodged in jail.

## Grande Ronde Lands Bids.

Oregon City, Or., Aug. 8.—Bids have been opened at the government land office here for the sale of 50,000 acres of ceded lands in the Grande Ronde Indian reservation. The bulk of the south half of the tract embracing 16,660 acres will probably go to Nelson P. Wheeler of Endeavor, Va., whose bids averaged \$4.15 per acre. Frederick A. Kribs of Portland submitted a bid of \$5.50 for the entire tract, but failed.

to comply with the terms of sale. As there was no other bid for the north half of the reservation, which embraces 9,600 acres, there will be no sale of that portion at this time. Three hundred and twenty-nine bids were submitted and the sale to the highest bidder will be recommended by the officers of the local land office to the department of the interior. The proceeds of the sale will be distributed pro rata among the Indians by whom it was ceded to the government.

## Smashup Near Cisco.

Reno, Nev., Aug. 8.—Freight train No. 213 crashed into the rear of passenger train No. 4, which was standing on a siding in the yards at Cisco, Calif., today, badly wrecking several cars and seriously injuring several passengers. Two men whose names are unknown were dangerously injured by broken and glass. The dining car was a total wreck and had to be cut out of the train.

## Porte Reminds Russia.

Constantinople, Monday, Aug. 8.—In connection with the volunteer fleet question, the porte—which is being supported by Great Britain—has reminded the Russian government of its agreement with Turkey in 1821. This agreement stipulates that vessels of the volunteer fleet must not carry arms and munitions of war.

## In Mrs. Maybrick's Behalf.

London, Aug. 8.—In the form of a letter from a correspondent signed "Heathcote Harding," the Daily Chronicle this morning makes a strong appeal on behalf of Mrs. Maybrick. The letter urges that Mrs. Maybrick be innocent and that she ought to be granted a free pardon, and contends that she never would have been convicted had there been a court of criminal appeal in England. The Chronicle also prints "Heathcote Harding's" view of the case.

## Episcopal General Convention.

Boston, Aug. 8.—The committee of arrangements of the coming Episcopal general convention has announced that in connection with the purpose to make the subject of missions prominent in the meetings, two great missionary mass meetings will be held in Tremont temple, one on Oct. 10 and the other Oct. 16.

Among the leading churchmen expected to speak are most Rev. Randall T. Davidson, D.D., archbishop of Canterbury; Rt. Rev. John McKim, bishop of Tokio; Rt. Rev. Samuel D. Ferguson of West Africa; Rt. Rev. Frederick R. Graves, bishop of Shanghai; Rt. Rev. Charles H. Brent, bishop of the Philippines; Bishop Kinsolving of southern Brazil and Bishop Peter T. Rowe of Alaska.
